

Huntingdon, Wednesday, October 21, 1846.

TO ALL IN ARREARS.—We want money, and hope all our patrons who have not yet paid us anything, will cash up immediately. We have a great many accounts of a year's standing, for advertising and job-work, which we hope will be paid previous to the November Court. Our capital will not permit us to extend an indefinite credit. We therefore expect each one in arrears to consider this request as personally made upon him, and act accordingly.

☞ We invite attention to a communication on first page, signed "Prudens" on the subject of Common Schools.—The subject is one of great interest; yet we do not feel authorized to endorse, unreservedly, the views presented by our correspondent. We are quite sure they do not apply to the schools as at present conducted, in this borough, and beyond this, we are not sufficiently acquainted with their management to give an opinion.

To Correspondents.

☞ The Poetical effusions of "ELIZA JANE" have been mislaid during the election excitement, and we are unable to again lay our hands upon them. We regret this, as they were well worthy a publication.

Lines by "G. P. H." cannot appear. The author should confine himself to prose, as his poetry is not at all readable.

THE ELECTION being over, we will now be able to give our readers a greater variety. Well written essays on subjects of general interest, will at all times be inserted with pleasure.

Send in Your Names!

Now is the time to subscribe for Newspapers. Every one should have something to read these long evenings, and nothing is more interesting or useful than a well conducted newspaper. We hope to receive large accessions to our list between this and the November Court, and a large number during the sitting of the court. Our friends in some of the townships, anxious for the success of correct principles, are about raising clubs to take the Journal. We like the movement, and hope it may be done in every township in the county.

NOTICE.—Subscribers are informed that no paper can be discontinued until all arrearages are paid. Printers cannot be cheated out of their honest dues as easily as some people may imagine. When Post-masters return papers as "not lifted," the Law requires them to state the reason. When this is not done, the notice is good for nothing.

☞ "LEHIGH REPORTER" is the title of a very neat and spirited little sheet recently established at Allentown, Lehigh county, Pa. It is Whig in politics.

☞ "Will old Whig and Antimasonic Huntingdon be Democratic hereafter? Ha! ha!"—Clinton Democrat.

The above interrogatory was put to us by our friend of the Democrat, in February last, by way of jerking us in regard to the Division of this county.—By a glance at our official returns, the editor will have an answer to his question.

The editor of the Democrat must now allow us to put the following question to him: What has become of the Free Trade forces under "Young Rough and Ready" in "Little Clinton?" "Ha! ha!" Captain COULTER says they're "catwampusously" used up! Is it true, Mr. Democrat! "Ha! ha!"

17th CONGRESSIONAL DISTRICT
Blanchard's Majority 640.

The Tariff men of this district have achieved a most brilliant and triumphant victory in the re-election to Congress of Hon. JOHN BLANCHARD, by such a decisive and overwhelming majority. A few more votes would have given our candidate a majority in every county in the district—Wilson only receiving the paltry majorities of 75 in Centre and 32 in Juniata; while Blanchard has 254 in Huntingdon, 465 in Blair and 32 in Mifflin. The two latter not official.

THE MARKETS.—Flour is selling in Philadelphia at \$5 20 a \$5 25, per bbl. Wheat at \$1 05 a 1 07 per busl. Rye 75c; Corn flat at 70c; Oats 30 a 33c.

DEATH OF THE LATE BRITISH MINISTER.—The Rt. Hon. Henry S. Fox, late her Britannic Majesty's Minister Plenipotentiary to the Government of the United States, died at his residence in Washington city, on Tuesday the 13th instant, after a protracted illness.

OLD HUNTINGDON.

THE OFFICIAL RETURNS.

From the official table, given in another column, it will be seen that the average majority for the Whig ticket is about 300, as stated in our last. Mr. Power has 636, and several of our candidates upon the county ticket lack but a few votes of 400; while one, Mr. Hutchison, has 411. Had the day been favorable, no one doubts but that our whole ticket would have averaged 600—the Clay majority of 1844.

This gratifying and truly glorious result is mainly attributable to the gallant conduct of our friends of the country districts. Nobly did they respond to the call made upon them to turn out and give character to old Huntingdon, as a firm and reliable Whig county. And in so doing, they have given in their emphatic condemnation of the British Tariff of 1846, and the other ruinous and wicked measures of the Polk administration.

Previous to the election, we assured our friends that nothing but a vigorous rally—on the part of the friends of Protection—was wanted to secure a glorious victory in the county, district, and State; that rally was made, and the prediction has been most gloriously realized, as will be seen by the news from all parts of the State in this day's paper.—We most heartily congratulate our friends of this county on the noble part they have borne in this great political revolution.

—And while all credit is due to the Whigs in all parts of the county, those of Shirley and Franklin have covered themselves with glory. SHIRLEY has been redeemed. In 1844, this township gave Polk a majority of 4 votes; while on last Tuesday week, the friends of an American Tariff came out of the contest with a majority of THIRTY-SEVEN. All honor to the noble-hearted Whigs of Shirley! They have been washed clean from Locofocoism and Free Trade.

FRANKLIN township gave Clay a majority of 64; and, at the recent contest, the friends of Protection—not daunted by the rain—rolled up the decisive and truly creditable majority of SEVENTY in favor of Blanchard and the Tariff of 1842.

The above two are the only townships that have increased their majorities over the Clay vote; but it will be seen that, notwithstanding the storm, the whigs have sustained themselves with great credit in the unwavering districts of ROXBERRY, UNION, CROWWELL, CASS, CLAY, SPRINGFIELD, TOD, MORRIS, PORTER, WARRIORSMARK, BIRMINGHAM and MURRAY'S RUN. In HOPWELL, we learn that the voters waited until noon, in the hope that it would cease raining; but by that time the streams were so high, they found it impossible to get to the polls. Had the day been favorable, the Whig majority would not have been less than 60. As it was, only 48 votes were polled.

The turn-out in the county, under the circumstances, has been as good as could reasonably be expected; and the whigs have the gratification of knowing that every candidate for whom they voted has been triumphantly elected. Huntingdon county has been proclaimed a Whig county, and betrayed, but good old Pennsylvania has declared her firm and unflinching adherence to the beneficent, life-giving, AMERICAN TARIFF OF 1842.

THE VICTORY
In this State has been so overwhelming and complete, that we can scarcely find words to express our astonishment and delight. We felt quite sure that the Tariff Locofocos of Pennsylvania would never sanction the British Tariff of 1846, but did not expect Polk's Free Trade medicine to operate so speedily.—From all quarters the shouts of victory!! at the condemnation of the British Tariff, comes pouring in upon us. Well is it said by the North American, that—"the election results of Tuesday have come upon us like an avalanche of the popular might. Never was rebuke so loudly spoken—never was triumph more complete. No such political revolution was ever before known in this country."

In the Northern part of the State the Loco Free Traders have been totally routed in their hitherto strong holds.—Northampton, Northumberland, Lycoming, Clinton, Schuylkill, Columbia, Luzerne and Wyoming, have been revolutionized. Chester Butler, Whig, is elected to Congress in Columbia and Luzerne, by from 8 to 900 majority. This district gave Polk about 3000, in 1844. Wilnot, we learn, is elected by a small majority.

TARIFF TRIUMPH!

VICTORY!

PENNSYLVANIA REDEEMED!!!

"CROW, CHAPMAN, CROW."
A GRAND SALUTE FOR "POLK'S NEAR NEIGHBOR!"

A WHIG DELEGATION IN CONGRESS AND WHIG CANAL COMMISSIONER, WHIG SENATE AND HOUSE OF REPRESENTATIVES.

THE BRITISH TARIFF CONDEMNED!

The Flag of the Free Traders hurled to the dust! The Banner of Protection floating in triumph over the Old Keystone!

The election of Tuesday last, says the Pennsylvania Telegraph, notwithstanding the terrible rain and east wind has proved a total rout, and terrible rebuke to the Locofoco Free Traders, who so successfully cheated and swindled Pennsylvania in 1844. The enemies of the Tariff of 1842 have met with a Waterloo defeat that will fall upon the Administration like the artillery of Heaven in a clear sky. The friends of the Tariff have been Triumphant! Gloriously Triumphant every where!!

Not a district has yet been heard from where they have not obtained a victory over the British Tariffites, by greatly reducing their majority, if they did not defeat them. Even in Berks county, the "Gibraltar of Locofocoism," where resolutions were passed in favor of the Tariff of 1846, and where the Locofoco majority has heretofore been little less than 5000, the majority for Foster, the Free Trade candidate for Canal Commissioner is but seven hundred and forty.

The cry of REPEAL has gone forth, and will be responded to throughout the Free States. The people have spoken, let the friends of Protection rejoice.—The avalanche of public opinion has fallen upon the base betrayers of Pennsylvania, and will not stop until it has totally crushed and uprooted them from power.

From the returns received there can be no doubt of the election of JAMES M. POWER, the Whig Tariff candidate for Canal Commissioner, by upwards of 8000 majority, and of the election of at least SIXTEEN, and perhaps TWENTY Whig members of Congress—a majority of the House of Representatives, and a majority of the Senate.

The Whigs have as far as heard from GAINED FIVE Members of Congress—one in Bucks and Lehigh—one in Montgomery and Delaware—one in York and Adams, and one in Cumberland and Franklin, and one in Luzerne and Columbia. As far as heard from, Congress stands as follows:

2 District—J. R. Ingersoll, Whig,	1

HUZZA FOR BERKS!—Berks county has elected a Whig County Commissioner.

☞ From all quarters we hear of a vast destruction of property by the storm on the day of the election. The shipping in the vicinity of Philadelphia suffered considerably.

☞ The New York writers are discussing the question of precedence in a marriage notice. Should it be Mr.—to Miss —, or Miss — to Mr. —? We think it should!

We'll give them a touch of that same old tune,
We'll give them a sight of that same old COON!

PENNSYLVANIA LEGISLATURE.

FLORIDA ELECTION.—The few returns received from the late election in Florida are very favorable to the success of the Whigs.

CANAL COMMISSIONER.

POWER TRIUMPHANTLY ELECTED!

Below we append the result, as far as ascertained, for Canal Commissioner.—Power will be elected by from 6 to 10,000 majority. Glory enough for one day.
