The Lady's Book.

The January number of this excellent work commences the 26th volume. It contains 60 rich and exceedingly beautiful pages. The pictorial embellishments are four in number—"Devotion," a mezzotint—a plate of American Birds—"The Blind Fidler"—and a plate of Fashions, beautifully coloured. This number is entirely the production of lady writers; and, with but one exception, from the pens of American ladies.

The Governor has issued the death warrant of the Flanagan, convicted of the murder of Mrs. Holder, in Cambria county. Friday the 5th of March is the day fixed for the execution.

We tender our thanks to Mr. MATHER of the Senate, and to Mr. McWILLIAMS of the House for early copies of the Governor's Message and other favors.

The Governor's Message will be found in to-day's paper, commencing on the first page.

E. V. EVERHART, Esq. has been appointed Prosecuting Attorney for this county, in place of Alex. Gwin, Esq., resigned.

Had this vacancy not been too small a concern for the "royal family," our neighbor of the Watchman could not have received the appointment. We are glad to see the Colonel's commissions multiplying.

The Governor has nominated Judge Lewis, for the Judgeship at Lancaster, vacated by the resignation of Judge Champneys.

Pennsylvania Legislature.

Harrisburg, Jan. 3, 1843.

JOURNAL EDITOR:

Dear Sir—Both Houses have been organized, there being very full attendance of members. In the House H. B. WRIGHT, of Luzerne, was chosen Speaker, on the first ballot; and in the Senate BENJAMIN CRISPIN, of the county of Philadelphia, also on the first ballot. Some feeling between the Buchanan and Johnston men is manifesting itself, and I think that the Johnston men, if they can raise sufficient strength, will endeavor to defeat Buchanan's re-election to the U. S. Senate.

Yours truly,

On Wednesday Wm. J. B. Andrews was re-elected Clerk to the House; E. M. Siedman Sergeant-at-Arms; and Wm. Karns, Doorkeeper. Thos. J. Grove was appointed Assistant Clerk. Up to and including Thursday the Senate had not yet balloted for any of its officers.

Last Thursday being the last day left the Governor under the Constitution for killing bills of the last session, the Legislature was honored with three vetoes.—The first was the Apportionment Bill of last session, which is vetoed for the purpose of gerrymandering at the present session. The second is an omnibus bill, vetoed on account of a section which abolished the office of Surveyor General. The Governor argues against this section, and then winds up with what he seems to consider a sweeping argument, to wit: that it will only save the Commonwealth the sum of \$1500 annually. The third is the veto of the supplementary bill passed at the last session, to remedy certain defects

in an act passed at the same session, authorizing the Canal Commissioners to place trucks on the Columbia and Portage Railroads.

The question was taken on the final passage of the Apportionment Bill, agreeably to the Constitution, and it was lost by a party vote—yeas 39, nays 59.

Congressional Synopsis.

WASHINGTON, Dec. 31, 1842.

The Senate did not sit to-day.

In the House little of importance transpired.

Mr. Kennedy of Md. asked for the consideration of a Bill, regarded of some importance to Baltimore and other commercial cities, to change the present mode of measuring the tonnage of vessels.

A brief discussion sprung up on this subject, which ended in a postponement for two weeks.

The private Secretary of the President delivered two messages to the House from the President—one in reference to the claims of our citizens on Hayti, and the second in reference to our commercial transactions between China and the U. States, and the United States and the Sandwich Islands.

The calendar of printed bills was then taken up and engaged the attention of the House during the remainder of the day.

TUESDAY, JAN. 3, 1843.

SENATE.—Memorials against the repeal of the Bankrupt law presented by Messrs. Clayton, Evans, Wright, Crittenden, Talmadge; and Benton, one asking for the repeal on the ground of unconstitutionality.

Mr. Smith presented the Resolutions of the Legislature of Connecticut, requesting their Representatives and instructing their Senators to vote for a Bill to refund with interest and without qualification, the fine imposed upon General Jackson.

These Resolutions were read, and followed by two others from the same quarter in regard to the drilling and disciplining of the Militia, and also in regard to the law of Congress dividing the States into Congressional Districts. The latter denied the right of Congress to pass such a law.

The Bill to provide for the occupation of the Oregon territory came up and was amended to allow every settler in the Territory 160 acres of land for his wife, and 160 acres for each of his children taken to the Territory under 18 years of age.

HOUSE.—The Bill to repeal the Bankrupt law was taken up and discussed by Messrs. Brown, Weller and H. R. S.

Without taking the question the House adjourned.

WEDNESDAY, JAN. 4.

SENATE.—Several memorials against the repeal of the Bankrupt law were presented, and some amendments of the law suggested.

Mr. Benton made an attack on Mr. Rives for a supposed personal insult, which excited considerable angry discussion.

Several bills were reported for the punishment of frauds in the carrying of the mail, and to regulate and equalize the rates of postage.

HOUSE.—Mr. Fillmore, from the committee of ways and means, reported a bill making appropriation for the support of the Army and the Military Academy, and armories and arsenals for the half year ending the 30th June, 1843, and for the fiscal year ending on the 1st July, 1844; which was read twice, and referred to the committee of the Whole.

On motion of Mr. John Thompson Mason, of Md. a resolution was adopted instructing the Committee of Accounts to inquire into the expediency of making an allowance to the widows of J. W. Williams and Richard W. Habersham, dec'd., late members of this House.

Mr. Brown appealed to the House to come to a vote on the bill to repeal the Bankrupt law, which excited a lengthened discussion, after which the House adjourned.

MUTINY CASES.—The New York American publishes accounts of two cases of mutiny occurring on board of English men of war, which show how such affairs as that of the Somers are treated in the British Navy. One is the case of Lord Camelford, who being in command at English harbor in 1789, shot Lieut. Peterson dead for disobeying his orders. He was fully and honorably acquitted by a Court Martial and commended for his prompt suppression of the mutiny; the other occurred in 1840, and is that of Midshipman Bowles, who being sent in the Cutter of her Majesty's ship Brisk, in pursuit of two savages, captured one of the, having on board a numerous crew, 29 Portuguese soldiers, and a number of slaves. He had great difficulty in keeping possession of her, and the vessel grounding, the men attempted to escape in a boat. Mr. Bowles shot the most conspicuous of the mutineers through the shoulder, and thus restored his authority. His conduct was fully approved by his commander.

A MAN OF A THOUSAND.—The Cincinnati Republican says:—"One of the principal householders in our city, instead of oppressing the poor among his tenants for rents which they cannot pay, from his abundance is distributing amongst them, this inclement season, such necessities of life as are needful to keep them from freezing and starving."

RETRENCHMENT.—Let the Democrats in the Legislature take firm and unyielding ground in favor of retrenchment in every department of the Government, at once; and if they are defeated, the responsibility will fall upon their opponents. The Democrats are a minority, it is true, but we believe they may calculate on some aid from the Loco ranks; and should they not receive it, they will have the cheering approbation of the oppressed and tax-ridden people—"the toiling millions," as Dr. Salsbury calls them, whose hard earnings are abstracted to support a host of idle, pampered and useless office holders. Now is the time for honest representatives to draw the line between the real friends of the people and their oppressors. —Harrisburg Telegraph.

The Boston Evening Bulletin, says that a distinguished clergyman that has embraced Millerism, has given such evidence of insanity as to disclose that:—On the 15th of February, 1843, the Saints are to be taken up to meet the Lord and to remain suspended on a sea of glass, between the heavens and the earth, for the space of forty seven days; during which time, the earth is to undergo a change, and every thing of a sinful nature to be destroyed. After which, the Saints, with Jesus at their head, will descend and take possession, when the new administration will commence and continue one thousand years.

A London paper gives the following description of a new microscope recently exhibited at the Polytechnic Institution, which is said to be the most powerful ever made. "It consists of six powers. The second magnifies the wings of a locust to twenty-seven feet in length. The fourth, the sting of a bee to twenty-seven feet.—By the sixth, each lens in the eye of the fly is so magnified, that it appears to be fourteen inches in diameter; and a human hair, eighteen inches in diameter, or four feet in circumference."

MOMENTARY CHANGES.—The bodies of all created beings are perpetually undergoing a species of revolutionary changes; it is therefore evident, that in order to facilitate this periodical change, the natural outlets of the body must be kept in a proper condition; for if the noxious humors are allowed to sojourn too long in the body, they become excessively sharp and corrosive occasioning the most terrible and fatal disorders, which frequently entail years of suffering and anguish. When this is the case, I would conscientiously recommend to such the immediate use of the Beadneth Vegetable Universal Pills—a medicine which has attained its present standard of usefulness, solely from its exceeding salutary properties; these Pills being in truth nothing more than an assistant of nature, causing her to do that which is required to produce a healthy condition of the body. Such being the case, it is evident that they can be administered with safety to advanced age, as well as to helpless infancy, and invariably with the same beneficial results.

Purchase them in Huntingdon of Wm. Stewart, and only of agents published in another part of this paper.

NATURAL PRINCIPLES.

IT is written in the Book of Nature and common sense, that the natural vegetable productions of every country are, if properly applied, amply sufficient for the cure of every malady incident to that climate.

WRIGHT'S INDIAN VEGETABLE PILLS are founded upon the principle, that the human body is subject to but one disease, viz: corrupt humors, which, when confined to the circulation, give rise to those disordered motions of the blood called fevers; but when lodged in the various parts of the body, are the cause not only of every ache or pain we suffer, but every malady incident to man.

It should be remembered that Wright's Indian Vegetable Pills are composed of roots and herbs, which grow spontaneously on our own soil, and consequently are so admirably adapted to our constitutions that, while they cannot possibly injure even the most delicate, a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp of morass to fertility, do we not drain it of the superabundant water? In like manner, if we would restore the body to health, we must cleanse it from impurity.

Wright's Indian Vegetable Pills, will be found peculiarly adapted to carrying out this grand purifying, because they expel all corrupt humors in an easy and natural manner, and while they every day GIVE EASE AND PLEASURE, the constitution is restored to such a state of health and vigor, that disease will find no abiding place in the body.

BEWARE OF COUNTERFEITS!

As the great popularity of Wright's Indian Vegetable Pills, has raised up a host of counterfeiters the public are cautioned against impostors, who are travelling about the country, selling to the unsuspecting storekeepers a spurious article for the above celebrated Pills.

It should be remembered that, all who sell the genuine medicine are provided with a certificate of agency, of which the following is a copy:

This is to certify that the within na-

med—is a regular and duly appointed Agent for the sale of Wright's Indian Vegetable Pills, in the town of —, in the State of —, and this certificate, which is signed by Wm. Wright, Vice President of the North American College of Health, must also be countersigned by the acting Clerk or Agent, from whom said certificates are received.

This certificate of agency will be renewed every twelve months; therefore, if any alteration should be made in the date, do not purchase.

The public are further informed that all who receive the above certificate, are also required to sign the following

PLEDGE.

This is to certify, that the subscriber, by certificate bearing eye date herewith, signed with the proper handwriting of William Wright, Vice President of the North American College of Health, — been appointed Agent for the sale of

WRIGHT'S INDIAN VEGETABLE PILLS, Or Indian Purgative,

in the town of —, and State of —, to hold and continue in said agency during the pleasure of the said William Wright, and no longer, any thing contained in the said certificate signed by the said William Wright, to the contrary thereof notwithstanding. In consideration whereof, I hereby covenant and agree to and with the said William Wright that I will not sell, or expose to sale, any medicine bearing the above or a similar name during my said agency, other than that which I receive from his authorized agent or agents, under the penalty of five hundred dollars to be paid by him, as liquidated damages. Witness — hand and seal, the — day of — one thousand eight hundred and forty —

Thus it will be seen that the friends of the genuine medicine may be perfectly free from any apprehension of fraud, as all agents, who are provided with a certificate of agency, have invariably

SIGNED THE PLEDGE

not to sell any Indian Vegetable Pills except those received from the above named William Wright, or his authorized agents.

Country agents and other, will be on their guard against travelling impostors, and remember that all authorized travelling agents are also provided with a certificate of agency as above described, and that Pills offered for sale, by those who cannot show a certificate of agency, are sure to be counterfeit.

It will be further observed that all genuine medicine has the title expressed in full on the sides of the boxes thus:

WRIGHT'S INDIAN VEGETABLE PILLS, (Indian Purgative) OF THE NORTH AMERICAN COLLEGE OF HEALTH.

The patrons of Wright's Indian Vegetable Pills, will also bear in mind that the directions which accompany each box of Pills, have been secured by copyright, and the proper form, viz: "Entered according to the act of Congress, in the year 1840, by William Wright, in the Clerk's Office, of the District Court of the Eastern District of Pennsylvania," will be found at the bottom of the first page of said directions.

Thus it will be seen, that a trifling attention on the part of the purchaser to the above particulars, will put an effectual stop to this wholesale robbery, and drive, it is hoped, all depreicators upon society to an honest calling.

The following highly respectable store keepers have been appointed agents for the sale of

Wright's Indian Vegetable Pills, of the North American College of Health.

William Stewart, Huntingdon; Henry Leamer Hollidaysburg; B. F. Bell, Antes township; Robert McNameara, Newry;

Samuel S. Inett, Tyrone township; Millikens & Kessler, Mill Creek A. & N. Cresswell, Petersburg; Gemmel & Porter, Alexandria; Moore & Steiner, Water Street; Joseph Patton, Jr. Dumansville; R. H. McCormick, Collinsville; Wolf & Willet, Frankstown.

Offices devoted exclusively to the sale of the medicine, wholesale and retail, No. 268 Greenwich street, New York; and No. 198 Fremont street, Boston; and Principal Office, No. 169 Race street, Philadelphia.

N. B. The public are respectfully informed that the Pills made by one V. O. Flack, and sold by a man named Parker, in Third street, are not the genuine Wright's Indian Vegetable Pills; and as counterfeiters and their associates sell at half price, it is absolutely impossible for them to have the genuine medicine for sale.

* * * Be particular in all cases to ask for the genuine Wright's Indian Vegetable Pills.
