PHILADELPHIA CHINA & QUEENSWARE HOUSE, THE subscribers, successors to S. TYN-DALE, would call the attention of the Merchants and Residents of Huntingdon and vici-

inty, to their stock of CHINA AND QUEENSWARE, Which we have no hesitation in saying is the larg-cat in the United States, and which, in the greater part, is made for, and imported by ourselves. Any person having used Queensware of China for a number of years, will notice the general dete-foration in the quality—this is owing —the great-by reduced prices. In some of the manufactories, where a good name has been established, and pride takes in their character, no such inferiority is ob-served—from such load as have we can ally can-deavored to make our stock, and we are determined to sell our wares as low as any quality, whether e qual or inferior, can be sold in the U.S. There is a prejublice against Chesnut Street, raised from a fail nation of higher prices.
