## ANOTHER ASTONISHING CURE.

WISTAR'S BALSAM OF WILD CHERRY, ALWAYS TRIUMPHANT! CURE FOLLOWS CURE! IN ITS ONWARD VICTORIOUS CAREER!

DAYTON, Feb 11th, 1845.

Mr. J. W. Whitmore:—Dear Sir, As you are the regular authorized agent in Dayton, for the sale of "Dr. Wistar's Balsam of Wild Cherry," I take this method of making a statement of facts to you (which I hope may be published to the world) in reference to an almost miraculous Cure, wrought in my case by means of the above invaluable Balsam.

Language fails to describe the salutary effect it produced and the great benefit I derived from its use.

The citizens of Dayton and vicinity, well recollect, that on the 8th of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast, and in all probability, some fragments or splinters of the ram-rod passed through the "plura" and pierced the lungs.

After the lapse of six weeks, I was attacked with a distressing cough and violent pain in my right side. Some ten days after this, when in a paroxysm of coughing, suddenly an ulcer broke, and a large quantity of offensive matter, mixed with blood, was discharged, most of which found passage through the opening of the wound: from this opening there frequently passed a quantity of air, supposed to issue from the lungs. During all this time my sufferings were almost intolerable.

My physicians, meanwhile, paid the strictest attention to me and did all in their power for my recovery. But with all their skill they could not reach the seat of distress, after the lungs had become affected. I was visited during this time by at least twenty physicians.

It was now reduced to a certainty, that inflammation of the lungs was rapidly taking place, and that this would terminate my life in a short time, was in the highest degree probable.

At this critical state, a messenger was dispatched to Cincinnati, and a celebrated physician, of that place was consulted. When he was made acquainted with my situation, he remarked that nothing could be done by medical aid, if the constitution itself was not sufficient to throw off the disease.

My friends now despaired of my recovery, and had no earthly ground of hope to survive many days. Fortunately at this juncture I saw one of Dr. Wistar's pamphlets, entitled "Family Medical Gazette" or treatise on Consumption of the lungs, and had often heard of dying men "catching at straws;" I felt like doing so myself. By the consent of my physicians, I sent you for a bottle of medicine described viz: "Wistar's Balsam of wild Cherry" which relieved me almost immediately. After I had used some 5 or 6 bottles. I so far recovered as to be up and about. My cough ceased, and my lungs were restored to a healthy state—all from the healing and balmy influence, and powerful medical virtues of Wistar's Balsam.

Yours truly,  
CHARLES R. SMITH.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq., of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwebe, in which many other remedies had been tried without any relief. The balsam gave sudden relief, and in my opinion the child is effectually cured by its use. Yours, &c.

JACOB HOFFMAN, M. D. December 23, 1841.

The true and genuine "WISTAR'S BALSAM OF WILD CHERRY" is sold at established agencies in all parts of the United States.

## M'ALLISTER'S ALL-HEALING OINTMENT.

## INSENSIBLE PERSPIRATION.

THE preceding figure is given to represent the insensible perspiration. It is the great Evacuation for the impurities of the body. It will be noticed that a thick cloudy mist issues from all parts of the surface, which indicates that the perspiration flows uninterruptedly when in health, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposed by the means of nearly all the impurities within us. The language of scripture, "in the Blood is the life." If it ever becomes impure it may be traced directly to the stoppage of the "insensible perspiration." Thus we see all that is necessary when the blood is stagnant or infected, is to open the pores and it relieves itself from all impurity instantly. Its own heat and vitality are sufficient, without one particle of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies. All practitioners, however, direct their efforts to restore the insensible perspiration. The Thompsonian, for instance, steams; the Homoeopathist deals out infinitesimals; the Allopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills.

To give some idea of the amount of the Insensible Perspiration, we will state that the learned Dr. Lewenhock ascertained that five-eighths of all we receive into the stomach passed off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the Insensible Perspiration. This is none other than the used up particles of the blood, and other juices giving place to new and fresh ones. To check this, therefore, is to retain in the system five eighths of all the vitiated matter that nature demands should leave the body.

It is by stopping the pores that overwhelm mankind with coughs, colds and consumptions. Nine-tenths of the world die from diseases induced by a stoppage of the Insensible Perspiration.

Let me ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores after they have been closed? Would you give a physic to unstop the pores? Or would you apply something that would do this upon the surface, where the clogging actually is? And yet I know of no physician who makes any external application to effect it. Under these circumstances I present to physicians and all others, M'ALLISTER'S ALL-HEALING OINTMENT, or the "World's Salvation." It has power to restore perspiration on the feet, on the head, around old sores, upon the chest, in short, upon any part of the body, whether diseased slightly or severely.

It has power to cause all external sores, scrofulous humors, skin diseases, poisonous wounds, to discharge their putrid matters, and then heals them. It preserves and defends the surface from all derangement of its functions. The surface is the outlet of five-eighths of the bile and used up matter within. It is pierced with millions of openings to relieve the intestines. Stop these pores and DEATH knocks at your door.—It is rightly termed all-healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption, liver, involving the utmost danger to the mind, and I declare before Heaven and my fellow men, in one single case has it failed to benefit when the patient was within the reach of moral means.

I have had physicians, learned in the profession, I have had ministers of the Gospel, Judges of the Bench, Aldermen and Lawyers, gentlemen of the highest erudition, and multitudes of the poor, use it in every variety of way, and there has been but one voice—one united, universal voice—saying, "M'Allister your Ointment is good."

CONSUMPTION.—It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. But if placed upon the chest, it penetrates directly to the lungs, separates the poisonous particles that are consuming them, and drives them from the system. I need not say that it is curing persons of Consumption continually, although we are told that it is foolishness. I care not what is said, so long as I can cure several thousand persons annually.

HEADACHE.—The salve has cured persons of the Headache of 12 years' standing, and who had it regularly every week, so that vomiting often took place. Deafness and Ear Ache are helped with like success.

COLD FEET.—Consumption, Liver Complaint, Pains in the Side or Chest, falling off the hair, one or the other, always accompanies cold feet. It is a sure sign of disease in the system to have cold feet. The Salve will cure every case.

In Scrofula, Erysipelas, Salt Rheum, Liver Complaint, Sore Throat, Brounchitis, Broken or Sore Breast, Piles, Aches, Discharges, such as Asthma, Oppression, Pains, also Sore Lips, Chapped Hands, Tumors, Cutaneous Eruptions, Nervous Diseases, and of the Spine there is no medicine known probably so good.

BURNS.—It is the best thing in the world for Burns. (Read the Directions around the box.)
