NATURAL PRINCI PLES. It is written in the Book of Nature and onmon sense, that the natural vegetable productions of every country are, it prop-erly applied, amply sufficient for the cure of every malady incident to that clime. WRIGHT'S INDIAN VEGETABLE PILLS

WAIGHT'S INDIAN VEORTABLE PILLS are founded upon the principle, that the human body is subject to but one discuse, viz: corrupt humors, which, when confi-ned to the Circulation, give rise to those disordered motions of the blood called fe-vers; but when lodged in the various parts of the body, are the cause not only of every ache or pain we suffer, but every malady incident to man. It should be remembered that Wright's Indian Vegetable Pills are composed of roots and herbs, which grow spontaneous-ly on our own soil, and consequently are so admirably adapted to our constitutions that, while they cannot possibly injure even the most delicate, a perseverance in their use, according to directions, is absolutely certain to dire disease of every mane from the body.

Thus it will be seen that the friends of the genuine medicine may be perfectly free from any apprehension of fraud, as all agents, who are provided with a certificate of agency, have invariably StorkeD THE PLEDGE not to sell any Indian Vegetable Pills ex-cept those received from the above namedi withiam Wright, or his authorized agents. Country agents and other, will be on their guard against travelling imposters, and remember that all authorized travel-ling agents are also provided with a certi-ficate of agency as above described, and that Pills offered for sale, by those who some time will as the title expressed in full in the sides of the boxes thus: WRIGHT'S INDIAN VEGETABLEPILLS, (Indian Purgative) OF THE NORTH AMKRICA COLLEGE OF TREATH.

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Henorrhage of the Lungs, and all affectious of the Pulmonary Organs

Pulmonary Organs Nature's own Prescription. A compound Balsamic preparation of the Prunus Virginiana of Wild Cherry Bark," combined with the Extract of Tar, prepa-red by a chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

No Quackery ! ! No Deception.

No Quackery // No Deception. In setting forth the virtues of this truly gra at medicine, we have no desire to occeive those who are laboring under the affiction, nor do we wish to culogize it more than it deserves. Yet we look around and see the vast amount of suffering and distress occa-sioned by many of the diseases in which this medicine has proved so highly successful, we feet that we cannot urge its claims too strongly, or say too much in its favor. Wariob remedies it is true have been of-fered and puffed into notice for the cure of diseases of the Lungs, and some have no doubt been found very us ful, but all that have yet been discovered, it is admitted by physicians and all others who have witness-ed its effects, that none have proved as suc-cessful as this. Such, indeed, are the Surprising Virtues

Surprising Virtues

Surprising Virtues Of this Balsam, that even in the advanced staces of Consumption, after all the most externed rem dies of physicians have failed to effect any charge, the use of this medi-cline has been productive of the most retom-ishing relief, and actually effected cures after all hopes of recovery had been dis-paired of. In the first stage of the disease, termed Catarrhal Consumption, originating from meglected COLDS, it has been used with un-deviating success, and hundreds acknowl-edge they owe the restoration of their health to this invaluable medicine alone, in that form of consumption so prevalent amongst delicate young females, commonly termed debility, or "Going into a Decline."

" Going into a Decline,"

"Going into a Decline," A complaint with which thousands are lin-gering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more eff ctually than any medicines we have ever possessed. Besides its suprising efficacy in consump-tion, it is cqually efficacious in Liver Com-plant, Astima, Bronchits, and all affec-tions of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed. To For particulars see Dr. Wistor's treaties on consumption, to be had of the agents. WHILE LIFE REMAINS WE STILL HAVE
