HEALTH.

Many of our readers, no doubt, are post seased with this all important blessing, which they may long retain, if particular regard and care be paid to themselves, that whenever they feel the least indisposed, to procure a proper medicine in due season. But, on the contrary, we find thousands who are laboring under disease, and many, we fear, will preve serious, if not attended to early. Would those persons resort to the medicine that has established itself in thousands of cases which is Dr. Harlich's Compound Strengthening and German Aperient Pills, so pre-eminently recommended for diseases, incident to the human race, they would be replaced back again to 'life's sweet blessing,' which is health.

We speak from occular proof, knowing, in many instances, where cures have been performed by this medicine, with marked success in various complaints, such as Dyspepsia, Liver Complaint, Rheumatism, pain in the Breast, Side and Back, Costiveness, Nervous Weakness, Emaciation, General Deblity, &c. &c. This medicine consists of twa distinct kinds, viz: The German Aperient and the Compound Strengthening Tonic Pills, the former to remove bile and all excrementitious matter from the body, thus cleansing and purifying the system, after which the latter are used to give strength and rigort othe weak and debilitated organis, restore the lost apetite, and produce tranquirest and sweet repose. We highly approve of the 'Doctor's theory' of treating diseases, which certainly is safe and effectual, and advise the afflicted to give his medicine a fair trial.—Daily Chroniele.

SPITTING OF BLOOD.

SPITTING OF BLOOD,

Is another dangerous symptom of Pulmonary Affection, and difficult to arrest when neglected; it commences with cough, copicus expectoration, which consists of bright frothy matter, or black, and clotted with blood; there is mostly some fever, headache, palpitation of it he heart, flushes of heat, and rechess of the cheeks; difficulty of breathing, someness of the throat, and saltish taste in the mouth, &c. Dr. Duncar's Expectorant Remedy will be found to arrest this complaint. One single bottle in many cases will answer if used at the first attack, but when neglected, it may require many more.—
Those who are afflicted with Spitting of Blood should loose no time in procuring the above medicine, as this disease mostly proves serious when not early attended to.

the most valuable medicine ever discovered.

No Quackery / I No Deception.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under the affliction, nor do we wish to culogize it more than it deserves. Yet we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feet that we cannot urge its claims too strongly, or say too much in its favor.

Various remedles it is true have been offered and puffed into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but all that have yet been discovered, it is admitted by physicians and all others who have witnessed its effects, that none have proved as successful as this. Such, indeed, are the

Surpressing Virtues

Surprising Virtues

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most estonishing relief, and actually effected cures after all hopes of recovery had been eispaired of.

In the first stage of the disease, termed Catarrhal Consumption, originating from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone, in that form of consumption so prevident amongst delicate young females, commonly termed debility, or

" Going into a Decline,"

"Going into a Decline,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicines we have ever possessed.

Besides its suprising efficacy in consumption, it is (qually efficacious in Liver Complaint, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed. The For particulars see Dr. Wistor's treaties on consumption, to be had of the agents.

This lady has been consumptive for several years, and during the greater part of this time had received the best medical attention, and tried all the most valuable remedies, yet nothing could be found to arrest its progress. She became subject to violent fits of coughing, expectorated large quantities of matter occasionally tinged with blood, and step lostep this fearful disease continued its course, until all hopes of a recovery was despaired of. While in this distressing situation, lingering upon the very verge of the grave, she commenced the use of this Balsam, which, to use her own expression, opperated almost like a charm. In a few days she expectorated freely, the cough was grave to add fresh vigor to her looks, and now, it he place of that emaciated form withering to decay, she is seen mingling in society, in

DR. JAYNE,
Dear Sir,—You ask me what proofs I a meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this.

Whenever introduced into a family, it becomes a standing remedy for those aliments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of echildren it has frequently appeared to snatch the little victims, asit were, from the grave, g'It saved the life of my child, and of such and such a child.' I have repeatedly heard es aid. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say few minutes. The Elest in the World

We ask the serious attention of every an, woman, and child in the United States what will prove to be the most valuable scovery ever made, a discovery that only quires to be known to be appreciated.

DR. SHERMAN'S MEDICATED

DR. SHERMAN'S MEDICATED LOZENGES,

Are the best medicine in the world. Quere, Why? Simply because they are the most efficacious, the cheapest, and the pleasantest to take. What are they? They are a combination of the most approved remedics in the whole medical kingdom, and so prepared in double refined sugar as to make them as pleasant to the taste as the best creame andly; children will eat them with avidity; besides they are more convenient then any other medicine, they are put up in a single form of a Lozenge so that a few may be put in the pocket and eaten at pleasure. There has never been a single instance in which they have failed to give perfect satisfaction. The Medical Faculty warmly approve of them.

SHERMAN'S COUGH LOZENGES

SHERMAN'S COUGH LOZENGES
Are the safest, most sure and effectual remedy for Colds, Consumption, Whooping
Cough, Asthma, tightness of the Lungs or
Chest, &c. &c.
Mr. John Starkey, foot of Gouverneur-st.,

Rev Mr Hancock, 497 Pearl-st., has used them in his family with invariable success, and recommends them to all who are afflicted with coughs, colds, or any affection of the mass.

ed with coughs, colds, or any affection of the lungs.

Mr M E Martin suffered several weeks with a distressing cough, which nothing relieved, till he tried these Lozenges, which cured him in a few hours.

Mr James W Hale, No 5 Tontine Buildings, Wall-st., gave some to a friend who had not enjoyed a night's sleep for several weeks, being every few minutes attacked with such a distressing cough, as almost to take away his life. The Lozenges made him raise easy, and enabled him to sleep well at night. He had tried every thing he heard of, and nothing else afforded the least relief—another instance of saving a fellow-being from an untimely grave.

SHERMAN'S WORM LOZENGES

SHERMAN'S WORM LOZENGES

SHERMAN'S WORM LOZENGES
Proved in more than 40,000 cases to be infailible; the only certain worm-destroying medicine ever discovered.

Symptoms of Worms.—Pam in the joints or limbs, offensive breath, picking at the nose, grinding of the teeth during sleep, and at times a paleness about the lips with flushed checks, bleeding at the nose, a gnawing sensation at the stomach, flashes of heat over the surface of the body, slight chills or shiverings, headache, drowsiness, vertigo, torpordisturbed dreams, sudden starting in sleep with fright and screaming; sometimes a troublesome cough, feverishness, thirst, palid hue, fits, bad taste in the mouth, difficult breathing, pain in the stomach or bowels, fattingue, nausen, squeamishness, voracious appetite, leanness, bloated stomach or limbs, gripings, shooting pains in various parts of the body, a sense of something rising in the throat, itching of the anus towards night, frequent desire to pass something from thowels, and sometimes discharges of slimand mucus.

boy on board of one of the Havre packets was
cured of fits by only one dose of them.

Dr Zabriskie, 18 Duane-street, has used
them in over 700 cases, some of them of the
most alarming character, and always with
the greatest success.

Benjamin F Goodspeed, 130 Sixth Avenue, has used them in his family for 2 years,
with entire success. Twenty-five cents per
