

**Latest from Texas--Steamboat Explosion--Ten Lives Lost.**

We learn from the N. O. Picayune that by the steamship Alabama, advices from Corpus Christi to the 15th ultimo, have been received. There is nothing more important from the head quarters of the army, except the bursting of the steamboat Dayton's boiler, on the 12th ultimo, on the passage to Aransas Bay, from Corpus Christi. Ten persons were killed immediately and seventeen injured, some it is feared fatally. The only names of the dead yet received, are Lieut. Wiggins and Berry, 4th regiment of Infantry; Captain Crossman, the Quarter Master, was on board, together with two other officers. They were blown to the distance of one hundred yards, but were not seriously injured. Captain C. had one of his legs somewhat bruised, but the next day was able to walk and attend to his business. The Picayune expresses a hope that the deaths do not exceed ten. The bodies were all recovered. The boat is an entire loss.

A bearer of despatches arrived at Camp 15th, and same day the United States brig Porpoise touched there on her way to Vera Cruz. On the 14th ult., a company of traders arrived at General Taylor's camp. They reported that they had seen within two days march of the camp, about two hundred Lappans and as many Camanches, on their way to Matamoros, (by invitation from Mexico) to join the forces to be directed against General Taylor. The report of the traders was half credited. Spies were sent out to reconnoiter for 30 or 40 miles about, to ascertain every thing possible, and he no doubt has spies pushed further ahead. The State Constitution of Texas was adopted by the Convention. Attached to it is an ordinance of vast importance, in regard to grants of Texas lands. It will be submitted to the people at the same time as the Constitution.

**MORE MORMON TROUBLES.**—In Illinois another outbreak has occurred against the Mormons, which appears to have had its origin in some outrage supposed to have been committed by members of that sect. The St. Louis Republican says:—

"On Tuesday morning last, (9th ultimo), an attack was made on a school house, in Rocky Run Precinct, by some persons unknown, but supposed to be Mormons, in which there was at the time of the attack a convention of Anti-Mormons, or old settlers of the country. The door and windows of the house were completely riddled by the shots fired by the assailants. The attacking party approached under cover of the woods and bushes, and fired one round and fled. No person was injured, but many were, I presume, much frightened at this sudden and unexpected assault. The old settlers in that section of the country armed themselves for defence, and if they are backed by their friends in other parts of the country, blood will flow. By a messenger just in, who came to purchase lead, powder, flint, &c., I learn that four buildings were burned down last night, and one man shot, and very badly wounded, but not mortally. Yesterday, thirteen wagons, loaded with furniture, were seen wending their way to the City of Refuge, (Nauvoo.)

"2 o'clock, P. M.—Another messenger has just arrived from the county, and reports that large bodies of Mormons are parading the southern part of the county, and that a number of families from the interior are on their way to Warsaw, seeking protection. I can form no opinion what the result will be. The storm may pass over without any very serious consequence, and there may be much destruction of property, and the loss of many lives before peace and quiet shall be fully and permanently established in this unhappy county."

**STILL LATER.**

In addition to the foregoing we have the following from an Extra from the Illinois State Register:

SUNDAY, Sept. 21, 1845.

We issue an extra for the purpose of furnishing the latest news from Hancock. It appears that the Anti-Mormons continued their work of destruction until upwards of one hundred houses have been consumed. Sheriff Backenstos failed in raising a posse strong enough to stop these movements without resorting to Nauvoo, owing to the fear of all well disposed persons in the country, that their own houses might be consumed. We learn that he has raised about five hundred men, from Nauvoo, all well armed, with which he had dispersed the rioters, commanded by Col. Williams, at Green Plains.

In this affair no lives were lost, as the "Anties" run and took shelter in a cornfield, before the posse came within firing distance. Backenstos had been driven away from Carthage, and returned with about five hundred men, to remove his family; on his retreat, he fell in with a large body of Anti-Mormons, when a battle ensued. It is said that eighteen Anti-Mormons and three Mormons were killed. It appears that Williams, Sharp, Davis and other leaders, escaped. A large number of the Anti-Mormons were taken prisoners and are now confined and guarded in the court-house at Carthage.

The people had all fled from Carthage, Augusta, and other Anti-Mormon towns, and carried their families into the counties of Adams, Marquette, Schuyler, and McDonough, and are beating up for volunteers in those counties to recruit their forces with which to renew the war. It is known how many men they will be able to raise, but it is believed that they have so disgraced themselves by their incendiary mode in which they have carried on the war, that their success will not be very great.—But if they succeed, another bloody battle may be expected in the course of this week.

Before this news arrived, the Governor had issued a call for five hundred men to quell the disturbances.

We are advised that it is a fact that no letters have been received at this place from any of the Mormon party since the commencement of these troubles, except one from a very obscure man in Nauvoo, and another from McDonough county, and no newspapers. It is rumored that the mails have been stopped, and there is a story afloat that one mail carrier has been murdered. No messenger has arrived from all that section of country until to-day, when a committee arrived from Mt. Sterling.

Wheat is on the decline in the city of Philadelphia.

**MEXICAN BOMBAST.**—The Washington Union says that the following curious specimen of bombast is from a Tampico paper:—"Why are not our valiant troops battling with these Yankees drunk with whisky and raw meat, who would let themselves be killed like hogs? Why have not the enemy's advanced troops perished by the swords and lances of our invincible veterans of the North? Why should they be permitted to fortify themselves, in order that, in cold blood, and so ingloriously, with their fifteen-chambered rifles, they may make us purchase victories dearly?"

Capt. Seelye, of the schr. Velasco, at New York, 21 days from St. Domingo, reports that all was quiet at the city of St. Domingo, and likewise on the frontiers, when he left. The Dominicans were in great fear at the prospect of a termination of the revolution. American produce of all kinds plenty and low. Mahogany scarce, and what there was, principally taken up for the European markets.
