THE TERMS.

1 Copy, \$2.00 per annum; 3 Copies, 5.00; 6 Copies, 10.00; 12 Copies, 20.00.

This elegant and popular Lady's Magazine will commence a new volume in a style of magnificence with the January issue, a number containing four splendid engravings of the most costly and expensive character.

The embellishment of the new volume of the most splendid and costly character, combining every variety of style, and executed by the first artists the country can produce.

LADIES' FAVORITE. and this reputation it will continue to maintain. Hence, the character of its literature will continue to be such as to commend it especially to the sex.

It will contain articles from the most popular and leading writers of the day, on every variety of subject, but the work will be in a main devoted to the cultivation of the same virtues.

Hence, most of the stories will be of a practical, domestic character, from the pens of our best female writers.

The literary matter will not be the reflex of any one female mind, but will contain the choicest productions of a Galaxy of female writers.

The effort shall still be to render the work an indispensable requisite to the parlor of every lady of taste in the land; and, therefore, not its literary matter alone shall be compiled for their taste, but it will contain Monthly Fashions, elegantly colored, which for excellence of drawing, correctness in every particular, and extreme beauty of the coloring and engraving shall far excel any from other quarters.

The fact that during the last year the "Lady's World" has been the "guide book" in matters of taste on costume in every city of the Union, has given it a position in the styles, in advance, too, at least six weeks of all others, has placed it in the very first rank, as a work of authority in matters of dress.

It is a well known fact, that the styles of the "Ladies World" appear in the other periodicals, pretending to give the fashions, often four months later, when the styles have become common or obsolete.

Lace and Needle work. The most elegant and the newest designs of lace-work, embroidery, &c., shall be given in the work, with the latest style of caps, turbans, head-dresses, &c., rendering the "Lady's World" a sample of usefulness as well as of taste, on the center-table of every Lady.

Of the various styles of engravings, which will grace the pages of this work, we must mention as among the most elegant.

SARTAIN'S UNRIVALLED MEZZOTINTS, which will grace the coming volume, and excel in the beauty of design and delicacy of finish, any that has heretofore appeared from his burin.

Mr. Sartain is known from one end of the Union to the other, as the master in this country of this celebrated style. We have already under way five or six magnificent Plates of this celebrated artist for the new volume, and shall follow them up with Mezzotints from every artist of repute in the country.

The most finished and beautiful Line and Stipple Engravings will also grace the pages of the work, from the hands of the very best artists the country can produce. In fine, every variety and novelty of embellishments that may be found elsewhere, may be confidently looked for in the "Lady's World." But the main design of the work is, to furnish, in elegant and attractive style, the earliest, most correct, and fullest report in advance of all the other Magazines, and prior to the issuing of them here, of the Monthly Fashions direct from Paris and London.

This department will be under the control of French and English artists of the highest celebrity, so that every costume which appears in the "Lady's World" may be safely relied on as not having been trumped up at second hand in this country, after they have been received. It is proposed not only to surpass in the excellence, but to issue every month, a number and variety of Costumes, which shall put to the blush all other attempts at reporting for the fashionable world.

TIME OF PUBLICATION. The "Lady's World" will be issued from the 15th to the 20th of the month preceding the month for which it will be published, or dated about the time the steamships, which sail from Europe on the first of the month, usually arrive. Thus the work will be in the hands of every subscriber with the most correct fashions, before they can be got out here, and anticipating all other Magazines at least six weeks.

THE CASH SYSTEM. The publisher, adhering strictly to the cash system in all his dealings, is enabled to offer the work to the American public.

THE TERMS. 1 Copy, \$2.00 per annum; 3 Copies, 5.00; 6 Copies, 10.00; 12 Copies, 20.00.

The advantages to clubs and Postmasters of the above terms, over any other Periodical in the Union, are apparent. A Specimen Copy will be forwarded to any Postmaster who will notify us.

For Consumption of the Lungs.

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all affections of the Pulmonary Organs.

Nature's own Prescription. A compound Balsamic preparation of the Prunus Virginiana of Wild Cherry Bark, combined with the Extract of Tur, prepared by a chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

No Quackery!! No Deception.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under the affliction, nor do we wish to eulogize it more than it deserves.

Various remedies it is true have been offered and puff'd into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but all that have yet been discovered, it is admitted by physicians and all others who have witnessed its effects, that none have proved as successful as this. Such, indeed, are the

Surprising Virtues. Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been dispairod.

In the first stage of the disease, termed Catarrhal Consumption, originating from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine.

It is a well known fact, that the styles of the "Ladies World" appear in the other periodicals, pretending to give the fashions, often four months later, when the styles have become common or obsolete.

Lace and Needle work. The most elegant and the newest designs of lace-work, embroidery, &c., shall be given in the work, with the latest style of caps, turbans, head-dresses, &c., rendering the "Lady's World" a sample of usefulness as well as of taste, on the center-table of every Lady.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq. of this place, and tried it in a case of obstinate Asthma on a child of Paul Schweble, in which many other remedies had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectually cured by its use. Yours, &c. JACOB HOFFMAN, M. D.

Dec. 23, 1841.

Dear Sir:—Your Balsam of Wild Cherry has effected some astonishing cures here. One of which is an old lady, Mrs. Russel, who has been suffering for a long time with shortness of breathing, and general weakness, until she was finally obliged to keep her bed. After various other remedies had been resorted to in vain, she commenced using your Balsam, and after taking two bottles was so far recovered as to be able to attend to all the duties of her house, and on taking two bottles more was entirely cured. Respectfully &c. JOHN S. C. MARTIN.

Pottsville, Pa.

CAUTION.—As there is a spurious mixture called Syrup of Wild Cherry, purchasers should be particular to ask for Dr. Wistar's Balsam, and observe his signature on the bottle.

Prepared for the proprietor, and sold at wholesale by Williams & Co., Chemists, No. 21 Minor street, Philadelphia, sold also in almost every town in the United States. Price one dollar per bottle.

For sale by Thomas Read, Huntingdon, and James Orr, Hollidaysburg, November 30, 1841.

Moffat's Life Medicine.

THE PHOENIX BITTERS are so called, because they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life from the ashes of its own dissolution.

The Phoenix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure FEVERS AND ACUES of all kinds; will never fail to eradicate entirely all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD; never fail in the sickness incident to young females; and will be found a certain remedy in all cases of nervous debility and weakness of the most impaired constitutions.

As a remedy for Chronic and Inflammatory Rheumatism, the efficacy of the Phoenix Bitters will be demonstrated by the use of a single bottle. The proprietor rejoices in the opportunity afforded by the universal diffusion of the press, for placing his VEGETABLE LIFE MEDICINES within the knowledge and reach of every individual in the community.

Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLELY VEGETABLE, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever.

The following are among the distressing varieties of human diseases, to which the vegetable Life Pills are well known to be infallible: DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure and healthy bile, instead of the stale and acid kind;—Flatulency, Palpitation of the Heart, Loss of Appetite, Heart burn and Headache, Restlessness, Irritability, Anxiety, Languor and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

These preparations consist of JAYNE'S EXPECTORANT, a valuable remedy for Cough, Colds, Consumption, Asthma, Spitting of blood, Croup, Hooping Cough, Bronchitis, Pleurisy and inflammation of the Lungs or Throat, difficulty of Breathing, Rheumatism and all diseases of the Pulmonary Organs.

BALTIMORE, March 27, 1833.

DR. JAYNE. Dear Sir:—You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this.

Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children it has frequently appeared to snatch the little victims, as it were, from the grave.

It saved the life of my child, and of such a child. I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say few minutes. In fine, it is a valuable medicine, and no family should be without it.
