Nature in every part of her works, has left indelible marks of adaptation and design. The constitution of the animals and vegetables of the torid zone, is such that they could not endure the cold of the frigid zone, and vice versa. In regard to disease and its cure, the adaptation of remidies is not less striking. The Moss of Iceland and the Pine and Wild Cherry are justly celebrated for the cure of all diseases of the Lungs and Liner, which are so fearfully preva-lent in all Northern latitudes. From a combination of Chemical Extracts pro-cured from this 'Moss' and those 'Trees' DR. Wistrak's BALSAM or WILD CHERRY is chiefly formed. cure performed upon me by the use of Dr. Wis-tar's Balsam of Wild Cherry. In the year 1840 I was taken with an inflama-tion of the bowels, which I labored under for six, weeks, when I gradually recovered. In the fall of 1841, I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed. I tried all kinds of medicinces, and every variety of medical aid, without henefit; and thus I wearied along un-til the winter of 1845, when I heard of WISTAR'S BALSAM OF WILD CHERRY. My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the Genuine Wistar's Balsam of Wild Cherry. The effect was tru y astonishing. After five years of affliction, pain and suffering, and after having spent four or five hundred dol-lars to no purpose, and the best and most respecta-ble physicians had proved unavailing. I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balsam of Wild Cher-ry. ry

Ty. I run now enjoying good health, and such is my altered appearance, that I am no longer known when I meet my acquantances. I have gained rapidly in weight, and my flesh is firm and solid. I can now eat as much as any person, and my food seems to I gree with me. I have eaten more during the last six months, than I had eaten in five years before. Considering my case almost as a miracle, I deem it necessary for the good of the afflicted, and a duty I owe to the proprietors and my fellow men, (who should known where relief may be had) to make this statement public. May the bl ssings of God rest upon the proprie-tors of so valuable a medicine as Wistar's Bai-am of Wild Cherry. Yours, Respectfully, W M. H. BAKER,

Cough attended, followed by emaciation and other decided symp-toms of consumption. I applied to several eminent physicians, and took a great deal of medicine with-out any relief whatever. I was advised to try Dr. Davis & Compound Syrup of Wild Cherry and Tar, of which I took two bottles, which enticity re-lieved me of my complaint; therefore I can with confidence recommend it to all who are in a like men..er afflicted, as a most valuable & relicine.
