### Proclamation.

We occupy a very large portion of our paper this week, with the very able exposition of the doings of the Legislature, by their own hands. We have done so because we looked upon it as placing their with earts before the people in the briefest and most concise manner. In their own language they tell their tale, and no honest man that reads it, but will blush for the hone of his state and the integrity of her chief magistrate. It should not only be read once, but twice or even three, until every thing becomes impressed upon the mind. Are you a Democrat, that boasts the title Loco Foco, and do you profess to be honest—read it land then see if you can still profess the same, without at onceden nouncing as outrageous and tyranical the ender Ritner, including the "big break" and all?

Nerve and Bone Liniment. **Nerve and Bone Liniment.** This article is effered to the public as a never-failing cure for the Rheumatism, and it has for a number of years sustained its reputation, and accomplished cures which had defied the power of every other article. In acute and recent cases, the relief is invariable, after one or two applications of the Liniment, and in Chronic Rhenmatism, the cases of cure are numerous.
