

Insensible Perspiration.

The preceding figure is given to represent the insensible perspiration—
It is the great Evacuation for the impurities of the body. It will be noticed that a thick cloudy mist issues from all parts of the surface, which indicates that the perspiration flows uninterruptedly when in health, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes by this means of nearly all the impurities within us. The language of scripture, "in the blood is the life."—
If it ever becomes impure it may be traced directly to the stoppage of the "insensible perspiration." Thus we see all that is necessary when the blood is stagnant or infected, is to open the pores and it relieves itself from all impurity instantly. Its own heat and vitality are sufficient, without one particle of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal remedies.—
All practitioners, however, direct their efforts to restore the insensible perspiration. The Thompsonian, for instance, steams; the Hydropathist shrouds in wet blankets; the Homocopathist deals out infinitissimals; the Allopathist bleeds and doses us with mercury, and the blustering Quack gorges us with pills.

I have had physicians, learned in the profession, I have had ministers of the Gospel, Judges of the Bench, Aldermen and Lawyers, gentlemen of the highest erudition, and multitudes of the poor, use it in every variety of way, and there has been but one voice—one united, miversal voice—saving, "M'Allister

and Lawyers, gentement of the mighest erudition, and multitudes of the poor, use it in every variety of way, and there has been but one voice—one umited, universal voice—saying, "M'Allister your Ointment is good."

Consumption.—It can hardly be credited that a salve can have any effect upon the lungs, seated as they are within the system. Bat if placed upon the chest, it penetrates directly to the lungs, separates the poisonous particles that are consuming them, and expels them from the system. In need not say that it is curing persons of Consumption continually, although we are told that it is foolishness. I care not what is said, so long as I can cure several thousand persons annually.

HEADACHE.—The salve has cured persons of the Headache of 12 year's standing, and who had it regularly every week, so that vomiting often took place.

Deafness and Ear ache are helped with like success.

Cold Feet.—Consumption, Liver Complaint, pains in the Side or Chest, falling off the hair, one or the other, always accompanies cold feet. It is a sure sign of disease in the system to have cold feet.

The Salve will cure every case in Scrofula, Erysipelas, Salt Rheum, Liver Complaint, Sore Throat, Bronchitis, Broken or Sore Breast, Piles, Chest Diseases, such as Asthma, Oppression, Pains, also Sore Lips, Chapped Hands, Tumors, Cutaneous Eruptions, Nervous Diseases, and of the Spine there is no medicine known probably so good.

Burns.—It is the best thing in the world for Burns, (Read the directions around the box.)

Pimples on the face, Masculine Skin, Gross Surface.—When there is grossness or dull repulsive surface, it begins to soften until the skin becomes as smooth and delicate as a child's.

Worms.—If parents knew how fatal most medicines were to children taken inwardly, they would be slow to resort to them. Especially 'mercurial lozenges,' vermifuges,' epilis,' &c. The truth is, no one can tell, invariably, when worms are present. Now let me say to parents, that this salve will always tell if a child has worms. It will d

once so sure and so safe in the expulsion of worms.

OLD SORES.—That some sores are an outlet to the impurities of the system, is because they cannot pass off through the natural channels of the Insensible Perspiration. If such sores are healed up, the impurities must have some other outlet, or it will endanger life. This salve will always provide for such emergency.

gency.

RHEUMATISM.—Almost every case cured with this ointment.

FEVERS.—In all cases of fever, the difficulty lies in the pores being locked up so that the heat and perspiration cannot pass off. If the least moisture could be started, the crisis has passed and the danger is over. The all-healing ointment will in all cases of fevers almost

instantly unlock the skin and brings forth the perspiration.

We have cured cases of Scald Head that defied every thing known, as well as the ability of fifteen or twenty doctors.—

One man told us he had spent \$500 on his children without any benefit, when a few boxes of the ointment cured them.

Conns.—Occasional use of the ointment will always keep corns from growing. People need never be troubled with them if they will use it.

As a family medicine, no man can measure its value.

JAMES M'ALLISTER & Co.,

measure its value.

Sale of Valuable Real Estate.

Sale of Valuable Real Estate.

The subsectibers offer for sale that valuable Real Estate. Two tracts of land situate on the Banks of the Little Juniata river, one mile below hirmingham; One tract situate in Warriorsmark township Huntingdon county, theother tract situate in Tyrone township, Blair county, the River being the line between the two tracts, and also the line between the two tracts, and also the line between Huntingdon and Hair counties, well known as the property of Andrew Robeson, of Warriorsmark township, now deceased.

The maniscin tract in Warriorsmark township, contains 200 acres of excellent limestone land, about 100 acres cleared and in a good state of cultivation, with the c dwelling houses, a stone Barn and a good apple orchard thereon.

The other tract in Blair county contains 400 acres of excellent timber land, with a house and stable the con rected; there is an Ore bank on this tract, from which about 600 tons of Iron Ore of an excellent quality has been raised. A large part of this tract is good limestone land for farming. On these two tracts are four situations for Forges or Furnaces, perhaps the best size in the State.—There is a number of springs on the two tracts of never failing water that keep the river free from ice for more than a mile.

This last tract of land is all woodland and well covered with timber.

One third of the purchase money to be paid on hand, the residue in two annual payments, thereafter.
