

FROM MEXICO.

Late and Important from Mexico.

SANTA ANNA AT PUEBLA.

The steamer James L. Day arrived at New Orleans on the 23d, from Vera Cruz, bringing dates to the 17th. There has been no later arrivals direct from the Capital.

Santa Anna was at Puebla on the 25th September, and had addressed Colonel Childs, stating that he had taken possession of the city with 8000 men, and requesting his immediate evacuation of that post, permitting him to form a junction with Gen. Scott or the American forces at Perote, but threatening in the event of a refusal that an immediate assault would be made upon his positions. Col. Childs replied that with regard to the threatened attack upon the positions under his command, he was fully satisfied that he should be able to defend them successfully, and having been honored with the duty of guarding them, was determined to defend them to the last.

The Arco Iris, of the 13th October furnishes further important news. A letter from Puebla, dated at five o'clock on the evening of the 27th September, says the points of San Juan de Dios, San Juan, Santa Rosa and Santa Monica, commenced a heavy cannonade upon the American works. The latter immediately began to throw cannon shots, bombs and grenades into the centre of the city, which suffered considerable injury.

About 8 o'clock the cannonade ceased, but commenced again at dawn on the following day. By order of Santa Anna a breastwork of cotton bales had been erected, with four hundred cotton bales which he had commanded the commercial houses of Valesco to furnish for the defence of the city. To prevent the completion of these works, the Americans from the first had kept up a continued fire from San Juan upon the workmen, which being briskly returned by the Mexicans, the discharge of bombs and grenades from the American lines greatly interested, but night supervening every thing became quiet.

Sept. 30th.—A partial tranquillity reigns in that city, but General Rea having concluded the erection of a battery to open upon San Jose, the greatest enthusiasm against the Americans prevails throughout the city.

On the 1st of October, Santa Anna, at the head of 2000 cavalry and infantry and three pieces of artillery, sallied out from Puebla, intending to attack the American train which left Jalapa on the 1st, and reached Perote on the 4th, but before arriving at Topyehuaco, his designs were wholly frustrated by all of his men, with the exception of 130 hussars, composing his personal guard, having pronounced against him, attributing the unfortunate events of the war and their want of success against the invaders, to his incapacity and unsuccessfulness. Some loudly declared him a traitor, and unworthy of holding any command in the Mexican army.

Santa Anna having reached Topyehuaco with his 130 hussars received an order from the government at Queretero, ordering him to repair thither at once but he did not think it convenient to comply with the demands of his government, and took up his line of march for Oajaca, he having publicly declared his intention of proceeding to that place, where he designed to raise another army, with which to renew the combat with the enemies of the Republic.

All the letters from the interior coincide in the opinion that Santa Anna considered himself as impotent to effect anything more, and state that he was making his way towards Guatemala, for the purpose of leaving Mexico forever, and that his march to Oajaca is only a pretext to aid in the quiet accomplishment of his designs.

PUEBLA, Oct. 2.—Since Santa Anna's departure, the cannonading has entirely slackened off. The cotton house of Valesco took fire and burned down. The inhabitants of Puebla hearing the ringing of the bells which announced this incendiary, were very much alarmed, believing the Americans had left their entrenchments and were storming the city.

Other Mexican papers deny that he is endeavoring to reach Guatemala, and insist that he will continue the war without respite.

The Genius of Liberty says, that Pena y Pena was discharging the duty of President, at Queretero, but had refused to recognize his associates appointed by Santa Anna, and proposes that Congress shall elect.

A report prevailed at Vera Cruz on the 18th, that a company of Texas Rangers were attacked by guerrillas twelve miles distant, and all but two cut off. An express had arrived, stating that one man was killed and eighteen missing.

Some difficulty had occurred in the Massachusetts regiment, and Gen. Cushing had disarmed and detached 65 from the regiment.

Gen. Lane was at Perote on the 4th of October, and no doubt entered Puebla a few days afterwards.

The Arco Iris of the 16th, speaks of extensive preparations making to dispatch a train for the interior, and says that more than 1000 troops are all armed and ready to start.

The editor conjectures that General Patterson has a new expedition in pros-

pect against some State not hitherto invaded by the Americans, instead of joining General Scott.

The expedition against the Guerrillas, planned by General Patterson, had returned after successfully encountering and dispersing several parties.

Herrera, according to the Arco Iris, had collected 10,000 men at Queretero, all of the National Guard.

The Guerrillas have full sway at Jalapa, making war only upon their defenceless countrymen; and the Mexican authorities of the State of Vera Cruz were talking of adopting measures to put them down.

Padre Jarauta has threatened to shoot all that carry provisions into Vera Cruz.

The Delta publishes a protest issued by the City Council of Mexico on the entry of Gen. Scott together with his answer. It also gives his proclamation of martial law.

The vomito had again made its appearance at Vera Cruz in a mild form.

The steamer James Cage had burst her boiler thirty miles from Vera Cruz, injuring several persons.

CLICKENER'S SUGAR-COATED PILLS, The Only Effectual Purgative, cured within the last year

OVER 200,000 PERSONS

of the following Complaints:

Headache, Giddiness, Rheumatism, Piles, Dyspepsia, Scurvy, Small pox, Jaundice, Pains in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds, Female Complaints, Measles, Salt Rheum, Heartburn, Worms, Cholera Morbus, Coughs, Quinsy, Whooping Cough, Consumption, Fits, Liver Complaints, Bysipelas, Deafness, Itchings of the Skin, Gout, Gravel, Nervous Complaints, and a variety of other diseases arising from impurities of the blood, and obstructions in the organs of digestion.

Experience has proved that nearly every disease originates from Impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those Impurities and restore the blood to its natural state. Therefore, when the slightest derangement of the system is indicated by Costiveness, or any other sign; it admonishes us that superfluities are gathering in the System, which should be immediately removed by an effectual purgative. This fact, as stated, is universally known; but people have such an aversion to medicine, that unless the case urgent, they preferred the disease to the cure, generally. Since the invention, however, of

Clickener's Vegetable Purgative Pills, this objection does not exist, as they are completely enveloped with a coating of pure white sugar (as distinct from the inertial ingredients as a nut shell from the kernel) have no taste of medicine, and are as easily swallowed as bits of candy.—Moreover they neither nauseate or grip on the slightest degree. They operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any particular region. Thus, for example, if the Liver be affected, one ingredient will operate on that particular organ, and, by cleansing it of that Excess of Bile it is constantly discharging into the stomach, restore it to its natural state. Another will operate on the

Blood, and remove those impurities which have already entered into its circulation; while a third will effectually expel from the system whatever impurities may have been discharged into the stomach; and hence they

Strike at the Root of Disease,

Remove all Impure Humors; open the pores externally and internally; promote the Insensible Perspiration, obviate Flatulency, Headache, &c., separate all foreign and obnoxious particles from the chyle, secure a free and healthy action to the Heart, Lungs, and Liver, and thereby restore health, even when all other means have failed.

The entire truth of the above can be ascertained by the trial of a single box; and their virtues are so positive and certain in restoring Health, that the proprietor binds himself to return the money paid for them in all cases where they do not give universal satisfaction.

Retail Price, 25 cts. per Box.

Principal office No. 66 Vesey St., New York. Sold in Harrisburg, by D. Robinson, Market St.

Remember Dr. C. V. Clickener is the inventor of Sugar Coated Pills, and that nothing of the sort was ever heard of until he introduced them in June, 1843. Purchasers should, therefore, always ask for Clickener's Sugar Coated Vegetable Pills, and take no others, or they will be made the victims of a fraud.

ASTONISHING CURES.

WM. BOND, the celebrated Boston cracker baker, 98 Nassau street, Brooklyn, states that this wife has been afflicted with Asthma for 30 years, and could not find permanent relief from the best medical advice which New York and Brooklyn could produce, was induced to try this great remedy. She is now nearly well. His daughter, who was suffering from the same disease, tried it, and was also cured by it. Mrs. Bond is now so well that she is able to rise from her bed early in the morning a day and attend to her usual duties through the day without any annoyance from her distressing malady.

HELEN JACKSON, 13th street, near the Catholic Cemetery, came to the store for the purpose of obtaining a bottle of the Olossonian, having been afflicted with the Asthma for more than 30 years, and was so exhausted on his arrival that he could not speak. He purchased a bottle and rode home. Four days afterward he walked from his residence to the office without fatigue, a distance of over two miles, to tell of the wonderful relief which he had experienced from using about one half of one bottle.

Consumption of the Lungs.

MR. COMFORT, 35 White street, was so low in the month of December last, that he was given up by his physician. His friends entertained no hope of his recovery. He was persuaded to try the Olossonian, and to his surprise it has so far restored him to health that he is now able to walk about the streets.

Mrs. ATTREE, the wife of Wm. H. Attree, James Harman, Esq. and George W. Hays, Esq., can bear testimony from their own experience of the healing properties of this Great Remedy in Consumption of the Lungs.

Spitting Blood.

Mrs. THOUGHTFUL, 352 Monroe street, who had been troubled for a great length of time by a severe cough, and raised quantities of blood, was relieved by one bottle of the Olossonian, and declares it the greatest remedy in the world.

DENNIS KELLY, 26 Water street, was also relieved from the same complaint, although he was very much reduced when he commenced taking it—having been under the care of his physician during the past winter. Although he coughed constantly and was very much troubled with night sweats, two bottles of the remedy enabled him to return to his daily work. He was entirely relieved.

DAVID HENDERSON, 80 Light street, George W. Burnett, formerly of Newark, N. J., Henry Lisbon, 199 Rivington street, and numerous other persons have been speedily and permanently cured of the same complaint by this remedy.

DR. WISFAR'S BALSAM OF WILD CHERRY.—In endeavoring to impress upon the minds of our citizens the superior efficacy of this invaluable remedy for Consumption and Pulmonary Diseases in general, we wish to assure our readers that we are actuated solely by a desire to relieve the afflicted. Our faith in the remedy is founded upon the universal success attending its use, and we fully believe that the most faithless and incredulous, after witnessing its surprising virtues, will no longer doubt that "Consumption may and can be cured."

Such indeed is the fact, and so astonishing have been the cures effected by the Balsam, that it may in justice be considered the greatest triumph in the "healing art" that has yet been achieved. And we are well satisfied, from our experience, that there are thousands now lingering upon the brink of the grave under a disease of the lungs, in some form, who may be rescued from an early death, and restored to perfect health by the timely use of this medicine.

See Advertisement.

Sickness in Children.

And the suffering which they undergo from "worms" often tend to a fatal termination, while the cause is never suspected. Offensive breath, picking at the nose, grinding the teeth during sleep, starting in sleep with fright and screaming, troublesome cough, and feverishness, are among some of the prominent symptoms of the presence of worms. A timely use of

SHERMAN'S WORM LOZENGES

will immediately remove all these unpleasant symptoms, and restore to perfect health. Sister Ignatius, Superior of the Catholic Hospital for Orphan Children has added her testimony in their favor, to the thousands which have gone before. She states that there are over 100 children in the Asylum, and that they have been in the habit of using Sherman's Lozenges, and she has always found them to be attended with the most beneficial effects. They have been proved to be infallible in over 400,000 cases.

CONSUMPTION,

Influenza, Coughs, Colds, Whooping Cough, Tightness of the Lungs or Chest may be cured.—Rev. Darius Anthony was very low from Consumption, Jonathan Howarth, the celebrated temperance lecturer, was reduced to the verge of the grave by raising blood. Rev. Mr. Dunbar, of New York, the Rev. Mr. De Forest, Evangelist in the Western part of this state, Rev. Sebastian Streeter, of Boston, the wife of Orasmus Dibble, Esq., in Moravia, and hundreds of others, have been relieved and cured by a proper use of

Sherman's Cough Lozenges,

and no medicine has ever been offered to the public which has been more effectual in the relief of those diseases, or which can be recommended with more confidence. They allay all itching, render the cough easy, promote expectoration, remove the cause, and produce the most happy and lasting effects.

HEADACHE,

Palpitation of the Heart, Lowness of Spirits, Sensibleness, Despondency, Fatigue, Cholice, Spasms, Cramps of the Stomach, Summer or Bowel Complaints, also all the distressing symptoms arising from free living, or a night of dissipation are quickly and entirely relieved by using

Sherman's Camphor Lozenges.

They act speedily and relieve in a very short space of time, giving tone and vigor to the system; and enable a person using them to undergo great mental or bodily fatigue.

RHEUMATISM,

Weak Back, pain and weakness in the Breast, Back, Limbs and other parts of the body are speedily and effectually relieved by Sherman's Poor Man's Plaster, which costs only 12 1/2 cents, and is within the reach of all. So great has become the reputation of this article, that one million will not begin to supply the annual demand. It is acknowledged to be the best strengthening Plaster in the world.

BEWARE OF IMPOSITION.

Dr. Sherman's Poor Man's Plaster has his name with directions printed on the back of the Plaster, and a fac simile of the Doctor's written name under the directions. None others are genuine, or to be relied on. Dr. Sherman's Warehouse is No. 106 Nassau street, New York.
