TO SENSIBLE CITIZENS.-We know

February 19, 1845.—6t.

TO SENSIBLE CITIZENS.—We know from what we see and feel, that the animal body is, in its organs and functions, subject to derangement, inducing pam, and tending to its destruction. In this disordered state, we observe nature providing for the re-establishment of order, by exciting some salutary evacuation of the morbific matter, or by some other operation, which "scapes our imperfect senses and researches. In some cases she brings on a clisis by the bowels, in others by sweating, &c. &c.

Now experience has taught us that there are certain substances, by which, applied to the living body, internally or externally, we can at will produce the same evacuations, and thus do in a short time, what nature could do but slowly, and do effectually what she might not have strength to accomplish. When then we have seen a disease cured by a certain natural evacuation, should that disease cour again, we may count upon curing it by the use of such substances, as we know bring about the same evacuation, which we had before observed to cure a similar disease.

It is in consequence of the power which the Brandreth Pills exert upon the whole system, that makes them so universally beneficial. It is because they impart to the body, the power to expel disease without leaving any evil effect.

As a general family medicine, Brandreth's Pills are for sale by the following Agents in this county.

Wm. Stewart, Huntingdon.

REMARKABLE CURES.

Of all the cures that have yet been recorded, there are certainly none equal to the below mentioned, and they plannly show the curability of Consumption, even in some of its worst forms:

Let every man, woman and child read the following, and we are sure that it must satisfy all of the great virtues of the medicine.

Hy Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq. of this place, and tried it in a case of obstinate Asthma on a child of Paul Schweble, in which many other re medics had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectuelly cured by its use. Yours, &c.

on the child is effectuelly cured by its use. Yours, &c. JACOB HOFFMAN, M. D. Dec. 23, 1841.

The case of Thomas Cozens is related by himself as follows, and acknowledged by all who knew him to be one of the most astonishing and extraordinary cures ever performed:

himse fi as follows, and acknowledged by all who knew him to be one of the most astonishing and extraordinary cures ever performed:

HADDONFIELD, N. J. April 20, 1843.

On or about the 13th of October, 1841, I was taken with a violent pain in the side near the Liver, which continued about five days, and was followed by the breaking of an alcer, or something inwardly, which relieved the pain a little, but caused me to throw up a great quantity of effensive matter and also much blood. Being greatly alarmed at this I applied to a physician, who said he thought he could do but little for me except give me some mercury pills which I refused to take freeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends but none did me any good and the discharge of blood and putrid corruption still continued every few days, and at the last it became so offensive that I could scarcely breathe. I was slos esized with a violent cough, which at timescaused neto raise much more blood than I had formerly done, and my disease continued in this way until February, when all hopes of my recovery were given up, and my friends all thought that I would die of a galloping consumption. At this mement when my life apparently was drawing near to its close, I heard of Wistar's Balsam of Wild Cherry and got a bottle which relieved me immediately, and by the use of only three bottles of this medicine, all my pains were removed, and m a few days my health was 10 far restored as to enable me to work at my trade (which is that of a carpenter) and up to this time I have enjoyed good health.

WITMESS.—I am acquainted with Thos Cozens and having seen him during his illness, I think his statement is entitled to full credit.
