V. B. PALMER, Esq. (No. 104 S. Third Street, Philadelphia) is authorized to act as Agent for this paper, to procure subscriptions and advertisements.

To Advertisers.

Advertisements must be handed in on Tuesday morning before 9 o'clock to insure their insertion in next morning's paper.

Prospectus

FOR INCREASING AND EXTENDING THE CIRCULATION OF THE "HUNTINGDON JOURNAL."

"The experiment has been tried, and it is sufficiently proved," that a newspaper can be supported in Huntingdon county. Nearly eight years ago the publication of the "JOURNAL" was commenced under circumstances the most unpropitious. By some it was whispered that it would "follow in the footsteps of its predecessors"—go down, as did other papers started here, by reason of mismanagement and neglect. Others stood aloof, and looked upon the enterprise with an eye of suspicion and distrust. Its founder and late editor, however, launched his frail bark upon the "tempestuous ocean of experiment," and soon had the satisfaction of knowing that he had weathered the storm and succeeded in placing his feet upon terra firma.

Although little exertion has been made, the subscription list has more than doubled itself since the commencement; and notwithstanding the severe pressure of the times ever since we assumed the editorial chair, it has steadily increased and is yet increasing in numbers. Thus encouraged, we have purchased new type &c, and improved the appearance of our paper, so that we are now enabled to present the neatest and most beautiful paper ever published in Huntingdon county or the "region round about."

We believe not only that our old friends are determined to stand by us, but that there are many others, who, if solicited, would cheerfully extend their support to their own county paper, knowing that it will be vastly to their advantage to do so.—For this purpose we have issued this prospectus, hoping that our friends in the different villages and townships of the county, will use their influence to extend our circulation by procuring new subscribers.—We have gone to considerable expense to improve and beautify the "Journal," and to obviate objections to it. We now promise still further improvement as soon as our circumstances will permit us to do so.

Our intention is to make the "Journal" emphatically a FAMILY NEWSPAPER—an ever welcome vehicle for the conveyance of interesting and useful information to every circle. We are prepared to spread Intelligence from every quarter of the habitable globe before our readers weekly, as well as from every section of our own nation, state and county. Being in the monthly receipt of the best literary publications in the country, we can also furnish much of the choice Literature of the day. The Farmer, ever the "bone and sinew" of the Republic, will find his interests attended to, under the head of Agriculture; and the cause of Religion, of Morality, and of Temperance shall not suffer, while at the same time we devote a corner of our paper to Amusement.

The "Journal" is now the only paper published at the "Seat of Justice" of the great county of Huntingdon; and there is no probability that there will be any other for a long time to come. Time has been when other papers were put forth here, and political warfare was then carried on to an alarming extent, which proved to a certain degree destructive of the peace and happiness of our citizens. That time, however, is past, and we trust the scenes of excitement and violence then witnessed may never again be re-enacted in our midst. Experience has taught us all that no good can result from extravagant political wrangling and personal vituperation.

We do not wish to be understood to assume neutral ground for our future course.—The "Journal" will, as heretofore, maintain Whig principles with all FAIRNESS and in MODERATION, as we believe the welfare of our common country to depend upon the success of those principles. Believing thus, we will continue the humble but steadfast advocate of the Whig cause "through sunshine and through storm"—through success and through defeat. And altho' on the Presidential question, our personal predilections are strongly in favor of the great champion of our creed—HENRY CLAY—yet we shall yield our full and hearty support to the nominee of the Whig National Convention, should that body, in its wisdom, select some one of the other distinguished Statesmen whose names have been mentioned in connection with the Presidency of the United States. In short, no efforts on our part shall be wanting to make the "Journal" what a newspaper ought to be—a messenger of inestimable value to the Farmer, Mechanic, Manufacturer, Merchant, and all Business Classes whatsoever.

TERMS:

The "Huntingdon Journal" is published every Wednesday morning, at \$2 00 a year, if paid in advance—and if not paid within six months \$2 50 will be charged. No subscriptions will be received for a shorter period than six months, nor any paper discontinued till all arrearages are paid, unless at the option of the editor.

In thus soliciting an extension of public favor, the undersigned tenders his sincere thanks to his friends and patrons for their kindness and liberality heretofore received at their hands, and he hopes to merit a continuance of their patronage.

THEO. H. CREMER.

For Consumption of the Lungs.

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all affections of the Pulmonary Organs.

Nature's own Prescription.

A compound Balsamic preparation of the Prunus Virginiana of 'Wild Cherry Bark,' combined with the Extract of Tar, prepared by a chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

No Quackery!! No Deception.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under the affliction, nor do we wish to eulogize it more than it deserves. Yet we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.

Various remedies it is true have been offered and puffed into notice for the cure of diseases of the Lungs, and some have not doubt been found very useful, but all that have yet been discovered, alone, in that form of consumption so prevalent amongst delicate young females, commonly termed debility, or

Surprising Virtues

Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despairing of.

In the first stage of the disease, termed Catarrhal Consumption, originating from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge the progress of this alarming complaint, in that form of consumption so prevalent amongst delicate young females, commonly termed debility, or

"Going into a Decline."

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicines we have ever possessed.

Besides its surprising efficacy in consumption, it is equally efficacious in Liver Complaint, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed. For particulars see Dr. Wistar's treatise on consumption, to be had of the agents.

WHILE LIFE REMAINS WE STILL HAVE SOME HOPE.

A SURPRISING CURE.—Among the many singular cures which this medicine has effected, there is perhaps none in which its powers are so fully shown as in the case of Mrs. Austin.

This lady has been consumptive for several years, and during the greater part of this time she received the best medical attention, and tried all the most valuable remedies, yet nothing could be found to arrest its progress. She became subject to violent fits of coughing, expectorated large quantities of matter occasionally tinged with blood, and step by step this fearful disease continued its course, until all hopes of a recovery were despaired of. While in this distressing situation, lingering upon the very verge of the grave, she commenced the use of this Balsam, which, to use her own expression, operated almost like a charm. In a few days she expectorated freely, the cough was gradually suppressed, and every day appeared to add fresh vigor to her looks, and now, in the place of that emaciated form worthy to decay, she is seen mingling in society, in better health than she has enjoyed for years.

DISINTERESTED TESTIMONY.

Having witnessed the surprising efficacy of Dr. Wistar's Balsam of Wild Cherry, in the case of Mrs. Austin, I cheerfully acknowledge the above statement to be true and correct. J. C. WALTERS, M. D.

LIVER COMPLAINT.—MRS. ELIZA THOMPSON was afflicted with this complaint for nearly five years, during which time she was under the most skilful physicians—had tried Mercury, Botanic and Homeopathic remedies, and every thing that offered her any hopes of relief. She had dull, wandering pains in her side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been unable to sleep on her right side for three years. By the use of this Balsam she was cured in a few weeks, and remains well to this day.

ELIZA THOMPSON.

Woodsboro, Sept. 4, 1842.

Dear Sir:—Although your valuable medicine has already found hundreds of powerful advocates, it still may be gratifying to you to receive a communication from any one that has been relieved by it. Such, sir, is truly my case. I have been a victim of that terrible disease consumption, for many months, and have suffered so much, that I had become almost weary of my life. Hearing your Balsam so highly praised, I began taking a few weeks back, and can assure you that it has relieved me more than any thing I have ever used before, and I confidently believe it will cure me effectually. Please give the bearer the worth of the enclosed, and oblige

Yours Respectfully,

JOHN PEARSON.

Chester county, Sept 6, 1841.

Friend Wistar:—It gives me much pleasure to inform thee that my wife's health has improved very much since she has been using thy Balsam of Wild Cherry, and we think there is no doubt it will cure her. She has taken the two bottles I purchased from thee a short time since, and her cough is much better, she also sleeps well at night, and says she has found nothing to give her so much relief. They will please give the bearer two bottles more for

Thy Friend,

EDWARD HOLMES.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Reed, Esq. of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwebel, in which many other remedies had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectually cured by its use. Yours, &c.

JACOB HOFFMAN, M. D.

Dec. 23, 1841.

Dear Sir:—Your Balsam of Wild Cherry has effected some astonishing cures here.—One of which is an old lady, Mrs. Russett, who has been suffering for a long time with shortness of breathing, and general weakness, until she was finally obliged to keep her bed. After various other remedies had been resorted to in vain, she commenced using your Balsam, and after taking two bottles was so far recovered as to be able to attend to all the duties of her house, and on taking two bottles more was entirely cured. Respectfully &c.

JOHN S. C. MARTIN.

Pottsville, Pa.

CAUTION.—As there is a spurious mixture called Syrup of Wild Cherry, purchasers should be particular to ask for Dr. Wistar's Balsam, and observe his signature on the bottle.

Prepared for the proprietor, and sold at wholesale by Williams & Co., Chemists, No. 21 Minor street, Philadelphia, sold also in all the cities of the United States. Price one dollar per bottle. For sale by Thomas Reed, Huntingdon, and James Orr, Holidaysburg. November 30, 1842.

TO MARKSMEN.

THOMAS DOUGLASS, GUNSMITH, RESPECTFULLY informs his friends, and the public generally, that he still continues the above business in

M'CONNELLSTOWN,

and is prepared to manufacture all kinds of Guns or Pistols, or to make any necessary repairs upon any article of the kind. If careful attention will merit success, he hopes to secure the patronage of the sharp shooters of this county. October 11, 1842.

CLOCK AND WATCH MAKING.

The subscriber respectfully informs his customers, that he has recently returned from the City with a splendid assortment of Jewelry consisting of

NATURAL PRINCIPLES.

It is written in the Book of Nature and common sense, that the natural vegetable productions of every country are, if properly applied, amply sufficient for the cure of every malady incident to that climate.

WRIGHT'S INDIAN VEGETABLE PILLS

are founded upon the principle, that the human body is subject to but one disease, viz: corrupt humors, which, when confined to the circulation, give rise to those disordered motions of the blood called fevers; but when lodged in the various parts of the body, are the cause not only of every ache or pain we suffer, but every malady incident to man.

It should be remembered that Wright's Indian Vegetable Pills are composed of roots and herbs, which grow spontaneously on our own soil, and consequently are so admirably adapted to our constitutions that, while they cannot possibly injure even the most delicate, a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, do we not drain it of the superabundant water? In like manner, if we would restore the body to health, we must cleanse it from impurity.

Wright's Indian Vegetable Pills, will be found peculiarly adapted to carrying out this grand purifying, because they expel all corrupt humors in an easy and natural manner, and while they every day

GIVE EASE AND PLEASURE,

the constitution is restored to such a state of health and vigor, that disease will find no abiding place in the body.

Beware of Counterfeits!

As the great popularity of Wright's Indian Vegetable Pills, has raised up a host of counterfeiters the public are cautioned against impostors, who are travelling about the country, selling to the unsuspecting storekeepers a spurious article for the above celebrated Pills.

It should be remembered that all who sell the genuine medicine are provided with a certificate of agency, of which the following is a copy:

This is to certify that the within named — is a regular and duly appointed Agent for the sale of Wright's Indian Vegetable Pills, in the town of —, in the State of —, and this certificate, which is signed by Wm. Wright, Vice President of the North American College of Health, must also be countersigned by the acting, Clerk or Agent, from whom said certificates is received.

This certificate of agency will be renewed every twelve months; therefore, if any alteration should be made in the date, do not purchase.

The public are further informed that all who receive the above certificate, are also required to sign the following

PLEDGE.

This is to certify, that the subscriber by certificate bearing eye date herewith, signed with the proper handwriting of William Wright, Vice President of the North American College of Health, — been appointed Agent for the sale of

WRIGHT'S INDIAN VEGETABLE PILLS,

Or Indian Purgative,

in the town of —, and State of —, to hold and continue in said agency during the pleasure of the said William Wright, and no longer, any thing contained in the said certificate signed by the said William Wright, to the contrary thereof notwithstanding. In consideration whereof, I hereby covenant and agree to and with the said William Wright that I will not sell, or expose to sale, any medicine bearing the above or a similar name during my said agency, other than that which I receive from his authorized agent or agents, under the penalty of five hundred dollars to be paid by him, as liquidated damages.

Witness — hand and seal, — day of — one thousand eight hundred and forty —

Thus it will be seen that the friends of the genuine medicine may be perfectly free from any apprehension of fraud, as all agents, who are provided with a certificate of agency, have invariably

SIGNED THE PLEDGE

not to sell any Indian Vegetable Pills except those received from the above named William Wright, or his authorized agents. Country agents and other, will be on their guard against travelling impostors, and remember that all authorized travelling agents are also provided with a certificate of agency as above described, and that Pills offered for sale, by those who cannot show a certificate of agency, are sure to be counterfeit.

It will be further observed that all genuine medicine has the title expressed in full on the sides of the boxes thus:

WRIGHT'S INDIAN VEGETABLE PILLS,

(Indian Purgative)

OF THE NORTH AMERICAN COLLEGE OF HEALTH.

The patrons of Wright's Indian Vegetable Pills, will also bear in mind that the directions which accompany each box of Pills, have been secured by copyright, and the proper form, viz: "Entered according to the act of Congress, in the year 1840, by William Wright, in the Clerk's Office, of the District Court of the Eastern District of Pennsylvania," will be found at the bottom of the first page of said directions.

Thus it will be seen, that a trifling attention on the part of the purchaser to the above particulars, will put an effectual stop to this wholesale robbery, and drive it, it is hoped, all depredators upon society to an honest calling.

The following highly respectable store keepers have been appointed agents for the sale of

Wright's Indian Vegetable Pills, of the

North American College of Health.

N. B. The public are respectfully informed that the Pills made by one V. O. Flack, and sold by a man named Parker, in Third street, are not the genuine Wright's Indian Vegetable Pills; and as counterfeiters and their associates sell at half price, it is absolutely impossible for them to have the genuine medicine for sale. * * * Be particular in all cases to ask for the genuine Wright's Indian Vegetable Pills.

TO INVALIDS.

How important it is that you commence without delay the use of BREADTHRETH PILLS. They mildly but surely remove all impurities from the blood, and no case of sickness can effect the human frame, that these celebrated Pills do not relieve as much as medicine can do. COLDS and COUGHS are more benefited by the Breadthreth Pills than by Lozenges and Candies. Very well, perhaps, as palliatives, but worth nothing as ERADICATORS of diseases from the human system. The Breadthreth Pills cure, they do not merely relieve, they cure. Diseases, whether chronic or recent, infectious or otherwise, will certainly be cured by the use of these all-sufficient Pills.
