

# OHIO ALL RIGHT!!

**ANOTHER GLORIOUS VICTORY!**  
We have the gratification of adding to the glorious victory of the whigs and tariff men of Pennsylvania, a brilliant triumph in Ohio. We have elected  
**A WHIG GOVERNOR,**  
**A WHIG LEGISLATURE,** and  
**TWELVE WHIG MEMBERS OF CONGRESS!**

And an Independent Tariff man, against 8 Loco members.  
In 1844 Clay carried the State by 5,940, but the present whig Governor was elected one month before by only 1277.  
The whig Governor now has from 5 to 3,000 majority. His majority in 71 counties is 2,308, which is seven-eighths of the State. In the counties to hear from, Clay had 1800 maj.  
Whig maj. in the House, about 10  
" " Senate, 1  
On joint ballot, 11

The "Charleston News," in noticing the incidents at Monterey, says: "Captain Randolph Ridgely, who distinguished himself so much in the battles of Palo Alto and Resaca de la Palma, was again conspicuous at Monterey. Having found a twelve pounder in one of the forts taken from the Mexicans, he erected a platform for it in the fort, and turned it upon the enemy with the most destructive effect. Captain Ridgely, after pointing the gun himself, was observed constantly to mount the platform with a spy glass, and watch the effect of each ball, and manifested the greatest enthusiasm and delight when his shot told well among the enemy. Capt. R. is said to have no superior as an artilleryman, in the army, and the Government would have been doing no more than he was entitled to, had they conferred upon him two brevoets as they did upon Col. Duncan, for his conduct in the battles of the 8th and 9th of May. He is the same officer to whom the citizens of Baltimore have presented a magnificent sword.

**Temperance Meeting.**  
A Temperance meeting was held at Hollidaysburg, on Tuesday evening, 20th inst., which was organized by appointing Capt. R. LOWRY, President; T. H. CREMER, W. WILSON, WM. READ and MOSES CANAN, Esqrs., Vice Presidents; and J. Penn Jones and John Mitchell, Secretaries.

The Standard, in noticing the proceedings, says: "Able and eloquent addresses were delivered by Messrs. Stewart, Benedict and M'Farlane. Mr. Benedict was particularly happy in his remarks, and scathed the rumsellers and the license law severely. His remarks contained many truths for home consumption, prominent among which we may notice his comparison of a tavern to "a warehouse where souls are freighted for destruction." A bold figure, and a striking illustration.

"We understand that it is the intention of our Temperance men to revive and keep up the weekly Washingtonian meetings. We hope that the public will be punctual in their attendance—especially the ladies, whose presence and encouraging smiles are sure indications of success."

**That Storm.**  
The York Advocate thus hits off the excuse of the Locos, that they were defeated in this State because of the storm: "The Locofocos attribute their defeat to the Great Storm. True, but not the rain on Tuesday last, for it was a storm in the minds of men, which changed their mode of thinking. Had the weather been fine, we would have taken more counties from them. The Storm and disagreeable weather helped them, or proves them to be Silk Stocking Gentry, who thought more of their ruffles and blacked boots than they did of their principles. Not so!"

**THE POLITICAL REVOLUTION.**—As far as ascertained, the whigs have gained in the recent elections in Georgia, Ohio, Pennsylvania, and probably in Maine, thirteen members of Congress, making a difference of twenty-six against the "free traders."

Hear how the Western chaps, poetized on the prospects of the Whig candidate for Governor of Ohio, previous to the election: "Bebb's licked up, and no mistake.—Western Dominion.  
"Licked like 'lasses candy—good to take.—Republican.

Is IT FREE TRADE?—Flour has declined to Five Dollars; a few weeks since it was Five dollars and a half. Is it owing to the British Bill of '46, the recent elections in Pennsylvania and Ohio, the rain of the 13th instant, or the potato rot? Will the "Pennsylvanian" elucidate this knotty point and enlighten the farmers?—North American.

The Funeral of Mr. Fox.  
The National Intelligencer of Saturday before last, says:—  
"The funeral of the late Mr. Fox took place yesterday, all the arrangements for which having (in the absence of Mr. Pakenham) been directed by Mr. Crampton, Secretary of the British Legation. The funeral was attended by the President of the United States, the Heads of Departments, the Diplomatic Corps, and many of our most respectable citizens.  
The religious services were impressively performed by the Rev. Mr. French, of the Protestant Episcopal Church.  
The Pall Bearers were—  
The Secretary of State, Major General Scott, The Minister of Russia, The Minister of France, Commodore Warrington, The Mayor of Washington.  
The remains of the deceased were conveyed to the Congressional Cemetery, and deposited in the public vault to await the instructions of his connexions in England.

**BRITISH PRODUCTION.**—The U. S. Gazette, in answer to the inquiry of a correspondent relative to the amount of the annual produce of wheat in Great Britain, says:—  
"We have not before us any documents upon which to rest a decision, but we suppose about nineteen millions of quarters would be correct. A quarter consists of eight Winchester bushels, of about seventy pounds each, equal to about nine and one-third bushels of American wheat; so that the crop of wheat in Great Britain may be estimated at one hundred and seventy-seven millions of bushels. The consumption of England is estimated at twenty millions of quarters. The deficiency will be about one million of quarters."

**EXTRAORDINARY INSTANCE OF GAMBLING.**  
—A colored fireman, on board a steamboat running between St. Louis and N. Orleans, having lost all his money at poker, with his companions, staked his clothing, and being still unfortunate, pledged his own freedom for a small amount. Losing this, the bets were doubled, and he finally, at one desperate hazard, ventured his full value as a slave, and laid down his free papers to represent the stake. He lost—suffered his certificates to be destroyed—and was actually sold by the winner to a slave-dealer, who hesitated not to take him at a small discount upon his assessed value.

**A SUPERIOR WHEAT.**—We were shown a short time since a sample of beautiful White Wheat which was grown on land of Commodore Stewart, near Bordentown, New Jersey, and the fifth sowing from the same importation. The yield is very large we are informed, and upon a comparison of several other approved wheats, this has claimed the preference from its well attested hardness, plumpness, whiteness and uniformity. Several of the agricultural societies have already awarded it their premiums, and in honor of the original importer, christened it "Stewart Wheat." It is from the foot of the Appenines, and is suited to any climate and soil. Our farmers should give the "Stewart Wheat" their attention.—Pennsylvanian.

**NEGRO VOTERS.**—The N. York State Convention, after considerable debate, agreed to allow the exciting provision of the Constitution, relative to negro voters, to remain as it is at present, which permits them to vote on a freehold of \$250. Bank charters are prohibited forever.

**VERY GOOD.**—The cry of "FIRE!" was raised in our streets on Monday evening, and it was discovered that a small stable on the property of T. C. Hambly, Esq., in Frystown, was in flames, which burned to the ground. Passing along the streets, we heard one colored boy ask another what was on fire. "The still-house in Frystown," was the reply. "The still-house! then, by jings! if that burns down, I'll have to wear crape on my hat, I will!" Simon loves the critter!—York Repub.

**THE POISONED CIGAR CASE.**—We see by the St. Louis Revellie that Gerhard Kayser had been committed to jail, on a charge of poisoning a boy—since dead—and a man, with a cigar, steeped in a decoction of Jamestown weed.

**COLORIED MISSIONARY.**—The Presbyterian Synod of Alabama and Mississippi, have purchased the freedom of a colored man, named Ellis, in Green county, Ala., for the purpose of sending him as a Missionary to Africa.

**LIBELLIOUS.**—There is a tavern on the Third Avenue and Sixty-first street, N. Y., called "General Taylor's Retreat." It's the only retreat we ever heard of in connection with his name.

The President has appointed NATHAN CLIFFORD, Esq., of Maine, Attorney General of the United States.  
RALPH J. INGERSOLL, Esq., of Conn. has been appointed Minister to Russia.

**LIEUT. WOODS.**—"Every thing connected with the brave men who fell at Monterey is interesting. The individual first named in Gen. Taylor's despatches as having fallen, is Lieut. Jas. S. Woods. It can be no disparagement to others, to say that this gallant young officer left, of his years, no superior behind him in the service. He graduated three years since at West Point, and was, at the time he was slain, but about twenty-three years of age. His early death will carry sorrow to many hearts. Lieut. Woods was a native of Lewistown, Pennsylvania, where his father, the venerable Congregational clergyman still resides. His maternal grandfather was John Witherspoon, one of the signers of the Declaration of Independence, and President of Princeton College.  
In the battles of Palo Alto and Resaca de la Palma, Lt. Woods distinguished himself as one of the bravest of the brave. His gallant conduct on that occasion won the acknowledgements of his commander, and caused him to be brevetted by his country. It is but a few weeks since the "Brady Regiment" of Pennsylvania presented him a sword, as a testimonial of their high regard, and as an acknowledgment of his bravery. He had endured with patience and fortitude the fatigues of the summer's march, panting to meet the foe, and fell in the first charge at Monterey.  
Of the gallant force there collected, he left no bolder or nobler heart behind him, and the death of few will be more lamented."—Washington Union.

**The Markets.**  
PHILADELPHIA, Oct. 23, 1846.  
FLOUR AND MEAL.—Flour has advanced considerably since the receipt of the foreign row. 800 bbls were picked up in lots at \$5 25 a 5 50, and good brands at \$5 75. The market closes today at the latter price for standard brands, and buyers offering \$5 50, but we hear of no sales. Rye Flour—several lots, in all 5 a 600 bbls sold at \$3 81 a 3 87 1/2, and now held at \$4. Corn Meal—The market early in the week was unsettled and drooping. 500 bbls Brandywine sold at \$3 75, and 1800 bbls Penna. at \$3 60 a 3 50; subsequently sales have been made at \$3 75 a 3 87 1/2, and \$4 is now asked.  
GRAIN arrives more freely and the market for most kinds has improved towards the close of the week. Wheat—10,000 bushels sold since the arrival of the steamer, at 113 a 115 cts for Pennsylvania reds, and 4000 bushels white at 120 a 125 cts, the latter for very prime to fill up; the market view of buyers. Rye, small lots of Penna. sold at 75 a 78 cts. Corn.—The market was depressed for several days, and holders compelled in most instances to store; sales of Penna. at 68 a 70c; subsequent sales to some extent say 12 to 15,000 bushels are reported at 70c for southern yellow, and 75c for Penna. in store. Oats, sold at 30 a 30 1/2c, now held at 33c.

**Oakridge Female Seminary.**  
This is a Family School into which only about 12 boarders, and with one or two exceptions, no day scholars, are admitted; a peculiar feature which offers unusual facilities for the cultivation of proper religious sentiments, as well as for mutual improvement. The assistant teachers are from the Pittsfield and Mount Holyoke Female Seminaries of Massachusetts.  
The location of the school is elevated, beautiful, healthful, and half a mile from Gettysburg. The course of studies is as extensive as at any other institution, and the terms as low.  
The next session will commence Nov. 2.  
Parents who are seeking a suitable school for their daughters, can obtain further information by application by letter or otherwise to the Principal, Professor H. HAUNT, Gettysburg, Adams county, Pa. sept23
