

MISCELLANEOUS.

"Tommy, can you tell me who was the father of Zebedee's children?"

"No, thir," replied Tommy, after some consideration.

"Don't you know Mr. Sparks, who lives over the way?" asked the gentleman by way of illustration.

"Yeth'er."

"Well now, Mr. Sparks has three children; there's Peter, Harry and Jacob?"

"Misther Sparks."

"Well then, can't you tell who the father of Zebedee's children was?"

"Yeth'er—Misther Sparks!" shouted Tommy, in evident delight at having satisfactorily solved the question.

A FELLOW from Kentucky, a few days ago, went into the store of a fashionable milliner in Canal street.

"Have you any skirts?" asked he.

"Plenty of all kinds," answered Madam W.

"What do you ask a cord?" said the chap.

"A cord!" replied Madam W.

"Yes; I want about a cord. Up in our diggins the petticoats and things has gin out. I see you advertise 'corded skirts,' and I thought, while my hand was in, I'd take what you had corded up."

The milliner fainted.—Crescent City.

AGRICULTURE OF THE UNITED STATES.

From the statistics of Agriculture furnished by the Government the following facts may be learned:

1 That wheat, oats, rye, Indian corn, potatoes, hay and tobacco, are raised in every State and Territory in the Union.

2 That barley is raised in all except Louisiana.

3 That buck-wheat is raised in all except Louisiana and Florida.

4 That New England New York, New Jersey, Pennsylvania, Michigan, Ohio, and Wisconsin do not raise cotton.

5 That the States which do not raise cotton, together with Delaware, Maryland and Indiana, do not raise rice.

6 That every State and Territory, except Iowa, does raise silk.

7 That every State except Delaware makes sugar.

These are curious facts, as showing the great variety of agriculture productions and the vast amount of those productions.

WORDS FREELY SPOKEN.—Mr. Simmons, of Rhode Island, in a speech recently delivered in the United States Senate, said:

"I regard a good currency as the tools of trade, and a good tariff as furnishing the people with employment. It is a hard case to have to do a job with poor tools; but it is still harder to have no work to do. The people want both, to prosper. But these free trade folks of the late administration, by their tampering with the currency, have been dulling the tools of trade for years, and its friends now purpose free trade to take away the work from our people and give it to Foreigners; so that hereafter labour in this country is to have neither work nor tools.

Among the exports of live stock, from Ohio lately noticed, is that of 1800 live Squirrels, shipped at Cleveland on the 27th ult.—And among the notices of the various amusements in a late New York paper (the inimitable ATLAS,) we find that these Squirrels—or some 1500 of them—were performing at the Museum! "This is a great country."

DR. SWAYNE'S Compound Syrup of Prunus of Virginiana or wild Cherry

This syrup is highly beneficial in all pectoral affections; also, in diseases of the chest in which the lungs do not perform their proper office from want of due nervous energy: such as asthma, pulmonary consumption, recent or chronic coughs, hoarse ness, whooping cough, wheezing and difficulty of breathing, croup and spitting of blood, &c. How many sufferers do we daily behold approaching to an untimely grave, wreathed in the bloom of youth from their dear relatives and friends, afflicted with that common and destructive ravager, called consumption, which soon wastes the miserable sufferer until they become beyond the power of human skill; it such sufferers would only make a trial of Dr. Swayne's invaluable medicine, they would soon find themselves benefited; than by gulping the various ineffective certain remedies of which our newspapers daily abound. This syrup immediately begins to heal the ulcerated lungs, stopping profuse night sweats, mitigating the distressing cough at the same time inducing a healthy and natural expectoration, also relieving the shortness of breath and pain in the chest, which harass the sufferer at the slightest exercise, and finally the hectic flash in the pallid and emaciated cheek will soon begin to vanish, and the sufferer will here perceive himself snatched from a premature grave, into the enjoyment again of comfortable health.

ANOTHER LIFE SAVED.

And if you have a friend, relation, or know any one that is afflicted with that distressing disease, "CONSUMPTION," persuade them without delay to try that famous and unrivalled medicine, the "BALM OF WILD CHERRY," which has cured thousands of this complaint after every thing else had failed. Read the following undoubted proofs of its efficacy.

Roxborough, Sept. 1841.

Dear Sir, Please send me two bottles more of your Balm of Wild Cherry, like the one you sent me before. I have taken nearly all of the first two, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved me so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months.

Yours, respectfully, JAMES KELLY.
Holmesburg, Sept. 12, 1841.

Friend Wistar, I must again trouble thee to send me two bottles more of thy invaluable Balm. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend,
JACOB HOLLOWAY.
Bristol, September 3, 1841.

Dear Doctor,—Hearing so many people talk about the wonderful cures your Balm of Wild Cherry has made in consumption, I sent to one of your agents the other day for a bottle, and have found it to relieve me so much, that I want three bottles more sent soon, as I believe it will cure me too. I have used a great many balsams of different kinds have tried Jane's Expectant and other medicines besides, but nothing has done me so much good as yours has. Send by the steamboat Bolivar.

Yours truly, WM. THOMAS.
Besides its astonishing efficacy, in Consumption, it is also the most effectual remedy ever discovered for Liver Complaints, Asthma, Bronchitis, Coughs, Croup, Whooping Cough, &c., as hundreds will testify who have been cured by it after all other remedies had failed.

Be very particular to ask for Dr. Wistar's Balsam of Wild Cherry. Sold wholesale and retail by W. WILLIAMS & Co., Chemists, No. 33 South Third street, Philadelphia. Price, 50 cents a bottle.

BRANDRETH'S Vegetable Universal Pills.

COUNTERFEITERS' DEATH BLOW.

The public will please observe, that no Brandreth Pills can be relied upon as the TRUE and GENUINE unless each box has the name and fac simile signature of Dr. Brandreth. These labels are engraved on steel, beautifully designed, and done at the expense of several thousand dollars.

Remember the fac simile signature of B. Brandreth must be upon the top of the box, upon the side, and also the bottom of the box. By careful examination the name of Benjamin Brandreth will be found on several parts of the new Love, Manor Hill, Madden & Lutz, & Love, Manor Hill, S. Miles Green & Co., Barre Forge, J. Blair & Sons, Shade Gap.

Observe that each agent has an engraved Certificate of Agency, containing a representation of Dr. Brandreth's Manufactory at Sing Sing, and upon which also will be seen exact copies of the new labels now used upon Brandreth's Pills Boxes.

COUGHS & COLDS.

These very distressing complaints often lead into CONSUMPTION through neglect at the first attack. I would therefore advise those whose cough begins to become troublesome, and the Expectoration scanty, with more or less soreness of the throat, difficult raising of phlegm, &c. that they should immediately apply for a suitable medicine, which is B. DUNCAN'S EXPECTORANT medicine I have found in every instance to remove those unpleasant annoyances in a few days. One single bottle will in most cases, prove this assertion. Therefore, you who wish to escape the early seeds of Consumption, and again enjoy the blessings of health.

JAMES M. BIRCH, Kensington.
N. B. The above was left at the office by one who experienced the wonderful effects of the above medicine. Hundreds are there who thus express the joyful sentiments of their hearts in favor of such a valuable medicine as Dr. Duncan's Expectorant Remedy, that others may find relief from the same source.

BLANK BONDS—Judgment and common—for sale at this office.

To those who desire Health.

I hereby certify, that I was afflicted for 8 years with a severe nervous disease, attended with constant pain in the breast, side and stomach, loss of appetite, no rest at night, sickness and dizziness in the head, pain in the stomach after eating, and other symptoms which attend indigestion, my bowels were weak and irregular. Having had advice of various physicians during this long period, and used much medicine which only produced temporary relief. In the year 1839 I was often unable to leave my house, and being a poor widow, dependent on my own labor for a living, was obliged to go from house to house to obtain it. I at length gave up all hopes of recovery, and trusted to Him "that created all things." I fortunately was favored with work in Eighth street, when the family, discovering my miserable situation, immediately recommended Dr. HARRICH'S COMPOUND STRONG PHE-NIX, and GERMAN APERIENT PILLS which they procured for me. I used them, and continued for about three months; during the time my strength rapidly increased my countenance and pallid cheek returned to their former and natural colors. Since I have fully recovered, and at present enjoy perfect health. I feel it my duty to inform the public at large of the great virtues of Dr. HARRICH'S MEDICINE, that others may procure it, and be likewise cured. I am well known in this city; any person wishing to see me, can call at my residence.

Moffat's Life Medicine.

THE PHOENIX BITTERS are so called, because they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life from the ashes of its own dissolution. The Phoenix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure FEVERS AND AGUES of all kinds; will never fail to eradicate entirely all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD; never fail in the sickness incident to young females; and will be found a certain remedy in all cases of nervous debility and weakness of the most impaired constitutions. As a remedy for Chronic and Inflammatory Rheumatism, the efficacy of the Phoenix Bitters will be demonstrated by the use of a single bottle.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the press, for placing his VEGETABLE LIFE MEDICINES within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLELY VEGETABLE, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever.

The following are among the distressing varieties of human diseases, to which the Vegetable Life Pills are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure and healthy bile, instead of the stale and acid kind,—Flatulency, Palpitation of the Heart, Loss of Appetite, Heart burn and Headache, Restlessness, Ill-temper, Anxiety, Langour and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure. Costiveness, by cleansing the whole length of the intestines with a solvent process, and by removing the sharp acrid fluids by which these complaints are occasioned. The Life Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time. Dropsies of all kinds, by freeing and strengthening the kidneys and bladder. A certain remedy for the worst cases of Gravel. Also Worms, by discharging from the turnings of the bowels the slimy matters to which these creatures adhere; Ashma and Consumption, by relieving the vessels of the lungs from the mucus; Scurvy, Ulcers, and Inveretate Sores, by the perfect purity of these Life Pills give to the blood, and all the humors; Scorbatic Eruptions and Bad Complexions, by their alternative effect upon the fluids that feed the skin. The use of these Pills for a very short time, will effect an entire cure of Salt Rheum, Erysipelas, and a striking improvement in the clearness of the Skin. Common Colds and Influenza, will always be cured by one dose, or by two, even in the worst cases. Piles,—as a remedy for this most distressing and ob-stinate malady, the Vegetable Life Pills deserve a distinct, and emphatic recommendation. It is well known to these in this city, that the originator of these Vegetable Pills was himself afflicted with this complaint for upwards of thirty-five years, and that he tried in vain every remedy prescribed within the compass of the Materia Medica. He however, at length, tried the medicine which he now offers to the public and he was cured in a very short time.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions.

ADVICE TO FEMALES.—Females who value good health should never be without the Life Medicines, as they purify the blood, remove obstructions, and bloom in appearance.

TO PARENTS AND OTHERS.—Persons of a plethoric habit, who are subject to fits, headache, dizziness, dimness of sight, or drowsiness, from too great a flow of blood to the head, should take it frequently. Children, and persons of all ages, may take mercury, or any ingredient that requires confinement or restriction of diet.

The principle of this Strop is anti-elastic—consequently it does not round the edge of the razor. It consists of four sides of different sharpening properties, viz: No. 1, the Hone—which is ten times the power of the ordinary Hone, and almost instantly thins a dull edge. No. 2, a powerful sharpening property for removing the wire edge left by the Hone. No. 3, a less powerful composition for gradually reducing the Razor to a fine edge. No. 4 is merely the calf skin, peculiarly prepared by the Manufacturer, and expressly adapted to the purpose of perfecting the edge of the Razor. Five minutes will be ample time for putting the dulllest Razor in perfect order.

Dr. Jayne's Expectorant.

We consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—Especially Coughs, Colds, Consumptions, Spitting blood, Asthma, Bronchial affections, Hooping Cough, &c. It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.

DR. JOSEPH NATHAN GOING, PRESIDENT OF THE GRADUATE COLLEGE Ohio (late of New York), in a letter to Dr. Jayne dated New York, December, 1836, says:—He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using the Expectorant.—Mrs. Delks, of Salem, N.J. was cured of Asthma of twenty years standing, by using two bottles of this medicine Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles.—Dr. Hamilton of St. James South Carolina, was greatly affected by a cough, hoarseness and soreness of the lungs, and using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the First Baptist Church in this city, has been perfectly cured by it—after having suffered for sixty years with Cough, Asthma, and Spitting of Blood, which no remedy before could relieve.

The Rev. C. C. P. Crosby, writes as follows:
New York, June 15, 1838.

To Dr. Jayne:—Dear Sir,—I have made use of your Expectorant, personally and in my family for the last six years, with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tinsion, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and throat, I do not hesitate to recommend this as the best medicine I have ever tried. My earnest wish is, that others afflicted as I have been, may experience the same relief, which I am persuaded they will by using your Expectorant.
