## AT THE HEAD OF THE PERIODICALS OF THE WORLD.

**Graham's Lady's and Gentleman's Magazine for 1844.**  
The January Number to be published December 10th, 1843.

GRAHAM'S MAGAZINE has long enjoyed the enviable reputation of being the best periodical in the United States, in the quality and number of its embellishments, and the tone of its literary matter. It is the cheapest as well as the best. For the year 1843 the publisher has given about 100 pages more original reading matter than any other of his contemporaries, and more original steel engravings, in addition to the fashion plates and colored flowers. The cheapness and merit of a three dollar magazine over all others may be understood, which has made an outlay of over seventeen thousand dollars greater than any other, and an addition of engravings over other magazines that would embellish the costliest Annual. The publisher is, however, satisfied that nothing but real excellence can maintain the high position his periodical has assumed in the United States, and as the taste improves and extends for good works, that nothing of a humbug order will be tolerated.

Every number of Graham's Magazine is issued at a cost of nearly \$4000—the plates alone, costing nearly half the sum. Most of the plates are from

ORIGINAL AMERICAN PAINTINGS.  
Executed expressly for the proprietor, for engravings for the Magazine. Among the pictures painted for the volume for 1844, are two by Sully the great artist, several by Leutze, Chapman, Inman, Conarre, Rothermel, Thompson, and others of the best artists of America.

To POSTMASTERS AND OTHERS.  
The high merit of Graham's Magazine considered, the publisher flatters himself that the following liberal terms will induce thousands to subscribe.

To CLERGS the following proposals are made—two copies for \$3, five for \$10, eight for \$16, eleven for \$20.

To POSTMASTERS, or other persons forming a Club, the publisher will forward a Novel for every subscriber sent, so that varying the books a complete Library may be obtained by any person in a short time.

Single copies, three dollars per annum, in advance.

And to the person sending the money, a copy of "The Gems of Art and Beauty," containing 13 splendid Mezzotint and Line Engravings, and also a copy of "Ringwood the Rover," Herbert's Prize Novel, will be forwarded gratis.

## For Consumption of the Lungs.

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all affections of the Pulmonary Organs.

Nature's own Prescription.

A compound Balsamic preparation of the Prunus Virginiana of 'Wild Cherry Bark,' combined with the Extract of Tar, prepared by a chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

No Quackery!! No Deception.

In setting forth the virtues of this truly great medicine, we have no desire to deceive those who are laboring under the affliction, nor do we wish to cologize it more than it deserves. Yet we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.

Various remedies it is true have been offered and put into notice for the cure of diseases of the Lungs, and some have no doubt been found very useful, but all that have yet been discovered, it is admitted by physicians and all others who have witnessed its effects, that none have proved as successful as this. Such, indeed, are the

Surprising Virtues  
Of this Balsam, that even in the advanced stages of Consumption, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despair of.

In the first stage of the disease, termed Catarrhal Consumption, originating from neglected COLDS, it has been used with undeviating success, and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone, in that form of consumption so prevalent amongst delicate young females, commonly termed debility, or

"Going into a Decline,"  
A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicines we have ever possessed.

Besides its surprising efficacy in consumption, it is equally efficacious in Liver Complaint, Asthma, Bronchitis, and all affections of the Lungs, and has cured many of the most obstinate cases, after every other remedy had failed. For particulars see Dr. Wistar's treatise on consumption, to be had of the agents.

WHILE LIFE REMAINS WE STILL HAVE SOME HOPE.  
A SURPRISING CURE.—Among the many singular cures which this medicine has effected, there is perhaps none in which its powers are so fully shown as in the case of Mrs. Austin.

This lady has been consumptive for several years, and during the greater part of this time had received the best medical attention, and tried all the most valuable remedies, yet nothing could be found to arrest its progress. She became subject to violent fits of coughing, expectorated large quantities of matter occasionally tinged with blood, and step by step this fearful disease continued its course, until all hopes of a recovery were despaired of. While in this distressing situation, lingering upon the very verge of the grave, she commenced the use of this Balsam, which, to use her own expression, operated almost like a charm. In a few days she expectorated freely, the cough was gradually suppressed, and every day appeared to add fresh vigor to her looks, and now, in the place of that emaciated form withering to decay, she is seen mingling in society, in better health than she has enjoyed for years.

DISINTERESTED TESTIMONY.—Having witnessed the surprising efficacy of Dr. Wistar's Balsam of Wild Cherry, in the case of Mrs. Austin, I cheerfully acknowledge the above treatment to be true and correct.

J. C. WALTERS, M. D.

LIVER COMPLAINT.—Mrs. Eliza Thompson was afflicted with this complaint for nearly five years, during which time she was under the most skillful physicians—had tried Mercury, Botanic and Homeopathic remedies, and every thing that offered her any hopes of relief. She had dull, wandering pains in her side, sometimes in the shoulder and small of the back, a hacking cough, frequent pains in the breast, and had been unable to sleep on her right side for three years. By the use of this Balsam she was cured in a few weeks, and remains well to this day.

ELIZA THOMPSON.

Woodstown, Sept. 4, 1842.  
Dear Sir—Although your valuable medicine has already found hundreds of powerful advocates, it still may be gratifying to you to receive a communication from any one that has been relieved by it. Such, sir, is truly my case. I have been a victim of that terrible disease consumption, for many months, and have suffered so much, that I had become almost weary of my life. Hearing your Balsam so highly praised, I began taking a few weeks back, and can assure you that it has relieved me more than any thing I have ever used before, and I confidently believe it will cure me effectually. Please give the bearer the worth of the enclosed, and oblige

Yours Respectfully,  
JOHN PEARSON.

Chester county, Sept. 6, 1841.  
Friend Wistar—It gives me much pleasure to inform thee that my wife's health is improved very much since she has been using thy Balsam of Wild Cherry, and we think there is no doubt it will cure her. She has taken the two bottles I purchased from thee a short time since, and her cough is much better, she also sleeps well at night, and says she has found nothing to give her so much relief. These will please give her the bearer two bottles more for

Thy Friend,  
EDWARD HOLMES.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq., of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwebel, in which many other remedies had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectually cured by its use.

Yours, &c.  
JACOB HOFFMAN, M. D.  
Dec. 23, 1841.

Dear Sir—Your Balsam of Wild Cherry has effected some astonishing cures here.—One of which is an old lady, Mrs. Russe, who has been suffering for a long time with shortness of breathing, and general weakness, until she was finally obliged to keep her bed. After various other remedies had been resorted to in vain, she commenced using your Balsam, and after taking two bottles was so far recovered as to be able to attend to all the duties of her house, and on taking two bottles more was entirely cured.

Respectfully &c.,  
JOHN S. C. MARTIN.

## NEW MIRROR.

Every Number embellished with an original and exquisite design on steel.—Edited by Geo. P. MORRIS—Illustrated by J. G. CHAPMAN, who is engaged exclusively for this work.

TERMS—Three Dollars per annum.—Single Number 6 cents.

In the course of a few weeks the undersigned will commence on his own account the MIRROR, in the octavo form, on an entirely novel and original plan, with a steel engraving in every number, and at the reduced price of three dollars per annum, or six and a quarter cents per copy.

The NEW MIRROR will appear with many striking and attractive features, distinguishing it from every other periodical. It will be published with new type, on fine paper, and each number will contain a beautiful original Engraving on steel, designed and etched by Chapman illustrating the letter press which it accompanies and which it will invest.—Besides the contributions of all our extensive cords of correspondents, which embraces most of the talent of this country, we have made arrangements for fresh and early translations from some of the best writers of France, and for proof sheets from several of the popular authors of England. With such materials and with such able fellow-laborers in the literary vineyard, we hope to present to the American reader a weekly journal of much value and unusual excellence. The parade of mere names will be sedulously avoided. The Mirror will be remarkable, we hope, rather for good articles without names, than for poor articles with distinguished names. It will embrace in its scope every department of elegant literature, comprising tales of romance, sketches of society and manners, sentiment and every day life, piquant essays, domestic and foreign correspondence, literary intelligence, wit, humor, fashion, and gossip, poetry, the fine arts, and literary, musical and dramatic criticisms. Its reviews of new works will be careful, discriminating and impartial. It will aim to foster a literature suited to the estate and desires of the age and country. Its tendency will be cheerful and enlivening, as well as improving. It will seek to gratify every refined taste, but never to offend the most fastidious, and it will ever feel its duty to be to turn the sunny side of things to human eyes.

The work will be published every Saturday, in numbers of sixteen large octavo super-royal pages, with double columns, and enclosed in a neat ornamental cover. It will form, at the end of the year, two superb volumes, each of four hundred and sixteen pages, filled with the gems of literature and the fine arts.

The very low price at which it will be issued renders it the cheapest periodical in this or any other country, considering the cost of its fifty two engravings, and the intrinsic value of its literary contents.

Those desirous of receiving periodically from the commencement, will have it punctually sent to their address upon their forwarding to the undersigned, at No. 4, Ann street, three dollars free of expense.

Letters enclosing the amount of subscription, may be franked by all postmasters. Agents, carriers, and newsmen, will be supplied on the usual terms. The cash system will be rigidly adhered to without any deviation whatever.

Such editors as copy the above, will oblige me by forwarding a marked paper, and by resuming the exchange which was interrupted much to my regret, by circumstances over which I had no control.

## NATURAL PRINCIPLES.

It is written in the Book of Nature and common sense, that the natural vegetable productions of every country are, if properly applied, amply sufficient for the cure of every malady incident to that climate.

WRIGHT'S INDIAN VEGETABLE PILLS are founded upon the principle, that the human body is subject to but one disease, viz: corrupt humors, which, when confined to the circulation, give rise to those disordered motions of the blood called fevers; but when lodged in the various parts of the body, are the cause not only of every ache or pain we suffer, but every malady incident to man.

It should be remembered that Wright's Indian Vegetable Pills are composed of roots and herbs, which grow spontaneously on our own soil, and consequently are so admirably adapted to our constitutions that, while they cannot possibly injure even the most delicate, a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, do we not drain it of the superabundant water? In like manner, if we would restore the body to health we must cleanse it from impurity.

Wright's Indian Vegetable Pills, will be found peculiarly adapted to carrying out this grand purifying, because they expel all corrupt humors in an easy and natural manner, and while they every day

GIVE EASE AND PLEASURE,  
the constitution is restored to such a state of health and vigor, that disease will find no abiding place in the body.

BEWARE OF COUNTERFEITS!  
As the great popularity of Wright's Indian Vegetable Pills, has raised up a host of counterfeiters the public are cautioned against impostors, who are travelling about the country, selling to the unsuspecting storekeepers a spurious article for the above celebrated Pills.

It should be remembered that, all who sell the genuine medicine are provided with a certificate of agency, of which the following is a copy:

This is to certify that the within named — is a regular and duly appointed Agent for the sale of Wright's Indian Vegetable Pills, in the town of —, in the State of —, and this certificate, which is signed by Wm. Wright, Vice President of the North American College of Health, must also be countersigned by the acting, Clerk or Agent, from whom said certificates are received.

This certificate of agency will be renewed every twelve months; therefore, if any alteration should be made in the date, do not purchase.

The public are further informed that all who receive the above certificate, are also required to sign the following

## PLEDGE.

This is to certify, that the subscriber by certificate bearing eye date herewith, signed with the proper handwriting of William Wright, Vice President of the North American College of Health, — been appointed Agent for the sale of

WRIGHT'S INDIAN VEGETABLE PILLS,  
Or Indian Purgative,  
in the town of —, and State of —, to hold and continue in said agency during the pleasure of the said William Wright, and no longer, any thing contained in the said certificate signed by the said William Wright, to the contrary thereof notwithstanding. In consideration whereof, I hereby covenant and agree to and with the said William Wright that I will not sell, or expose to sale, any medicine bearing the above or a similar name during my said agency, other than that which I receive from his authorized agent or agents, under the penalty of five hundred dollars to be paid by him, as liquidated damages, of itness — hand and seal, the — day for — one thousand eight hundred and forty —

Thus it will be seen that the friends of the genuine medicine may be perfectly free from any apprehension of fraud, as all agents, who are provided with a certificate of agency, have invariably

SIGNED THE PLEDGE  
not to sell any Indian Vegetable Pills except those received from the above named William Wright, or his authorized agents.

Country agents and other, will be on their guard against travelling impostors, and remember that all authorized travelling agents are also provided with a certificate of agency as above described, and that Pills offered for sale, by those who cannot show a certificate of agency, are sure to be counterfeit.

It will be further observed that all genuine medicine has the title expressed in full on the sides of the boxes thus:

WRIGHT'S INDIAN VEGETABLE PILLS,  
(Indian Purgative)  
OF THE NORTH AMERICA COLLEGE OF HEALTH.

The patrons of Wright's Indian Vegetable Pills, will also bear in mind that the directions which accompany each box of Pills, have been secured by copyright, and the proper form, viz: "Entered according to the act of Congress, in the year 1840, by William Wright, in the Clerk's Office, of the District Court of the Eastern District of Pennsylvania," will be found at the bottom of the first page of said directions.

Thus it will be seen, that a trifling attention on the part of the purchaser to the above particulars, will put an effectual stop to this wholesale robbery, and drive, it is hoped, all depredators upon society to an honest calling.

The following highly respectable store keepers have been appointed agents for the sale of

Wright's Indian Vegetable Pills, of the North American College of Health.

## Dr. Moffat's Life Pills

AND  
PHENIX BITTERS.

The perfectly safe, unerring and successful treatment of almost every species of disease by the use of Dr. MOFFAT'S LIFE MEDICINES, is no longer an experiment; as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Dr. MOFFAT, where the patient has to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered hopeless by their physicians. Such happy results are a source of great pleasure to Dr. M., and inspire him with a new confidence to recommend the use of his medicines to his fellow citizens.

The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription. In Fever and Ague, Inflammatory Rheumatism, Fevers of every description, Sick Headaches, Heartburn, Dizziness in the Head, Pains in the Chest, Flatulency, Impaired Appetite, and in every disease arising from impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.

All that Dr. Moffat asks of his patients is to be particular in taking them according to the directions. It is not by a newspaper notice, or by any thing that he may say in their favor, that he hopes to gain credit. It is alone by the result of a fair trial. Is the reader an invalid, and does he wish to know whether the Life Medicines will suit his own case? If so, let him call at the office of the agent, and procure a copy of the Good Samaritan, published gratuitously. He will there find enumerated very many extraordinary cases of cure; perhaps some exactly similar to his own.
