Linntingdon, Wednesday morning, Nov. 13, '44.

The Huntingdon Journal has a larger circulation than any other Wewspaper in Huntingdon county. We state this fact for the benefit of Advertisers.

TV. B. PALMER, Esq. (No. 59, Pine street below Third, Philadelphia,) is authorized to act as Agent for this paper, to procure subscriptions and advertisements.

Pennsylvania.

This State has declared against the Tariff of 1842, and against the distribution of the proceeds of the Public Lands. Is it not so? Pennsylvania has given Mr. Polka majority of from 4,000 to 6,000 votes. This is the verdict of the people—the irreversible decree of the ballot-box. But who will say versible decree of the ballot-box. But who will say that Pennsylvania is in truth and reality opposed to the Protective System, and opposed to receiving her share of the public land fund? Who can sup-pose the people of oppressed and tax-ridden Penn-sylvania to be in favor of so suicidal a policy? How, then, are we to account for so strange a ver-

the editors and orators of the Locofoco party.
They have been made to believe that James K. Polk
is as good a Tariff man as Henry Clay, and that
Distribution is a measure of the Locofoco party.
In this way many of the honest and well-meaning
sons of Pennsylvania have been induced to vote
blindly against their dearest interests. If Free

eighteen months roll round we shall acknowledge our erroneous judgment.

Another matter has contributed greatly towards bringing about this unfortunate result. The leaders of the Polk party pandered to the passions and pre-judices of foreigners through their "gallows pam-phlets" and other equally contemptible means; and succeeded in getting almost the unanimous vote of succeeded in getting atmost the unanimous vote of our foreign population. Demagogues may accuse us of underrating the intelligence of the people. Let the result of the election furnish our answer. Where do you find an intelligent county in the State that gave a large majority for Mr. Polk? State that gave a large majority for Mr. Polk? Where is there a county truly and eminently intelligent that did not give a large majority against him. And where in Pennsylvama is there a dark and benighted region, where men cannot read or write their names, that does not go for Polk and "Democracy!" In short, where is there a Tulpshocken that does not follow, blindfolden, the leaders of the Largetge negative? cken that does not foliours of the Locofoco party?

sylvania has, moreover, declared herself in annexing Texas to the United States—asrayor of annexing Texas to the United States—as-suming her debts—involving the nation in a war with Mexico—extending and perpetuating Slave-ry—and giving preponderance to the South. Our opponents used no deception in this matter, and we feel disposed to give them their due. The "Loan Star" of John Tyler's Administration glittered on the banners of our expressed set the procedule. Star" of John Tyler's Administration glittered on the banners of our opponents, and the people declared in its favor with their eyes open. Pennsylvania has declared in favor of this darling scheme of John Tyler! And why! Was it because they loved this cheme, or desired Texas—her enormous debts, and her corrupt and vicious population? No, no. It was because Texas was thrown upon that tweeting the transfer of the powerful nag-that successful hobby, "Democrapoweriut nag-that successful hobby, "Democra-cy," This blind nag carried Texas, Free Trade, Direct Taxation, and James K. Polk. If the ques-tion could be put to the rank and file of the Loco-foco party, individually and directly, the answer would be that they were opposed to all these mea-sures--that they did not declare in their favor, but for Democracy."

The Deed is done---God save the Country!

Unless States that we do not calculate upon, come to the rescue, James K. Polk is elected President of the United States. He will be a worthy successor of John Tyler! The Protective System will now be abandoned, and a mere Revenue Tariff substituted—Manufacturers must stop their operations—goods must be imported—our money will go to foreign countries to pay foreign laborers—and there it will remain.—So prepare for pressing times.

Dorrites of Pennsylvania and New York have heard much of James K. Polk and Free Trade. Wonder if they ever heard of Free Trade prices or voages. A gentleman writing from Philadelphia to a friend in this place, says—"All manufacturers are determined to stop operations until laborers' wages fall to free trade prices, that is, 30 cents per day, as the workingmen have decided by their votes." There are about 20,000 operatives in Philadelphia who will thus be thrown out of employment. The same writer asys,—"All who have establishments built upon credit will have to sacrifice them. Pennsylvania State 5's have fallen from 77 to 61. So much for Polk and Dallas." have heard much of James K. Polk and Free Trade,

We understand that in Moyamensing the locos have already raised banners with the name of Thoxas Doan inscribed upon them as their candidate for President in 1848. From Jackson the locos stepped down to Yan Buren and from Yan Buren to Polk. One step more brings them down to the Penitentiary. Can they get lower? An interesting tale might be written, under the title of "the locos in search of a candidate."—Forum.

If the Locos of Moyamensing have any difficulty in finding a suitable candidate for the Vice Presidency, let them inquire of the "powers that be," and they can probably ascertain the "whereabouts" of Bernard and Patrick Flannagan, the naurderers of Mrs. Holder. Either of these unhung convicts would be a suitable candidate on the "largest liberty" ticket.

The New York Sun says; "Brandreth's Pills have been used among many of our friends, and in our family we have used them nearly four years, when we required medicine. In that period, no doctor save Dr. Brandreth has crossed our threshold, and no medicine besides the Doctor's pills used.—Our belief is, keep your bowels and blood pure, and every kind of disease will be prevented or cured.—The Brandreth Pills are eminently calculated to do this, and thereby much lessen the sum of human misery. They are a certain cure for fevers, colds from damp or changeable weather, puttid exhaltations of any kind, or contagious maladies. None of these causes for sickness can effect us except through the organs or the stomach and bowels; and common sense tells us there can be no safer method than the removal of unhealthy accumulations in those important organs. It matters not whether those accumulations proceed from the impure state of the blocd, the state of the air, changes of the weather, or from unwholesome food."

INFLUENCA AND CONSUMPTION.—It is indeed a melancholy truth that thousands fall victims to Consumption every year, from no other cause than neglected Colds; yet we find hundreds, may thousands, who treat such complaints with the greatest indifference, and let them run on for weeks and even months, without thinking of the danger. At first you have what you considered a slight cough or cold; you allow business, pleasure, or carelessness to prevent you from giving it any attention; it then settles upon your breast—you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood; a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this complaint. If, then, you value life or health, be warned in time, and don't triffe with your Cold, or trust to any quack nostrum to cure you; but immediately procure a bottle or two of that famous remedy, Dr. Wistar's Balsam of Wild Cherry, which is well known to be the most speedy cure ever known, as thousands will testify whose lives have been saved by it.
