

The Congressmen at Philadelphia.

On Thursday last the Whigs of Philadelphia city and county received the Whig members of Congress, while on their way home, with a public display of their regard and approbation. A committee had been previously appointed to invite them. They landed at the Dock street wharf, where the members were seated in carriages furnished for the occasion by the citizens, and a line of procession formed, under the command of mounted marshals; and from thence the procession proceeded to the Museum, where the audience were called to order. John Sergeant then welcomed the Congressmen in the name of the Whigs of the city and county of Philadelphia, in a brief but appropriate speech. An address was next delivered by Mr. McKENNA, member from Washington county, after which the meeting adjourned.

In the evening the meeting was again called, in front of the Exchange, where an immense crowd gathered. Here resolutions were adopted, and addresses delivered by a number of the Congressmen until a late hour.

The U. S. Gazette says: "Philadelphia has seen no such demonstration of Whig strength, and Whig determination, as she saw on Thursday. And it is silly in any one to attempt to conceal the truth, that the proceedings of the day and evening struck fear into the hearts of the Locofocos."

Loco Foco Central Committee.

In justice to Mr. Green, we have erased his name from the call for the Loco Foco Convention at Alexandria.

Sometime about the first of May last, Mr. McFarlane also declined being one of the Central Committee of the pseudo Workingmen's party in this county. If we understood his letter to the Editor of the Lewistown Gazette aright, he declined because his principles would not permit him to support a PROTECTIVE TARIFF, a measure which the resolutions of the meeting which appointed the Committee seemed to favor. But as Mr. McFarlane is a faithful Anti-Tariff Loco Foco, and may now have his name to the call "by order," we shall not disturb it unless desired by him to do so.

Boy Killed.

On Saturday last, a boy who lived with Mr. James Leonard, in Barree township, came to his death in the following manner:—While turning cattle into pasture, he took the bridle off the horse he had been riding, and struck him with it, when he was kicked in the abdomen, causing his death in a few minutes.

Adjournment of Congress.

Congress adjourned on Wednesday last, at 2 o'clock P. M., after having passed the Distribution Bill as a measure independent of the Tariff. It is expected that the President will veto the Distribution Bill as a matter of course.

General S. Miles Green.

This gentleman, as will be seen by his letter published in another part of to-day's Journal, declines being one of the Central Committee to humbug the Workingmen of this county. The letter itself will command the attention of the public, and it is unnecessary on our part to commend it specially to them. We know that Gen. GREEN is friendly to the Workingmen, and at all times ready to do all in his power to promote their true interests. And the Workingmen who are acquainted with him, and they are thousands, will know how to appreciate his opinions. For our part, we are pleased with the manner in which he treats the subject.

Locofoco Nominations.

Bedford.—For Assembly, John Sipes and William Watt.

Last Wednesday night a fire broke in Mr. Hunt's Steam Rolling Mill at Harrisburg, which entirely destroyed the mill, together with the contents thereof, and also the adjoining ware-house.

General Irvin's Speech.

Read the interesting extract from Mr. Irvin's speech, commencing on the first page of to-day's Journal.

Our political friends in Perry county have chosen Robert Irvine, John A. Baker and John W. Bosserman, Senatorial Conferees, to meet the Conferees appointed in the other counties comprising this Senatorial District, at Millintown, on Friday next.

The Loco Focos in York county have nominated Col. John Rankin for Congress; and Wm. S. Picking, Samuel N. Baily, and Stephen McKinley for Assembly. For Court officers, such as Prototary, Register, Recorder, and Clerks they have nominated the present incumbents.

Returning Reason.

FLAP, of the Clinton County Democrat, pleads guilty to the charge of being a fool.

Indiana.

After all the crowing of the Locofocos, there seems to be a tie in the Indiana Legislature, on joint ballot.

The Locofocos in some of the counties seem to disregard the veto prospective, and nominate candidates for Congress.

Nominations.

Since our last, the following nominations have been made by the Democratic Whigs, for Assembly.

Cumberland.—James Kennedy and Geo. Brindle.

Franklin.—Thomas Carson and Jasper E. Brady.

Washington.—Samuel Livingston, Wm. McDaniel and John Stover.

COMMUNICATIONS.

MR. CREMER:

Dear Sir—I observe that a "Workingmen's" Convention is called to meet at Alexandria on the 10th inst., and that my name is appended to the call, as one of the "county committee." I am constrained to say, that my name has been used without my knowledge or consent,—I have never been advised of, or consulted in, this matter at any time.

But, whilst I thus disavow having had any participation in getting up this "Workingmen's Society" in this county, I am free to say that I am not inimical to the best interests of the "Workingmen" in this, or any other county. There are thousands who will bear testimony to my sincerity in this declaration. In Centre, my native county, I am known as the descendant of a Manufacturer, and one who through a long life, was ever warmly and strongly attached to the interests of the "Workingmen." In this county, my actions must speak for themselves.

I consider the interests, and the policy of the Manufacturer, the Mechanic, and the "Workingman," so closely identified, that they cannot be separated, without injury and prejudice to all. There is a reciprocity of interest existing amongst us, that the meanest capacity can discover at this point. Politically speaking, I am not a "Workingman"! Who are the prominent political Workingmen? Look at the record! Examine the acts of these wire workers! Our good citizens have been once caught, and have been taught a lesson I hope they will not soon forget,— "a burnt child dreads the fire!"

What is the object of calling this proposed "Workingmen's" Convention?—The Loco Focos (or Democrats, as they style themselves,) have held their meeting, preparatory to the fall elections. The Whigs have had their delegate meeting also, and put in nomination a Ticket which is certainly unexceptionable. They are all good men and true. What more is required? unless it is to raise an opposition to both the nominations, or arrangements, made by the Whigs and Loco Focos? The Whigs in this county can have no opposition—they are too strong, both in principle and numerically. The Loco cannot offer an opposition, unless aided by a third, or "Workingmen's Society."—Honest Mechanics—Laborers—Farmers,—Workingmen, look to this! May you not be deceived, and induced to palsy the hand that is extended to aid you?

What is the policy of your Whig brethren? Are they not all Tariffmen,—Tariff for Protection—Tariff for Revenue?—Are they not in favor of some National Institution to regulate our currency?—whether it be called a "National Bank," a "Fiscal Agent," or a "Spinning Ginney"? It matters not, so that it gives us a currency

similar to what we had before hostilities began against the old U. S. Bank. Are the Whigs not opposed to the odious shin plaster currency of the present day? Are they not opposed to a reduction of wages to the starvation system of ten cents a day? Most truly they are. What more, then, let me repeat, do we want? But I am spinning out this declination of being one of the "Workingmen's" committee, without my own consent, too long. All I would add is, that I consider the policy of the Whigs, honestly carried out, that policy which alone can save our country from ruin. Let a third party beware how they oppose it.

S. MILES GREEN.
Barree Forge, Sept. 3d, 1842.

Honor to whom honor is due.

MR. EDITOR:—The last Watchman says:—"The indefatigable exertions of our Supervisor, Mr. Woods, and the men employed deserve all praise for the speedy manner" in which the break immediately above our borough was repaired.

Now, allow me just to say, through the Journal, that if any praise is due any where it is to Mr. BLACK and the laborers, and not the Supervisor, who was absent and did not get near the break until just as it was mended.

JUSTICE.

Huntingdon, Sep. 6, 1842.

Taxation and Labor.

The Globe, in noticing the discussion upon the Tariff Bill, and its final passage in the Senate on Saturday, thus exclaims touching the duties:

"Was there ever a country redeemed from pecuniary embarrassment by increasing the taxes on the people? Can any sophistry disguise the absurdity of such a proposition?"

Certainly there was. The United States—this very country, was redeemed from pecuniary embarrassments, from the very legislation which the Globe calls an imposition of taxes—the protection of home industry. The sophistry consists in arguments from the false data of the Globe. And the working men of the country, who will find employment should the Revenue Bill become a law, will settle the question with the Globe whether it is better to be idle without taxation, or to be profitably industrious with it. The kind of taxation which the Globe thinks so very ruinous, is very like the collateral inheritance tax, which the heir, when he paid five pounds to get ten thousand thought would be ruinous if he had many legacies. —U. S. Gaz.

In 1836 the State debts of all descriptions, over the fund on hand, amounted to the sum of \$3,959,431.82. At the present time, the State debts over the funds on hand amount to at least twenty-four and a half millions of dollars.

In 1836 the annual interests required to be paid by the State was about \$400,000. Now the annual interests will be about one million three hundred and forty thousand dollars.

RHEUMATISM AND GOUT.—We have the affidavit of Judge Fitch of Columbia, that the present proprietors have just given \$200 cash for the Indian Vegetable Elixer—which may now be had of Comstock & Co., and who warrant that internally, with Hives' Nerve and Bone Liniment externally, to cure any case of Rheumatism or Gout, and will live strictly to the warrant, to return the price, if the directions are followed and the cure is not made. Some most remarkable cures have just been made, and none afflicted should fail to avail themselves of those remedies, especially on these terms. The respectable Drug house warranting these articles, would never lend the sanction of their names to any thing of the kind, unless satisfied of its utility.—A. Y. Evening Post.
