and yet so just, that all must feel its force.

To the People of the United S.

A RECOMMENDATION.

When a Christam people, feel themselves to be overtaken by a great public calamity, it becomes them to humble themselves under the dispensation of the Divine Providence, to recognise His righteous government over the children of men, to acknowledge His goodness in time past, as well as their own unworthiness, and to supplicate His merciful protection for the future.

The death of William Henry Harrison, late President of the United States, so soon after his elevation to that high office, is a bereavement peculiarly calcuated to be regarded as a heavy affliction, and to impress all minds, with a sense of the uncertainty of human things, and of the dependence of Nations, as well as of individuals, upon our Heavenly Parent.

I have thought, therefore, that I should be acting in conformity with the general expectation and feelings of the community in recommending, as I now do, to the People of the United States, of every religious denomination, that, according to their several modes and forms of worship, they observe a day of Fasting and Prayer, by such religious services as may be suits table on the occasion; and I recommend Friday, the fourteenth day of May next, by such religious services as may be suitable on the occasion; and I recommend Friday, the fourteenth day of May next, for that purpose; to the end that, on that day, we may all, with one accord, join in humble and reverential approach to Hiss, in whose hands, we are, invoking him to inspire us with a proper spirit and temper of heart and mind under these frowns of His providence, and still to bestow His gracious benedictions, upon our Government and our country.

JOHN TYLER.
