"One country, one constitution, one destiny."

**DEMOCRATIC HARRISONIAN
COUNTY TICKET.**

PROTHONOTARY,
JAMES STEEL, of Huntingdon.
REGISTER & RECORDER,
JOHN REED, of Huntingdon.
ASSEMBLY,
JONATHAN M'WILLIAMS, Franklin tp
BRICE BLAIR, of Dublin township.
COMMISSIONER,
ALEXANDER KNOX, JR. of Blair tp.
CORONER,
JAMES SXTON, JR. of Huntingdon.
AUDITOR,
THOMAS E. ORBISON, of Cromwell tp.

Dr. JOHN M'COLLOUGH and JOHN BROUHERLINE were chosen Congressional Conferees, to meet other Conferees from Millin, Juniata and Union, in the Borough of Lewistown, on the 10th of September.

Adjourment of Congress.
A gentleman writing from Washington to a friend in this place, states, that it is expected that Congress will adjourn to-day, without passing a Revenue Bill.

County Convention.

In to-day's paper will be found the proceedings of the Democratic Harrisonian Delegate Convention. They should have appeared last week; but, some how or other, they were mislaid or delayed, so that they did not come to our possession until Saturday last.

It will be seen that the Convention was large and highly respectable, and the Ticket which they have submitted to the consideration of the People is in every respect worthy of the source from which it emanated. It is a ticket which is altogether unexceptionable. All that the people have to do, in order to elect this ticket of their choice, is to beware of the plots and tricks of the enemy, and attend the polls and vote.

The preamble and resolutions were adopted, we believe, unanimously. They will, no doubt, strike a responsive chord in the bosom of every lover of his country. We commend the whole to the attention of our numerous readers.

The Democratic Harrison party of Union county have elected Congressional Conferees favorable to WILLIAM M. HARRIS; and Senatorial Conferees favorable to NER MIDDLESWARTH.

Fire.—Supposed Arson.

On the night of Monday the 15th inst., the barns of Daniel Tague, Esq. and Abraham Long,—the latter in the tenancy of John Harman—in Cromwell township, were destroyed by fire. The loss of Esq. Tague is estimated at \$2300, and that of Mr. Harman at about \$400. It is supposed that they were set on fire by incendiaries, through malice; and Mrs. Thompson, resident in the neighborhood, and her son, a young man about 20 years of age, have been arrested on suspicion of being the incendiaries, and committed for trial.

Drowned.

Last week a young German woman was drowned in the dam above this place. She was a passenger on a boat, and in the night got up and walked in her sleep and fell overboard. The body was found the next day.

The Loco Focos and Mr. Tyler.

The Loco Focos, and particularly some of the editors who have lately assumed to be "the true friends of the Tariff," are mightily pleased with the President's veto of the Tariff Bill. "Oh, consistency! thou art indeed a jewel." These same consistent politicians approve of every act which the President does to embarrass the country, and yet call the present a Whig administration, and charge all our difficulties upon the Whig party.

RHODE ISLAND.—Governor King has issued a proclamation suspending martial law which has been in force in that State. There are only five suffrage men now in prison on account of the rebellion.

Hear the Parasite.

John Tyler's organ, the Madisonian, while babbling of the veto of the great Tariff Bill makes use of the following language:

"We believe in the Christian religion, though ever so unworthy the name of Christian. We believe in the special interposition of Divine Providence in behalf of His favored people. We believe America is under His special protection. We believe JOHN TYLER is the instrument selected to work out His will. We believe our country is destined to prosper in spite of the devices of gambling politicians."

It may be that Divine Providence has selected John Tyler as an instrument to work out his will towards the American People; but is not the conduct of this modern JEHU such as to convince the Madisonian that he is an instrument for the performance of purposes of vengeance rather than of mercy.

If his Agency, the President of the United States, can be flattered with such absurd and fulsome language as is contained in the above paragraph, then we have nothing more to say—but recommend a *Lunatic Asylum* to both him and his man Jones.

The Enemy Moving.

"What will the Loco Focos do this fall?" is a question which we have often been asked of late, and to which we were unable to give any satisfactory answer. In fact, that party has been wavering and vacillating, and not a man of them could tell what would be the mode of warfare at the approaching election. But, last week, David R. Porter, the great Kickapoo Chief, made his appearance in this town, at "head quarters," and was in close consultation with some of his dupes and tools; and NOW every man of the Loco Foco party, or at least the leaders of them, know what is to be done. Another scheme to humbug the Workingmen is set on foot, and the "orders" from the Kickapoo Chief are, as appears below, that a "mass Convention" be held at Alexandria, on the 10th of September next, for the purpose of nominating a Ticket without distinction of party.

We cannot, however, believe that the Farmers, Mechanics and Workingmen in the enlightened county of Huntingdon, can again be deceived and seduced into a support of a scheme laid by cunning politicians, and disappointed office seekers, for the purpose of defeating the ticket formed in accordance with the democratic customs, and which is in itself totally unobjectionable. No, we cannot for a moment entertain the idea, that the Workingmen, the bone and sinew, and the right arm of the country, can be got to aid in carrying out the selfish purposes of designing politicians. The people of this county, "without distinction of party," would like to see the work which the same faction cut out last fall, worked up. Our Criminal Court is yet full of the bitter fruits of that association which was then formed for the purpose of suppressing corruption, but which turned out to be the most corrupt faction that ever existed in our county.

The same persons who officiated as great high priests around the pure altar of "John S. Isett's Society" last year, are again to assume the sacerdotal robes, and minister at the same altar. Look out, then, for "bargains and sales"—for "agreements"—and all manner of corruption.

We give the call for a Convention a place in our columns, just as it was handed to us, only remarking by the way, that we do not believe that more than four of the persons whose names are appended to it have ever seen the paper, or been consulted on the subject. Here is the call—read it—and beware of the tricks of our wily enemy.

Workingmen, Attend.

A mass Convention of the Workingmen of Huntingdon county will be held at Alexandria, on Saturday the 10th of September next, for the purpose of putting in nomination a county ticket to be supported by the Farmers, Mechanics and Workingmen of this county. All friendly to the cause are invited to attend, and every township in the county is solicited to send as large a delegation as possible. The peculiar situation of the times and the oppressive burthens now borne by the laboring population, render it advisable that they should (without distinction of party) take the affairs of Government into their own hands. It is high time that party excitement should cease, and that the public good and public interest should be attended to.

The above was handed to us at a late hour, and we cannot, therefore, say all that we have to say in relation thereto at this time, but will refer to it again,

The Elections.

We are not yet able to give any definite returns of the August elections. It is, however, certain that in North Carolina the Whigs have elected the Governor, and the Loco Focos the Legislature by a decided majority. This will enable them to elect a Loco Foco Senator to Congress in the place of Mr. Graham.

In Kentucky the Whigs have carried a majority in both branches of the Legislature.

In Indiana the Loco Focos have a majority of 2 or 4 on joint ballot, which will enable them to elect a United States Senator in the place of Mr. Smith.

Illinois has gone for the Van Buren party—legislature, Governor and all. Alabama and Missouri ditto.

COMMUNICATIONS.

MR. CREMER:—
SIR:—The time is almost at hand when a Senator is to be nominated in this District, and as the election will be an important one, it will not be improper at this time to enquire briefly, which of the five counties composing this Senatorial District is entitled to the man? I take it of course, there are men in either, well qualified to fill the station. First then. This district is composed of Huntingdon, Millin, Union, Juniata, and Perry—well, Huntingdon had her Bell—Millin her McCollough—Union her McClay—and Juniata has her Mathers. If this then be true, as it most certainly is; then is not Perry entitled to the man at this time, and is there any reason why their claims should not be allowed? True it may be said Perry has always been largely in the minority—but even that minority, she has always held her own, and invariably maintained integrity; a fact which cannot be said in relation to either Union or Huntingdon. Now the only interest I have in this matter is to see a Whig elected this fall, and to be successful Justice must prevail. It is needless for me to say, that Perry has men well qualified for the station, and should John R. McClintock, Esq. who appears to be the favorite in Perry, Juniata and Millin, be a candidate, and a successful one, the Whigs will find, that a more worthy and talented representative they have not had.

JUSTICE.
FRIEND CREMER:
The Editor of the "Watchman" has on more than one occasion promised, or rather threatened to show us some terrible things about our county taxes—"shameful mismanagement," &c. Permit me, therefore, through your columns, to urge him up to his generous work of enlightening the citizens of this county on so important a subject—they are anxious to see what this YEARNING who has seen but one crop grow in our county, knows about its financial affairs. And when he gets to work at it, we would also like to be informed on the subject of the State taxes. Show us the figures, Colonel.

ITEMS OF ALL KINDS.

The Hon. George M. Keim declines being a candidate for re-election to Congress in the Berks County District.

A Mormon paper has been started at Baltimore, by a Mr. S. C. Brown.

A colored barber named Thomas Melton, recently died at Bedford, Pa. having conceived that a snake was in his stomach. After death he was opened, and a pint of cherry stones were found therein.

The Village Record forcibly remarks that every dollar that we yield of the proceeds of the public lands, must be raised by direct taxation.

At Cincinnati, last week, hams were sold at three fourths of a cent per pound, wheat at forty-five cents a bushel, and eggs at seventy-five cents a bushel!

Suspenders and garters, considered superior in elasticity, are now made from India rubber. Thread too, of the same material, is manufactured, which can be woven into cloth. Mr. Goudyear of New York is the inventor.

The Lewisburg (Pa.) Independent Press informs us, that on Friday night some unprincipled scoundrels repaired to the camp ground, in the neighborhood of Driesbach's church, a short distance from the place, and demolished the stand and preachers' tent, erected for the camp meeting now in progress, and with some of the boards composing the seats, set them on fire and burnt them. A disgraceful outrage.

Over 4000 people assembled in the Miller tent at Albany, some nights since, when Mr. Fitch spoke for two hours, and endeavored to prove that the 23d of April, 1843, would be the last day.

They appear not altogether to have given up the idea in Tennessee, of dividing that State and establishing a new one. A meeting was called for the first inst., at Jonesborough, to take the subject into consideration.

Thaddeus Stevens has moved to Lancaster, and commenced the practice of the law in that city.

A colored girl named Deirckson, died last week in Philadelphia, from starvation.

The Harrisburg Keystone, Porter's Organ, intimates that the Governor does not wish to become a United States Senator.

A letter writer from Paris says that the morals of the French people are improving. The general impiety which the writings of Voltaire, and others like him, engendered, is passing away, and the Sabbath is now generally revered and observed.

It is rumored that Mr. Webster, now that the negotiations are closed, will leave the Cabinet.

Our Opinion of Brandreth's Vegeta Universal Pills.—This medicine, we acknowledge, in recommending to our readers, possesses wonderful efficacy in all nervous disorders, fits, headaches, weakness, heaviness and lowness of spirit, dimness of sight, confused thoughts and wanderings of the mind, vapors and melancholy, and all kinds of hysteric complaints, gradually go off by the use of this medicine; in sickness of the stomach, flatulencies and obstructions, it is a safe, powerful and efficacious remedy. The first symptoms of its good effects are serenity and cheerfulness, and as a preventive, alterative, and purifier of the blood, it has not its equal in the world. It is admirably calculated to afford relief to restore a broken and decayed constitution to its pristine health and vigor.—Public Ledger.

Purchase them in Huntingdon of WM. STEWART, and only of Agents published in another part of this paper.

MYSTERIOUS.—A gentleman belonging to one of the most ancient and wealthy families of this city, who most be well known to numerous friends, having since the year 1818 up to recently, been bent nearly double, and for several years confined to his bed, has been restored to good health—and has regained his natural erect position—and has quitted his carriage, and now walks with ease! We believe this is the gentleman's own description as near as possible, and there is no exaggeration in it. We will give inquirers his address, and doubt not his humane feelings will excuse the liberty; so that any one doubting may know these facts—though he requests his name may not appear in print.

Among other similar instances, Mr. Jas. G. Reynolds, 144 Christie street, has been restored, and will give personal assurances of the facts of his case. Both were rheumatism and contracted cords and sinews. How has this been done?
Answer.—By the Indian Vegetable Elixer internally, and Hewes' Nerve and Bone Liment externally.—N. Y. Herald.

The extraordinary virtues hourly developed in "Dulley's Magical Pain Extractor," induce me to come forward to inform every person that its equal is not to be found for the relief of pain and cure of bruises, scalds, and injuries generally. My wife for 6 years endured a constant course of suffering by Salt Rheum all over her hands, arms and neck, and now with much pleasure and thankfulness do I publicly state, that she is perfectly cured. She had before used 6 different remedies, besides having had much of the best medical advice, but to no purpose. It is now more than a year since this cure was effected, yet there is not the slightest indication of a return of the complaint. Cases of the most alarming kind constantly yield to its influence. This statement should, I suppose, be sufficient to convince the most incredulous and prejudiced.
