Diseases of the Lungs and Breast.

ANOTHER ASTONISHING CURE. Wistar's Balsam of Wild Cherry, Always Triumphant! Cure follows cure! in its onward Victorious Ca-reer!

ALWAST TRIUMPHANT! CURB FOLLOWS CURE! IN ITS ONWARD VICTORIOUS CAREEN!

DAYTON, Feb 1 1th, 1845.

Mr. J. W. Whitomore:—Dear Sir. As you are the regular authorized agent in Dayton, for the sale of "Dr. Wister's Balsam of Wild Cherry," I take this method of making a statement of facts to you (which I hope may be published to the world) in reference to an almost miraculous Cure, wrought in my case by menas of the above Invaluable Balsam.

Langnage fails to describe the salutary effect it produced and the great benefit I derived from its use.

The citizens of Dayton and viciuity, well recollect, that on the 8th of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast, and in all probability, some fragments or splinters of the ram-rod passed through the 'plura' and pierced the lungs.

After the lapse of six weeks, I wasattacked with a distressing cough and violent pain in my right side. Some ten days after this, when in a paroxysm of coughing, suddenly an ulser broke, and a large quantity of offensive matter, mixed with blood, was discharged, most of which found passage through the opening of the wound; from this opening there frequently passed a quantity of air, supposed to issue from the lungs. During all this time my sufferings were almost intolerable.

My physicians, meanwhile, paid the strictest attention to me and did all in their power for my recovery. But with all their skill they could not reach the seat of distress, after the lungs had become affected. I was visited during this time by at least twenty physicians.

It was now reduced to a certainty, that inflamation of the lungs was rapidly taking place, and that this would terminate my life in a short time, was in the highest degree probable.

At this critical state, a messenger was displatched to Cincinuati, and a celebrated physician, of that place was consulted. When he was made acquainted with my situation, he remarked that nothing could be done by medical aid, if the constitut

be done by medical aid, if the constitution itself was not sufficient to throw off the disease.

My friends now despaired of my recovery, and had no earthly ground of hope to survive many days. Furtunately at this juncture I saw one of Dr. Wistar's pamphlets, entitled 'Family Medical Gazette' or treaties on Consumption of the lungs, and had often heard of dying men 'catching at straws;' Ifelt like doing so myself. By the consent of my physicians, I sent to you for a bottle of medicine described viz; 'Wistar's Balsam of wild Cherry;' which relieved me almost immediately. After I had used some 5 or 6 bottles. I so far recovered as to be up and about. My cough ceased, and my lungs were restored to a healthy state—all from the healing and balmy influence, and powerful medical virtues of Wistar's Balsam.

Yours truly,

CHARLES R. SMITH.

CHARLES R. SMITH.

0 TRead the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq., of this place, and tried it in a case of obstinate Ashma on a child of Paul Schweble, in which many other remedies had been tried without any relief. The balsam gave sudden relief, and in my opinion the child is effectually cured by its use. Yours, &c.

JACOB HOFFMAN, M. D.

M'ALLISTER'S

INSENSIBLE PERSPIRATION

THE preceding figure is given to represent the insensible perspiration. It the great Evacuation for the impurities the body. It will be noticed that a thic cloudy mist issues from all parts of the stace, which indicates that the perspiratiflows uninterruptedly when in health, b the body. It will be noticed that a thick cloudy mist issues from all parts of the surface, which indicates that the perspiration flows uninterruptedly when in health, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes by this means of nearly all the impurities within us. The language of scripture, "in the Blood is the life," If it ever becomes impure it may be traced directly to the stoppage of the "insensible perspiration." Thus we see all that is necessary when the blood is stagnant or infected, is to open the pores and it relieves itself from all impurity instantly. Its own heat and vitality are sufficient, without one particle of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies. All practitioners, however, direct their efforts to restore the insensible perspiration. The Hydropathist shrouds in wet blankets; the Hydropathist shrouds in wet blankets; the Homoeopathist deals out infinitissimals; the Ailopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills.

To give some idea of the amount of the Insensible Perspiration, we will state that the learned Dr. Lewenhock ascertained that five-eights of all we receive into the stomach passed off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the Insensible Perspiration. This is none other than the used up particles of the blood, and other juices giving place to new and fresh ones. To check this, therefore, is to retain in the system five-eights of all the virulent matter that nature demands should leave the body.

It is by stopping the pores that overwhelm mankind with coughs, colds and consumptions. Nine-tenths of the world die from diseases induced by a stoppage of the Insensible Perspiration.

Let me ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores after they have

diseases induced by a stoppage of the Insensible Perspiration.

Let me ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores after they have been closed? Would you give a physic to unstop the pores? Or would you apply something that would do this upon the surface, where the clogging actually is? And yet? I know of no physician who makes any external application to effect it. Under these circumstances? present to physicians and all others, M'ALLISTER'S ALL-HEALING OINTMENT, or the World's Salve. It has fower to restore perspiration on the feet, on the head, around old sores, upon the chest, in short, upon any part of the body, whether diseased slightly or severely.

upon the chest, in short, upon any part of the body, whether diseased slightly or severely.

It has fower to cause all external sores, scrofulous humors, skin diseases, poisonous wounds, to discharge their putrid matters, and then heals them. It preserves and defends the surface from all derangement of its functions. The surface is the outlet of five-eights of the bile and used up matter within. It is pierced with millions of openings to relieve the intestines. Stop up these pores and DEATH knocks at your door.—It is rightly termed all-healing, for there is scarcely a disease, external or internal, that it will not benefit. I have used it for the last fourteen years for all diseases of the chest, consumption, liver, involving the utmost danger and responsibility, and I declare before Heaven and man, that not in one single case has it failed to benefit when the patient was within the reach of moral means.

I have had physicians, learned in the profession, I have had ministers of the Gospel, Judges of the Bench, Aldermen and Lawyers, gentlemen of the highest erudition, and multitudes of the poor, use it in every variety of way, and there has been but one voice—one united, universal voice—saying, "M'Allister your Ointment is good."

Good."

CONSUMTION.—It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. But if placed upon the chest, it penetrates directly to the lungs, separates the poisonous particles that are consuming them, and expels them from the system.—I need not say that it is curing persons of Consumption continually, although we are told that it is fooiishness. I care not what is said, so long as I can cure several thousand persons annually.

Headache.—The salve has cured persons of the Headache of 12 year's standing, and who had it regularly every week, so that vomiting often took place.

Deatness and Ear Ache are helped with like success.

week, so that vomiting often took place.
Deatness and Ear Ache are helped with
like success.

Cold Fert.—Consumption, Liver Complaint, pains in the Side or Chest, falling
off the hair, one or the other, always accompanies cold feet. It is a sure sign of disease in the system to have cold feet.

The Salve will cure every case.

In Scrofula, Erysipelas, Salt Rheum,
Liver Complaint, Sore Throat, Brolln
chitia, Broken or Sore Breast, Piles, aChest Diseases, such as Ashma, Oppression, Pains, also Sore Lips, Chapped
Hands, Tumors, Cutaneous Eruptions,
Nervous Diseases, and of the Spine there
is no medicine known probably so good.
Bunns.—It is the best thing in the world
for Burns, (Read the Directions around the
box.)

Pimples on the Face, Masculine Skin.

most medicines were to children taken inwardly, they would be slow to resort to them. Especially "mercurial lozenges," called 'medicated lozenges, 'vermitages, 'pills,' &c. The truth is, no one can tell, invariably, when worms are present. Now let me say to parents, that this salve will always tell if a child has worms. It will drive every vestage of them away. [Read the directions around the box.] There is probably no medicine on the face of the earth at once so sure and so safe in the expulsion of worms.

OLD SORES.—That some sores ere an outlet to the impurities of the system, is because they cannot pass off through the natural channels of the Insensible Peispiration. If such sores are healed up, the impurities must have some other outlet, or it will endanger life. This salve will always provide for such emergency.

RREUMATISM.—Almost every case cured with this ointment.

FEYERS.—In all cases of fever, the difficulty lies in the pores being locked up so that the heat and perspiration cannot pass off. If the least moisture could be started, the crisis has passed and the danger is over. The all-healing ointment will in all cases of fevers almost instantly unlock the skin and brings forth the perspiration.

SCALD HADA.—We have cured cases that actually defied every thing known, as swell as the ability of fifteen or twenty doctors, One man told us he had spent \$500 on his children without any benefit, when a few boxes of the ointment cured them.

CORTS.—Occasional use of the Olintment will always keep corns from growing. People need never be troubled with them if they will use it.

As a family medicine, no man can measure its value.

JAMES M'ALLISTER & CO.

Sole proprietor of the above Medicine.—Price 25 cents per box.

CAUTION.—As the All-Healing Ointment has been greatly counterfeited, we have given this caution to the public that "no ointment will be genuine unless the name of James M'Allister or James M'Allister or James M'Allister or James M'Allister & Co. are written with a pen upon every label."
