

Stealing on credit.—A farmer in Connecticut was once greatly puzzled by the sudden disappearance of his sheep. One after another was missed from the flock, without any solution of the mystery, until at last his suspicions rested on one of his neighbors. Accordingly, as the sheep disappeared, each one was entered on the book against the suspected man and the price carried out. At the end of the year the bill was sent to him, and without making any words on the subject he prudently paid it. Another year passed, and the absence of a number of sheep had added numerous items to a new bill, which was presented, as on the year previous. This time, however, the lover of mutton demurred, and insisted on its being reduced, protesting that he had not taken an eighth part of the number charged to him. "Well," said sheepy, "if I must pay, I suppose I must, but the fact is, some scamp has been stealing on my credit."—*N. Haven Reg.*

HYMENEAL REGISTER.

MARRIED.—On Thursday last, by the Rev. Jno. Peebles, FRANCIS B. WALLACE, Esq. to Miss AMELIA PATTON, both of this Borough.

With the above notice, we received a bountiful share of the "creature comforts," prepared for the occasion. If their be aught in the life of an Editor which awakens his kindness of heart, it is those actions which tell him he is not forgotten; and we cannot let the opportunity pass of returning our thanks to the happy couple for their kindly feeling. We bid them with heartfelt sincerity, "God speed" through life's chequered pathway, and trust that the sunshine of their own hopes will never be obscured by a cloud of sorrow. And may that pathway be filled with the beauties and splendour of the rose, without one thorn to give a pang to the happy "Pilgrims of love."

BRANDRETH'S VEGETABLE UNIVERSAL PILLS.—These Pills, which I very much doubt can ever be equalled, and I am sure that it is utterly impossible to surpass them in their extraordinary curative properties, are made on such unerring principles that they are not only the proper but the only medicine which ought to be used from infancy to the most remote extension of human life.

The public may not be aware that I have made this valuable medicine nearly sixteen years, and I feel happy in being able to state that during the whole of that period it has never done otherwise than give the greatest possible satisfaction. No complaint has ever been made—on the contrary, every one who has been so fortunate as to become acquainted with them, has invariably considered it a duty to continually recommend them to all their acquaintances. Whoever uses this medicine will assuredly expect a healthful and vigorous old age.

Sold in Philadelphia, at my own office, 8 North Eighth street.

A GREAT PRIZE!

THE RESURRECTION, OR PERSIAN PILLS.

In order that this valuable medicine should not be counterfeited, we have a plate representing a Persian scene, that is struck on each bill, one of which accompanies each box. We deem it unnecessary to publish a long list of Certificates, as it will neither add to nor diminish the virtues of this admirable compound.

Superior to the Hygean, Brandreth's, Evans', Fomby's, the Matchless (priced) Sunars', or any other Pills or Compound before the public, as certified to by physicians and others. Let none condemn them until they have tried them, and then we are certain they will not.

It is now a settled point with all those who have used the Vegetable Persian Pills, that they are pre-eminently the best and most efficacious Family Medicine that has yet been used in America. If every family would become acquainted with their sovereign power over disease, they would keep them and be prepared with a sure remedy to apply on the first appearance of disease, and then how much distress would be avoided and money saved, as well as the lives of thousands who are hurried out of time by neglecting disease in its first stages, or by not being in possession of a remedy which they can place dependence upon. All who wish to guard against sickness, should use the Persian Pills freely, when needed; no injury can ensue, if used from youth to old age, when taken according to the directions.

The Resurrection, or Persian Pills.—These pills raise from the greatest weakness, distress and suffering, to a state of strength, health and happiness. The name of these pills originated from the circumstance of the medicine being found only in the cemeteries of Persia. This vegetable production being of a peculiar kind, led to experiments as to its medical qualities and virtues. In half a century it became an established medicine for the diseases of that country. The extract of this singular production was introduced into some parts of Europe in the year 1783, and used by many celebrated physicians in curing certain diseases, where all other medicines had been used in vain.—Early in the year 1792, the extract was combined with a certain vegetable medicine imported from Dura Baca, in the East Indies, and formed into pills. The admirable effect of this compound upon the human system, led physicians and families into its general use. Their long established character, their universal and healing virtues, the detergent and cleansing qualities of their specific action upon the glandular part of the system, are such as will sustain their reputation and general use in the American Republic.

CERTIFICATE.—I certify that I have, by way of experiment, used the Hygean, and most of the various kinds of Pills, in my practice, which have borne the highest repute in the public estimation, that I have been offered for sale in this vicinity for the last five years, including those called the Resurrection or Persian Pills; and the public may rest assured that none among the whole catalogue has answered a better purpose, as an easy and an effectual remedy, than the Resurrection or Persian Pills, in most cases of disease.

HEWES' Nerve and Bone Lintment.

This article is offered to the public as a never-failing cure for the Rheumatism, and it has for a number of years sustained its reputation, and accomplished cures which had defied the power of every other article. In acute and recent cases, the relief is invaluable, after one or two applications of the Lintment, and in Chronic Rheumatism, the cases of cure are numerous. It is truly a remedy that reaches the nerve and bone with the most happy effect.

Dr. Bartholomew's Pink Expectorant Syrup.

The cases of consumption are so numerous in all the northern latitudes, that some remedy as a preventive should be kept by every family constantly on hand, to administer on the first appearance of so direful a disease. This Expectorant Syrup will in every case prevent the complaint. It is quite impossible for any person ever to have consumption who will use this remedy on the first approach of cough and pain in the side, and in many instances it has cured when physicians had given up the case as incurable.

The clouds of war are still accumulating in the North and East. British Soldiers are now encamped on American ground. Volunteers are required to have their accoutrements in complete order. No excuse will be taken for rusty arms. Militia Captains will be required to have their roles particularly correct, so that drafts can be made on the shortest notice. The right of every citizen to keep and bear arms is a constitutional privilege we enjoy, and one of the inherent rights of freemen which is generally denied to the subjects of Monarchical governments; it is therefore hoped that no citizen soldier will be permitted to disgrace the ranks of his company by appearing without sufficient fire arms. The penalties of the law must be enforced against all delinquents.
