Whig Principles.

"The principal objects which, I suppose, engage the common desire and the common exertions of the Whig party, to bring about, in the Government of the United States are:

- 1. A SOUND NATIONAL CURRENCY, regulated by the will and authority of the nation.
2. AN ADEQUATE REVENUE, with fair protection to AMERICAN INDUSTRY.
3. JUST RESTRAINTS ON THE EXECUTIVE POWERS, embracing further restrictions on the exercise of the veto.
4. A FAIR ADMINISTRATION OF THE PUBLIC DOMAIN, with an equitable distribution of the proceeds of sales of it among all the states.
5. AN HONEST AND ECONOMICAL ADMINISTRATION OF THE GOVERNMENT, leaving public officers perfect freedom of thought and of the right of suffrage, but with suitable restraints against improper interference in elections.
6. An amendment of the Constitution, limiting the incumbent of the Presidential office to a SINGLE TERM.

These objects attained. I think that we should cease to be afflicted with bad administration of the Government."--Henry Clay.

Allotting of the Public Printing and Binding to the Lowest Bidder.

On Tuesday the 19th ult., at 11 o'clock, the Speaker and Members of the Senate, being introduced into the hall of the House of Representatives, in pursuance of a joint resolution of both Houses, for the purpose of publicly allotting the public printing and binding to the lowest bidder; the Speakers proceeded to open and publish the proposals of the several individuals who had presented proposals to do the public printing at the rate per centum below the prices of the law of 1843, as follows:

Table with 2 columns: English, German. Items include Hickok & Cantine, V. Best, Theo. Penn, etc.

The English printing was then allotted for three years, to J. M. G. LESURE, at the rate of 50 per cent below the prices of the law of 1843; and his bonds being examined, were approved. The German printing was allotted to A. BOYD HAMILTON, at 38 per cent below the former prices, but his bond not being approved, the German printing was then allotted to JACOB BAAB, at 27 1/2 per cent, as the next lowest bidder, whose bonds were then examined and approved.--Telegraph.

FREE TRADE AND LOCOFOCOISM.

A recent Locofoco celebration in Albany, the following toast was drunk: By E. Miller--Richard M. Johnson--The Hero of the Thames, the champion of FREE TRADE, of the freedom of the press and of speech, though absent he is not forgotten. True to himself, his party, and his country, he always is present in the minds of the true Democracy.

Here are the principles of the party unmasked--Free Trade and Van Buren--Free Trade and Johnson--Free Trade and Calhoun--the few setting themselves up to dictate to the many. And yet some of the pop-guns of the party have the impudence to assert that they are "as good Tariff men as the Whigs!"--Bah!--such sentiments may do for people who are too ignorant or too bigotted to examine for themselves--but among a community of intelligent and enquiring freemen, it wont go down. The great body of the people, thank fortune, are not too blind to see that they would support the Tariff they must support HENRY CLAY and his party who stand pledged before the whole Union, from one extremity to the other, to uphold this great principle upon which the best interests of the country are so firmly based.

AN AMERICAN PUMA, or, as it is called an American lion was killed in Lewis county, New York, last week. The animal is very rare now in the United States. The following description of him is given. He is five feet nine inches long, with a tail three feet and one inch. He has no mane, or bush at the end of the tail like the lion, though of the same color. He has a round head and broad muzzle, and body more slender and less elevated than the lion. The upper parts of the body are of a bright silvery fawn and tawney, hairs terminating in whitish tips beneath, and on the insides of the limbs he is nearly white, and more completely so on the throat, chin and upper lip, the head of an irregular mixture of black and gray; outside of the ears at the base, and at the place whiskers take their origin, and the extremity of the tail, is black.

A steam plough has been introduced in Scotland, for ploughing in morrasses and boggy land, where horses cannot be employed.

A FATAL EPIDEMIC is said to be raging at this time in Rockingham county, North Carolina.--The Raleigh Register says all accounts concur in representing it as a fever of a highly malignant character, accompanied with congestion, in some cases of the brain, in others of the lungs, liver or bowels. In some families it has appeared as the congestive scarlet fever, and the number of deaths from the epidemic in the county, since Christmas, is estimated at from 250 to 300.

ARRIVAL OF THE CALEDONIA.--The Caledonia arrived at Boston on Friday morning, after a tempestuous voyage of seventeen days, having left Liverpool on the 5th ult. It brings intelligence of the conviction of O'Connell and his compatriots, a verdict which had excited a profound sensation. Judgment will not be pronounced until the ensuing term. What it will be is as yet conjectured, but it is stated that the Duke of Wellington has already intimated that O'Connell is not to be sent to prison or otherwise punished, the moral effect of a conviction being sufficient. O'Connell has protested against the verdict.

An inquiry in relation to the Oregon territory was made in the House of Commons, on the 2nd ult. A paragraph in the European Times, under the head of Oregon territory, speaks of a body of troops which are about to embark for the Oregon territory, to be employed in the boundary service, under Colonel Estcoombe. This is a mistake; the boundary service, alluded to is the Northeastern boundary survey.

The Commercial news is unimportant. Money continues abundant, and interest only two per cent. Cotton has been slightly depressed by the Manchester spinners' combination to buy light and work short time.

WASHINGTON NEWS.--The Hon. JOHN C. CALHOUN, the newly appointed Secretary of State, has accepted the station and is every day expected at Washington.

The Hon. JOHN Y. MASON, Secretary of the Navy, arrived in Washington on Monday, to take upon himself the duties of his new station.

Gen. HENDERSON, the Texian Commissioner, appointed on the part of that Republic to negotiate the treaty for annexation, left Natchitoches in Louisiana, on his way to Washington, on the 7th ult. His arrival at the Capitol is daily expected.

A resolution has passed the U. S. Senate for the adjournment of Congress on the 27th of May.--This resolution, so loudly demanded by public opinion, yet requires the assent of the House.

SUDDEN DEATH, APOPLEXY, BURSTING OF VESSELS, &c.--Wright's Indian Vegetable Pills are certain to prevent the at once dreadful consequences, because they purge from the body those morbid humors which, when floating in the general circulation, are the cause of a determination or rush of blood to the head, a pressure upon the brain, and other dreadful results.--From two to six of said Indian Vegetable Pills, taken every night, on going to bed, will in a short time so completely cleanse the body from every thing that is opposed to health that sudden death, apoplexy, bursting of blood vessels, or indeed any malady, will be in a manner impossible.

Wright's Vegetable Indian Pills also aid and improve digestion, and purify the blood and therefore give health and vigor to the whole frame, as well as drive disease of every name from the body.

Beware of Counterfeits.--The public are cautioned against the many spurious medicines which in order to deceive are made in outward appearance, closely to resemble the above wonderful Pills.

Observe.--Purchase only of the advertised agents, or at the office of the General Depot, No. 169 Race street, Philadelphia, and be particular to ask for WRIGHT'S Indian Vegetable Pills.

The genuine medicines can be obtained at the store of Wm. Stewart, Huntingdon.

DR. WISTAR'S BALSAM OF WILD CHERRY.--Now that this preparation is well known to be a more certain cure for incipient Consumption, Asthma, Liver Complaint, Coughs, and all similar affections, than any other remedy ever known, there will be, and now are found those so villainously wicked as to concoct a spurious and perhaps poisonous mixture, and try to palm it off as the genuine Balsam. We raise no false alarm. An imitation appeared in Rochester, N. Y., last winter; and in other parts, another article somewhat resembling Dr. Wistar's Balsam in name is sold.

We advise the public of these schemes, that their health may not be trifled with, nor ourselves plundered of our just rights. Dr. Wistar's Balsam of Wild Cherry is a new medicine, and more efficacious than any other known. We have the written signatures of such men as Recorder Talmadge, Counselor Williams, and John Power, D. D., of New York; H. Gouge, Esq., Member of Parliament, and scores of others, to prove that it had cured Asthma, Bleeding of the Lungs, &c. &c., after the physician's skill has ceased to benefit.

For sale by Thomas Read, Huntingdon and James Orr, Hollidaysburg.

Furnace to Let.

The Valley Furnace is situated on Silver Creek, near Pottsville in the Schuylkill Coal Region.

Beds of Anthracite Coal and Strata of Iron ore are opened for work, close by the stack. The public railway runs by the works, giving a daily communication at all seasons, with the city of Philadelphia.

Limestone is cheaply had by canal or railway. It is exactly the same as that of the coal fields of Great Britain, from which nearly all the iron is made in that country. It fuses very easily. The "black band" iron stone, from which the Scotch gray iron is made, exists in this coal basin; but no search has been made for workable beds, the discovery being recent.

The Furnace is newly built, with a good steam engine and blowing apparatus. Its yield is about 35 tons weekly, and there is an extensive consumption of iron in the coal district. There is no other Furnace in working order in that region.

The Furnace will be rented on very favorable terms to any person having sufficient capital to conduct the business properly. Apply to J. S. SILVER, 342 North Sixth street, Philadelphia. April 3, 1844.

Hardware & Cutlery!

The subscriber having just received (per late arrivals from England) direct from the Manufacturers, a large invoice of Hardware and Cutlery, which makes complete one of the best assorted stocks of

Hardware

to be found in the city of Philadelphia, respectfully invites country Merchants to call and examine for themselves, as it is his fixed determination to sustain the reputation it has acquired of being the cheapest store in the city. Those who buy for cash in preference to paying 15 or 20 per cent. for the sake of 6 months credit will please call before purchasing and get a list of my prices, which will satisfy them better than anything I can say in an advertisement, that a store established on the exclusive

Cash System,

can sell cheaper than those who buy and sell on 6, 9 or 12 months credit. I have just received a large Invoice of Newton Darling, Wilson's, Griffin's, Waldron's, Inman's, Carr's and Harper's Hay and Manure Forks, Brads, Sad Irons, American Plane Irons and Saws, Rowland's and Ames' Shovels and Spades, together with a general assortment of Domestic Hardware, which will be sold very cheap for net cash and cash only.

Package Sales of Boots and Shoes, (Every Tuesday morning, at 10 o'clock,) BY G. W. LORD.

CARD.--A combination having been formed by a portion of the Dealers in Boots and Shoes of this city, with the avowed object of suppressing the sale of those goods by auction, it seems proper for the subscriber, (who has held these sales for the past eighteen months) to state that notwithstanding this combination, the sales will not be stopped, but on the contrary, as he will now rely more than ever on the patronage of the country Merchants, the sales will be held every Tuesday morning at the auction store, 208 Market Street, and his arrangements with the Manufacturers, both of this city and all New England, are such as to insure him a constant and full supply of every description of goods.

The mere fact of so great an effort being made to put down these sales, is the best evidence the country Merchants can have, that it is for his interest to sustain them. Philadelphia, March 27, 1844.--6m.
