

VARIETY.

Dining with the President.

Col. Crockett gives the following account of his dining with the President:—'Well I walked all around the long table, looking for something that I liked.— At last I took my seat just beside a fat goose, and helped myself to as much of it as I wanted. But I had not taken three bites, when I looked away up the table at a man they called Tash (attach). He dodged his head, she dodged her's and then they got to drinking wine across the table.— But when I looked back again, my plate was gone, goose and all.—So I just cast my eyes down to other end of table' and sure enough, I see a white man walking off with my plate I says, 'Hallo Mister, bring back my plate.' He fetched it back in a hurry, as you may think; and when he set it down before me, how do you think it was? Licked as clean as my hand. If it was not, I wish I may be shot. Says he, 'What will you have sir?' And says I, 'You may well say that, after stealing my goose.' And he began to laugh.— Then says I, 'Mister laugh if you please, but I don't half like such tricks upon travellers.' I then filled my plate with bacon, greens, and whenever I looked up or down the table, I held on to my plate with my left hand. When we were all done eating, they cleared everything off the table cloth. And what do you think? There was another cloth under it. If there was not I wish I may be shot. Then I saw a man coming along, carrying a great glass thing, with a glass handle below, something like a candlestick. It was stuck full of little glass cups, with something in them that looked good to eat. Says I, 'Mister, bring that thing here.' 'Think's I' let's taste them first. They were everlasting sweet and mighty good, so I took a dozen of 'em. If I didn't I wish I may be shot.'

Dow Jr., on Man.

We find the following rich morsel in one of Dow, Jr.'s Short Patent Sermons:—'Man looks upon life just as he does upon woman—there is no living with them, and he can't live without them. He will run after them and rather than be held he will lose his coat tail and character—kisses them for love, and then kicks them for leading him into trouble. So with life; he partakes of its pleasures, and then curses it for its pains, gathers bouquets of bliss and, when their blossoms have faded, he finds himself in possession of a bunch of briars; which is all owing to a little incident that occurred in Paradise when man was as green as a tobacco worm; and as unsuspecting as a free toad in a thunder storm. He was told to increase and multiply, and so he accordingly increased his carer and curses, multiplied his miseries, and peopled the world with a parcel of candidates for perdition, and I am one of them.'

How Sanctions.—As the Whig party have incurred many hard names, such as Federalist, Aristocratic, &c., by their advocacy of a United States Bank, it may be as well to record a fact in reference to that subject which has been brought to our notice by the remarks of Mr. Garret Davis, of Kentucky, at the recent Whig meeting in New York, in honor of Mr. Clay's birth-day. Mr. D. stated that of the thirty-seven delegates who signed the Declaration of Independence, thirty-two of them together with General Washington supported the establishment of a United States Bank. We are aware that this piece of history will be considered a matter of little consequence by Locofoco politicians who are imbued with the spirit of 'progressive Democracy,' but trust it will not be without its weight with the honest and patriotic who constitute the great body of the party. Let the fact be circulated through the country, and we cannot well conceive how demagogues will be able to summon the effrontery to denounce as enemies of the people those who are endeavouring to restore the institutions of their forefathers.—Whig Standard.

The Lexington Inquirer says: When Col. Johnson heard of the nomination of Mr. Frelinghuysen, as the candidate for Vice, President, by the Whigs Convention he threw up his hands and exclaimed, 'Mercy on me, I would rather run against any other man in the United States!' His moral character is without a blemish.

Severe.—The Cincinnati News avers, that a certain lady had a custom of saying to a favourite little dog to make him follow her, 'Come along sir.' A would be witty gentleman stepped up to her one day and accosted her with, 'Is it me, madam, you called?' 'O, no, sir,' said the lady, with great composure, 'It was another puppy, I spoke to.'

The End of the World.—Father Miller at the Tabernacle in Boston on Tuesday night, said he had made a great mistake about the end of the world.—'The time had now gone by, and he must now confess that he knew nothing about it. He made his confession with tears in his eyes.'

Home Production.—The Newburyport Herald gives the citizens of that town this advice: 'Do you want a wife? Look among our girls at home, and you'll find a good one. Don't go abroad for anything you can find as well at home.'

WRIGHT'S Indian Vegetable Pills.

If, during the continuance of storms and floods, the channels of OUR MIGHTY RIVERS become so obstructed as to afford an insufficient outlet for the superabundant waters, we can expect nothing less than that the surrounding country will be

Overwhelmed with the Flood. In like manner with the human body—the skin, kidneys and bowels (the natural outlets for useless and corrupt humors) become so obstructed as to fail in affording a full discharge of those impurities which are in all cases.

THE CAUSE OF SICKNESS, we surely can expect no other results than that the whole frame will sooner or later be OVERHELMED WITH DISEASE.

As in the first place, if we would prevent an inundation we must remove all obstructions, in order that there may be no hindrance to the free discharge of the superabundant waters. So, in the second place, if we would prevent and cure disease, we must open and keep open, all natural drains of the body.

Wright's Indian Vegetable Pills of North American College of Health, will be found one of the best if not the very BEST MEDICINE IN THE WORLD for carrying out this beautiful and simple theory, because they completely cleanse the stomach and bowels from all bilious humors, and other impurity, and at the same time promote a healthy discharge from the lungs, skin and kidneys; consequently as all the natural drains are opened,

DISEASE OF EVERY NAME IS LITERALLY DRIVEN FROM THE BODY.

Caution.—As the great popularity and consequent great demand for Wright's Indian Vegetable Pills has raised up a host of counterfeiters, country storekeepers and agents will be on their guard against the many impostors who are travelling about the country selling to the unsuspecting a spurious article for the genuine. It should be remembered that all authorized agents are provided with a certificate of agency, signed by WILLIAM WRIGHT, Vice President of the North American College of Health. Consequently, those who offer Indian Vegetable Pills, and cannot show a certificate as above described will be known as impostors.

The following highly respectable storekeepers have been appointed agents for the sale of Wright's Indian Vegetable Pills, and of whom it is confidently believed the genuine medicine can be obtained: William Stewart, Huntingdon. Henry Leamer Hollidaysburg, B. F. Bell, Antes township. Robert McNamara, Newry. Samuel S. Isett, Tyrone township. Millikens & Kessler, Mill Creek A. & N. Cresswell, Petersburg. Gemmel & Porter, Alexandria. Moore & Steiner, Water Street. Joseph Patton, Jr. Duncansville. R. H. McCormick, Collinsville. Wolf & Willert, Frankstown. Henry Brewster, Shilfleysburg. Walter Graham, White Springs. Office devoted exclusively to the sale of the medicine, wholesale and retail, No. 169 Race street, Philadelphia.

Beware of counterfeits.—The public are respectfully informed that medicine purporting to be Indian Pills made by one V. O. Flack, are not the genuine Wright's Indian Vegetable Pills. The only security against imposition is to purchase from the regularly advertised agents, and in all cases be particular to ask for Wright's Indian Vegetable Pill. Dec. 27, 1843.—1y.

TO INVALIDS.

How important it is that you commence without loss of time with BRANDRETH'S PILLS. They mildly but surely remove all impurities from the blood, and no case of sickness can effect the human frame, that these celebrated Pills do not relieve as much as medicine can do. COLDS and COUGHS are more benefited by the Brandreth Pills than by Lozenges and Candies. Very well, perhaps, as palliatives, but worth nothing as ERADICATORS of diseases from the human system. The Brandreth Pills cure, they do not merely relieve, they cure. Diseases, whether chronic or recent, infectious or otherwise, will certainly be cured by the use of these all-sufficient Pills. CURE OF A CANCEROUS SORE. SING SING, January 21, 1843. Honored Sir—

DR. BENJAMIN BRANDRETH:

Owing to you a debt of gratitude that money cannot pay. I am induced to make a public acknowledgment of the benefit my wife has derived from your invaluable Pills. About three years this winter she was taken with a pain in her arcle; which soon became very much inflamed, and swollen, so much that we became much alarmed, and sent for the doctor. During his attendance the pain and swelling increased to an alarming degree, and in three weeks from his first commencing it became a running sore. She could get no rest at night the pain was so great. Our first doctor attended her for six months, and she received no benefit whatever, the pain growing worse and the sore larger all the time. He said if it was healed up it would be her death, but he appeared to be at a loss how to proceed, and my poor wife still continued to suffer the most terrible tortures. We therefore sought other aid, in a Botanical doctor, who said when he first saw it that he could soon cure the sore and give her ease at once. To our surprise he gave her no relief, and acknowledged that it quite baffled all his skill.

Thus we felt after having tried during one whole year the experience of two celebrated physicians in vain, in absolute despair. My poor wife's constitution rapidly failing in the prime of her years from her continued suffering. Under these circumstances we concluded that we would try your Universal Vegetable Pills, determined to fairly test their curative effects. To my wife's great comfort the first few doses afforded great relief of the pain. Within one week to the astonishment of ourselves and every one who knew the case, the swelling and the inflammation began to cease so that she felt quite easy, and would sleep comfortable, and sir, after six weeks' use she was able to go thro' the house and again attend to the management of her family, which she had not done for nearly fourteen months. In a little over two months from the time she first commenced the use of your invaluable Pills her arcle was quite sound, and her health better than it had been in quite a number of years before. I send you this statement after two years test of the cure, considering it only an act of justice to you and the public at large. We are with much gratitude, Very respectfully, TIMOTHY & ELIZA A. LITTLE.

PS.—The Botanical Doctor pronounced the sore cancerous, and finally said no good could be done, unless the whole of the flesh was cut off and the bone scraped. Thank a kind Providence, this made us resort to your Pills, which saved us from all further misery, and for which we hope to be thankful. T. & E. A. L.

Philadelphia Package Sales of Boots and Shoes.

(Every Tuesday morning, at 10 o'clock,) BY G. W. LORD. CARD.—A combination having been formed by a portion of the Dealers in Boots and Shoes of this city, with the avowed object of suppressing the sale of those goods by auction, it seems proper for the subscribers, (who has held these sales for the past eighteen months) to state that notwithstanding this combination, the sales will not be stopped, but on the contrary, as he will now rely more than ever on the patronage of the country Merchants, the sales will be held every Tuesday morning at the auction store, 208 Market Street, and his arrangements with the Manufacturers, both of this city and all New England, are such as to insure him a constant and full supply of every description of goods. The mere fact of so great an effort being made to put down these sales, is the best evidence the country Merchants can have, that it is for his interest to sustain them.
