

POETRY.

The Captured Pickrel.

'Twas on Seymour's Pond one morning—one morning in May, That I floated in a little skiff within a quiet bay;

Red light was on the hill tops, and darkness in the vale, When I fixed a line for pickrel—for pickrel to trail.

I confess it—I confess it—I had killed a greenish frog, While croaking unsuspectingly to his brethren of the bog;

My spring hooks, bought at Messer's, were secured to twisted wire, And on these I hooked the morsel to which pickrel aspire.

Around me were the leaves of the yellow water lilies, Music reached me from the shore, where a little purring rill is;

The sunbeams kissed the forest, and the breezes kissed the lake,— But what is that?—a pickrel! I knew it by its wake.

Then I flung my baited hook as far—as far as it would go, For there we use no fishing rods—no fishing rods you know;

A dark form followed up the bait, while slow I haul'd it in— And I knew it was a pickrel by the motion of its fin.

It turned and sailed away, while again I threw the hook— But when I pulled again, by George! by-ye George! the bait he took!

He gorged the dainty morsel with the action of a shark, Then, showing flakes, he sought the depths as a bullet seeks its mark.

When the pickrel met that evening in the lily pads— The scaly sires and grandsires, and the little pickrel lads—

They called the muster over, but one answered not the call— 'Twas the hungriest, and the biggest, and the fattest of them all!

MISCELLANEOUS.

The Ringlet.

A cheerful fire blazed on the hearth, in the neat little parlor of Mr. Percy, one cool evening in November, and Helen, with a choice party of young friends, formed an agreeable little circle around it.

Helen Percy was not what the world would call handsome, that is she did not possess regular features—had neither black nor blue eyes—tresses waving gracefully over her shoulders—nor a skin quite as white as the new fallen snow,—but then there was beauty in her face, and a beauty that was richly worth all these—it consisted of expression. The feelings of a good and benevolent heart, aided by the grace of a pure and well cultivated mind, cast a lustre over a face that could boast of no other accomplishment, and sure none other was necessary to render it interesting.

It was generally known among her acquaintances, that she was betrothed to a young navy officer who was then, and had been nearly two years, absent in the United States service, and who was now daily expected home. Helen was anxious for his arrival, not for the gratification of her own affectionate feelings alone but the tale of scandal had gone forth, and she wished its course at once arrested.

the room, when the stranger, holding in his hand a ringlet of dark brown hair, tremulously asked a lady next to him if that was not a pretty tress.

"It certainly is and a favorite memento, I presume."

"It was taken, madam, from the bosom of an officer, a friend of mine, who fell from on board one of the U. States vessels during a late cruise, his body was happily recovered, but"—

"May I inquire his name?" interrupted Helen, in breathless haste, and unconsciously rising from her chair.

"His name was Clarence Lee."

"And lost over"—the words died upon her lips, and she sank back insensibly into her seat. The stranger started from his chair, threw off his spectacles, mustachios and light hair, and in an instant the metamorphosed Clarence Lee was leaning over her chair, and endeavoring to recall her to animation, by repeatedly pronouncing her name in his own natural voice.

Helen at length recovered, cast around a bewildering glance, and scarcely imagined she beheld her lover by her side.

"Am I not dreaming!" said she, reviving.

"I should hope not," said Clarence, seizing her hand, and eagerly pressing it to his bosom. "I have put thy faith to a sad trial, Helen, but wilt thou not forgive me when I tell thee that I was cruelly deceived by others—they told me thou wert false to me, Helen, but this pledge of thy affection (again displaying the ringlet), proves their words false, not thee, and that I meet the same food, faithful heart I left two years ago.

It is needless to remark, that the stratagem was readily forgiven, and that Helen, soon after the altar of hymen, gave herself as a pledge of her love and faith to Clarence Lee.

"Say, Harry, were you at the battle of Bunker Hill?" "Not exactly, Tom, but then my daddy says he knew a man that told him that he saw an old friend of his that had an uncle who often affirmed that a great grandfather, by the mother's side, belonged to a regiment of foot, in which there was a man who said that a daddy of his told him that a mercantile uncle met a man one day who said he had seen General Washington about those diggings one day afore breakfast! Were you ever any closer?" "Not quite as near gunshot as that, I thank you!"

HATHAWAY'S COOKING

Hot Air Stoves. THIS celebrated stove is now manufactured by Arthur B. Long, in Lewistown, Pa., which he will endeavor at all times to keep on hand ready for use, he is making the three following sizes:

No. 2, smallest size, receives a stick of wood 2 feet 4 inches long. No. 2 1/2 middle size receives a stick of wood 2 feet 6 inches long. No. 3 largest size receives a stick of wood 2 feet 8 inches long.

This stove No. 3, is calculated for Taverns, Boarding Houses, or other Houses where much cooking is required, and No. 2, and 2 1/2 is calculated for the use of farmers and small families.

There never has yet appeared any system or plan of a cooking stove which has the same advantage that this stove has. Its culinary purpose is not to be equalled—its baking qualities are far superior to any other, as the hot air principle is the continuation of heat in the stove by which a much less quantity of fuel is required to perform a much larger amount of cooking or baking than any other stove that has formerly been used.

All orders addressed to Arthur B. Long, Lewistown, through the Post Office, or at his Foundry will be punctually attended to. ARTHUR B. LONG, GERTIFICATES, Of Hathaway's Hot Air Cooking Stoves, Manufactured by A. B. Long.

This is to certify, that we are now using Hathaway's Hot Air Cooking Stoves manufactured by A. B. Long, Lewistown, and we do say they are complete in every respect—good for roasting, baking, cooking &c., all of which can be done at the same time without interfering one with the other. The use of these stoves is also a saving of fuel as well as labor to those who have the management of them.

JAMES CRISWELL, MRS. JANE MCCOY, MRS. CATHARINE LUSK. McVeytown Nov. 24th 1841. We, the undersigned, having now in use the Hathaway Hot Air Cooking Stove, manufactured by A. B. Long of this place, do certify, that for convenience in baking, broiling, roasting, and in fact for all kinds of cooking, it is complete in every respect. We therefore respectfully recommend said stove to all who desire good cooking; and to those who wish to save female labor, and fuel.

COUGHS & COLDS. Dr. Swayne's Compound Syrup of Prunus of Virginiana or wild Cherry. This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy: such as asthmas, pulmonary consumption, recent or chronic coughs, hoarseness, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, &c. How many sufferers do we daily behold approaching to an untimely grave, wrested in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive raver, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; if such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited; than by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heat the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer in the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health.

The principle of this Strop is anti-elastic—consequently it does not round the edge of the razor. It consists of four sides of different sharpening properties, viz: No. 1, the Hone—which is of ten times the power of the ordinary Hone, and almost instantly thins a dull edge. No. 2, a powerful sharpening property for removing the wiry edge left by the Hone. No. 3, a less powerful composition for gradually reducing the Razor to a fine edge. No. 4 is merely the calf skin, peculiarly prepared by the Manufacturer, and expressly adapted to the purpose of perfecting the edge of the Razor.—Five minutes will be ample time for putting the dullest Razor in perfect order.

Manufactured by L. CHAPMAN, 102 William St. New-York. And sold by the principal Hardware and Fancy goods Importers, at Manufacturers' prices. Feb. 9, 1842.—3m.

Dr. Jayne's Expectoant. We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—Especially Coughs, Colds, Consumptions, Spitting blood, Asthma, Bronchial affections, Hooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.

DR. JONATHAN GOING, PRESIDENT OF THE GRANVILLE COLLEGE Ohio (late of New York), in a letter to Dr. Jayne dated New York, December, 1836, says:—He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using the Expectoant.—Mrs. Delks, of Salem, N.J. was cured of Asthma of twenty years standing by using two bottles of this medicine.

Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. Dr. Hamilton of St. James, South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, has been perfectly cured by it—after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.

The Rev. C. C. P. Crosby, writes as follows: New York, June 15, 1838. To Dr. Jayne.—Dear Sir,—I have made use of your Expectoant, personally and in my family for the last six years, with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tonson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and throat, I most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is, that others afflicted as I have been, may experience the same relief, which I am persuaded they will by using your Expectoant.

C. C. P. CROSBY. The following Certificate is from a practicing PHYSICIAN and a much respected Clergyman of the Methodist society—dated Modest Town, Va. August 27, 1838. Dr. JAYNE, Dear Sir:—I have been using your Expectoant extensively in my practice for the last three months, and for all attacks of Colds, Coughs, Inflammation of the Lungs, Consumption, Asthma, Pains and weakness of the Breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours, R. W. WILLIAMS. Dr. Jayne's Office is No. 20 South Third Street, Philadelphia, where all orders will be promptly attended to. Sold also by JACOB MILLER, agent Huntingdon, Pa.—Price \$1.

Moffat's Life Medicine.

THE PHOENIX BITTERS are so called, because they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life from the ashes of its own dissolution. The Phoenix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure FEVERS AND ACUES of all kinds; will never fail to eradicate entirely all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD; never fail in the sickness incident to young females; and will be found a certain remedy in all cases of nervous debility and weakness of the most impaired constitutions. As a remedy for Chronic and Inflammatory Rheumatism, the efficacy of the Phoenix Bitters will be demonstrated by the use of a single bottle. The proprietor rejoices in the opportunity afforded by the universal diffusion of the press, for placing his VEGETABLE LIFE MEDICINES within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLELY VEGETABLE, and contain neither Mercury Antimony, Arsenic, nor any other mineral, in any form whatever.

The following are among the distressing varieties of human diseases, to which the vegetable Life Pills are well known to be infallible: DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure and healthy bile, instead of the stale and acrid kind.—Flatulency, Palpitation of the Heart, Loss of Appetite, Heart burn and Headache, Restlessness, Ill-temper, Anxiety, Languor and Melancholy, which are the general symptoms of Dyspepsia, will, as a natural consequence of its cure. Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence. Diarrhea and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned. The Life Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time. Dropsics of all kinds, by freeing and strengthening the kidneys and bladder. A certain remedy for the worst cases of Gravel. Also Worms, by dislodging from the turnings of the bowels the slimy matters to which these creatures adhere; As Hma and Consumption, by relieving the vessels of the lungs from the mucus; Scurvy, Ulcers, and Invertebrate Sores, by the perfect purity of the Life Pills give to the blood, and all the humors; Scorbatic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin. The use of these Pills for a very short time, will effect an entire cure of Salt Rheum, Erysipelas, and a striking improvement in the clearness of the Skin. Common Colds and Influenza, will always be cured by one dose, or by two, even in the worst cases. Piles,—as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hundreds in the city, that the originator of these invaluable Pills was himself afflicted with this complaint for upwards of thirty-five years, and that he tried in vain every remedy prescribed within the compass of the Materia Medica. He however, at length, tried the medicine which he now offers to the public and he was cured in a very short time.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. ADVICE TO FEMALES.—Females who value good health should never be without the Life Medicines, as they purify the blood, remove obstructions, and give the skin a beautiful, clear, healthy, and blooming appearance.

TO PARENTS AND OTHERS.—Persons of a plethoric habit, who are subject to fits, headache, giddiness, dimness of sight, or drowsiness, from too great a flow of blood to the head, should take it frequently. Children, and persons of all ages, may take them at any time, as they do not contain mercury, or any ingredient that requires confinement or restriction of diet.

To those who desire Health. I hereby certify, that I was afflicted for 8 years with a severe nervous disease, attended with constant pain in the breast, side and stomach, loss of appetite, no rest at night, sickness and dizziness in the head, pain in the stomach after eating, and other symptoms which attend indigestion, my bowels were weak and irregular. Having had advice of various physicians during this long period, and used much medicine which only produced temporary relief. In the year 1839 I was often unable to leave my house, and being a poor widow, dependent on my own labor for a living, was obliged to go from house to house to obtain it. I at length gave up all hopes of recovery, and trusted to Him "that created all things." I fortunately was favored with work in Eighth street, when the family, discovering my miserable situation, immediately recommended Dr. H. R. LICH'S COMPOUND STRENGTHENING, & GERMAN APERIENT PILLS which they procured for me. I used them, and continued for about three months; during the time my strength rapidly increased my countenance and pallid cheek returned to their former and natural colors. Since I have fully recovered, and at present enjoy perfect health. I feel it my duty to inform the public at large of the great virtues of Dr. H. R. LICH'S MEDICINE, that others may procure it, and be likewise cured. I am well known in this city; any person wishing to see me, can call at my residence.

By careful examination the name of Benjamin Brandreth will be found on several parts of the new labels, being an exact transfer of the writing of Dr. Brandreth.—This name will be found in the net work.—The Pills are sold at 25 cents per box, by the undesignated agents.

COUGHS & COLDS.

These very distressing complaints often lead into CONSUMPTION through neglect at the first attack. I would therefore advise those whose cough begins to become troublesome, and the Expectoration scanty, with more or less soreness of the throat, difficult raising of phlegm, &c. that they should immediately apply for a suitable medicine, which is Dr. DUNCAN'S EXPECTORANT Remedy for Consumption, &c. This medicine I have found in every instance to remove those unpleasant annoyances in a few days. One single bottle will in most cases, prove this assertion. Therefore, you who wish to escape the early seeds of consumption, avail yourself of this opportunity, and again enjoy the blessings of health.

JAMES M. BIRCH, Kensington. N. B. The above was left at the office by one who experienced the wonderful effects of the above medicine. Hundreds are there who thus express the joyful sentiments of their hearts in favor of such a valuable medicine. Dr. Duncan's Expectoant Remedy, that others may find relief from the same source.
