

The Home Valentine.

Still fond and true, though wedded long,
The bard, at eve retired.
Sat musing o'er the annual song
His home's dear Muse inspired:
And as he traced her virtues now
With all Love's vernal glow,
A gray hair from his bonnet brow
Like faded leaf from Autumn bough,
Fell to the page below.

He paused, and with a mournfulmien
The sad memento raised,
And long upon its silvery sheen
In pensiveness gazed;
And if a sigh escaped him then,
It were not strange to say,
For Fancy's favorites are but men,
And who e'er felt the stonic when
First conscious of decay?

Just then a soft cheek pressed his own
With Beauty's fandest tear,
And sweet words breathed in sweeter tone
Thus murmured in his ear:
"Ah! sigh not, love, to mark the trace
Of Time's unsparring wand;
It was not manhood's outward grace,
The charm of faultless form and face,
That won my heart and hand.

"Lo! dearest, mid these matron locks,
Twin-fated with thine own,
A dawn of silvery lustre mocks
But 'time to blighted cheek and tress
May all his snows impart;
Yet shalt thou feel in my caress
No chill of waning tenderness,
No winter of the heart!"

"Forgive me, dearest Beatrice!"
The grateful bard replied
As nearer and with tender kiss
He pressed her to his side;
"Forgive the momentary tear
To manhood's faded prime;
I should have felt, hadst thou been near,
Our hearts indeed have naught to fear
From all the frosts of time!"

Kutcherbocker.

Beautiful Fragment.

I ask thee not to yield thy love,
For that 'e'en now is mine,
I ask thee not thy faith to prove—
Thy heart is truth's pure shrine,
Thou canst not paint the lily fair,
Nor gold the mine's pure gold—
Nature, has limited a richness there,
Which art can ne'er unfold.

But oh! I have one poor request—
Sanctioned by gods and men;
Thy power can give to leave a zest—
Say, will you grant it then?
She smiled assent. "What is it, life?
The favor now disclose."
Said he—"my own, my dearest wife,
Go wipe the baby's nose!"

The American Flag.

Flag of the free heart's only home,
By angel hands to valor given!
Thy stars have lit the welkin dome,
And all thy hues were born in Heaven!
Forever blue that standard sheet!
Where breathes the foe but falls before us,
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

A Compliment.

This earth, till gentle woman smiled,
And back its darkness rolled,
Like snow on some untrodden wild,
Was pure—but oh! how cold!
Our hearts are lit by woman's eyes,
As stars light up the sky;
Her love their vital warmth supplies,
Her voice their melody.

CONJUGIAL HOOKS AND EYES.—Amelia Sincox, in a letter to a Western editor, unfolds her wrongs as follows:—"I married Sincox eight years ago, at which time my gowns were fastened by eight hooks and eyes. Now, Sir, you will readily conceive that no woman can completely hook-and-eye herself. Whilst a spinster, she obtains the aid of her sister, cousin, mother, or Betty the maid. When she becomes a married woman, the hook-and-eye duty naturally devolves upon the husband. For the first year of my marriage, Sincox, like an affectionate husband, hook-and-eyed the whole eight; the second year, he somewhat peevishly restricted his attention to seven; the third to six; the fourth to five; the fifth to four, and so on decreasing until this morning, the anniversary of the eighth wedding day—when you would have supposed him possessed by the dearest and fondest recollections, he dropped another hook-and-eye, intimating to me that for the term of his natural life he should restrict himself to one—the hook-and-eye at a crow. As I know, Mr. Editor, you have a crowd of female readers, I thought it a duty I owed to my sex to warn them, through the medium of your columns, of the craftiness, and—I must say it—the selfishness of man. They will, I hope, take warning by my condition; and ere they enter into matrimony, stipulate for a due performance of toilette attention on the part of their husbands. Whilst in our pride, we women remember that marriage has its bonds, let not the men forget that it has also its Hooks and eyes.

A Sensible Woman.

A late number of the New York Express contains the following straight forward, decisive, and at the same time eloquent reply of a Miss in her teens, to a young gentleman who had solicited her heart and hand. It may serve as a model.

Dr. J.—I received yours of the 16th, in forming me of your attachment for one who is no less attached to you. Having consulted my parents, I find they have no objections. Knowing it was a contract for life, I have considered well the subject, and have come to the conclusion to accept your offer. It is something I did not expect, but since I have been the object of your choice, may I prove worthy of your love.

Very respectfully yours,
ANN.
NEXT DOOR TO IT.—"Have you found your dog which was stolen?" asked a gentleman on the door step of a certain provision store the other day.
"No, not exactly; but I know where they sold the sausages!" was the reply.—*Picayune.*

ADVERTISING.—No man, be his line of business what it will, can prosper in these times without advertising. This is an advertising age, it is an advertising country; nothing can be done without advertising.
Why are ladies dresses about the waist, like a general meeting? Because there is great gathering there.
Yes! and often times a great deal of bustle.

The Lady's World

OF FASHION AND LITERATURE,
The Cheapest and most Elegant Magazine in the Union,
TWENTY COPIES FOR TWENTY DOLLARS.

This elegant and popular Lady's Magazine will commence a new volume in a style of magnificence with the January issue, a number containing four splendid Engravings of the most costly and expensive character. The publisher has experienced, during the past year, the most unqualified success, and enters upon the New Year with a determination to outstrip all contemporaries.

The embellishment of the new volume are of the most splendid and costly character, combining every variety of style, and executed by the first artists the country can produce. The work has been the

LADIES' FAVORITE, and this reputation it will continue to maintain. Hence, the character of its literature will continue to be such as to commend it especially to the sex. It will contain articles from the most popular and pleasing writers of the day, on every variety of subject, but the work will be in main devoted to the cultivation of the home virtues. Hence, most of the stories will be of a practical, domestic character, from the pens of our best female writers. The literary matter will not be the reflex of any one female mind, but will contain the choicest productions of a Galaxy of Female writers.

The effort shall still be to render the work an indispensable requisite to the boudoir of every lady of taste in the land; and, therefore, not its literary matter alone shall be compiled for their taste, but it will contain Monthly Fashions, elegantly colored, which for excellence of drawing, correctness in every particular, and extreme beauty of the coloring and engraving shall far excel any from other quarters. The fact that during the last year the "Lady's World" has been the "guide book" in matters of taste on costume in every city of the Union, has given it a position in the styles, in advance, too at least six weeks of all others, has placed it in the very first rank, as a work of authority in matters of dress. It is a well known fact, that the styles of the "Lady's World" appear in the other periodicals, pretending to give the fashions, often four months later, when the styles have become common or obsolete.

Lace and Needle work. The most elegant and the newest designs of lace-work, embroidery, &c., shall be given in the work, with the latest style of caps, curtains, head-dresses, &c., rendering the "Lady's World" a sample of usefulness as well as of taste, on the centre table of every Lady.

Of the various styles of engravings which will grace the pages of this work, we must mention as among the most elegant, **SARTAIN'S UNRIVALLED MEZZOTINTS,** which will grace the coming volume, and excel, in the beauty of design and delicacy of finish, any that has heretofore appeared from his burin. Mr. Sartain is known from one end of the Union to the other, as the master in this country of this celebrated style. We have already under way five or six magnificent Plates of this celebrated artist for the new volume, and shall follow them up with Mezzotints from every artist of repute in the country.—The most finished and beautiful Line and Stipple Engravings will also grace the pages of the work, from the hands of the very best artists the country can produce. In fine, every variety and novelty of embellishments that may be found elsewhere, may be confidently looked for in the "Lady's World." But the main design of the work is, to furnish, in elegant and attractive style, the earliest, most correct, and fullest report in advance of all the other Magazines, and prior to the issuing of them here, of the Monthly Fashions direct from Paris and London.

This department will be under the control of French and English artists of the highest celebrity, so that every costume which appears in the "Lady's World" may be safely relied on as not having been trumped up at second hand in this country, after they have been received. It is proposed not only to surpass in the excellence, but to issue every month, a number and variety of Costumes, which shall put to the blush all other attempts at reporting for the fashionable world.

TIME OF PUBLICATION.

The "Lady's World" will be issued from the 15th to the 20th of the month preceding the month for which it will be published, or dated about the time the steamships, which sail from Europe on the first of the month, usually arrive. Thus the work will be in the hands of every subscriber with the most correct fashions, before they can be got out here, and anticipating all other Magazines at least six weeks.

THE CASH SYSTEM.

The publisher, adhering strictly to the cash system in all his dealings, is enabled to offer the work to the American public unprecedently low—no work of the quality ever having been sent out at any less than double the price.

THE TERMS.

For Consumption of the Lungs.

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all affections of the Pulmonary Organs

Nature's own Prescription.
A compound Balsamic preparation of the Prunus Virginiana of Wild Cherry Bark, combined with the Extract of Tar, prepared by a chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

No Quackery! No Deception.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under the affliction, nor do we wish to glorify it more than it deserves. Yet we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.

Various remedies it is true have been offered and pulled into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but all that have yet been discovered, it is admitted by physicians and all others who have witnessed its effects, that none have proved as successful as this. Such, indeed, are the

Surprising Virtues

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despair of.

In the first stage of the disease, termed **Catarrhal Consumption**, originating from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge the owe the restoration of their health to this invaluable medicine alone. In that form of consumption so prevalent amongst delicate young females, commonly termed

"Going into a Decline,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicines we have ever possessed.

Besides its surprising efficacy in consumption, it is equally efficacious in Liver Complaint, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed. For particulars see Dr. Wistar's treatise on consumption, to be had of the agents.

WHILE LIFE REMAINS WE STILL HAVE SOME HOPE.

A SURPRISING CURE.—Among the many singular cures which this medicine has effected, there is perhaps none in which its powers are so fully shown as in the case of Mrs. Austin.

This lady has been consumptive for several years, and during the greater part of this time had received the best medical attention, and tried all the most valuable remedies, yet she became subject to violent fits of coughing, expectorated large quantities of matter occasionally tinged with blood, and step by step this fearful disease continued its course, until all hopes of a recovery were despaired of. While in this distressing situation, lingering upon the very verge of the grave, she commenced the use of this Balsam, which, to her own expression, operated almost like a charm. In a few days she expectorated freely, the cough was gradually suppressed, and every day appeared a fresh vigor to her looks, and now, in the place of a bed-ridden invalid, she is a better health than she has enjoyed for years.

DISINTERESTED TESTIMONY.—Having witnessed the surprising efficacy of Dr. Wistar's Balsam of Wild Cherry, in the case of Mrs. Austin, I cheerfully acknowledge the above statement to be true and correct.
J. C. WALTERS, M. D.

LIVER COMPLAINT.—Mrs. Eliza Thompson

was afflicted with this complaint for nearly five years, during which time she was under the most skillful physicians, and tried Mercury, Botanic and Homoeopathic remedies, and every thing that offered her any hopes of relief. She had dull, wandering pains in her side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been unable to sleep on her right side for three years. By the use of this Balsam she was cured in a few weeks, and remains well to this day.

ELIZA THOMPSON.

Woodstown, Sept. 4, 1842.
Dear Sir:—Although your valuable medicine has already found hundreds of powerful advocates, it still may be gratifying to you to receive a communication from any one that has been relieved by it. Such, Sir, is truly my case. I have been a victim of that terrible disease consumption, for many months, and have suffered so much, that I had become almost weary of my life. Hearing your Balsam so highly praised, I began taking a few weeks back, and can assure you that it has relieved me more than any thing I have ever used before, and I confidently believe it will cure me effectually. Please give the bearer the worth of the enclosed, and oblige

Friend Wistar:—It gives me much pleasure to inform thee that my wife's health has improved very much since she has been using thy Balsam of Wild Cherry, and we think there is no doubt it will cure her. She has taken the two bottles I purchased from thee a short time since, and her cough is much better, she also sleeps well at night, and says she has found nothing to give her so much relief. There will please give the bearer two bottles more for
Thy Friend,

HEALTH, HEALTH, HEALTH,

Restored, and Life preserved, by Dr. D. Jayne's Medical Preparations.

These medicines are recommended and extensively used by the most intelligent persons in the United States, by numerous Professors and Presidents of Colleges, Physicians of the Army and Navy, and of Hospitals and Almshouses, and by more than three hundred Clergymen of various denominations.

They are expressly prepared for family use, and have acquired an unprecedented popularity throughout the United States; and as they are so admirably calculated to preserve health and cure diseases, no family should ever be without them. The proprietor of these valuable preparations received his education at one of the best Medical Colleges in the United States, and has had seventeen years experience in an extensive and diversified practice, by which he has had ample opportunities of acquiring a practical knowledge of diseases, and of the remedies best calculated to remove them.

These preparations consist of JAYNE'S EXPECTORANT, a valuable Remedy for Coughs, Colds, Consumption, Asthma, Spitting of blood, Croup, Hooping Cough, Bronchitis, Pleurisy and inflammation of the Lungs or Throat, difficulty of Breathing, Rheumatism and all diseases of the Pulmonary Organs.

Also JAYNE'S HAIR TONIC, for the preservation, growth and beauty of the Hair, and which will positively bring in new hair on bald heads, and preventing it from falling out or turning gray.

Also JAYNE'S TONIC VERMIFUGE, a certain and pleasant remedy for Worms, Dyspepsia, Piles, Fever and Ague, and all diseases of debility, especially of the Stomach and Bowels and organs of digestion, and many other diseases.

Also JAYNE'S CARMINATIVE BAL-SAM, a certain cure for Bowel and Summer Complaints, Diarrhea, Dysentery, Cholera, Cramps, Sick Headache, Sour Stomach, Cholera Morbus, and all derangements of the stomach and bowels, nervous affections, &c.

JAYNE'S SANATIVE PILLS, for Female diseases, Liver complaints, Costiveness, Fevers, Inflammations, Obstructions of the Linn, Spleen, Kidneys or Uterus, &c. Diseases of the skin, &c. and in all cases where an Aperient, Alterative or Purgative Medicine is required.

Also JAYNE'S AGUE PILLS, a positive cure for Fever and Ague.

Also JAYNE'S ASTRINGENT SYRUP, for children cutting their teeth and for sore mouth, throat and lips, &c.

BALTIMORE, March 27, 1833.
DR. JAYNE,
Dear Sir,—You ask me what profits I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedily and perfect relief as this.

Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children it has frequently appeared to snatch the little victims, as it were, from the grave.

"I saved the life of my child, and of such and such a child." I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say few minutes. In fine, it is a valuable medicine, and no family should be without it.

Respectfully,
M. L. KNAPP, M. D.

FREDERICK C. BURKETT,
April 29, 1842.—4t.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:
Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq. of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwebel, in which many other remedies had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectually cured by its use.
Yours, &c.
JACOB HOFFMAN, M. D.

Dec. 23, 1841.
Dear Sir,—Your Balsam of Wild Cherry has effected some astonishing cures here.—One of which is an old lady, Mrs. Russel, who has been suffering for a long time with shortness of breathing, and general weakness, until she was finally obliged to keep her bed. After various other remedies had been resorted to in vain, she commenced using your Balsam, and after taking two bottles was so far recovered as to be able to attend to all the duties of her house, and on taking two bottles more was entirely cured.
Respectfully &c.,
JOHN S. C. MARTIN.

Moffat's Life Medicine.

THE PHOENIX BITTERS are so called, because they possess the power of restoring the expiring embers of health, to a glowing vigor throughout the constitution, as the Phoenix is said to be restored to life from the ashes of its own dissolution. The Phoenix Bitters are entirely vegetable, composed of roots found only in certain parts of the western country, which will infallibly cure FEVERS AND AGUES of all kinds; will never fail to eradicate entirely all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla, and will immediately cure the determination of BLOOD TO THE HEAD; never fail in the sickness incident to young females; and will be found a certain remedy in all cases of nervous debility and weakness of the most impaired constitutions. As a remedy for Chronic and Inflammatory Rheumatism, the efficacy of the Phoenix Bitters will be demonstrated by the use of a single bottle.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the press, for placing his VEGETABLE LIFE MEDICINES within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, the Life Pills are purely and SOLELY VEGETABLE, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever.

The following are among the distressing varieties of human diseases, to which the vegetable Life Pills are well known to be infallible:
DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure and healthy bile, instead of the stale and acrid kind,—Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Headache, Restlessness, Irritability, Anxiety, Laugor and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure. Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence. Diarrhea and Cholera, by removing the harsh acrid fluids by which these complaints are occasioned. The Life Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time. Dropsy of the kidneys and bladder. A certain remedy for the worst cases of Gravel. Also Worms, by dislodging from the turnings of the bowels the slimy matters to which these creatures adhere; Ashma and Consumption, by relieving the vessels of the lungs from the mucus; Scurvy, Ulcers, and Invertebrate sores, by the perfect purity of these Life Pills given to the blood, and all the humors; Scorbatic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin. The use of these Pills for a very short time, will effect an entire cure of Salt Rheum, Erysipelas, and striking improvement in the clearness of the skin. Common Colds and Influenza, will always be cured by one dose, or by two, even in the worst cases. Piles,—as a remedy for this most distressing and obstinate malady, the Vegetable Life Pills deserve a distinct and emphatic recommendation. It is well known to hundreds in this country, that the originator of these invaluable Pills was himself afflicted with this complaint for upwards of thirty-five years, and that he tried in vain every remedy prescribed within the compass of the Materia Medica. He however, at length, tried the medicine which he now offers to the public and he was cured in a very short time.

All that Mr. Moffat requires of his patients is to be particular in taking the Life Medicines strictly according to the directions. **ADVICE TO FEMALES.**—Females who value good health should never be without the Life Medicines, as they purify the blood, remove obstructions, and give the skin a beautiful, clear, healthy, and blooming appearance.

TO PARENTS AND OTHERS.—Persons of a plethoric habit, who are subject to fits, headache, giddiness, dimness of sight, or drowsiness, from too great a flow of blood to the head, should take it frequently. Children, and persons of all ages, may take them at any time, as they do not contain mercury, or any ingredient that requires confinement or restriction of diet.
