

MISCELLANEOUS.

From the Marion (Alabama) Herald.
Saire Well Aimed.
We take particular pleasure in directing the attention of the reader to "The Bustle," by a Member of the Literary and Philosophical Society.

THE BUSTLE.
BY A MEMBER OF THE MARION LITERARY AND PHILOSOPHICAL SOCIETY.
Haste, Venus! daughter of the purple wave, Unveil on earth thy radiant charms no more;

Hail, humpback'd muse, if such a muse there be,
Of gods begot, or of the briny sea;
List to my song, sweet goddess, now attend,
And with my verse thy humblest numbers blend.

From Helicon, or from Parnassus' height,
Look o'er my page and guide my pen aright.
Tell me, ye daughters of the tuneful Nine,
If one of you e'er wore a hump behind?
Tell me, ye sisters of the graceful Three,
If such a hump on one of you there be?
Oh! say, sweet goddess of the nimble chase,
Does such a hump your outward woman grace?

Proclaim it, mistress of the rosy morn,
Does such a hump your outward Eve adorn?
Speak, gentle Hebe, thou fairest of the fair,
And if a hump thou hast, sweet goddess tell us where.

Hail, beautiful Psyche! whom artless nature blest
With charms by far more perfect than the rest;
In praise of whom both gods and men combine:
Say, lovely sprig, wearest thou a hump behind?

In vain, alas! the sculptor's god-like art,
Bids grace and beauty into being start!
In vain he moulds the female form divine,
If Venus lacks an extra hump behind!
In vain Apollo strikes the tuneful lyre,
And all the Muses in her praise conspire!
Even Poes sing, 'mid Tempe's flow'ry maze,
And gods combine to utter forth her praise!

Al! no! 'mong all in vain I seek to find
A maid who wears a shapeless hump behind.
Proclaim it, daughters of the tuneful choir,
And touch my song with notes of liquid fire,
Whilst now I sing of etiquette, the laws,
Extol la mode, and plead a 'Bustle's' cause.

Hail, beautiful hump! mysterious bustle! say,
Offish and blood, of rags, or bran, or hay,
Art thou composed, and dost thou claim
A local situation and a name?
Say whence thou sprung, and what thy use
And end,

And these I promise with my verse to blend.
Thou art, indeed, the pride of every belle
Who delights at all to cut an extra swell,
And, by thy aid, secure the utmost honor
That feathers, rags, or hay, can heap upon her.

But, spite of these, I'll plead a 'Bustle's' cause,
Extol la mode, and emulate the laws,
The age, the custom, etiquette, and taste,
The largest bustle, and the slenderest waist;
And if for these I'm favored by the fair,
I'll add the grace, the manners, and the air,
For all are written in that perfect code,
The Laws of Fashion, or in French, la mode.

Important to Farmers.
Hart Massey, Esq of this village, took a small portion of the seed corn with which he planted a field, and soaked it in a solution of salt nitre, commonly called salt-petre, and planted five rows with the seed thus prepared. Now for the results: The five rows planted with corn prepared with salt-petre, yielded more than 25 rows planted without any preparation. The five rows were untouched by the worms, while the remainder of the field suffered severely by their depredations. We should judge that not one kernel, saturated with salt-petre, was touched, while almost every hill in the adjoining row suffered severely. No one who will examine the field can doubt the efficacy of the preparation. He will be astonished at the striking difference between the five rows and the remainder of the field.

Here is a simple fact, which if seasonably known would have saved many thousands of dollars to the farmers of this country alone, in the article of corn. It is a fact which should be universally known, and is, in all probability, one of the greatest discoveries of modern times in the much neglected science of agriculture. At all events, the experiment should be extensively tested, as the results are deemed certain, while the expense is comparatively nothing.

Mr. M. also stated as to the result of another experiment tried upon one of his apple trees last spring. It is a fine, thrifty, healthy tree, about twenty-five or thirty years old, but has never in any one year produced over about two bushels of apples. While in blossom last spring, he ascended the tree and sprinkled plaster freely on the blossoms, and the result is, that it will this season yield twenty bushels of apples. Now if the plaster will prevent the blast, it is a discovery of great importance. Mr. M. was led to make the experiment by reading an account of trees adjoining a meadow where the plaster had been sown at a time when there was a light breeze in the direction of the orchard, the trees contiguous to the meadow bearing well, while the others produced no fruit.

Fruit Trees.
The season for transplanting fruit trees being now near, it behooves those who are not amply supplied, both as to quantity and quality, to bestir themselves in this important matter.

Be careful in planting to give the trees a fair chance for life and health by digging the holes in which they are to be set wide and large, so that they may be surrounded by loose earth, that can be easily penetrated by the tender fibres of the roots which are to convey nourishment for their sustenance and growth. A tree properly planted will grow as much in five years as one carelessly and badly set in will in ten; and often the chance of survivorship is dependent on slight circumstances.

An excellent plan for preventing young fruit trees from becoming hide-bound and mossy, and for promoting their health and growth, is to take a bucket of soft soap, and to apply it with a brush to the stem or trunk, from top to bottom; this cleanses the bark, destroys worms or the eggs of insects; and the soap, becoming dissolved by rains, descends to the roots and causes the tree to grow vigorously. A boy can make this wholesome application to several hundred trees in a few hours. If soft soap was applied to peach trees in the early part of April, to remove or destroy any eggs or worms that have been deposited in the autumn, and again in the early part of June, when the insect is supposed to begin its summer deposits of eggs, it is believed we should hear less of the destruction of peach trees by worms.—But the application should not be suspended for a single season, on the supposition that the enemy had relaxed in his hostility.—Farmer's Cabinet.

HEAVY SUIT.—The Baton Rouge, La., Gazette states that a suit has been instituted against the present holders of property in Philadelphia, by a number of heirs of a Mr. Nethenmark, one of whom lives in that place. It is for the recovery of the title to a large portion of ground upon which Philadelphia stands, beginning at the upper end of the Navy Yard, and extending half a mile up the Delaware back to the Schuylkill.

COUGHS & COLDS.

Dr. Swayne's Compound Syrup of Prunus of Virginia or wild Cherry.
This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy: such as asthmas, pulmonary consumption, recent or chronic coughs, hoarse-ness, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, &c. How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive ravager, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; if such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefitted; than by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer in the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health.

BRANDRETH'S Vegetable Universal Pills.

COUNTERFEITERS' DEATH BLOW.

The public will please observe, that no Brandreth Pills can be relied upon as the true and GENUINE unless each box has new labels upon it. There are three, and each contains a fac simile signature of Dr. Brandreth. These labels are engraved on steel, beautifully designed, and done at the expense of several thousand dollars.

Remember the fac simile signature of B. Brandreth must be upon the top of the box, upon the side, and also the bottom of the box. By careful examination, the name of Benjamin Brandreth will be found on several parts of the new labels, being an exact transfer of the writing of Dr. Brandreth.—This name will be found in the net work.

The Pills are sold at 25 cents per box, by the unmentioned agents, HUNTINGDON COUNTY. Wm. Stewart, Huntingdon. Lowry & Garber, Hollidaysburg. A. & N. Cresswell, Petersburg. Thos. Owen & Son, Birmingham. Wm. Patterson, Williamsburg. John Swoope, McConnellstown. Madden & Lutz, Shirlersburg. Hartman, Smith & Love, Manor Hill. S. Miles Green & Co., Barree Forge. J. Blair & Sons, Shaw Gap.

Observe that each agent has an engraved Certificate of Agency, containing a representation of Dr. Brandreth's Manufactory at Sing Sing, and upon which also will be seen exact copies of the new labels now used upon Brandreth Pill Boxes.

COUGHS & COLDS.

These very distressing complaints often lead into CONSUMPTION through neglect at the first attack. I would therefore advise those whose cough begins to become troublesome, and the Expectoration scanty, with more or less soreness of the throat, difficult raising of phlegm, &c. that they should immediately apply for a suitable medicine, which is Dr. DUNCAN'S EXPECTORANT Remedy for Consumption, &c. This medicine I have found in every instance to remove those unpleasant annoyances in a few days. One single bottle will in most cases, prove this assertion. Therefore, you who wish to escape the early seeds of Consumption, avail yourself of this opportunity, and again enjoy the blessings of health.

JAMES M. BIRCH, Kensington. N. B. The above was left at the office by one who experienced the wonderful effects of the above medicine. Hundreds are there who thus express the joyful sentiments of their hearts in favor of such a valuable medicine as Dr. Duncan's Expectorant Remedy, that others may find relief from the same source.

CONSUMPTION CAN BE CURED.

And if you have a friend, relation, or know any one that is afflicted with that distressing disease, "CONSUMPTION," persuade him, without delay to try that famous and unrivaled medicine, the BALSAM OF WILD CHERRY, which has cured thousands of this complaint after every thing else had failed. Read the following undoubted proofs of its efficacy.

Roxborough, Sept. 1841. Dear Sir, Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first two, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved me so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months.

Yours, respectfully, JAMES KELLY, Holmesburg, Sept. 12, 1841. Friend Wistar, I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend, JACOB HOLLOWAY.

Bristol, September 8, 1841. Dear Doctor,—Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in consumption, I sent to one of your agents the other day for a bottle, and have found it to relieve me so much, that I want three bottles more sent soon, as I believe it will cure me too. I have used a great many balsams of different kinds every where besides, but nothing has done me so much good as yours has. Send by the steamboat Bolivar.

Yours truly, Wm. THOMAS. Besides its astonishing efficacy in consumption, it is also the most effectual remedy ever discovered for Liver Complaints, Asthma, Bronchitis, Coughs, Croup, Whooping Cough, &c., as hundreds will testify who have been cured by it after all other remedies had failed.

Be very particular to ask for Dr. Wistar's Balsam of Wild Cherry. Sold wholesale and retail by WILLIAMS & Co., Chemists, No. 33 South Fourth street, Philadelphia. Price \$1.00 a bottle. Sold in Huntingdon by THOMAS READ, and in Hollidaysburg by JAS. ORR. Nov. 3, 1841.

Executors' Notice.

LETTERS testamentary on the estate of Jane Porter, late of West township, Huntingdon county, deceased, have been granted to the undersigned.—All persons having claims or demands against the estate of said deceased, will please make them known without delay; and all persons indebted to said estate, are requested to call and make settlement immediately.

Moffat's Life Medicine.

THE PHOENIX BITTERS are so called, because they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life from the ashes of its own dissolution. The Phoenix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure FEVERS AND ACUES of all kinds; will never fail to eradicate entirely all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD; never fail in the sickness incident to young females; and will be found a certain remedy in all cases of nervous debility and weakness of the most impaired constitutions. As a remedy for Chronic and Inflammatory Rheumatism, the efficacy of the Phoenix Bitters will be demonstrated by the use of a single bottle.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the press, for placing his VEGETABLE LIFE MEDICINES within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLELY VEGETABLE, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever.

The following are among the distressing varieties of human diseases, to which the vegetable Life Pills are well known to be infallible:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a state of pure and healthy bile, instead of the flat and acrid kind.—Flatulency, Palpitation of the Heart, Loss of Appetite, Heart burn and Headache, Restlessness, Irritability, Anxiety, Langour and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure. Costiveness, by cleansing the whole length of the intestines with a solvent process, and removing the hard acrid fluids by which these complaints are occasioned. The Life Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time. Dropsies of all kinds, by freeing and strengthening the kidneys and bladder. A certain remedy for the worst cases of Gravel. Also Worms, by dislodging from the bowels the creatures the slimy matters to which they adhere; As Lima and Consumption, by relieving the vessels of the lungs from the mucus; Scurvy, Ulcers, and Inverterate Sores, by the perfect purity of these Life Pills give to the blood, and all the humors; Scorbatic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin. The use of these Pills for a very short time, will effect an entire striking improvement in the clearness of the skin. Common Colds and Influenza, will always be cured by one dose, or by two, even in the worst cases. Piles, as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills do serve a distinct and emphatic recommendation. It is well known to hundreds in this city, that the originator of these invaluable pills was himself afflicted with this complaint for upwards of thirty-five years, and that he tried in vain every remedy prescribed within the compass of the Materia Medica. He however, at length, tried the medicine which he now offers to the public and he was cured in a very short time.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. ADVICE TO FEMALES.—Females who value good health should never be without the Life Medicines, as they purify the blood, remove obstructions, and give the skin a beautiful, clear, healthy, and blooming appearance.

TO PARENTS AND OTHERS.—Persons of a plethoric habit, who are subject to fits, headache, giddiness, dimness of sight, or drowsiness, from too great a flow of blood to the head, should take it frequently. Children, and persons of all ages, may take them at any time, as they do not contain mercury, or any ingredient that requires confinement or restriction of diet.

Sold at the Store of JACOB MILLER, Huntingdon, Pa. June 30, 1841.

To those who desire Health. I hereby certify, that I was afflicted for 8 years with a severe nervous disease, attended with constant pain in the breast, side and stomach, loss of appetite, no rest at night, sickness and dizziness in the head, pain in the stomach after eating, and other symptoms which attend irregularity, my bowels were weak and irregular. Having had advice of various physicians during this long period, and used much medicine which only produced temporary relief. In the year 1839 I was often unable to leave my house, and being a poor widow, dependent on my own labor for a living, was obliged to go from house to house to obtain it. I at length gave up all hopes of recovery, and trusted to Him that created all things. I fortunately was favored with work in Eighth street, when the family, discovering my miserable situation, immediately recommended Dr. HARRIS'S COMPOUND STRENGTHENING, WHICH THEY PROCURED FOR ME. I used them, and continued for about three months; during the time my strength rapidly increased, my countenance and pallid cheek returned to their former and natural colors. Since I have fully recovered, and at present enjoy perfect health. I feel it my duty to inform the public at large of the great virtues of Dr. HARRIS'S MEDICINE, that others may be cured, and be likewise cured. I am well known in this city; any person wishing to see me, can call at my residence.

The principle of this Strop is anti-elastic—consequently it does not round the edge of the razor. It consists of four sides of different sharpening properties, viz: No. 1. The Hone, which is of ten times the power of the ordinary hone, and almost instantly thins a dull edge. No. 2, a powerful sharpening property for removing the wire edge left by the Hone. No. 3, a less powerful composition for gradually reducing the Razor to a fine edge. No. 4 is merely the calf skin, peculiarly prepared by the Manufacturer, and expressly adapted to the purpose of perfecting the edge of the Razor.—Five minutes will be ample time for putting the dullest Razor in perfect order.

Dr. Jayne's Expectorant.

We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—Especially Coughs, Colds, Consumptions, Spitting Blood, Asthma, Bronchial Affections, Hooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.

DR. JONATHAN GOING, PRESIDENT OF THE GRANVILLE COLLEGE Ohio (late of New York), in a letter to Dr. Jayne dated New York, December, 1836, says:—He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using the Expectorant.—Mrs. Delks, of Salem, N. J. was cured of Asthma of twenty years standing, by using two bottles of this medicine Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles.—Dr. Hamilton of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, has been perfectly cured by it—after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.

The Rev. C. C. P. Crosby, writes as follows: New York, June 15, 1838.

To Dr. Jayne.—Dear Sir,—I have made use of your Expectorant, personally and in my family for the last six years, with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of my dear ev. Mr. Tomson, of the Island of Jamaica. For in cases of cough, inflammation of the chest, lungs, and throat, I do most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is, that others afflicted as I have been, may experience the same relief, which I am persuaded they will by using your Expectorant.

C. C. P. CROSBY. The following Certificate is from a practicing Physician and a much respected Clergyman of the Methodist society—dated Modest Town Va. August 27, 1838. DR. JAYNE, Dear Sir,—I have been using your Expectorant extensively for the last three months, and for all attacks of Colds, Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and weakness of the Breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours, R. W. WILLIAMS. Dr. Jayne's Office is No. 20 South Third street, Philadelphia, where all orders will be promptly attended to. Sold also by JACOB MILLER, agent Huntingdon, Pa.—Price \$1.
