

SCRAPS FOR FARMERS.

Cows holding up their Milk.

A farmer observes that he was troubled with a cow holding up her milk, and he could devise no means to remedy the evil; when his son, only nine years old, took the management of the cow, in this respect and succeeded well.

This shows that mildness and steady perseverance is necessary in this business. Some persons become fretful if they cannot succeed in milking at once, and then abuse the cow for her obstinacy, instead of persevering, and succeeding as they might in many cases.

Unruly Milkers.

Does your cow kick? Do not fly into a passion and pound her with a handspike, or trim her with a gad or cow-hide, or vent your spite in kicking her in turn. You will only spill a great deal of vengeance uselessly; causing great wear and tear of temper; make yourself feel very foolish when you get over it, and set a bad example to your children; while your cow, in seventy cases out of seventy-one, will kick as bad as before, or worse.

This we recommend only, however, when a man has an animal, valuable otherwise, which will kick, and which he wishes to keep. A poor cow that will kick, is too great a nuisance to think of keeping at all.

Pre-eminence of Milk.

This is one of the most important articles of diet derived from the animal kingdom, and has many remarkable properties worthy of notice belonging to it. The higher order of animals require a mixture of differentialimentary substances for their nutrition; for when they are limited to any one kind of food, their condition is either deteriorated, or disorganization of structure ensues.

WIT AND WISDOM.

Sentiment.

"Behold, my Flora, how glorious nature looks in her bloom! The trees are filled with blossoms, the wood is dressed in its green livery, and the plain is carpeted with grass and flowers."

"Yes, Charles, I was thinking of the same thing. These flowers are dandelions, and when they are gathered and put into a pot, with a piece of good fat pork, they make the best greens in the world!"

"I'm afraid of the lightning," murmured a pretty woman during a thunder storm. "Well you may be," sighed a despairing adorer, "when your heart is made of steel."

"Don't lean on me for support," said a rich rascal to a poor relative.

"It would be a lean support if I did," was the poor fellows reply.

A lady being asked how she liked a gentleman's singing who had an offensive breath,—"The words are good," she replied, "but the air is intolerable."

Burk once remarked to Garrick that all bitter things were hot. "Aye," said Garrick, "what do you think of bitter cold weather?"

RECIPE FOR GOOD HUMOR.—Rise betimes in the morning, and go early to rest, that the body may be preserved in health; let your first reflection be how short are the hours before you—if devoted to business, study, social enjoyment, or other rational recreation; and then find time, if you can to indulge in spleen or ill-humor.

WRIGHT'S Indian Vegetable Pills.

If, during the continuance of storms and floods, the channels of

OUR MIGHTY RIVERS

become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be

Overwhelmed with the Flood

In like manner with the human body—if the skin, kidneys and bowels (the natural outlets for useless and corrupt humors) become so obstructed as to fail in affording a full discharge of those impurities which are in all cases

THE CAUSE OF SICKNESS.

We surely can expect no other results than that the whole frame will sooner or later be

OVERWHELMED WITH DISEASE

As in the first place, if we would prevent an inundation we must remove all obstructions, in order that there may be no hindrance to the free discharge of the superabundant waters. So, in the second place, if we would prevent and cure disease, we must open and keep open, all natural drains of the body.

Wright's Indian Vegetable Pills of the North American College of Health,

will be found one of the best if not the very BEST MEDICINE IN THE WORLD for carrying out this beautiful and simple theory, because they completely cleanse the stomach and bowels from all bilious humors, and other impurity, and at the same time promote a healthy discharge from the lungs, skin and kidneys; consequently as all the natural drains are opened,

DISEASE

OF EVERY NAME IS LITERALLY

DRIVEN FROM THE BODY.

Caution.—As the great popularity and consequent great demand for Wright's Indian Vegetable Pills has raised up a host of counterfeiters, country storekeepers and agents will be on their guard against the many impostors who are travelling about the country selling to the unsuspecting a spurious article for the genuine.

It should be remembered that all authorized agents are provided with a certificate of agency, signed by WILLIAM WRIGHT, Vice President of the North American College of Health. Consequently, those who offer Indian Vegetable Pills, and cannot show a certificate as above described will be known as impostors.

The following highly respectable storekeepers have been appointed agents for the sale of

Wright's Indian Vegetable Pills,

and of whom it is confidently believed the genuine medicines can be obtained:

- William Stewart, Huntingdon. Henry Leamer Hollidaysburg, B. F. Bell, Antes township. Robert McNamara, Newry. Samuel S. Isett, Tyrone township. Millers & Kessler, Mill Creek A. & N. Crosswell, Petersburg. Gemmel & Porter, Alexandria. Moore & Steiner, Water Street. Joseph Patton, Jr. Duncansville. R. H. McCormick, Collinsville. Wolf & Willet, Frankstown. Henry Brewster, Shirlersburg. Walter Graham, Yellow Springs.

Beware of counterfeiters.—The public are respectfully informed that medicine purporting to be Indian Pills made by one V. O. Flack, are not the genuine.

Wright's Indian Vegetable Pills.

The only security against imposition is to purchase from the regularly advertised agents, and in all cases be particular to ask for Wright's Indian Vegetable Pills. Dec. 27, 1843.—ly.

TO INVALIDS.

How important it is that you commence without loss of time with BRANDRETH PILLS. They mildly but surely remove all impurities from the blood, and no case of sickness can effect the human frame, that these celebrated Pills do not relieve as much as medicine can do. COLDS and COUGHS are more benefited by the Brandreth Pills than by Lozenges and Candies. Very well, perhaps, as palliatives, but worth nothing as ERADICATORS of diseases from the human system. The Brandreth Pills cure, they do not merely relieve, they cure. Diseases, whether chronic or recent, infectious or otherwise, will certainly be cured by the use of these all-sufficient Pills.

CURE OF A CANCEROUS SORE.

SING SING, JANUARY 21, 1843. DR. BENJAMIN BRANDRETH:

Honored Sir,—

Owing to you a debt of gratitude that money cannot pay. I am induced to make a public acknowledgment of the benefit my wife has derived from your invaluable Pills. About three years this winter she was taken with a pain in her ankle; which soon became very much inflamed, and swollen, so much that we became much alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from its first commencing it became a running sore. She could get no rest at night the pain was so great. Our first doctor attended her for six months, and she received no benefit whatever, the pain growing worse and the sore larger all the time. He said it was healed up it would be her death, but he appeared to be at a loss how to proceed, and my poor wife still continued to suffer the most terrible tortures. We therefore sought other aid, in a Botanical doctor, who said when he first saw it that he could soon cure the sore and give her ease at once. To our surprise he gave her no relief, and acknowledged that it quite baffled all his skill.

Thus we felt after having tried during one whole year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly failing in the prime of her years from her continued suffering. Under these circumstances we concluded that we would try your Universal Vegetable Pills, determined to fairly test their curative effects. To my wife's great comfort the first few doses afforded great relief of the pain. Within one week to the astonishment of ourselves and every one who knew the case, the swelling and the inflammation began to cease so that she felt quite easy, and would sleep comfortable, and sir, after six weeks' use she was able to go thro' the house and again attend to the management of her family, which she had not done for nearly fourteen months. In a little over two months from the time she first commenced the use of your valuable Pills her ankle was quite sound, and her health better than it had been in quite a number of years before. I send you this statement after two years test of the cure, considering it only an act of justice to you and the public at large. We are with much gratitude,

TIMOTHY & ELIZA A. LITTLE.

PS.—The Botanical Doctor pronounced the sore cancerous, and finally said no good could be done, unless the whole of the flesh was cut off and the bone scraped. Thank a kind Providence, this made us resort to your Pills, which saved us from all further misery, and for which we hope to be thankful.
