The amount of tax every district must levy to entitle itself to its share of the State appropriation, is a sum equal to at least 60 cents for every taxable inhabitant in the district, according to the last triennial enumeration made in the spring of 1839. A list of taxables in each district is hereto appended.

Districts that have already accepted the Common School system, and received their share of the appropriation for former years will, on levying the proper amount of tax, be entitled under the existing laws to receive for the School year 1842, which commences on the first Monday of next June, one dollar for every taxable.

Districts which have not received any part of the appropriation of former years, but which accept the system for the first time, at the annual election in March next, and levy the proper amount of tax will under the existing laws receive \$4.50 for every taxable in the district in 1835, and \$3.00 for every taxable in 1839, according to the above list. These sums, by a resolution passed April 13th, 1840, will remain in the State Treasury for the use of non-accepting districts, until the first of November, 1841, and no longer.

DR. Swayne's Compound Syrup of Prunus of Virginia or wild Cherry
This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy; such as asthmas, pulmonary consumption, recent or chronic coughs, hoarseness, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, &c. How many sufferers do we daily behold approaching to an untimely grave, wreathed in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive raver, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; if such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited; than by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer at the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health.
