TO INVALIDS. How important it is that you commence without loss of time with BRANDRETH PILLS. They mildly but surely remove all impurities from the blood, and no case of sickness can effect the human frame, that these celebrated Pills do not relieve as much as medicine can do. COLDS and COUGHS are more benefited by the Brandreth Pills than by Lozenges and Candies. Very well, perhaps, as palliatives, but worth nothing as ERADICATORS of diseases from the human system. The Brandreth Pills cure, they do not merely relieve, they cure. Diseases, whether chronic or recent, infectious or otherwise, will certainly be cured by the use of these all-sufficient Pills.

CURE OF A CANCEROUS SORE. SING SING, January 21, 1843. DR. BENJAMIN BRANDRETH: Honor'd Sir,—

Owing to you a debt of gratitude that money cannot pay. I am induced to make a public acknowledgement of the benefit my wife has derived from your invaluable Pills. About three years this winter she was taken with a pain in her ankle, which soon became very much inflamed, and swollen, so much so that we became much alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from its commencing it became a running sore. She could get no rest at night the pain was so great. Our first doctor attended her for six months, and she received no benefit whatever, the pain growing worse and the sore larger all the time. He said if it washed out it would be her death, but he appeared to be at a loss how to proceed, and my poor wife still continued to suffer the most terrible tortures. We therefore sought other aid, in a Botanical doctor, who said when he first saw it that he could soon cure the sore and give her ease at once. To our surprise he gave her no relief, and acknowledged that it quite baffled all his skill.

Thus we felt after having tried during one whole year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly failing in the prime of her years from her continued suffering. Under these circumstances we concluded that we would try your Universal Vegetable Pills, determined to fairly test their curative effects. To my wife's great comfort the first few doses afforded great relief of the pain. Within one week to the astonishment of ourselves and every one who knew the case, the swelling and the inflammation began to cease so that she felt quite easy, and would sleep comfortable, and after six weeks' use she was able to go thro' the house and again attend to the management of her family, which she had not done for nearly fourteen months. In a little over two months from the time she first commenced the use of your invaluable Pills her ankle was quite sound, and her health better than it had been in quite a number of years before. I send you this statement after two years of justice to you and the public at large. We are with much gratitude,

Very respectfully,  
TIMOTHY & ELIZA A. LITTLE.

PS.—The Botanical Doctor pronounced the sore cancerous, and finally said no good could be done, unless the whole of the flesh was cut off and the bone scraped. Thank a kind Providence, this made us resort to your Pills, which saved us from all further misery, and for which we hope to be thankful.
