

POLITICAL.

"AID AND COMFORT!"

"By the last arrival from New Orleans, we have been placed in possession of late papers from the United States, and a majority of them manfully denounce and condemn the war against this country as 'infamous, unholy and unrighteous.'"

"Daniel Webster, the most liberal and enlightened statesman of the country, says that the expenses of the war are 'over half a million of dollars a day,' and he has introduced resolutions into the Senate, to impeach the cowardly Jim Polk and turn him out of office. These 'Northern Barbarians' cannot carry on this war very long at this rate, and Mr. Webster deserves the thanks of the whole Mexican nation for the noble stand he has taken on the side of right and justice! Arise, Mexicans, and drive the invaders from our soil!"

"Mexicans can derive comfort from the fact that the greater part of the people of the United States are opposed to this war, as their papers show, and the base man who is at the head of the government will be expelled from power. The sympathies of an entire party in that country are on our side, and long will Mexico remember their patriotism."—*Diario, a Mexican paper.*

The United States Gazette says the above is going the rounds of the Loco-foco papers, and has found its way into the columns of the Pennsylvanian. We doubt very much whether any such article ever appeared in a Mexican paper. It does not sound like Mexican composition. It appears much more like some of the vapors of the Loco-foco party, to effect a particular purpose.

But suppose it was altogether Mexican, what is it but a miserable mistake which, if not wholly without effect, must be deeply injurious to those who put trust in its delusions. The Mexicans would, of course, never write about "comfort from a fact," and that fact only a speech. They have too much of reality about them for that. Probably not twenty men in Mexico ever heard of the remark made in any part of the United States. But all Mexico begins to know where and to whom that country has looked, and may look, for comfort, and not look in vain.

"Comfort from the fact!" Well—the great fact is that the United States, having got into war with Mexico, and having placed her troops and a skilful General there, found herself triumphant in three of the greatest battles fought for many years on this continent. Mexico was palsied for want of a commander. Immediately the President of the United States permits an accomplished and popular commander to pass a strict blockade, and take command of Mexican troops. That is comfort.

The President had authority given him last June, to raise fifty thousand men to march against Mexico. He did not raise them, and General Taylor has been without forces to carry on the war. That looks like comfort. The troops of the United States have been spending millions in Mexico, without promoting the objects of a war, and Mexicans have rather profited by the expenditure. That is comfort.

It may be very convenient to manufacture small paragraphs, and credit them to a Mexican paper, that will do to deceive people with; or it may be that the silly articles were really found in a Mexican Gazette, but in neither case has aid been given to an enemy.

While a real indisputable case of "aid and comfort" is made out, in the admission of Santa Anna into Mexico, to take command of the army—of the very army, and the very branch of that army, that is now discomfiting Gen. Taylor, and avenging upon his venerable head the fears as to succession which his victories excited at Washington.

These are facts, indeed, and we do not have to go to a Mexican paper to find them.

Coming out from the "Foul Party!"

We find the following renunciation of Loco-focism, by a heretofore prominent member of that party, in the last *Bedford Inquirer*:

BELFAST TP., March 18, 1847.

Do your best and Gen. IRVIN is the next Governor. You may think strange of this from me, but rest assured that I AM DONE WITH LOCOFOCISM, although I cannot discover that my republican principles have changed; but I do discover that my former party is leaving those principles that would constitute a true patriot, and that it is degenerating into some kind of humbuggery—political swindling, or ANY THING ELSE for the purpose of power. With three Generals in the service of the State from Beauford county, and not one of them offering to join the army—but never mind, the people see how little they care for the country whilst in office at home and money plenty. You are at liberty to show this to Mr. Chapman, and if he sees proper to sketch it in his paper, he is at liberty to do so. Yours, &c.

JOHN B. LINCH.

The *Sunbury American*, a decided loco foco journal, thus speaks of the Whig Canal Commissioner, JAMES M. POWER:

"Mr. POWER, the new incumbent, has made a favorable impression upon all parties. He is fully aware of the position he occupies before the people, and the circumstances by which he was elected by so large a majority. He is also a practical man and a good officer, and is determined not to disappoint the expectations of his friends."

This, coming from a political opponent, is a high compliment, though well merited.

NOTICE.

DISSOLUTION OF COPARTNERSHIP.—The copartnership heretofore existing, under the name of WM. SWAIM & SON, was dissolved on the 21st of July last, by the decease of the said Wm. Swaim, and the business is now, and will be in future, conducted exclusively by the subscriber, who has had the sole charge of the manufacturing of the Panacea and Vermifuge for the last 14 years.

The Panacea will be put up as usual in round bottles, fluted longitudinally, with the following letters on the glass—"Swaim's Panacea, Philada.," and the only change made is the name of JAS. SWAIM stamped on the sealing wax, and written on the label covering the cork, and a new label for the side of the bottle, composed of geometric lathe work, comprising nine different dies, which have been turned for the exclusive use of the proprietor, by Draper & Co., bank note engravers of Philadelphia. Four dies of different patterns form the body of the work, and in the centre is a portrait of the late Wm. Swaim, separated from the borders by two circles of lathe work. The words "Swaim's Panacea," are engraved conspicuously on two turned strips, and a large semi-circular die forms the upper margin. The borders are composed of plain lathe work strips, outside of which is engraved in small letters the entry of the copyright.

Messrs. Robinson, Collins & Co.—Sirs: This is to inform you that I was afflicted for 20 years with a violent pain in my breast, so much so that I could hardly lay in bed at night. Cough attended, followed by emaciation and other decided symptoms of consumption. I applied to several eminent physicians, and took a great deal of medicine without any relief whatever. I was advised to try Dr. Davis's Compound Syrup of Wild Cherry and Tar, of which I took two bottles, which entirely relieved me of my complaint; therefore
