

FROM MEXICO.

The news from Mexico during the past week has been unimportant. A despatch for the North American, dated Richmond, Nov. 28, brings a few rumors favorable to peace. It was supposed a sufficient number of deputies would soon assemble at Queretaro, to open a Mexican Congress. It was supposed that the Mexicans have about 30,000 soldiers yet in the field, in the different States. Gen. Patterson had arrived at the National Bridge, and was to leave that place on the 5th. It is said that a scheme is on foot to establish a monarchy in Mexico, but the rumor is not entitled to much weight.

Intelligence had reached Queretaro of a design entertained by the stock-jobbers at the city of Mexico, to form the Republic into two great States, and annex the same to the American Union. The "Rayonador," a newspaper published at the Capitol, maintains the opinions of this new party.

From a later despatch to the same paper, dated Dec. 2, we clip a few additional items:

Major General Quitman, Gen. Shields, Colonels Harney, Garland, Andrews, Morgan, Ramsey, Barnett, Major Dykeman, Lieuts. Porter and Sweeney, of the New York Volunteers, Midshipman Rogers, and George Wilkins Kendall, arrived at New Orleans in the Alabama, as passengers, besides many other gallant officers.

General Quitman has left Mexico, in accordance with the orders of General Scott, directing this greatly distinguished and efficient officer to proceed to the United States, and report personally or by letter to the War Department, as since his promotion he has had no permanent assignment of a division to command. The object of his return is to obtain this.

General Shields returns to seek a restoration to health, being broken down by the wounds received in the service of his country.

A national salute was fired at New Orleans in honor of the arrival of these distinguished officers.

Among the passengers on board the Alabama are no less than 210 sick, disabled and wounded soldiers.

Three died on the passage—one named Richard McManus, of the 2d Pennsylvania Volunteers, was buried at sea. The large train, numbering six hundred, which left the city of Mexico on the 1st of November, arrived at Vera Cruz on the 15th, without molestation, save a few scattering shots.

General Butler arrived at Vera Cruz on the 17th and was received with the honors due to his station.

From two to three thousand troops arrived at Vera Cruz on the 17th and 18th. General Butler was to return to the capitol in a fortnight with six thousand men.

The troops left of the division of Quitman at the capitol, had been incorporated with the divisions of Generals Worth and Twiggs. The Pennsylvania and New York Volunteers have been assigned to the former.

Nothing positive was known as to the whereabouts of Santa Anna, and many believe him to be secreted near Vera Cruz, waiting an opportunity to escape in a British steamer. The Arco Iris, of the 18th, states that he had arrived at Orizaba with 1500 ragged followers, but gives no hint of his future movements.

Latest News.

The North American of Saturday last contains the following despatch:

LOUISVILLE, Dec. 3.

The Steamboat Pretoria, from New Orleans, arrived here to-day, and having left that city on the 26th ult, brings later dates than you have received by mail. The papers furnish additional items of Mexican intelligence received by the Alabama from Vera Cruz.

The publication of the Genius of Liberty has been stopped, and the editor thrown into prison.

A revolution had broken out at Guadalupe with the design of elevating Gomez Farias to the Presidency. In the action, General Ampudia and many others attached to the party of Farias were killed, and in the end the Church party triumphed.

Parades was at Tulancingo and had openly pronounced in favor of his monarchical scheme, seconded by the garrison at Mazatlan.

The Mexican population still exhibit an unquenchable hatred for the Americans and express no desire for peace.

The Mexican Congress had moved from Queretaro to Morelia, to get rid of the military, by which it was overawed. Gen. Rea and Santa Anna, with a single brigade, are at Trisenta, intending to make an attack upon the next train.

Burning of the Propeller Phoenix on Lake Michigan.

Melancholy Loss of Life.

Pittsburg, Nov. 26th, 9 P. M.

News has just reached here, by way of the Lakes, of a sad catastrophe which happened on Lake Michigan, by which nearly two hundred human beings have been hurried into an untimely grave.

On Sunday last, the Propeller Phoenix, bound up to the Lakes, was discovered to be on fire, when within 19 miles of Sheboygan. The fire broke out under the deck, and, a fresh wind prevailing, spread with fearful rapidity. The utmost consternation prevailed among the passengers, and it was impossible, amidst the excitement which followed, to make the proper efforts to stay the flames and save the boat.

There were over two hundred passengers on board, and the scene was heart-rending in the extreme. Mothers crying in frantic madness for their children—wives clinging to their husbands, and crying aloud for mercy from above.—Some in desperation plunged into the Lake—others in their wild delirium rushed headlong into the flames.

It was a harrowing spectacle, and humanity shudders at the recital of it.—Most of the passengers succeeded in escaping in the boats, and the rest either perished in the flames, or were drowned.

Capt. Sweet, who was lying on a bed of sickness, was saved in one of the boats.

Those who so miraculously escaped in the boats were shortly after picked up by the steamer Delaware, which bore in sight just in time to witness the awful fate of those on board the ill-starred Phoenix, but too late to render any earthly assistance. Every attention was paid to the survivors by the officers and crew of the Delaware. One hundred and fifty of the passengers were German immigrants. The Phoenix was owned by Pease & Allen, at Cleveland, and insured for \$15,000.

BUFALO, Nov. 26.

There has been a very heavy gale on the Upper Lakes. Four vessels, having on board 30,000 bushels of wheat, were driven ashore and lost.

The schooner Lawrence, loaded with 13,000 bushels of wheat, was sunk in Detroit River.

The Markets.

From the Daily News.

PHILADELPHIA, Dec. 3, 1847.

FLOUR AND GRAIN.—Since our last report the market has been characterized with but little activity, but prices have improved. Sales of Wheat Flour \$6.50 per bbl, for common, and \$6.75 for good brands; choice brands to retailers are selling at \$7 a 7.50. Rye Flour—Sales at \$5.25. Corn Meal—Holders ask \$3.25 per bbl. Wheat—Sales of good reds at 138 a 140c per bus, and 145 a 148c for prime white. Sales of Rye at 93 a 95c. Corn—Sales of old Southern yellow at 71 a 72c, and new at 56c per bus. Oats dull at 42 a 43c.

SPITTING OF BLOOD.—When the stream of life is encumbered with morbid humors, its volume or quantity is increased, and the blood-vessels are filled to overflowing; hence a rupturing of those which terminate in the lungs, and spitting of blood, consumption, and other dreadful complaints. Wright's Indian Vegetable Pills are certain to put a stop to spitting of blood, because they expel from the circulation those corrupt humors which are the cause of the bursting of blood vessels, and of every morbid incident to man. From three to six of said Indian Vegetable Pills taken at night on going to bed, will in all cases give relief, and if repeated a few times, will most assuredly restore the body to a state of sound health.

Beware of sugar coated counterfeits. The only original and genuine Indian Vegetable Pills have the signature of William Wright written with a pen on the top label of each box. None other is genuine and to counterfeits this is Forgery. The genuine for sale by

DR. Our faith in the remedy is founded upon the universal success attending its use and we fully believe that the most faithless and incredulous, after witnessing its surprising virtues, will no longer doubt that "Consumption may and can be cured."

Such indeed is the fact, and so astonishing have been the cures effected by the Balsam, that it may in justice be considered the greatest triumph in the "healing art" that has yet been achieved. Dr. Kellor's Vegetable Panacea.

For the removal and permanent cure of all diseases arising from an impure state of the Blood and habit of the body, viz: Chronic Affections of the Chest, Pleurisy, Bronchitis, Catarrh, &c.—Scrophulous in all its stages, Tetters, Scald-head, &c.—Stomachic affections of the body, face and extremities, Chronic Rheumatism, Chronic enlargements of the ligaments and joints, White Swellings, Syphilitic Affections, Constitutional disorders arising from debility, Mercurial and hereditary predispositions, &c.

It is now admitted by Pathologists, that no original temperament, complexion, constitution, or form of body, confers complete immunity from Hereditary diseases; that scrophulous, consumption and other affections having a similarity of origin occur in all; although observation convinces us, that individuals and families, possessing certain characteristics are more frequently the subject of these maladies than others. These diseases are a morbid condition of the whole system of nutrition—these products being but the effects of an alteration of the Blood and secretions—the uterus abuses, enlarged glands inflammations, &c., being merely attendant phenomena. The cause exists prior to the phenomena, and must be destroyed before perfect health can be established. This may be done by Dr. Kellor's Vegetable Panacea, the most certain remedy for all diseases arising from an impure state of the blood and system of nutrition, ever presented to the notice of the afflicted.
