

FOREIGN NEWS.

ARRIVAL OF THE STEAMSHIP BRITANNIA. FIFTEEN DAYS LATER.

The steamer Britannia arrived at Boston, yesterday, at 1 o'clock, P. M. Things remain very much as they were on the departure of the last steamer.

The Hon. Louis McLane has returned.

The Cotton market has been in a quiet state. The sales on the 18th at Liverpool, were estimated at 6,000 bales. Speculators have taken 700 American, and have exported 500 bales. 1,000 bales, consisting of 500 Bahia, were sold at 6d. to 6 7/8d.; 100 Pernambuco at 6 1/2-2 3/8d. have been taken for the trade. The market closed in the manufacturing districts.

Business is not active; however, intelligence recently received from the United States, will give a new impetus to trade; the money market is easy, and for business, cash may be had very readily.

The produce markets are quite active, both as regards the home trade and the exports.

STATE OF TRADE.—MANCHESTER.—No change to report in our cloth market, since this day week. The favorable news from the United States has made the market firm. In printing cloth there is an advance.

THE HOUSE OF LORDS.—Parliament is expected to rise about the 28th of August. On the 17th the House of Lords passed the Sugar bill. The destitution in Ireland occupied the Commons the whole of Monday.

A sum has been appropriated for the employment of the poor of Ireland.

FRANCE.—The French elections have terminated, and great has been the success of the Guizot minister. The majority in the New Chamber is expected to be 100, and may possibly reach 110 votes.

The King had opened the Chambers with a short speech.

STORMS AND FLOODS IN ENGLAND.—There had been frequent storms and great falls of rain, which had injured the crops generally.

EFFECTS OF THE AMERICAN TARIFF IN ENGLAND.—Several markets have experienced the effect of the new Tariff, which goes into operation in the United States on the 1st of December next. Iron has already advanced in price, and the woolen manufactories are firm and improving.

The new Papal Tariff makes great reduction on woolen manufactures, cotton goods, sugar and coffee.

Indian corn has risen to 32 1/2s. per qr. The accounts of the potato crop continue to be disastrous.

The steamer Cambria arrived out in 10 days and 16 hours.

The steamer Great Britain arrived out in 13 days and 3 hours.

The ships Filicilia and Hottinger arrived out.

The popularity of the new Pope is unbounded.

American hams are selling at 35s. to 43s.; Lard, in kegs, selling at 38 to 40s.; bbls. 35 to 40s.

There is a good demand for beef and pork, and late prices are fully supported. Cheese of good quality is very scarce at Liverpool. Parcels of different quality have been sold at from 35 to 45s.

BRADFORD.—Our Wool market is well supplied.

The Aspect of Things in Philadelphia.

The Philadelphia correspondent of the New York Morning News, a leading Locofoco paper, holds the following language in regard to the political prospects in the former place:

"As for the political world—there is, beyond a question, an undercurrent in the Democracy here that goes the 'whole hog' for the protection of its iron and coal interests, as identified with the Tariff of '42. The State of Pennsylvania owes a debt of \$40,000,000, the interest of which they stagger under, and they reason in this manner: that in order to pay their obligations, their great interests must be fostered and protected. Should Nova Scotia coal be introduced, as they agree it will be, in a ratio of forty bushels to Pennsylvania's twenty-eight, it will virtually shut them out of the market, and the canal tolls must be in a corresponding degree affected, and with it the revenue, &c., that pays the aforesaid interest. I really had no idea of the vast interests that are involved in speaking of coal alone—in a conversation with Gen. Joseph Hall, he enlightened me in regard to some points, that I must confess I should before this have taken some pains to acquaint myself with. He tells me that in the Lehigh region they send to market one million tons of coal per annum, and over thirty million feet of lumber, and that Schuylkill county alone was interested ten millions per annum in its coal trade. Acting under these strong and powerful interests, the Democracy are divided in sentiment in regard to the policies of the Tariff of '46, and have, in order to further their interests and opinions, met in convention last evening, and nominated a separate and distinct ticket, rallying as the Tariff Democrats. They nominated Gen. Joseph Hall as their candidate for Sheriff, together with a full county ticket—the effect of which, I greatly fear, will be, to throw the county into the hands of the Natives."

FROM MEXICO.

[From the New Orleans Commercial Times.] HIGHLY IMPORTANT NEWS.

Through the politeness of an eminent commercial house, we have just been placed in possession of the following most important intelligence from Mexico. The news was received by a British man of war, which touched at the Balize with despatches from the British Minister at Mexico for his government. The purport of these despatches is, that the United States have taken possession of the Californias, and that the revolution in favor of Santa Anna is complete. We publish the following letters, from which it will be perceived that the steamer Arab, Santa Anna on board, was in sight of Vera Cruz on the 13th inst.

VERA CRUZ, Aug. 10, 1846.

Availing ourselves of the opportunity by a British man of war, we have just time to state that Mexico and Puebla have just pronounced in favor of federation and Santa Anna. Gen. Bravo's government had hardly been established when it was overthrown, and General Salez has put himself at the head of the Government until the arrival of Santa Anna. Tranquility was soon restored. Gomez Farias sided the partisans of Santa Anna to bring about the revolution. His sons have come down to give welcome to Santa Anna, who left the Havana on the 8th inst., in a British steamer called the Arab, accompanied by Almonte, Lanariz, Rejon, and Beves, and they ought to be here every day.—Gen. Paredes was taken prisoner, and is kept in the citadel of Mexico. Gen. Salez has issued already a letter of convocation of Congress on the principles of 1824, and the members are to assemble in Mexico on the 6th of December next. The present conveyance carries the news of the annexation of California to the United States, received last night by express.

VERA CRUZ, Aug. 16, 1846.

Advices have been received by express of the formal annexation of California to the United States, and this vessel of war takes the British Minister's despatches to New Orleans and to England. The whole country has declared in favor of Santa Anna, who left Havana for this city in the steamer Arab, but has not yet arrived, which makes his friends rather anxious for his safety.

P. S. The Arab is just in sight. The New Orleans Picayune of the 24th August says, that the British brig of war Daring arrived off the Balize last evening, from Vera Cruz, and two of her officers came up to town this morning with a mail and despatches.

The steamer arrived off Vera Cruz on the 16th August with Santa Anna on board. He immediately placed himself at the head of the movement in that Department. The Departments of Puebla and Mexico have declared for Santa Anna, and Paredes has already been taken prisoner. The revolt at the Capitol was headed by General Salez.

Later from the Army.

Arrival of General Taylor at Camargo.

The steamship McKim arrived from the Brazos Santiago at an early hour on Sunday morning, bringing dates from Point Isabel of the 17th, and from Camargo, the present head quarters of the army, of the 13th August. The news by this arrival from Matamoras is not of general moment. Col. Clark has succeeded in re-establishing order in the city, by putting into execution the orders dictated for that purpose by Gen. Taylor. The Captain of the battalion of Kentucky volunteers is supposed to have been murdered by the Mexicans on the road between Barita and Matamoras.

The town of China, on the Rio San Juan, 65 or 70 miles from Camargo, was taken on the 5th inst., by Captain McCulloch, of the Texan Rangers, without opposition. Col. Seguin, with 100 Mexicans were in town, but on the approach of the Americans they retreated. Another Mexican depot of Arms has been found at Matamoras and a quantity of stores and ammunition.

The Regiment of Rangers, under Col. Jack Hays and Lt. Col. Walker, left Matamoras about the 10th inst., on an incursion into the interior. The precise route to be taken by them is not known, and will depend, probably, upon circumstances. We hope to be kept fully apprised of the movements of this corps, to which great importance is attached in the Army.

The second regiment Dragoons, which is composed now of only four companies, with 375 men, has abandoned its encampment between Point Isabel and Fort Brown, and was at Matamoras at last accounts.

Maj. General Butler is represented to be quite ill at Point Isabel. Left at Brazos, ship Lehigh, discharging.

Highly Important from the Pacific.—The Californians taken by the U. S. Squadron.

The following highly important intelligence has been received at Washington from the Pacific:—Commodore Sloat entered the harbor of Monterey, and on the 6th of July, issued his Proclamation to the inhabitants of California, calling on them to remain peaceful, assuring them that he did not come as the enemy of California, but as their friend—that they are destined to form

part and parcel of the great Federal Union of the United States, enjoying the same rights and privileges as the citizens of those States. They should select their own civil officers, and magistrates, and enjoy all other privileges of freemen, of which they are now in part or wholly deprived. The same revenue laws should be in force in California as in the United States, by which means they would, as Californians and members of the American Union, obtain provisions and manufactures of the United States duty free, while all other imports would pay a duty at least twenty-five per cent. less than is now levied on the same articles by the laws of Mexico; those who will not become citizens of the great American Confederacy, to depart in peace with all their property, provided they lay down their arms, and remain in other respects neutral. He enjoins them to retain their Alcaldes and other magistrates, till they should have better digested the particular form of government they wish to adopt, and have had time to elect other officers in their places. All property of private citizens, and particularly that of the churches, should be respected; all supplies and provisions paid for on reasonable terms, and no private property used for public purposes without proper compensation.

The Proclamation was dated Savannah, harbor of Monterey, and signed John B. Sloat, Commander-in-Chief of the U. S. forces in the Pacific.

Capt. Montgomery, of the U. S. ship Portsmouth, entered the harbor of Yerba Buena, and issued his summons to the inhabitants of the country, in virtue of instructions from the Commodore. The summons bears date July 9, 1846.

In addition to the above news, information has reached here that Col. Fremont's advanced posts have reached Sonoma, to the North of San Francisco. Gen. Cotto, Governor of the Province, advanced at the head of his troops to repulse them; but the gallant Colonel meeting him in person, the Mexican forces retreated.

The Californians are greatly divided among themselves. A junta met at Santa Barbara, headed by Governor Pico, proclaiming California an Independent Republic. Hereupon the Mexican Governor, Castro, declared the province under martial law.

FIRES IN PITTSBURG.—DESPERATE RIOT, AND LOSS OF LIFE.—The saw mill of John Patterson, Esq., at Pittsburg, Pa., was totally destroyed by fire on Saturday night, 29th ultimo. Loss, about \$4000.

On Sunday afternoon, following, another fire broke out in Pittsburg, in a stable belonging to the tavern of Mr. A. Morton, on Liberty street, which was soon destroyed.

A most disgraceful riot, attended with murder, occurred among the firemen after this fire. It appears that there had been some difficulty between the Allegheny and Niagara fire companies and on returning from the fire they met and a street fight was the result.

The Advertiser says: At it they went, pell-mell; spanners, horns, clubs and stones were used as the crowd rushed toward Wood street.—One man had all his front teeth knocked loose, another had a piece cut out of his upper lip by a blow from a horn, another was badly cut above the eye with a spanner; heads were cut, and eyes blackened, &c., in profusion. Individuals were repeatedly knocked down. The worst of it occurred just opposite the Iron City Hotel, kept by Mr. Matthew Patrick. Here a young man, named Edward Lawson, in the general fight, was mortally stabbed in the left temple with a small Bowie knife, to the depth of two inches—was cut on the chin, and also on the back. The wound in the temple, however, was the fatal one. There is a dispute as to the person who stabbed him. It was one or the other of the two brothers, James Paul Braddock, and Thomas. It is generally supposed to have been the first. Lawson immediately fell, and was carried to a hydrant for water. Here he bled, and looked horrible, apparently dying; and was immediately after carried into Mr. Patrick's Hotel, where he lay speechless until ten minutes to 7 o'clock, when he expired. The widowed mother was sent for, only to see her son die, to her indescribable grief.

Braddock has been arrested.

SAD OCCURRENCE.—The Miner's Journal, of Pottsville, gives an account of an explosion of fire damp on Wednesday before last, at the colliery worked by Mr. George Rich, on the West branch of the Mount Carbon road, known as Lewis' Vein, which was most disastrous in its results. It was followed by what is known to miners as choke damp, and black or after damp, by which eight men were overpowered. So violent was it, that for a long time no assistance could be extended to them successfully, and Mr. Rich, the owner, who entered for this purpose, was near falling a victim to his philanthropy. At last they were extricated, six of them perfectly insensible; one, named John Tiley dead, and long after, yet another, who, though in longer than any of the rest, was yet recovered. Mr. Rich himself was, for a long time in a state of unconsciousness, and delirium, but is, we learn, recovering, as are all who were taken from the shaft alive.

HORRIBLE TRAGEDY.—The neighborhood of Jefferson and Fourth streets was thrown into great consternation about 11 o'clock last night, by the murder of a wife by her husband, George W. Barlow, who keeps a boarding house there, while in a state of intoxication, walked into the dining room, where his wife was, and deliberately fired a pistol at her, the ball entering her left side.—Mrs. B. ran towards the kitchen, saying "I am shot," and immediately fell and expired. Barlow has been a drunkard for a number of years, and, as we learn, has not been sober for the past four weeks. Mrs. B. is represented to us to have been a very estimable lady. Barlow was immediately arrested, and is now confined in jail. We have heard a great many rumors in regard to this tragedy, but refrain from mentioning any at present. Barlow, we understand, as well as the deceased, are from Western Pennsylvania; but have resided here a good many years. It is a fortunate matter, under the circumstances, that they were unblest with children.

Terrible Accident.

The Hollidaysburg Register says that a most terrible accident occurred on the Portage Railroad on last Monday week. The persons injured were on the locomotive and its tender, and were on their way to a camp-meeting in the neighborhood. The accident occurred about a mile east of the Half-Way House, in turning a curve. The locomotive by some means, not satisfactorily accounted for, was thrown from the track, and upset against the embankment of the cut through which they were passing, when a section boat, which was attached to it, was thrown forward by its impetus, crushing the engine, and instantly killing Col. Thomas D. McGough, a gentleman connected with the road, and so severely injuring another man, named James Bighlan, as to leave no hopes of his recovery, besides less severely injuring some four or five others. One young lady had her hip dislocated—another lost two of her fingers, &c. &c. No blame is laid upon the engineer. The engine was running quite slow at the time. Drs. James Christy and Lemon have been in attendance, in whose hands the sufferers will be skillfully and kindly treated. To Dr. Christy we are indebted for most of the particulars above.

MEPHIN COUNTY.—The Whigs of this county met in Convention in Lewistown on the 17th ult. and nominated the following ticket: Assembly—Col. Wm. Reed. Commissioner—John Marsden. Auditor—Geo. B. Ort.

The following, among a number of resolutions were adopted:

Resolved, That our distinguished friend, the Hon. JOHN BLANCHARD deserves and receives the hearty approval of his constituents for his manly and ingenious defence of the Tariff of 1842, and we recommend Mr. Blanchard's speech in Congress to our Whig friends, as a sound and able document worthy of an attentive perusal and throwing a new and strong light upon the true interests of the people.

Resolved, That JAMES M. POWER, of Mercer county, the Whig candidate for Canal Commissioner is powerfully recommended for that office, by his practical knowledge as a civil engineer, his business talents of the first order, by an integrity as a public man which has never been impeached; and by his devotion to the protective policy of the country; and that we will use every honorable means to secure the election of James M. Power over his free-trade Polk, Dallas and Shunk competitor, Wm. B. Foster.

Resolved, That in Gen. JAMES IRVIN, of Centre county, we have a warm, a steady friend of the tariff of '42, one who has ever been ready to battle for the principles that will ensure the prosperity of the country, and who is identified with the protective policy, and known throughout the country as its untiring advocate; and that whilst we view with respect the claims of other distinguished gentlemen, for the Whig gubernatorial nomination in 1847, and will cheerfully support the nominee of the Whig State Convention, yet GEN. IRVIN is our first choice, and we firmly believe that the present crisis in the Government, and public opinion point to him as the leader under whom the Whig party in Pennsylvania should rally in the great opening contest for the repeal of the British Tariff of 1846.
