

For Consumption of the Lungs.

Affections of the Liver, Asthma, Bronchitis, Pains of Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all affections of the Pulmonary Organs.

Nature's own Prescription. A compound Balsamic preparation of the Prunus Virginiana of Wild Cherry Bark, combined with the Extract of Tar, prepared by a chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

No Quackery!! No Deception.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under the affliction, nor do we wish to cologize it more than it deserves. Yet we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.

Various remedies it is true have been offered and puffed into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but all that have yet been discovered, it is admitted by physicians and all others who have witnessed its effects, that none have proved as successful as this. Such, indeed, are the

Surprising Virtues

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stage of the disease, termed Catarrhal Consumption, originating from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone, in that form of consumption so prevalent amongst delicate young females, commonly termed debility, or

"Going into a Decline,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicines we have ever possessed.

Besides its surprising efficacy in consumption, it is equally efficacious in Liver Complaint, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed. For particulars see Dr. Wistar's treatise on consumption, to be had of the agents.

WHILE LIFE REMAINS WE STILL HAVE SOME HOPE.

A SURPRISING CURE.—Among the many singular cures which this medicine has effected, there is perhaps none in which its powers are so fully shown as in the case of Mrs. Austin.

This lady has been consumptive for several years, and during the greater part of this time had received the best medical attention, and tried all the most valuable remedies, yet nothing could be found to arrest its progress. She became subject to violent fits of coughing, expectorated large quantities of matter, occasionally tinged with blood, and step by step this fearful disease continued its course, until all hopes of a recovery was despaired of. While in this distressing situation, lingering upon the very verge of the grave, she commenced the use of this Balsam, which, to use her own expression, operated almost like a charm. In a few days she expectorated freely, the cough was gradually suppressed, and every day appeared to add fresh vigor to her looks, and now, in the place of that emaciated form withering to decay, she is seen mingling in society, in better health than she has enjoyed for years.

DISINTERESTED TESTIMONY.—Having witnessed the surprising efficacy of Dr. Wistar's Balsam of Wild Cherry, in the case of Mrs. Austin, I cheerfully acknowledge the above statement to be true and correct. J. C. WALTERS, M. D.

LIVER COMPLAINT.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, during which time she was under the most skillful physicians—had tried Mercury, Botanic and Homoeopathic remedies, and every thing that offered her any hopes of relief. She had dull, wandering pains in her side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been unable to sleep on her right side for three years. By the use of this Balsam she was cured in a few weeks, and remains well to this day. ELIZA THOMPSON.

Woodstown, Sept. 4, 1842. Dear Sir:—Although your valuable medicine has already found hundreds of powerful advocates, it still may be gratifying to you to receive a communication from any one that has been relieved by it. Such, sir, is truly my case. I have been a victim of that terrible disease consumption, for many months, and have suffered so much, that I had become almost weary of my life. Hearing your Balsam so highly praised, I began taking a few weeks back, and can assure you that it has relieved me more than any thing I have ever used before, and I confidently believe it will cure me effectually. Please give the bearer the worth of the enclosed, and oblige Yours Respectfully, JOHN PEARSON.

Chester county, Sept 6, 1841. Friend Wistar:—It gives me much pleasure to inform thee that my wife's health has improved very much since she has been using thy Balsam of Wild Cherry, and we think there is no doubt it will cure her. She has taken the two bottles I purchased from thee a short time since, and her cough is much better, she also sleeps well at night, and says she has found nothing to give her so much relief. There will please give the bearer two bottles more for Thy Friend, EDWARD HOLMES.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county: Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq. of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwelbe, in which many other remedies had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectually cured by its use. Yours, &c. JACOB HOFFMAN, M. D.

Dec. 26, 1841. Dear Sir:—Your Balsam of Wild Cherry has effected some astonishing cures here.—One of which is an old lady, Mrs. Russell, who has been suffering for a long time with shortness of breathing, and general weakness, until she was finally obliged to keep her bed. After various other remedies had been resorted to in vain, she commenced using your Balsam, and after taking two bottles was so far recovered as to be able to attend to all the duties of her house, and on taking two bottles more was entirely cured. Respectfully &c., JOHN S. C. MARTIN. Pottsville, Pa.

CAUTION.—As there is a spurious mixture called Syrup of Wild Cherry, purchasers should be particular to ask for Dr. Wistar's Balsam, and observe his signature on the bottle. Prepared for the proprietor, and sold at wholesale by Williams & Co., Chemists, No. 21 Minor street, Philadelphia, sold also in almost every town in the United States. Price one dollar per bottle. For sale by Thomas Read, Huntingdon, and James Orr, Hollidaysburg, November 30, 1842.

Trial List FOR MARCH ADJOURN COURT 1843.

Table listing names and their respective legal representatives for the March adjourned court in 1843.
