Character of Gen. Jackson.

The editor of the Philadelphia North American accompanies the announcement of the death of GEN. JACKSON, with the following analysis of his political and personal character.

As a military leader his courage and sagacity have never been questioned. He may have been impetuous, but he backed up his impetuosity with all the powers which he possessed.

As a statesman he was patriotic in his purposes and extremely arbitrary in enforcing them. His opinions were rather the result of impulses than a calm comprehensive survey of facts.

responsible dictator in discharging his executive functions. He regarded the constitution as the sacred ark of liberty, but interpreted for himself the inscriptions on the tablets which it contained.

As a citizen he was beloved and respected. He was as sincere in his friendships as he was undisguised in his hostilities. He was courteous alike to all.

PHYSICAL NECESSITY OF A SABBATH.

The following observations of Dr. Farrer, given before a committee of the British House of Commons, will be read with great interest by every reflecting man:

I have been in the habit, during a great many years, of considering the uses of the Sabbath, and of observing its abuses. The abuses are chiefly manifested in labor and dissipation. The use, medically speaking, is that of a day of rest, providing for the introduction of new and sublimer ideas into the mind of man.

ed from his higher use of the Sabbath as a holy rest. Were I to pursue this part of the question, I should be touching on the duties committed to the clergy; but this I will say, that researches in physiology, by the analogy of the working in nature, will establish the truth of revelation, and consequently show that the divine commandment is not to be considered as an arbitrary enactment, but as an appointment necessary to man.

From the Brooklyn Advertiser. A FAITHFUL DOG.

Some years since, a family residing in one of the Southern States, possessed a Newfoundland Dog, which conceived a strong friendship for the little daughter of its owner.

One day, the girl, having strayed away without the knowledge of her parents, sauntered along to the water, and was amusing herself by walking upon the string pieces of a pier.

Some five years after this occurrence, the family had resolved upon changing their place of residence for the city of St. Augustine.

The girl and her father were standing on the stern of the vessel, looking back upon the city which they had probably left forever, when suddenly Towser was seen running down to the edge of the wharf with something in his mouth.

The dog looked piteously around upon the bystanders, then at the retreating vessel, and leaped boldly into the water. His master immediately pointed out the noble brute to the captain and requested him to throw his vessel into the wind until the animal could near them.

THE BIG CHINESE LETTER.

This singular document, says the Washington Union of Saturday, which perhaps surpasses in its dimensions, and in particulars of composition, any state paper which was ever addressed to our government, arrived at the Department on Friday.

The letter to the President consists of a roll 7 feet 1 inch long, by 2 feet 11 inches wide. The writing is on a field of plain yellow silk, with a margin of silk of the same color embroidered in gold thread.

[COPY.]

The GREAT EMPEROR presents his regard to the PRESIDENT, and trusts he is well.

I, the EMPEROR, having looked up and received the manifest will of HEAVEN, hold the reins of government over, and soothe, and tranquilize the Central Flower Kingdom, regarding all within and beyond the border seas as one and the same family.

Early in the spring, the ambassador of your honorable nation, Caleb Cushing, having received your letter, arrived from afar at my province of Yoo.

Moreover, they having negotiated and settled all things proper, the said minister took the letter; and presented it for my inspection; and your sincerity and friendship being in the highest degree real and the thoughts and sentiments being with the utmost sincerity and truth kind, at the time of opening and perusing it, my pleasure and delight were exceedingly profound.

To Kwang Chow, Hen Mtn, Fung Chow, Ning Po and Shang Ho, it is alike permitted to the citizens of the United States, to proceed and according to the articles of the treaty, at their convenience to carry on commerce.

Now, bound by perpetual amity and accord, advantage will accrue to the citizens of both nations, which, I trust, must certainly cause the President also to be extremely well satisfied and delighted.

TWELVE DAYS LATER FROM EUROPE.

The Caledonia arrived at Boston on Thursday from Liverpool, bringing Liverpool papers to the 4th ult. We are indebted to Harnden & Co. for a paper to the latest date.

The Maynooth bill passed the House by a vote of 319 to 186—majority 133. The money market is represented as in a healthy state—paper readily discounted 2 1/2 a 3 1/2 per cent.

The Ibernia reached Liverpool on the 30th of May. All apprehension of a war with this country had disappeared.

The American provision market continues in a healthy state—demand fully equal to the import, and every day increases the popularity of the provisions from this country.

Don Carlos had abdicated his claims to the throne of Spain in favor of his son, INDIA CHOERA IN SHEFFIELD.—It was last week stated in the public papers that ten of the children of the Sheffield Workhouse had an attack of Asiatic cholera of the most virulent kind; and that one of them had died.

Mrs. Kemble, widow of the celebrated actor, John Philip Kemble, died on the 19th ult., at the age of 90, having survived her husband more than 20 years.

Tom Thumb is still the lion of the day in Paris. Poland is still in a disturbed state; at

Warsaw the prisons are daily increasing the number of their victims. The danger of correspondence by letters is greatly augmented.

Germany appears to be in a state of high excitement in consequence of the schism which M. Ronge, the new Pastor, who demands marriage for the Catholic priesthood, and the celebration of mass on the native, instead of the Latin language.

The House of Lords have passed the Heavyweight divorce bill. The lady in this case is the cher amie of Dr. Lardner.

FRANCE.—The repeal meeting at Tara took place on the 22nd ult. The numbers are variously estimated at from 10,000 to 20,000. O'Connell, of course, participated largely in the proceedings.

TURKEY.—The accounts from Constantinople for the 7th of May state that the health of the Sultan is on the decline. Some even went so far as to say that on the previous Friday, in consequence of this, he did not pay his usual visit to a mosque.

INDIA AND CHINA.—The Oriental Mail arrived in London on the 23rd ult. Intelligence has been received from Bombay to the 5th, Calcutta, the 7th, and Madras to the 14th of April. The news in a political point of view is unimportant.

Cholera is prevalent in Calcutta, but is not of a nature to create more than accustomed alarm.

There is a floating report that Aden has been surprised and captured.

From China there is nothing of interest.

LIVERPOOL COTTON MARKET.

JUNE 5.—Since Friday last a change for the worst has taken place; the market has become languid, the demand feeble and prices have declined a full 1d. from the quotations of last Friday, and Cotton is now very freely offered at the decline. The sales on Saturday were 4000 and to-day 2000. There has been no speculative buying.

TO COLLECTORS.

The several collectors of taxes within Huntingdon county for the years 1843, 1844 and 1845, are requested to pay into the county Treasury such sums as they may have received on their duplicates between this and the 15th of July.

The attention of the tax payers is called to the act of Assembly passed at the session of 1844, which requires the amount of state tax for the present year to be paid over before the second Tuesday in January next; and if it be not paid over, then the balance remaining unpaid bears an interest of five per cent. on the books of the state treasurer, and the county receives no appropriation to common schools until the balance is fully paid and satisfied.

The amount which Huntingdon county is required to pay into the State treasury fifteen days prior to the first of August, to entitle her to the reduction of five per cent. offered by the 42d section of said act, is \$22,500 00. Should the collectors for the present year pay over one half of this sum by the 15th of July, we may in that case, raise the balance, and thus effect a saving to the county of about eight hundred dollars.
