

**DR. SPONES,**  
**Sick Head Ache Remedy.**

FOR the permanent cure of this distressing complaint, never fails. When persevered in, it effectually renovates the system, and does away the causes of the sick and nervous headache. Thousands have tried it, and found precisely the relief which the article promises to bestow. Certificates of the strongest kind, and from the most respectable persons, are in the possession of the proprietor, some of which have been published, testifying to the permanent cure, and others to the immediate relief given by his remedy. It affords relief to the afflicted in 15 or 20 minutes from the first dose. If taken when the symptoms of an attack are first felt, it prevents the further progress of the complaint, and can produce no danger at any time by an excessive dose; as in such a case it would only throw off the contents of the stomach, leaving it sweet and healthy with an excellent appetite. All afflicted with headache should not fail to procure the article, and relieve themselves from so distressing a complaint.

Physicians have in many instances given it to their patients, and in every instance, to our knowledge, with great satisfaction. It is a certain cure for Sick and Nervous Headaches, a complaint with which physicians do not wish to have anything to do, and generally prescribe only for temporary relief; consequently, Dr. Spone's Sick Headache Remedy escapes the opposition which some other proprietary articles meet from that source.

Try it once and you never will regret it. It is composed entirely of vegetables, and contains no mineral, or poisonous drug of any kind, and does not require any change of diet or exercise.

Sold wholesale and retail by Comstock & Co. Wholesale Druggist, 2 Fletcher Street, N. Y., and by the principle Druggists in the Union.

**COUGH, ASTHMA AND SPITTING BLOOD**

**CURED BY**

**JAYNE'S EXPECTORANT.**

PHILADELPHIA, AUG. 16, 1838

**MY ATKINSON—Dear Sir:**  
A few weeks ago in your paper, an account of the surprising effects of Jayne's Carmine, in restoring a great number of passengers on board of a Mississippi steamboat to perfect health, who were afflicted by violent Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have received from my medicine, more especially his EXPECTORANT, induces me to state my case to you, for the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a Cough and Asthmatical oppression, for more than half a century. When a soldier in the American Camp, in 1778, I, with many others, (owing to great exposure,) had a violent attack of disease of the lungs, by which I was disabled from duty for some time. Since that period, until recently, I have not been free from a violent cough and difficulty of breathing. Year after year, I have expectorated over a gill day. Often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bolstered up to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends, that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of inflammation of the lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine. When I was persuaded to call on Doctor Jayne, through the assistance of Divine Providence, through him I was once more raised from my bed; but the cough and wheezing wearied me day and night. He advised me to use his Expectorant. I did so, with a strong hope, that, as it had cured many of my acquaintances of various diseases of the lungs, it might, at least mitigate my sufferings. Need any more satisfied I feel? IT HAS EFFECTUALLY CURED ME! As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectation became calm, and my cough entirely left me. I now feel as well as I ever did in my life, and better than I have been for the last six years. Last summer I spit a great deal of blood; now thank God I am perfectly cured. Now sir, after suffering so long, and finding at last, such signal relief from Jayne's Expectorant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worth a place in your paper, you will oblige me by noticing it.

**TALES OF THE SEA.**

and from his known abilities as a depicter of sea scenes and life, much may be relied upon from him in maintaining the popularity of the Magazine. Papers may be expected during the volume, also from the author of the well known articles entitled, "The Log of the 'Olive,' and the author of "Syrian Letters," which will lend his powerful and graceful pen, to sustain and increase the reputation of the work. The valuable aid of the author of "Leaves from a Lawyer's Port Folio," has also been secured, and we may expect something still more thrilling from the capacious stores which a long life in the profession has enabled him to amass. An occasional Chat, with "Jeremy Short," and "Olive the Old fellow," is also promised; with a variety of choice articles, in prose and verse from various writers of celebrity, as Contributors to the prominent Magazines of the country. The editors of both Magazines continue their services under the new arrangement. With such an array of talent, a Magazine of unrivalled attractions, may safely be promised the coming volume.

**Fashions and Engravings.**

In compliance with the almost unanimous wish of our lady subscribers, we shall the coming volume furnish them with a beautiful and correct plate of FASHIONS MONTHLY, a feature, it is believed, that will neither be unwelcome nor unpopular. These fashion plates shall be drawn from original designs from Paris and London, and may always be relied upon as the prevailing style in Philadelphia and New York for the month in which they are issued. These, however, shall in no wise interfere with the regular and choice engravings, and music which accompany each number of the work. The splendid Mezzotint engravings from the burine of Sartain, which have been so justly admired, will be followed during the volume by several from the same hand, while from interesting scenes shall still enrich the Magazine. The choicest pieces of music for the Piano and Guitar, shall accompany each number of the work.

**TIME OF PUBLICATION.**

The work will be published on the first of every month in every quarter of the Union. The most distant subscriber will consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities, agents have been established, to whom the Magazine is forwarded, prior to the time of issuing it, so that they may be delivered to resident subscribers by the first of the

**LADIES' & GENTLEMEN'S World of Literature AND FASHION.**

[The Casket and the Gentleman's united.]

A New Volume under the above title, of the well established and fashionable Magazine, The Philadelphia Casket in conjunction with the Gentleman's Magazine, which has been every where pronounced the most readable and popular of the day will be opened on the First of January 1841, with an array of Contributors secured by the union of talent and fame which no periodical in the country can boast or pretend to rival.—The December number will, however, be a specimen of the New Volume. The volume will be opened with new and beautiful type, the finest white paper, and with the first of a series of EMBELLISHMENTS UNSURPASSED by any which have yet appeared in any Magazine. The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made in the typographical appearance and above all, in the literary department, by the brilliant array of Contributors whose articles have enriched the pages of each number, will give it a character, second to no Magazine in the Union. The character of the articles which shall appear in its pages, will be equally removed from a sickly sentimentality, and from an affectation of morality, but while a true delineation of human nature in every variety of passion is aimed at, nothing shall be found in its pages to cause a blush upon the cheek of the most pure.

**The Literary Character**

will be sufficiently guaranteed by the reputation of both Magazines thus united, for years past. Writers of the first rank have been regular contributors to their pages, and the tales and sketches published in them have been widely copied and read, and the firm and independent tone of the criticisms, upon the current literature of the day, has been every where approved and commended.

**The List of Contributors**

In addition to this brilliant array of names known to fame, the distinguished services of a host of anonymous writers of no ordinary abilities, have given worth and character to the pages of the Magazines. The series of well known nautical papers entitled, "Cruizing in the last War," have had a run, unequalled by any series published in any Magazine, for years. The author promises to open the first of a new series of

**JEW DAVID'S OR HEBREW PLASTER.**

THE peculiarities of this Chemical Compound, are owing to its extraordinary effects upon the animal fibre of nerves, ligaments and muscles, its virtues being carried by them to the seat of disease or of pain and weakness.

However good any internal remedy may be, this, as an external application, will prove a powerful auxiliary in removing the disease and facilitating the cure, in cases of local inflammation, schrofulous affections, king's evil, gout, inflammatory, and chronic rheumatism, and in all cases where a seared pain or weakness exist.

A gentleman traveling in the south of Europe and Palestine, in 1830, heard so much said in the latter place, in praise of Jew David's or Hebrew Plaster, and of the (as he considered) miraculous cures it had performed, that he was induced to try it on his own person, for a lung and liver affection, the removal of which had been the chief object of his journey, but which had resisted the genial influence of that balmy and delicious climate. He soon found his health improving, and in a few weeks his cough left him the salowness of his skin disappeared, his pain was removed, and his health became permanently reinstated. Since that time he has been recommending it to his friends and acquaintances, for all fixed pains whatever; such as rheumatism, gout, head ache, nervous tooth ache, pain in the side, back and limbs, schrofulous humors, knots, wens, white swelling, hard tumors, stiff joints, ague cakes, ague in the breast, weakness and pain in the stomach, weak limbs, lameness, affections of the spine, female weaknesses, &c. No female subject to pain or weakness in back or side, should be without it.

**TO THE PUBLIC.**

THE public are hereby informed, that JACOB MILLER has been appointed agent for Huntingdon county, for the sale of Dr. Evans' Camomile and family aperient pills, where all those that need medicine, can be supplied as he intends always to have a supply on hand.

**LIFE AND HEALTH.**

Persons whose nerves have been injured, by Cad and over excessive grief, great loss of blood, the suppression of accustomed discharges or cutaneous, imtemperate habits, or other causes, which tend to relax and enervate the nervous system, will find a friend to soothe and comfort them, in EVANS' CAMOMILE PILLS. Those afflicted with Epilepsy or Falling Sickness, Palsy, Serious Apoplexy, and organic affections of the heart, Nausea, Vomiting, pains in the side, breast, limbs, head, stomach or back, will find themselves immediately relieved, by using EVANS' AMO MILE NDA APERIENT PILLS.

Dr. EVANS does not pretend to say that his medicine will cure all diseases that flesh and blood are heir to, but he does say that in all Debilitated and Impaired Constitutions—in Nervous diseases of all kinds, particularly in the DIGESTIVE ORGANS, and in Incipient Consumption, whether of the lungs or liver, they will cure. That dreadful disease, CONSUMPTION, might have been checked in its commencement, and disappointed to prey all over the land, if the first symptoms of Nervous Debility had been counteracted by the CAMOMILE FLOWER chemically prepared; together with many other diseases, where other remedies have proved fatal.

How many persons do we daily find tormented with that dreadful disease, SICK HEADACHE, if they would only make trial of this valuable medicine, they would perceive that life is a pleasure and not a course of misery and abhorrence. In conclusion I would warn nervous persons against the abstraction of BLOOD, either by leeches, cupping, or the employment of blisters. Drastic purgatives in delicate habits are almost equally improper. Those are practiced too often resorted to in such cases, but they seldom fail to prove highly injurious. Certificates of cures are daily received which add sufficient testimony of the great efficacy of this invaluable medicine, in relieving and effecting a permanent cure in all cases of sick headache. The above medicine is for sale at Jacob Miller's store, Huntingdon.

Citizens of North and South America,

To LOUIS OFFON GOELCKE, M. D., of Germany, [Europe] belongs the imperishable honor of adding a new and precious doctrine to the Sciences of Medicine—a doctrine which, though vehemently opposed by many of the Faculty, (of which he is a valuable member,) he proves to be as well founded in truth as any doctrine of Holy Writ—a doctrine upon the variety of which are suspended the lives of millions of our race, and which he boldly challenges his opposers to refute, viz: Consumption is a disease always occasioned by a disordered state of Vis Vitæ (or life principle) of the human body; often secretly lurking in the system for years before there is the least complaint of the Lungs—and which may be as certainly though not so quickly, cured as a common cold or a simple headache. An invaluable precious doctrine this, as it imparts an important lesson to the apparently health of both sexes, teaching them that this insidious foe may be an unobserved inmate of their "clayey houses" even while they imagine themselves secure from its attacks, teaching them that the great secret in the art of preserving health is to pluck out the disease while in the bud, and not wait till the full grown ear.

A certificate from three members of the MEDICAL PROFESSION in Germany, in Europe.

We the undersigned, practitioners of medicine in Germany, are well aware that, by our course, we may forfeit the friendship of some of the faculty, but not of its benevolent members, who are influenced by selfish motives. Though

we shall refrain from an expression of our opinion, either of the soundness or unsoundness of Dr. Goelckce's new doctrine, we are happy to say that we deem it a Sanative too valuable not to be generally known—for what our eyes behold and our ears hear, we must believe.

We hereby state, that when Dr. Louis Offon Goelckce first came before the German public, as the pretended discoverer of a new doctrine and a new medicine, we held him in the highest contempt, believing and openly pronouncing him to be a base impostor and the prince of quacks. But, on hearing so much said about the Sanative, against it and for it, we were induced, from motives of curiosity merely, to make trial of its reputed virtues, upon a number of our most hopeless patients; and we now deem it our bounden duty (even at the expense of our self interest) publicly to acknowledge its efficacy in curing not only consumption but other fearful maladies, which we heretofore believed to be incurable. O attempt for the discoverer of this medicine was at once swallowed up in our utter astonishment at these unexpected results; and, as amends for our abuse of him we do frankly confess to the world, that we believe him a philanthropist does who hon to the profession, and to our country, which gave him birth.

The recent adoption of this medicine into some of our European hospitals is a sufficient guaranty that it performs all its promises: It need not our testimony, for wherever it is used it is its own best witness.

and all Stomach Complaints; pain in the SIDE, LIVER COMPLAINTS, Loss of Appetite, Flatulency, Palpitation of the Heart, General Debility, Nervous Irritability, SICK HEAD ACHES, Female Diseases, Spasmodic Affections, RHEUMATISM Asthma, CONSUMPTION, &c. THE GERMAN APERIENT PILLS are to cleanse the stomach and purify the BLOOD, the Tonic or STRENGTHENING PILLS are to STRENGTHEN and invigorate the nerves and digestive organs and give tone to the Stomach, as all diseases originate from impurities of the BLOOD and disordered Stomach. This mode of treating diseases is pursued by all practical PHYSICIANS, which experience has taught them to be the only remedy to effect a cure. They are not only recommended and prescribed by the most experienced Physicians in their daily practice, but also taken by those gentlemen themselves whenever they feel the symptoms of the above diseases. They have an extensive sale. It is not to be understood that these medicines will cure all diseases merely by purifying the blood—they will not do; but they certainly will, and sufficient authority of daily proofs asserting that those medicines, taken as recommended by the directions which accompany them, will cure a great majority of diseases of the stomach, lungs and liver, by which impurities of the blood are occasioned.
