

CONSTITUTION

Of the Washington Temperance Society of the Borough of Huntingdon—adopted November 27th 1841.

Declaration of Principles.

When in the course of human events it becomes necessary to dissent from a large portion of the community on any important subject, and to assume the responsibility of adopting our own opinions for our guide...

We hold these truths to be self-evident, that all persons are endowed with certain rights, faculties, propensities, and desires the legitimate use of which conduces to health, comfort and prosperity...

Therefore, as a band of brothers, we unite ourselves together that we may mutually assist each other in promoting Temperance, in relieving the sufferings of the poor unfortunate inebriate, to extend the hand of kindness and sympathy to the dejected victim...

And as our glorious cause embraces among its advocates, persons of adverse politics, and of different religious creeds, therefore, to render our object more effectual, we enjoin upon the members of this Society who publicly advocate the cause...

And we furthermore declare, that we are free from, and independent of all other societies, and that we become auxiliaries to none, unless it be based upon principles similar to our own and for the same specific object—namely the promotion of temperance.

The Best in the World.

We ask the serious attention of every man, woman, and child in the United States, to what will prove to be the most valuable discovery ever made, a discovery that only requires to be known to be appreciated.

DR. SHERMAN'S MEDICATED LOZENGES.

Are the best medicine in the world. Quercin? Why? Simply because they are the most efficacious, the cheapest, and the most pleasant to take. What are they? They are a combination of the most approved remedies in the whole medical kingdom...

SHERMAN'S COUGH LOZENGES.

Are the safest, most sure and effectual remedy for Colds, Consumption, Whooping Cough, Asthma, tightness of the Lungs or Chest, &c. &c.

Mr. John Sturkey, foot of Gouverneur-st., cured of cough of thirteen months standing, supposed to be a settled consumption, by these Lozenges, when the physicians could do nothing for him.

Mr. Charles W Perkins, 71 Bowery, was cured of a severe cough and cold of 3 months standing, by half a box of the Lozenges.

Rev Mr Hancock, 497 Pearl-st., has used them in his family with inviolable success and recommends them to all who are afflicted with coughs, colds, or any affection of the lungs.

Mr. M E Martin suffered several weeks with a distressing cough, which nothing relieved, till he tried these Lozenges, which cured him in a few hours.

Mr. James V Hate, No 5 Tontine Buildings, Wall-st., gave some to a friend who had not enjoyed a night's sleep for several weeks, being every few minutes attacked with such a distressing cough, as almost to take away his life.

SHERMAN'S WORM LOZENGES.

Prove in more than 40,000 cases to be infallible; the only certain worm-destroying medicine ever discovered.

Symptoms of Worms.—Pain in the joints or limbs, offensive breath, sticking at the nose, grinding of the teeth during sleep, and sometimes pain about the lips with flushed cheeks, bleeding at the nose, a gnawing sensation at the stomach, flashes of heat over the surface of the body, slight chills or shiverings, headache, drowsiness, vertigo, torpor, disturbed dreams, sudden starting in sleep with frig t and screaming; sometimes a troublesome cough, restlessness, tinnitus, livid nose, fits, bad taste in the mouth, difficult breathing, pain in the stomach or bowels, fatigue, nausea, squeamishness, voracious appetite, leanness, bilious or mucous discharges, shooting pains in various parts of the body, a sense of something rising in the throat, itching of the anus towards night, a frequent desire to pass something from the bowels, and sometimes discharges of slime and mucus.

Dr. Galen Hunter, 108 Sixth Avenue, knew a child that was cured of fits by these Lozenges, after three years suffering, and when nothing else would give the least relief.

Dr. Z. Driskie, 15 Duane-street, has used them in over 7000 cases, some of them of the most alarming character, and always with the greatest success.

Benjamin F Goodspeed, 130 Sixth Avenue, has used them in his family for 2 years, with entire success. Twenty-five cents per box.

SHERMAN'S CAMPHOR OR HEADACHE LOZENGES.

Give immediate relief in nervous sick headache, oppression of the heart, lowness of spirits, depression, inflammatory or putrid sore throat, bowel or summer complaint, fainting, oppression or a sense of sinking of the chest, chronic spasms, cramps of the stomach or bowels, hysterical affections and all nervous diseases, drowsiness throughout the day and wakefulness at night; cholera or cholera morbus, diarrhoea, lassitude, or a sense of fatigue. Persons traveling or at sea, find large quantities will find the Lozenges really reviving, and imparting the buoyancy of youth—used after dissipation, they will restore the tone of the system generally, and remove all the unpleasant symptoms arising from too free living.

John M Moore, Esq., Editor of the Brother Jonathan, was cured of a severe headache in six minutes by three of the Camphor Lozenges—he was prejudiced against them.

Dr G Hunter, 108 Sixth Avenue, has been subject to violent attacks of headache, so as to make him almost blind for two or three hours at a time. Nothing ever afforded him any relief, until he tried these Lozenges, and they cured him in a few minutes.

W H Attree, Esq., of the New York Herald, has used them for the last year for headache, or lassitude, and always found immediate relief from them.

SHERMAN'S POOR MAN'S PLASTER! 1,000,000 sold yearly of this best of all Plasters. Rheumatism, Lumbago, Pain or Weakness in the Back, Loins, Side, Breast, Neck, or Limbs, effectually cured by it.

JUST received 50 kegs of "Pure White Lead" in oil, and a general assortment of Nails, which will be sold at low prices.

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all affections of the Pulmonary Organs.

A compound Balsamic preparation of the Prunus Virginiana of Wild Cherry Bark, combined with the Extract of Tar, prepared by a chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

No Quackery!! No Deception.

In setting forth the virtues of this truly great medicine, we have no desire to convince those who are laboring under the affliction, nor do we wish to enlarge it more than it deserves.

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despair'd of.

In the first stage of the disease, termed Catarrhal Consumption, originating from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge the restoration of their health to this invaluable medicine alone, in that form of consumption so prevalent amongst delicate young females, commonly termed Debility, or

"Going into a Decline," A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also arrests and invigorates the system more effectually than any medicines we have possessed.

Besides its surprising efficacy in consumption, it is equally efficacious in Liver Complaint, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed.

While LIFE REMAINS WE STILL HAVE SOME HOPE. A SURPRISING CURE.—Among the many singular cures which this medicine has effected, there is perhaps none in which its powers are so fully shown as in the case of Mrs. Austin.

This lady has been consumptive for several years, and during the greater part of this time had received the best medical attention, and tried all the most valuable remedies, yet nothing could be found to arrest its progress.

LIVER COMPLAINT.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, during which time she was under the most skillful physicians—had tried Mercury, Botanic and Homeopathic remedies, and every thing that offered her any hopes of relief.

DISINTERESTED TESTIMONY.—Having witnessed the surprising efficacy of Dr. Wistar's Balsam of Wild Cherry, in the case of Mrs. Austin, I cheerfully acknowledge the above statement to be true and correct.

Dear Sir,—You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedily and perfect relief as this.

WONNISTON, Sept. 4, 1842. Dear Sir,—Although your valuable medicine has already found hundreds of powerful advocates, it still may be gratifying to you to receive a communication from any one that has been relieved by it.

Splinting of Blood. Is another dangerous symptom of Pulmonary Affection, and difficult to arrest when neglected; it commences with cough, copious expectoration, which consists of bright frothy matter, or black, and clotted with blood; there is mostly some fever, headache, palpitation of the heart, flushes of heat, and redness of the cheeks; difficulty of breathing, soreness of the throat, and aish taste in the mouth, &c. Dr. Duncan's Expectoant Remedy will be found to arrest this complaint.

Dear Sir,—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq., of this place, and tried it in a case of obstinate Asthma in a child of Paul Schwabe, in which many other remedies had been tried without any relief.
