

Tables Turned.

At the commencement of the late session of the Legislature, Mr. Strong was removed from the post of Librarian, through the influence of Gov. Porter, to make room for his then particular friend, Dr. Salisbury.

Just as the Legislature adjourned, Col. Salisbury was removed through the influence of Gov. Porter, and Mr. Strong replaced! There was no complaint, we believe, ever made against either of the gentlemen—both attended to the duties of their charge to the satisfaction of all.

To the iniquity of the state of the Legislature, this may appear mysterious. But when they understand that Col. Salisbury and the Governor were originally the particular friends of Colonel Johnson, they will know how it came that the Governor took such an interest in his welfare as to get Mr. Strong removed to make a place for him; and if they recollect that when it came out that Governor Porter had contracted to transfer the Johnson party of Pennsylvania over to John Tyler, in consideration of the appointment of his brother James to the office of Secretary of War, Col. Salisbury, as Chairman of the Johnson State Committee, published a strong manifesto, indignantly denouncing the transfer, and by implication, the Governor, they will understand how it came to pass that the Governor turned the tables upon him, and reinstated Mr. Strong. It shows the baseness and vindictiveness of the Kickapoo chief in a strong light. He sought revenge for being thwarted in the transfer of the Johnson party to Tyler, and made his old personal and political friend the victim.—*Pa Telegraph.*

Another Calculation.—The following, not from the Midnight Cry, but from the Vial of Wrath, N. Y., is not so bad: "The beast had seven heads, and ten horns on each head, which makes seventy horns, answering to the seventy weeks of Daniel. Now the tail of this beast was 666 feet long, which is the number of the beast. Multiply this by seven, and it makes 4662, which was the age of the world when the first anti-christian pope began to reign. Now tie up the beast's tail into three knots, and it will shorten it to 1444 feet 4 inches, which, being multiplied by three, the number of knots, gives 1843 exactly—the year in which the world will be burnt up. But there is another remarkable coincidence. Martin Luther wore boots with nails in the soles—just 263 nails in both boots, which being multiplied by the seven heads, gives 1841. *Throat in the boots*, which correspond to Miller and Himes, and it gives 1843."

DIED.
At Waterstreet, Huntingdon county, on the 26th ult., at the residence of his father, LEWIS MYTINGER, Jr., aged 46 years and 10 months.

COMMUNICATED.
The deceased was laboring, for over 20 years, under a distressing disease, (Bleeding Piles) which at times well nigh prostrated him, every expedient for their removal was resorted to, all proved ineffectual; he at times suffered immensely, and for the last 18 hours of his life his sufferings were excruciating. He bore his sufferings with that Christian resignation, that characterizes the true Christian. The deceased was possessed of a strong mind, and general information, of modest and retiring habits, his associations as well as his mixing in the turmoils of the world, were at all times, restricted to proper limits; he was affectionately attached to his Parents, Brothers, and Sisters, &c., who all feel his loss sensibly. He attached himself, at a very early age to the Lutheran Church, and has during thirty years lived up to the requisitions of the Church; and bore honorable testimony to the religion, as it is in *Christ Jesus*; manifesting at all times and under all circumstances a quiet and meek determination to "work out his soul's salvation with fear and trembling."

That he is now in Heaven, realizing the fruits of his obedience to the will of God, while in a state of probation here, admits scarcely a doubt. And although absent from his aged parents and many dear relations, for a season, they, by following his example, shall meet him, where parting is unknown. God is no respecter of persons, but cometh at an hour when we least expect him; let saints rejoice and sinners tremble.

It is now more than a year since I disposed of the "Huntingdon Journal," and during all that time, I have been writing patiently, upon those who are in my debt, for subscription and advertising. I have been living on promises; and what is more, those to whom I am indebted, have been obliged to take 'promises' from me; and they like myself, are getting out of patience with this kind of a 'credit system.' Now by way of a hint I wish to say to all who know themselves to be in arrears to me, that I must have my accounts closed; and there is another part of the story—I WILL. I am not disposed to be ill-natured, but mind I tell you all, I am out of money nearly out of credit—and a settlement must be had between this and August Court—*W. BENEDICT.*

A young lady of Manchester, N. H., says the Memorial, swallowed twenty-five pins and one needle, at one time on fast-day. She had unpinned her cloak, and carelessly placed the pins in her mouth, when something excited her risible faculties and caused her to swallow them. A physician was called, and the pins were with great difficulty extracted. At one time her life was despaired of, but she is now doing well.

TO INVALIDS.

How important it is that you commence without loss of time with BRANDRETH'S PILLS. The pills do surely remove all impurities from the blood, and no case of sickness can effect the human frame, that these celebrated Pills do not relieve as much as medicine can do. COLDS and COUGHS are more benefited by the Brandreth Pills than by Lozenges and Candles. Very well, perhaps, as palliatives, but worth nothing as ERADICATORS of diseases from the human system. The Brandreth Pills cure, Diseases, whether chronic or recent, infections or otherwise, will certainly be cured by the use of these sufficient Pills.
CURE OF A CANCEROUS SORE.
SING SING, JANUARY 21, 1843.
DR. BENJAMIN BRANDRETH:
Honor'd Sir,—

Owing to you a debt of gratitude that money cannot pay, I am induced to make a public acknowledgment of the benefit my wife has derived from your invaluable Pills. About three years this winter she was taken with a pain in her ankle, which soon became very much inflamed, and swollen, so much so that we became much alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from its first commencing it became a running sore. She could get no rest at night the pain was so great. Our first doctor attended her for six months, and she received no benefit whatever, the pain going worse, and the sore larger at the time. He said he would cut it up it would be her death, but he appeared to be at a loss how to proceed, and my poor wife still continued to suffer the most terrible tortures. We therefore sought out her aid, in a Botanical doctor, who said when he first saw it that he could soon cure the sore and give her ease at once. To our surprise he gave her no relief, and acknowledged that it quite baffled all his skill.
Thus we felt after having tried during one whole year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly failing in the prime of her years from her continued suffering. Under these circumstances we concluded that we would try your Universal Vegetable Pills, determined to fairly test their curative effects. To my wife's great comfort the first few doses afforded great relief of the pain. Within one week to the astonishment of ourselves and every one who knew the case, the swelling and the inflammation began to cease so that she felt quite easy, and would sleep comfortable, and in six weeks' use she was able to go through the use and again attend to the management of her family, which she had not done for nearly fourteen months. In a little over two months from the time she first commenced the use of your invaluable Pills her ankle was quite sound, and her health better than it had been in quite a number of years before. I send you this statement after two years test of the cure, considering it only an act of justice to you and the public at large. We are with much gratitude,
Very respectfully,
TIMOTHY & ELIZA A. LITTLE.

PS.—The Botanical Doctor pronounced the sore cancerous, and finally said no good could be done, unless the whole of the flesh was cut off and the bone scraped. Thank a kind Providence, this made us resort to your Pills, which saved us from all further misery, and for which we hope to be thankful.
