TO SENSIBLE CITIZENS.—We know from what we see and feel, that the animal body is, in its organs and functions, subject to derangement, inducing pan, and tending to its destruction. In this disordered state, we observe nature providing for the re-establishment of order; by exciting some salutary evaluation of the morbific matter, or by some other operation, which escapes our imperfect senses and researches. In some cases she brings on a clisis by the bowels, in others by sweating, &c. &c.

Now experience has taught us that there are certain substances, by which, applied to the living body, internally or externally, we can at will produce the same evacuations, and thus do in a short time, what nature could do but slowly, and do officeually what she might not have strength to accomplish. When then we have seen a disease cured by a certain natural evacuation, should that disease occur again, we may count upon curing it by the use of such substances, as we know bring about the same evacuation, which we had before observed to cure a similar disease. It is in consequence of the power which the Brandreth Pills exert upon the whole system, that makes then so universally beneficial. It is because they impart to the body, the power to expel disease without leaving any evit effect.

As a general family medicine, Brandreth's Pills are for sale by the following Agents in this county.

Dear Str.—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq. of this place, and tried it in a case of obstinate Asthma on a child of Paul Schweble, in which many other re medies had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectuelly cured by its use.
