

FROM MEXICO.

IMPORTANT NEWS.

Mexicans Opposed to Peace—Their Force—Officers Charged with Cowardice—Santa Anna—Americans Expelled from San Luis Potosi—Advices from Mazatlan—Insurrection Attempted—Occupation of California Protested—Against—French Consul under Arrest—Crew of the Cyane Wounded, &c. &c.

The schooner *Mitis* arrived at New Orleans on the 30th ult., from Vera Cruz, bringing papers to the 8th, being eight days later than the advices by the way of Havana:

The *Indicador* says that the Captain General at Vera Cruz received despatches on the 5th inst., covering another from the Secretary of State of the United States to the Mexican Secretary of Foreign Affairs. The purport was unknown to the editor, but he presumes it to be another proposal on our part for peace—Mr. Polk presuming that the fall of Monterey will dispose the Mexicans to submission. It will turn out to be a good joke, says the editor bitterly, for Mr. Polk, (the types make him say Pork) when he finds out that misfortune has produced an effect precisely contrary; and that there is not a man in the nation who thinks of peace until the United States has given satisfaction for the injuries inflicted by their Vandal crusade. He goes on to say that the supreme government neither wishes nor is it authorized to enter upon negotiations. The subject belongs to the Congress to assemble in December, which assuredly will not render null the efforts which the nation is making to obtain by open force complete justice. There will be peace, he adds, if the Americans wish it, but it will be upon these conditions, and after the preliminaries have been settled at San Luis, or further towards the frontier.

Government received despatches on the 1st inst., from Santa Anna, with a statement of what measures for defence he had taken, and expressing a hope that he should be able to repair the honor of the nation. Santa Anna also wrote that Gen. Taylor had received from Washington a million of dollars, and reinforcements which carried the number of his troops to twenty-four thousand.

A letter written from San Luis Potosi on the 28th of October, says there were then 18,000 troops there, and that in fifteen days more there would probably be 30,000. There was no room for people in the city, and provisions were excessively scarce.

Gen. Santa Anna had ordered a number of officers to leave their commands in the army, and repair to the village of Pozos for trial on the charge of cowardice at Monterey.

We have a long despatch from Almonte, giving directions for the execution of a decree of Salas, commanding people in the possession of arms to bring them in for the use of the Government, to be appraised, &c. We have no time for the details, but the Government shows itself in earnest in bringing out all the material in the country.

Gen. Santa Anna has declined to receive any pay for his services.

The Government of the State of San Luis Potosi has passed a decree expelling from its limits every Anglo-American living there, giving them 3 days, counting from Oct. 21, to take their departure.

We have the address of Gen. Valencia to the inhabitants of Guanajuato, dated 30th October, as he was to march to join Santa Anna. The State is said to have raised 6000 troops, in every way perfectly equipped, and to have contributed most liberally to the war.

The election of Deputies to the Constitutional Congress took place on the 15th ult., in the different States. Senor Rejon had been returned, and old Herrera was elected at Jalapa by acclamation.

A large number of Indians, said to reach 2000, had passed from Chihuahua into Durango, and it was feared they would enter Zacatecas. Five hundred mounted troops left Zacatecas on the 22d of October to repel them, and Gen. Reyes was to leave on the 1st of November and march against them in order to restore confidence to the affrighted people.

The Monitor says that Gen. Taylor had contracted for 25,000 sacks of corn at \$5 per sack. A Mexican to whom the contract was tendered, refused to execute it.

Advices from Mazatlan, on the 11th Oct., state that the American possession of the country is not peaceful. Several insurrections had been attempted, and with a little support they would be successful.

In Los Angeles there was in September an insurrection against the Americans. The insurgents fortified themselves in a house, but were attacked by the Yankees, an action took place in which the chief of the insurgents and several others were killed, and many were wounded.

The Squadron of Occupation was much weakened, having so many ports to blockade, and so few men who could be spared to disembark.

The French Consul at Monterey, Mr. Gasquet, had been put under arrest for having protested against the occupation of California, and an English vessel had proceeded to the Marquesas to communicate the news.

The U. S. sloop of war *Cyane* arrived at Guaymas and sent four boats, carrying 80 men, to seize the brig *Coudoc*, which was anchored in the bay. The brig opened a vigorous fire upon the North Americans, and compelled them to retire to the *Cyane*, which was all the while bombarding the town, but without doing much harm. The *Cyane* has more than 20 wounded.

At Mazatlan there was, on the 18th of October, but one of our vessels of war, but strong reinforcements were expected, bringing 2,500 men with which to land.

CAPTURE OF TAMPICO.

The Washington Union contains the following official letter from Com. Conner to the Navy Department, announcing his success at Tampico:—

U. S. STEAMER SPITFIRE,
Before the town of Tampico,
November 14, 1846.

SIR:—I have the honor to inform the Department that I entered the river of Tampico, this morning, with all the small vessels of the squadron, and a strong detachment of seamen and marines, from the Cumberland, Mississippi, St. Mary's, Princeton, and Porpoise. On my arrival at the city, I was met by a deputation from the citizens, offering the surrender of the place on condition that their laws, institutions and property should be respected. I will hold the place as long as possible; its importance requires that a garrison of five or six hundred men should be sent to occupy it as speedily as possible. To obtain this object, I have despatched Commodore Perry to Matamoros, to make arrangements with Gen. Patterson to have a force here without delay. As I deem it important the Mississippi should sail without delay, I must defer a more particular statement to another opportunity. I have the honor to be, very respectfully, your obedient servant,

D. CONNER,
Com'g Home Squadron.

Secretary of the Navy,

DR. DAVIS'S COMPOUND SYRUP OF WILD CHERRY AND TAR.

FOR the cure of Pulmonary Consumption, Coughs, Colds, Asthma, Influenza, Bronchitis, Pleurisy, Difficulty of Breathing, Pain in the Breast or Side, Spitting of Blood, Croup, Nervous Tremors, Hooping Cough, &c.

From the Christian Repository, Dec. 13, 1845.

We insert in another column an advertisement of Messrs. Robison & Collins of this city, to which we take pleasure in calling the attention of our readers. We do this more especially from the card of Bro. Barnes which is appended to it. Bro. B. is a member of the M. E. Church in good standing, and those who know him personally, (as we do) have the fullest confidence in any statement he may give of the efficacy of any medicine which he may have tested.

PHILADELPHIA, Sept. 20, 1845.

Messrs. Robison, Collins & Co.—Being afflicted last spring with a very severe cough, with pain in my side and breast, soreness and weakness of the lungs, shortness of breath, loss of appetite, &c., I tried various remedies, but to no good effect, my cough still continuing and growing worse. Such was the distressing nature of the cough, that I could not lie in bed night nor day, but was obliged to sit up in my chair, and could sleep very little at best; consequently I was wearing out very fast, till you very kindly recommended Dr. Davis's Compound Syrup of Wild Cherry and Tar, the first bottle of which gave me relief, checked my cough, loosened the phlegm, caused me to expectorate freely, restored my appetite, relieved the pain in my side, healed the soreness of my breast, and strengthened my lungs, causing me to breathe freely. I have now taken ten bottles; it has entirely cured my cough. I have gained considerably in flesh. I think it a most valuable medicine, and one that ought to be universally known, that those afflicted with colds and coughs may have a medicine both safe and sure to cure, if taken properly. While taking the medicine, I drank freely of molasses and water, which I found excellent to keep the bowels open. If this statement can be found of any benefit to the afflicted, you are at liberty to make such use of it as you may think proper.

HANCE'S Sarsaparilla Vegetable or Blood Pills.—Fifty pills in a box—The cheapest and best medicine in existence—for purifying the blood, removing bile, correcting disorders of the stomach and bowels, costiveness, dyspepsia, swimming in the head, &c. Persons of a full habit, who are subject to headache, giddiness, drowsiness, and singing in the ears, arising from too great a flow of blood in the head, should never be without them, as many dangerous symptoms will be entirely carried off by their immediate use.

Read the following wonderful cure of dyspepsia:

This is to certify that my wife was afflicted with the Dyspepsia for 12 years, and tried both advertised medicines and Thomsonian, but without effect; and myself attacked with blindness, and my head otherwise affected from hard drinking, so that I was apprehensive of fits; and seeing HANCE'S SARSAPARILLA PILLS advertised, I went and got a box of them, which, to my astonishment, effected a cure of me and my wife both. I think them without a rival before the public.

SIX YEARS' EXPERIENCE has proved that, for the cure of coughs, colds, consumptions asthma, spitting of blood, pain and oppression of the breast, there is nothing equal to Hance's Compound Syrup of Horehound.

This medicine has now been in use for six years, during which time there has been a constant demand for it, and its popularity, instead of declining, has been always on the increase. During this time many new medicines have sprung up for the cure of the above complaints, some of which lasted only a few months, and others not as long; but Hance's Syrup has readily gone on gaining favor with all classes of society, until it has now become identified by many families as a

REGULAR FAMILY MEDICINE.

To those who have never used the Compound Syrup of Horehound, this notice is particularly directed to, as those who have once experienced its peculiarly happy effects, any praise of its merits would be superfluous.

ANOTHER ASTONISHING CURE.

WISTAR'S BALSAM OF WILD CHERRY, ALWAYS TRIUMPHANT! CURE FOLLOWS CURE! IN ITS ONWARD VICTORIOUS CAREER!

DAYTON, Feb. 11, '45.

Mr. J. W. Whitmore:—Dear Sir:—As you are the regular authorized agent in Dayton, for the sale of "Dr. Wistar's Balsam of Wild Cherry," I take this method of making a statement of facts to you (which I hope may be published to the world) in reference to an almost miraculous Cure, wrought in my case by means of the above Invaluable Balsam.

Language fails to describe the salutary effect it produced and the great benefit I derived from its use.

The citizens of Dayton and vicinity, well recollect, that on the 8th of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast, and in all probability, some fragments or splinters of the ram-rod passed through the 'plura' and pierced the lungs.

After the lapse of six weeks, I was attacked with a distressing cough and violent pain in my right side. Some ten days after this, when in a paroxysm of coughing, suddenly an ulcer broke, and a large quantity of offensive matter, mixed with blood, was discharged, most of which found passage through the opening of the wound: from this opening there frequently passed a quantity of air, supposed to issue from the lungs. During all this time my sufferings were almost intolerable.

My physicians, meanwhile, paid the strictest attention to me and did all in their power for my recovery. But with all their skill they could not reach the seat of distress, after the lungs had become affected. I was visited during this time by at least twenty physicians.

It was now reduced to a certainty, that inflammation of the lungs was rapidly taking place, and that this would terminate my life in a short time, was in the highest degree probable.

At this critical state, a messenger was dispatched to Cincinnati, and a celebrated physician of that place was consulted. When he was made acquainted with my situation, he remarked that nothing could be done by medical aid, if the constitution itself was not sufficient to throw off the disease.

My friends now despaired of my recovery, and had no earthly ground of hope to survive many days. Fortunately at this juncture I saw one of Dr. Wistar's pamphlets, entitled "Family Medical Gazette," or treatise on Consumption of the lungs, and had often heard of dying men "enchanted at straws;" I felt like doing so myself. By the consent of my physicians, I sent to you for a bottle of medicine described, viz: "Wistar's Balsam of Wild Cherry," which relieved me almost immediately. After I had used some 5 or 6 bottles, I so far recovered as to be up and about. My cough ceased, and my lungs were restored to a healthy state—all from the healing and balmy influence, and powerful medical virtues of Wistar's Balsam. Yours truly,

CHARLES R. SMITH.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, from Thomas Read, Esq., of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwebel, in which many other remedies had been tried without any relief. The balsam gave sudden relief, and in my opinion the child is effectually cured by its use. Yours, &c.

JACOB HOFFMAN, M. D.
