BLANK BONDS—Judgment and Court Orders for sale at this office.

PROSPECTUS OF THE United States Journal.

By JESSIE E. DOW & Co.

The first number of our new paper will be issued this (first) day of May, with an entire new dress—new type, fine white paper, with other important alterations and improvements. The paper will be devoted to a fearless exposition of Democratic principles; it will zealously and unremittently oppose each and every effort to establish a mammoth monarchy bank and other mischievous corporations and consolidations of wealth, which subvert the rights of the people and undermine the pillars of the Republic; it will oppose an oppressive and anti-republican tariff system, the assumption of the state debts by the General Government, and all other Federal principles which have an inevitable tendency to destroy public prosperity as well as individual happiness. Against all such political delusions, we shall wage unchanging, uncompromising war.

The FARMER and the MECHANIC who produce all the real capital of the nation will find in our paper an unwavering champion of their inalienable rights; the long cherished principles of the editors are too well known to the public to require any pledge upon this point. To the Miscellaneous Department particular attention will be devoted; the Ladies will always find in our columns a choice selection from the current literature of the day as well as original contributions from the most talented writers of which our country can boast. A general summary of Foreign and Domestic news will be furnished; a regular price current and a correct list of the prices of stocks will also be given.

The conductors have already secured the aid and co-operation of a large number of the most distinguished literary and political writers of the day; arrangements will also be made, at the earliest period possible, to embellish our columns by the contributions of correspondents from abroad. With this brief and imperfect outline of our plan, we very respectfully submit our claims to an extensive patronage to the consideration of a generous public.

THEOPHILUS FISK, JESSE E. DOW, EDITORS.

TO SENSIBLE CITIZENS.—We know from what we see and feel, that the animal body is, in its organs and functions, subject to derangement, inducing pain, and tending to its destruction. In this diseased state, we observe nature providing for the re-establishment of order, by exciting some salutary evacuation of the morbid matter, or by some other operation, which escapes our imperfect senses and researches. In some cases she brings on a crisis by the bowels, in others by sweating, &c. &c.

Now experience has taught us that there are certain substances, by which, applied to the living body, internally or externally, we can at will produce the same evacuations, and thus do in a short time, what nature could do but slowly, and do effectually what she might not have strength to accomplish. When then we have seen a disease cured by a certain natural evacuation, should that disease occur again, we may count upon curing it by the use of such substances, as we know bring about the same evacuation, which we had before observed to cure a similar disease. It is in consequence of the power which the Brandreth Pills exert upon the whole system, that makes them so universally beneficial. It is because they impart to the body, the power to expel disease without leaving any evil effect.
As a general family medicine, Brandreth's Pills are, it is believed by the public, superior to every other offered to the public. Dr. Brandreth's Pills are for sale by the following Agents in this county:
Wm. Stewart, Huntingdon.
M. Farlane, Garber, & Co., Hollidaysburg.

Diseases of the Lungs and Breast. TESTIMONIALS.

TO THE PUBLIC.—In accordance with the prevailing custom, and in order to show the virtues of this medicine more fully, the following certificates have been selected; and as it is not our wish to trifle with the lives or health of those afflicted, we sincerely pledge ourselves to make no assertions or "false statements" of its efficacy; nor will we hold out any hope to suffering humanity, which facts will not warrant. The proofs are here given—and we solicit an inquiry from the public into every case we publish, and feel assured they will find it a medicine well deserving their patronage and confidence.

REMARKABLE CURES.

Of all the cures that have yet been recorded, there are certainly none equal to the below mentioned, and they plainly show the curability of Consumption, even in some of its worst forms:
Let every man, woman and child read the following, and we are sure that it must satisfy all of the great virtues of the medicine.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thos. Read, Esq., of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwebel, in which many other remedies had been tried without any relief. The Balsam gave sudden relief, and in my opinion the child is effectually cured by its use.
Yours, &c.
JACOB HOFFMAN, M. D.
Dec. 23, 1841.

The case of Thomas Cozens is related by himself as follows, and acknowledged by all who knew him to be one of the most astonishing and extraordinary cures ever performed:

HADDONFIELD, N. J. }
April 20, 1843. }
On or about the 13th of October, 1841, I was taken with a violent pain in the side near the Liver, which continued about five days, and was followed by the breaking of an ulcer, or something inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter, and also much blood. Being greatly alarmed at this I applied to a physician, who said he thought he could do but little for me except give me some mercury pills which I refused to take feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends but none did me any good and the discharge of blood and putrid corruption still continued every few days, and at the last it became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had formerly done, and my disease continued in this way until February, when all hopes of my recovery were given up, and my friends all thought that I would die of a galloping consumption. At this moment when my life apparently was drawing near to its close, I heard of Wistar's Balsam of Wild Cherry and got a bottle which relieved me immediately, and by the use of only three bottles of this medicine, all my pains were removed, and my cough and spitting of blood restored, and in a few days my health was so far restored as to enable me to work at my trade (which is that of a carpenter) and up to this time I have enjoyed good health.

WITNESS.—I am acquainted with Thos. Cozens and having seen him during his illness, I think his statement is entitled to full credit.

It is unnecessary to remind all who would get the true article, to inquire particularly for "Dr. Wistar's Balsam of Wild Cherry," and take nothing else.

Unprincipled dealers will tell you that the Syrup of Wild Cherry, or some other cough medicine is equally as good. Regard them not—they only want your money! Remember, it is "Wistar's Balsam of Wild Cherry" that "not only relieves but cures!"
