Temperance Song.

Fathers, shall this freest nation, Land of blessings and of fame, Now through base intoxication, Lose its virtue and its fame?

Will you still incline to cherish Friendship for the liquid foe? Streams in which so many perish, Leaving nought but tears and woe.

Mothers, shall the gloom surrounding Females on their dying beds, Drunken husbands loud pronouncing Curses on their aching heads;

Shall their case excite no feeling? Where is female tenderness? Ah! there can be no concealing, Tears and actions will express.

Say not you will come to-morrow, Danger follows such delay; Every hour will swell the sorrow, O the sorrows of a day.

Think upon it—O the sorrows of a day. Guilt must mark procrastination, Duty promptly makes demand— God requires their preservation, He requires it at your hand.

Will you save them? He requires it &c. Shirleysburg, April, 1842.

MISCELLANEOUS.

AN ANECDOTE.—We have been half inclined to suppose that the disposition ascribed to females to conceal their ages, was rather speculative than correct; but a slight incident occurred at the late term of the Circuit Court in this city, which puts the matter right.

EXCERPTS FROM BULWER'S "ZANONI."—Man must be disappointed with the lesser things of life, before he can comprehend the full value of the greatest. It is the shallow sensualists of France, who call, in their salon-language, love a folly. Love better understood, is wisdom.

Destiny is less inexorable than it appears. The resources of the great Ruler of the Universe, are not so scanty and so stern as to deny to men the divine privilege of Free Will; all of us can carve out our own way; and God can make our very contradictions harmonize with his solemn ends.

A BRIGHT CHILD.—"Father, I do wish you would send for the doctor." "Why so, my child, are you sick?" "No, I ain't exactly sick!" "Then why do you want the doctor?" "Cause, I want he should come and feel of my pulse, an' tell me whether I'm tired or lazy."

The Richmond Tee-totaller has the following good 'un:—"A Mr. Haddock went to a place in the State of New York to lecture on Temperance. A rum-seller hired fifteen men to drag Mr. Haddock out of the meeting and duck him. He gave them as much as they could drink, and off they went to the meeting. They listened to the address, became interested, and instead of fulfilling their promise to duck the speaker, fourteen of them came forward and signed the pledge."

New and Extensive LUMBER ESTABLISHMENT.

THE subscriber respectfully informs the citizens of the United States in general, and the Bank Hating Democrats of the Keystone State in particular, that he has recently established, on Capitol Hill, in the Borough of Harrisburg, a very extensive

LUMBER YARD.

where he is at all times prepared to furnish

"RAFTS," "JOISTS,"

"SCANTLING," "Shingles," &c. &c.

to all who may favor him with a call.—Dealers in "rafts" especially, would do well to examine his stock before purchasing elsewhere, as he feels confident that he can sell as cheap as any other similar establishment in the Union.

Banks requiring "ORDERS" or "BEAMS" to keep them from falling, will be accommodated on the most reasonable terms.—Old "SPLINTERS" taken in payment at par.

READ WHAT IT HAS DONE.

In this particular branch of the business the subscriber flatters himself that he cannot be excelled, and in proof of this assertion, he most respectfully would refer the public to the fact, that for more than two years, he, by means of his patent

"INDIAN Timber,"

preserved the Chestnut from rotting, and from falling into a pile of ruins. Its final downfall he feels assured would not have taken place for three years more, had he been advised of its critical situation in time.

Several other instances might be adduced, in which he has been eminently successful in keeping little Monsters in complete repair, but the above he believes is sufficient to establish the reputation of his stock! Every article sold by him will be warranted to apply to any purpose whatever.

Shaving shops built and repaired by contract, and warranted to stand as long as "RAFTS" can be obtained in sufficient quantity. All letters on business considered "STRICTLY CONFIDENTIAL," and attended to without delay.

A large supply of Winnebago "SCANTLING" constantly on hand.

GEORGE HANDY AND GEORGE W. SOUTH are appointed agents for the purchase of "LUMBER" in the City and County of Philadelphia.

COUGHS & COLDS

DR. Swayne's Compound Syrup of Prunus of Virginia or wild Cherry

This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy: such as asthma, pulmonary consumption, recent or chronic coughs, hoarseness, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, &c.

How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive raver, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; if such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited; than by gulping the various ineffective certain remedies of which our newspapers daily abound.

This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer in the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfort and health.

The public will please observe, that no Brandreth Pills can be relied upon that do not bear the name of BRANDRETH, and each contains a fac simile signature of Dr. Brandreth. These labels are engraved on steel, beautifully designed, and done at the expense of several thousand dollars.

These very distressing complaints often lead into CONSUMPTION through neglect at the first attack. I would therefore advise those whose cough begins to become troublesome, and the Expectoration scanty, with more or less soreness of the throat, difficult raising of phlegm, &c. that they should immediately apply for a suitable medicine, which is DR. DUNCAN'S EXPECTORANT Remedy for Consumption, &c. This medicine I have found in every instance to remove those unpleasant annoyances in a few days. One single bottle will in most cases prove the cure. Therefore, you who wish to escape the early seeds of Consumption, avail yourself of this opportunity, and again enjoy the blessings of health.

JAMES M. BIRCH, Kensington. N. B. The above was left at the office by one who experienced the wonderful effects of the above medicine. Hundreds are there who thus express the joyful sentiments of their hearts in favor of such a valuable medicine as Dr. Duncan's Expectorant Remedy, that others may find relief from the same source.

CONSUMPTION CAN BE CURED.

And if you have a friend, relation, or know any one that is afflicted with that distressing disease, "CONSUMPTION," persuade them without delay to try that famous and unrivalled medicine, the "BALM OF WILD CHERRY," which has cured thousands of this complaint after every thing else had failed. Read the following undoubted proofs of its efficacy.

Roxborough, Sept. 1841. Dear Sir, Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first two, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved me so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months.

Yours, respectfully, JAMES KELLY. Holmesburg, Sept. 12, 1841. Friend Wistar, I must again trouble you to send me two bottles more of that invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend, JACOB HOLLOWAY. Bristol, September 8, 1841.

Dear Doctor,—Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in consumption, I sent to one of your agents the other day a bottle, and have found it to relieve me so much, that I want three bottles more sent me, as I believe it will cure me too. I have used a great many balsams of different kinds, but have never found any thing that has done me so much good as yours has. Send by the steamboat Bolivar.

Yours truly, WM. THOMAS. Besides its astonishing efficacy, in Consumption, it is also the most effectual remedy ever discovered for Liver Complaints, Asthma, Bronchitis, Coughs, Croup, Whooping Cough, &c., as hundreds will testify who have been cured by it after all other remedies had failed.

Be very particular to ask for Dr. Wistar's Balsam of Wild Cherry. Sold wholesale and retail by WILLIAMS & CO., Chemists, No. 33 South Fourth street, Philadelphia. Price, \$1 00 a bottle.

Moffat's Life Medicine.

THE PHOENIX BITTERS are so called, because they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life from the ashes of its own dissolution.

The Phoenix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure FEVERS AND ACUES of all kinds; will never fail to eradicate entirely all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD, never fail in the sickness incident to young females; and will be found a certain remedy in all cases of nervous debility and weakness of the most impaired constitutions. As a remedy for Chronic and Inflammatory Rheumatism, the efficacy of the Phoenix Bitters will be demonstrated by the use of a single bottle.

The Proprietor rejoices in the opportunity afforded by placing his VEGETABLE LIFE MEDICINES within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLELY VEGETABLE, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever.

The following are among the distressing varieties of human diseases, to which the vegetable Life Pills are well known to be infallible: DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure and healthy bile, instead of the stale and acrid kind.—Flatulency, Palpitation of the Heart, Loss of Appetite, Heart burn and Headache, Restlessness, Ill-temper, Anxiety, Langour and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure. Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence. Diarrhea and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned. The Life Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time. Dropsies of all kinds, by freeing and strengthening the kidneys and bladder. A certain remedy for the worst cases of Gravel. Also Worms, by dislodging from the turnings of the bowels the slimy matters to which these creatures adhere; Asama and Consumption, by relieving the vessels of the lungs from the mucus, Scurvey, Ulcers, and Invertebrate Sore, by the perfect purity of these Life Pills, given to the blood, and all the Scorbatic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin. The use of these Pills for a very short time, will effect an entire cure of Salt Rheum, Erysipelas, and a striking improvement in the clearness of the Skin. Common Colds and Influenza, will always be cured by one dose, or by two, even in the worst cases. Piles,—as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hunters and sportsmen, that the originator of these invaluable Pills was himself afflicted with this complaint for upwards of thirty-five years, and that he tried in vain every remedy prescribed within the compass of the Materia Medica, and he was cured in a very short time.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the direct ADVISOR OF FEMALES.—Females who value good health should never be without the Life Medicines, as they purify the blood, remove obstructions, and give the skin a beautiful, clear, healthy, and blooming appearance.

INFANTS AND OTHERS.—Persons of a plethoric habit, who are subject to fits, headache, giddiness, dimness of sight, or drowsiness, from too great a flow of blood to the head, should take it frequently. Children, and persons of all ages, may take them at any time, as they do not contain mercury, or any ingredient that requires confinement or restriction of diet.

To those who desire Health. I hereby certify, that I was afflicted for 8 years with a severe nervous disease, attended with constant pain in the breast, side and stomach, loss of appetite, no rest at night, sickness and dizziness in the head, pain in the stomach after eating, and other symptoms which attend indigestion, my bowels were weak and irregular. Having had advice of various physicians during this long period, and used much medicine which only produced temporary relief. In the year 1839 I was often unable to leave my house, and being a poor widow, dependent on my own labor for a living, was obliged to go from house to house to obtain it. I at length gave up all hopes of recovery, and trusted to Him "that created all things." I fortunately was favored with work in Eight street, where the family, discovering my miserable situation, immediately recommended Dr. HALL'S COMPOUND STRENGTHENING, & GERMAN APERTINE PILLS, which they procured for me. I used them, and continued for about three months; during the time my strength rapidly increased, my countenance and pallid cheek returned to their former and natural colors. Since I have fully recovered, and at present enjoy perfect health. I feel it my duty to inform the public at large of the great virtues of Dr. HALL'S MEDICINE, that others may procure it, and be likewise cured. I am well known in this city; any person wishing to see me, can call at my residence.

THE principle of this Strop is anti-elastic—consequently it does not round the edge of the razor. It consists of four sides of different sharpening properties, viz: No. 1, the Hone—which is of ten times the power of the ordinary Hone, and almost instantly thins a dull edge. No. 2, a powerful sharpening property for removing the wiry edge left by the Hone. No. 3, a less powerful composition for gradually reducing the Razor to a fine edge. No. 4 is merely the calf skin, peculiarly prepared by the Manufacturer, and expressly adapted to the purpose of perfecting the edge of the Razor.—Five minutes will be ample time for putting the dullest Razor in perfect order.

Dr. Jayne's Expectorant. We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases, especially Coughs, Colds, Consumption, Spitting blood, Asthma, Bronchial affections, Hooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.

DR. JONATHAN GOING, PRESIDENT OF THE GRANVILLE COLLEGE Ohio (late of New York), in a letter to Dr. Jayne dated New York, December, 1836, says:—He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using the Expectorant.—Mrs. Deles, of Salem, N.J., was cured of a severe Bronchitis, and was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles.—Dr. Hamilton of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, has been perfectly cured by its use after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.

The Rev. C. C. Crosby, writes as follows: New York, June 15, 1838. To Dr. Jayne:—Dear Sir,—I have made use of your Expectorant, personally and in my family for the last six years, with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tonson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and throat, I do most interestingly recommend this as the best medicine I have ever tried. My earnest wish is, that others afflicted as I have been, may experience the same relief, which I am persuaded they will by using your Expectorant.

C. C. CROSBY. The following Certificate is from a practicing PHYSICIAN and a much respected Clergyman of the Methodist society—dated Modest Town, Va. August 27, 1833. Dr. JAYNE, Dear Sir,—I have been using your Expectorant extensively in my practice for the last three months, and for all attacks of Colds, Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and weakness of the Breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours, R. W. WILLIAMS. Dr. Jayne's Office is No. 20 South Third street, Philadelphia, where all orders will be promptly attended to.
