We ask the attention of the candid to a few considerations.

Nature in every part of her works, has left indelible marks of adaptation and design.

The constitution of the animals and vegetables of the torid zone, is such that they could not endure the cold of the frigid zone, and vice versa. In regard to disease and its cure, the adaptation of remidies is not less striking.

The Moss of Iceland and the Pine and Wild Cherry are justly celebrated for the cure of all diseases of the Lungs and Liver, which are so fearfully prevalent in all Northern latitudes. From a combination of Chemical Extracts procured from this 'Moss' and those 'Trees' Dr. Wistar's Balsam of Wild Cherry is introduced, it at once attains that high reputation which it so richly deserves. What can prevent its sale when on every hand can be witnessed its wonderful cures ? The worst cases of Asthma recent and dangerous Coughs, (and also those that are of long standing,) Bronchitis and Consumption, (in its early stages,) are always cured by this remarkable medicine.

Important to those afflicted with Diseases of the LUNGS and BRE AST.

Will miracles never cease? More evidence of its surpassing health restorative virtues!

Srinkspield, Ky., May 14, 1845.

Messrs. Sanford & Park: —I take this opportunity of informing you of a most remarkable cure performed upon me by the use of Dr. Wistar's Balsam of Wild Cherry.

In the year 1840 I was taken with an inflamation of the bowels, which I labored under for six weeks, when I gradually recovered. In the fall of 1841, I was attacked with a severe cold, which seated itself upon my longs, and for the space of three years I was confined to my bed. I tried all kinds of medicinces, and every variety of medical aid, without benefit; and thus I wearied along until the winter of 1845, when I heard of WISTAR'S BALSAM OF WILD CHERRY.

My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the Genuine Wistar's Balsam of Wild Cherry. The effect was tru'y astonishing. After five years of affiction, pain and suffering, and after having spent four or five hundred dollars to no pyrapose, and the best and most respectable physicians had proved unavailing, I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cherry.

Len pow eniowing good health, and such is

Is m now enjoying good health, and such is my altered appearance, that I am no longer known when I meet my acquaintances.

I have gained rapidly in weight, and my flesh is firm and solid. I can now eat as much as any person, and my lood seems to gree with me. I have eaten more during the last six months, than I had eaten in five years before.

Considering my case almost as a miracle, I deem it necessary for the good of the afflicted, and a duty I lowe to the proprietors and my fellow men, (who should known where relief may be had) to make this statement public.

May the bl-saings of God rest upon the proprietors of so valuable a medicine as Wistar's Balsam of Wild Cherry.

Yours, Respect of lty,

WM. H. BAKER.

BEWARE OF COUNTERFEITS.

BEWARE OF COUNTERFEITS.

Those who counterfeit a good medicine for the purpose of adding a few dollars to their pockets, are far worse than the manufacturers of spurious coin. For while the latter only rob us of our property, the former take property, and health and life away. Dr. Wistar's Balsam of Wild Cherry is admitted by thousands of disinterested witnesses to have effected the most extraordinary cures in cases of pulmonary and athmatic character, ever before recorded in the history of medicine.

The young, the beautiful, the good, all speak forth its praise. It is now the favorite medicine in the most inteligent families of our country. Such a high stand in public estimation has been achieved by its own merits alone. And so long as a discerning public are careful to get Wistar's Balsam of Wild Cherry, and refuse with scorn, counterfeits, and every other article profirred to them as substitutes, so long will cures, positive cures, cheer the fireside of many a despairing families.
