

DR. SPONH'S Sick Head Ache Remedy.

FOR the permanent cure of this distressing complaint, never fails. When persevered in, it effectually renovates the system, and does away the causes of the sick and nervous headache. Thousands have tried it, and found precisely the relief which the article promises to bestow. Certificates of the strongest kind, and from the most respectable persons, are in the possession of the proprietor, some of which have been published, testifying to the permanent cure, and others to the immediate relief given by this remedy. It affords relief to the afflicted in 15 or 20 minutes from the first dose. It taken when the symptoms of an attack are first felt, it prevents the further progress of the complaint, and can produce no danger at any time by an excessive dose; as in such a case it would only throw off the contents of the stomach, leaving it sweet and healthy with an excellent appetite. All afflicted with headache, do not fail to procure the article, and relieve themselves from so distressing a complaint.

Physicians have in many instances given it to their patients, and in every instance, to our knowledge, with great satisfaction have found it a certain cure. Sick and Nervous Headaches is a complaint with which physicians do not wish to have any thing to do, and generally prescribe only for temporary relief; consequently, Dr. Spohn's Sick Head Ache Remedy escapes the opposition which some other proprietary articles meet from that source.

Try it once and you never will regret it. It is composed entirely of vegetables, and contains no mineral, or poisonous drug of any kind, and does not require any change of diet or exercise.

Sold wholesale and retail by Comstock & Co. Wholesale Druggists, 2 Fletcher Street N. Y., and by the principal Druggists in the Union.

COUGH, ASTHMA AND SPITTING BLOOD.

Cured By **JAYNE'S EXPECTORANT.**

PHILADELPHIA, Aug. 16, 1838. Mr. Atkinson—Dear Sir:—I have the honor to acknowledge the receipt of your paper, an account of the surprising effects of Jayne's Carmine, in restoring a great number of passengers on board of a Mississippi steambot to perfect health, who were affected by Cough, Spitting Blood, and other ailments. I was glad to see you notice so kindly, and so assuredly that it deserves the praise bestowed upon it. The benefit I have received from my medicine, more especially his EXPECTORANT induces me to state my case to you. For the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a Cough and Asthmatic oppression, for more than half a century. When a soldier in the American Camp, in 1778, I, with many others, (owing to great exposure) had a violent attack of disease of the lungs, by which I was disabled from duty for a long time. Since that period, until recently, I have never been free from a violent cough and difficulty of breathing. Year after year, I have expectorated over a gill a day. Often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bolstered to obtain my breath. The weakness and debility caused by such constant expectation, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends, that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of inflammation of the lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine. When I was persuaded to call in Doctor Jayne—with the assistance of Divine Providence, through him I was once more raised from my bed; but the cough and wheezing wearied me day and night. He advised me to use his Expectorant. I did so, with a strong hope, that, as it had cured many of my acquaintances of various diseases of the lungs, it might, at least, mitigate my sufferings. Needs I say how I was surprised, when I had commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectation became easier, and my cough entirely left me. I now feel as well as I ever did in my life, and better than I have been for the last six years. Last summer I spit a great deal of blood; now I am perfectly cured. Next year, after suffering a long time, as at last, such signal relief from Doctor Jayne's Expectorant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worth a place in your paper, you will oblige me by noticing it.

GRAHAM'S MAGAZINE. AND LADIES' & GENTLEMEN'S World of Literature AND FASHION.

[The Casket and the Gentleman's united.]
A New Volume under the above title, of the well established and fashionable Magazine, the Philadelphia Casket in conjunction with the Gentleman's Magazine, which has been every where pronounced the most readable and popular of the day will be opened on the First of January 1841, with an array of Contributors secured by the union of talent and fame which no periodical in the country can boast or pretend to rival.

The December number will, however, be a specimen of the New Volume. The volume will be opened with new and beautiful type, the finest white paper, and with the first of a series of ENDEAVOURS UNPUBLISHED by any which have yet appeared in any Magazine. The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made in its typographical appearance and above all the tone of its literary department, by the brilliant array of Contributors whose names have enriched the pages of each number, will give it a character second to no Magazine in the Union. The character of the articles which shall appear in its pages, will be equally removed from a sickly sentimentality, and from an affectation of morality, but while a true delineation of human nature in every variety of passion is aimed at, nothing shall be found in its pages to cause a blush upon the cheek of the most pure.

The Literary Character

will be sufficiently guaranteed by the reputation of both Magazines thus united, for years past. Writers of the first rank have been regular contributors to their pages, and the tales and sketches published in them have been widely copied and read, and their firm and independent tone of criticisms, upon the current literature of the day, has been every where approved and commended.

The List of Contributors

Embraces the names of most of the principal writers in America, with a respectable number of English authors. Original articles have appeared, during the last year, from the pens of the following:—
Professor Ingraham, Author of La Fite, Professor John Frost, Philadelphia, Professor N. C. Brooks, Baltimore, Professor C. F. Wines, Philadelphia, Author of Two Years in the Navy, Capt. Marvatt, Author of Pater Simplex, etc. Morton McMichael, Esq. of Philadelphia, Hon. R. T. Conrad, Esq. do. Willis Gaylord Clarke, Esq. do. Charles J. Peterson, do. Rev. Thomas H. Stockton, do. Samuel W. Stockton, do. E. Armstrong, Esq. do. Gen. O. P. Morris, New York, L. Hunt, England, Mrs. Fauny Kemble Butler, Philadelphia; Park Benjamin, New York; Douglas Jerrold, England; Joseph C. Neal, (Charcoal Sketches) The American Bazaar, F. C. New York; R. S. Elliott, Editor of Harrisburg Journal; David Hoffman, Esq. Baltimore; Charles West Thompson, Phila. Judge Tremper, Dresden, New York; John Du Solle, Esq.; Grenville Mellin, New Y.; P. B. Elder, Editor of Columbia Spy, Pa.; The Author of "Stanley"; Edgar A. Poe; Philadelphia; T. G. Spear, do; Author of "Howard Pinckney"; Mrs. L. Sigourney; Hartford; Miss Catherine H. W. Sherman, Philadelphia; Mrs. Ann Stephens, New Y.; Benson Hill, England, Editor of New Monthly Magazine; Dr. J. Mitchell, Philadelphia; James Montgomery, England; A. M. Makin and E. Holden, Esqs.; J. Beauchamp Jones, Baltimore; J. E. Dow, Washington City; Mrs. E. F. Ellett, Boston; Dr. Thos. Dunn English, Philadelphia.

In addition to this brilliant array of names known to fame, and the distinguished services of a host of anonymous writers of no ordinary abilities, have given worth and character to the pages of the Magazines. The series of well known nautical papers entitled, "Cruising in the last War," have had a run, unequalled by any series published in any Magazine, for years. The author promises to open the first of a new series of

TALES OF THE SEA.

and from his knowledge as a depicter of sea scenes and life, much may be relied upon from him in maintaining the popularity of the Magazine. Papers may be expected during the volume, also from the author of the well known articles entitled, "The Log of Old Ironsides." The author of "Syrian Letters," will also lend his powerful and graceful pen, to sustain and increase the reputation of the work. The valuable and of the author of "Leaves from a Lawyer's Portfolio," has also been secured, and we may expect something still more thrilling from the capacious stores which a long life in the profession has enabled him to amass. An occasional Chat, with "Jeremy Short," and "Oliver Oldfellow," is also promised; with a variety of choice articles in prose and verse from various writers of celebrity, as Contributions to the prominent Magazines of the country. The editors of both Magazines, continue their services under the new arrangement. With such an array of talent, a Magazine of unrivalled attractions, may safely be promised the coming volume.

Fashions and Engravings.

In compliance with the almost unanimous wish of our lady subscribers, we shall the ensuing winter, furnish them with a beautiful and correct plate of FASHIONS MONTHLY, a feature, it is believed, that will neither be unwelcome nor unpopular. These fashion plates shall be drawn from original designs from Paris and London, and may always be depended upon as the prevailing style in Philadelphia and New York for the month in which they are issued. These, however, shall in no wise interfere with the regular and choice engravings, and music which accompany each number of the work. The splendid Mezzotint engravings from the burn of Sartain, which have been so justly admired, will be followed during the volume by several from the same hand, while the steel engravings in the best style of art, from interesting scenes shall still enrich the Magazine. The choicest pieces of music for the Piano and Guitar, shall accompany each number of the work.

TIME OF PUBLICATION.

The work will be published on the first of every month in every quarter of the Union. The most distant subscriber will consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities, agents have been established, to whom the Magazine is forwarded, prior to the time of issuing it, so that they may be delivered to the subscribers at the first of the

month. This is an important arrangement to distant subscribers, who become tired, in part, and eventually discontinue many works, in consequence of the great delay by publishers.

TERMS.—THREE DOLLARS per annum. Or two copies yearly for FIVE DOLLARS, invariably in advance, post paid. No new subscriber received without the money, or the name of a responsible agent. For the accommodation of those who may wish to subscribe for either of the following Philadelphia periodicals, this

LIBERAL PROPOSAL

is made. For five dollars current money free of postage, we will forward Graham's Magazine, and Godey's Lady's Book, for one year. Address, post paid

DR. JAYNE'S EXPECTORANT

We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—Especially Coughs, Colds, Consumptions, Spitting blood, Asthma, Bronchial Affections, Hooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.
DR. JONATHAN GOING, PRESIDENT OF THE GRANVILLE COLLEGE, Ohio (late of New York), in a letter to Dr. Jayne, dated New York, December, 1836, says—He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using the Expectorant.—Mrs. Delks, of Salem, N. J. was cured of Asthma of twenty years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A lady of her friends, also of Salem, who believed her friends to be far gone with consumption was perfectly restored by three bottles.—Dr. Hamilton of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, had been perfectly cured by it—after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.

Dr. Jayne's Office is No. 20 South Third Street, Philadelphia, where all orders will be promptly attended to.

JEW DAVID'S OR HEBREW PLASTER.

THE peculiarities of this Chemical Compound, are owing to its extraordinary effects upon the animal fibre or nerves, ligaments and muscles, its virtues being carried by them to the seat of disease or of pain and weakness.

However good any internal remedy may be, this, as an external application, will prove a powerful auxiliary in removing the disease and facilitating the cure, in cases of local inflammation, schrofulous affections, king's evil, gout, inflammatory, and chronic rheumatism, and in all cases where a seated pain or weakness exist.

A gentleman traveling in the south of Europe and Palestine, in 1850, heard so much said in the latter place, in praise of Jew David's or Hebrew Plaster, and of the (as he considered) miraculous cures it had performed, that he was induced to try it on his own person, for a lung and liver affection, the removal of which had been the chief object of his journey, but which had resisted the genial influence of that balmy and delicious climate. He soon found his health improving, and in a few weeks his cough left him the sallowness of his skin disappeared, his pain was removed, and his health became permanently reinstated. Since that time he has been recommending it to his friends and acquaintances, for all fixed pains whatever; such as rheumatism, gout, head ache, nervous teeth ache, pain in the side, back and limbs, schrofulous humors, knots, wens, white swelling, hard tumors, stiff joints, ague cures, ague in the breast, weakness and pain in the stomach, weak limbs, lameness, affections of the spine, female weaknesses, &c. No female subject to pain or weakness in back or side, should be without it.

Mr. Richard had the advice of several physicians, but received no relief, until using Dr. Harlich's medicine, which terminated in effecting a perfect cure.

TO THE PUBLIC.

THE public are hereby informed, that JACOB MILLER has been appointed agent for Huntington county, for the sale of Dr. Evans' Camomile and family aperient pills, where all those that need medicine, can be supplied as he intends always to have a supply on hand.

LIFE AND HEALTH.—Persons whose nerves have been injured by Calomel, or excessive grief, great loss of food, the suppression of accustomed discharges or cutaneous, intemperate habits, or other causes which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them, in EVANS' CAMOMILE PILLS. Those afflicted with Epilepsy or Falling Sickness, Palsy, Serious Apoplexy, and organic affections of the heart, Nausea, Vomiting, pains in the side, breast, limbs, and stomachic back, will find themselves immediately relieved, by using

EVANS' AMO MILE NDA APERIENT PILLS.

DR. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to, but he does say that in all Debilitated and Impaired Constitutions—in Nervous diseases of all kinds, particularly of the DIGESTIVE ORGANS, and in Incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease, CONSUMPTION, might have been checked in its commencement, and disappointed its prey all over the land, if the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOWER chemically prepared; together with many other diseases, where other remedies have proved fatal.

How many persons do we daily find tormented with that dreadful disease, SICK HEADACHE, if they would only make trial of this invaluable medicine, they would perceive that life is a pleasure and not a course of misery and abhorrence. In consequence I would warn nervous persons against the abstraction of BLOOD, either by leeches, cupping, or the employment of the lancet. Drastic purgatives in delicate habits are almost equally improper. Those are practices too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which afford sufficient testimony of the great efficacy of this invaluable medicine, in relieving afflicted mankind. The above medicine is for sale at Jacob Miller's store, Huntington.

H. H. KEPNRE.
August 5, 1840—6m.

The article published below concerning the new and popular doctrine advanced by the illustrious Goelicke of Germany, cannot fail of exciting a deep and thrilling interest throughout our country.

[Translated from the German.] LOUIS OFFON GOELIKE, OF GERMANY.

THE GREATEST OF HUMAN BENEFACTORS.

Citizens of North and South America,

To Louis OFFON GOELIKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the faculty, (of which he is a valuable member), he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body: often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invaluable precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the blade, and not wait till the full grown ear.

This illustrious benefactor of man is also entitled to your unfeigned gratitude, and the gratitude of a world, for the invention of his matchless sanative,—whose healing fait may justly claim for it such a title, since it has so signally triumphed over medicine which has thoroughly filled the vacuum in the Materia Medica, and thereby proved itself the Conqueror of Physicians—a medicine, for which all mankind will have abundant cause to bless the beneficent hand of a kind Providence,—a medicine, whose wondrous virtues have been so glowingly portrayed even by some of our clergy, in their pastoral visits to the sick chamber; by which means they often become the happy instruments of changing despondency into hope, sickness into health, and sadness of friends into joyfulness.

GOELICKE'S MATCHLESS SANATIVE,

medicine of more value to man than the vast mines of Austria, or even the united treasures of our globe,—a medicine, which is obtained equally from the vegetable, animal and mineral kingdoms, and thus possesses a three-fold power,—a medicine, which though designed as a remedy for consumption solely, is possessed of a mysterious influence over many diseases of the human system,—a medicine, which begins to be valued by Physicians, who are daily witnessing its astonishing cures of many whom they had resigned to the grasp of the Insatiable Graver.

Dose of the Sanative, for adults, or drop; for children a half drop; and infants, a quarter drop; the directions explaining the manner of taking a half or quarter drop.

Price—Three and one-third six dollars (\$2.50) per HALF Ounce.

*A German coin, value 75 cents.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany, are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are uninfluenced by selfish motives. Though

we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelicke's new doctrine, we are happy to say that we deem it a Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelicke first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the prince of quacks.

But, on hearing so much said about the Sanative, against it and for it, we were induced, from motives of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self-interest) publicly to acknowledge its efficacy in curing not only consumption, but other fearful maladies, which we heretofore believed to be incurable. O attempt for the discoverer of this medicine was at once swallowed up in our utter astonishment at these unexpected results; and, as amends for our abuse of him, we do frankly confess to the world, that we believe him a philanthropist does who hon r to the profession, and to our country, which gave him birth.

The recent adoption of this medicine to some of our European hospitals is a sufficient guaranty that it performs all its promises: It need not our testimony, for wherever it is used it is its own best witness.

TO THE SICK AND AFFLICTED

The public are hereby directed to the medical advertisements of Dr. HARLICH'S Celebrated COMPOUND STRENGTHENING TONIC, and GERMAN APERIENT PILLS, which are a Medicine of great value to the afflicted, discovered by O. P. HARLICH, a celebrated physician at Altdorf, Germany, which has been used with unparalleled success throughout Germany.

This Medicine consists of two kinds, viz: the ERM N A P A R I E N T, and the COMPOUND STRENGTHENING TONIC N I PILLS. They are each put up in small packs, and should both be used to effect a permanent cure. Those who are afflicted would do well to make a trial of the invaluable Medicine, as they never produce sickness or nausea while using. A safe and effectual remedy for

DYSPEPSIA OR INDIGESTION,

and all Stomach Complaints; pain in the Side, LIVER COMPLAINTS, Loss of Appetite, Flatulency, Palpitation of the Heart, General Debility, Nervous Irritability, SICK HEAD ACHES, Female Diseases, Spasmodic Affections, RHEUMATISM, Asthma, CONSUMPTION, &c. The GERMAN APERIENT PILLS are to cleanse the stomach and purify the BLOOD. The Tonic or STRENGTHENING PILLS are to STRENGTHEN and invigorate the nerves and digestive organs and give tone to the Stomach, as all diseases originate from impurities of the BLOOD and disordered Stomach. This mode of treating diseases is pursued by all practical PHYSICIANS, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves whenever they feel the symptoms of those diseases, in which they knew them to be efficacious. This is the case in all large cities in which they have an extensive sale. It is not to be understood that these medicines will cure all diseases merely by purifying the blood—they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the directions which accompany them, will cure a great majority of diseases of the stomach, lungs and liver, by which impurities of the blood are occasioned.

Ask for Dr. HARLICH'S COMPOUND STRENGTHENING TONIC, and GERMAN APERIENT PILLS.

Principal Office for the sale of this Medicine, is at No. 19 North EIGHTH Street, Philadelphia.

Also—For sale at the Store of JACOB MILLER, in the Borough of Huntington, Pa., who is agent for Huntington County.
