A Robber Shot by a Woman.

The Pittsburg Sun of the Srd inst. states that on Friday evening the family of Mr. Wilson, who lives in Pride's fields, a short distance from the city, were alarmed, when about retiring to bed, by hearing a noise in the lower part of their dwelling. Mr. W. being absent, his wife, taking a loaded pistol with her, descended to the olover rooms, just as she got down, she observed a person passing through a door in front of her. She at once presented the pistol and fired, and from the blood discovered round the premises, there is no doubt but the shot took effect. Immediately after the discharge of the pistol a man was seen rushing from the house, and a third was seen in the garden.

Mysterious.—A gentleman belonging to one of the most ancient and wealthy families of this city, who must be well known to numerous friends, having since the year 1818 up to recently, been bent nearly double, and for several years confined to his bed, has been restored to good health—has regained his natural erect position—and has quitted his carriage, and now walks with ease!! We believe this is the gentleman's own description as near as possible, and there is no exageration in it. We will give inquirers his address, and doubt not his humane feelings will excuse the liberty; so that any one doubting may know these facts—though he requests his name may not appear in print. —Among other similar instances, Mr. Jas. G. Reynolds, 144 Christie street, hus been restored, and will give personal assurances of the facts of his case. Both were rheumatism and contracted cords and sinews. How has this been done?

Answer.—By the Indian Vegetable Elixer internally, and Hewes' Nerve and Bone Liniment externally.—M. Y. Heradd.

May 25, 1842.

The extraordinary virtues hourly developed in "Dalley's Magical Pain Extractor," induce me to come forward to inform every person that its equal is not to be found for the relief of pain and cure of burns, scalds, and injuries generally. My wife for 6 years endured a constant course of suffering by Salt Rheum all over her hands, arms and the think the sum of the course of the first medical advice, that she is perfectly cured. She had before used 6 different remedies, besides having had much of the first medical advice, but to no purpose. It is now more than a year since this cure was effected, yet there is not the slightest indication of a return of the complaint. Cases of the most alarming piles constantly yield to its influence. This statement should, I suppose, be sufficient to convince the most incredulous and prejudiced.

BALLOONING.

BALLOONING.

Colonel J. H. McLellan made an ascension in Mr. Wise's balloon from Gettysburg, Pa., on Saturday the 1st inst. He deacended about an hour afterwards, five miles from York. When preparing to come down, being from two to three miles high, he pulled the valve rope with such force as to break off the valve dapper, when the gass was immediately discharged, and he made his descent on the parachate principle, with great rapidity, but without injury to himself or balloon.

The Harrisburg Chronicle tells a good story of the Postmaster at Shippensburg, of Pennsylvania, composed of the Court of Common Pleas, Oyer and Terminer, and general jail delivery of the 20th judicial district, of Pennsylvania, composed of the counties of Huntingdon, Miffin, and Union, and the Hon. Joseph Adams and John Kerr, on the had toiled so long, than a commission came on from Washington, superseding him, and appointing the new convert to his office. His own faith in Ty-lerism was somewaat shaken by this novel mode of rewarding his dvotion.

The undersigned would inform the printers and poblishers that they have commenced the manufacturing of type, of almost every description at their foundry, north-west corner of Third and Chesnut streets, fourth story. They have, at present, a variety of beautiful book fonts ready for casting, which they are enabled to offer to the trade at from twenty-five to thirty per cent, less than any of their competitors.

They would also call the attention of printers to the fact, that they are practical type founders, having had from twenty to twenty-five years experience in the different branches of the trade. Their moulds and matrics are all new, made by themslyes, and expressly for their own use.

The business will be conducted under the superintendance of Lewis Pelouze, where all orders will be thankfully received punctually attended to.

The highest price allowed for old type in exchange for new.
