

THE JOURNAL.

The Law of Newspapers.—For the information of the newspaper reading public, we publish the decisions of the higher Courts, relative to the publishers and receivers of newspapers. Some may be profited by giving a little attention to the following, viz:

1. Subscribers who do not give express notice to the contrary, are considered as wishing to continue their subscription.
2. If subscribers order the discontinuance of their paper, the publisher may continue to send them till all arrearages are paid.
3. If subscribers neglect or refuse to take their papers from the office to which they are directed, they are held responsible until they have settled their bills and ordered their papers discontinued.
4. If subscribers move to other places without informing the publishers, and their paper is sent to the former direction, they are held responsible.
5. The courts have decided that refusing to take a paper or periodical from the office, or removing, and having it uncalled for, is prima facie evidence of intentional fraud.

A Cure for Slander.—Mr. Rowland Hill on being told that it was expected he should take notice of some unhand-some things which had been publicly said of him, said that he did not consider it necessary to enter into any vindication of himself; and, he added—"I have now lived a great many years in the world, and have passed through much of evil report, and good report, and have arrived at this conclusion, that no man can possibly do me any harm except myself."

A WARRANT FOR THE PLEDGE.—An incident, at one of the dinners of the Evangelical Alliance in London, may serve to keep before our minds the duties which we owe to our English brethren. An American member of the Alliance chanced to sit at the dinner table between two Englishmen, strangers to him. When the dinner was about half through, these two Englishmen seemed to be requiring the wine bottle, but were under some embarrassment. So one of them put out a feeler, and said to the American—"The temperance cause has made great progress in America, we hear."

The other replied—"Yes, but there is much yet to be done there." The first remarked—"We in England have a difficulty, from not finding in the Bible a warrant for this doctrine of total abstinence." The American replied—"We in America, feel sure that it would not be displeasing to God to have drunkenness cease; and as this is the only way to cause it to cease, we think, he will not be displeased with us, if we abstain from intoxicating drinks." Silence was here resumed, and the wine bottle left untouched.—Puritan.

Sagacity of the Elephant.—The tragic event at the Menagerie, resulting in the death of poor Kelly, has made the elephant the chief lion of Philadelphia, says the City Item. A morning or two after the terrible occurrence the daring Driesbach took him into the ring for the purpose of dressing his wounds, made by sundry thrusts of pikes, lances and pitchforks, in the efforts to subdue him. The Elephant appeared to be ill at ease, and sought to attract the attention of Driesbach, by gently fondling him with his trunk, and then pointing to his foot, slightly raising it from the ground, and in various ways challenging particular notice. This aroused Driesbach's curiosity, and on inspection he discovered he had run a large splinter of white pine into his foot. Pincers were procured and the piece extracted, at which the joy of the monster knew no bounds, and he repeatedly thanked Driesbach in the only way that an Elephant can thank any one. It is curious that he is quite friendly now with Driesbach, although for six years he has sought repeatedly to kill him.

RURAL SIMPLICITY.—Passing along one of our gay streets the other day we observed a youth with a most verdant and country counsellor look, standing at the window of a print shop, and eyeing with a gaze of stupid inquiry a picture of two long-eared animals, under which was the poetical interrogation, "When shall we three meet again?" The interesting innocent was evidently wondering where the third could be, manifesting meanwhile a delicious unconsciousness of being himself the very "beau ideal of all Jackasses."—Lady's Dollar Newspaper.

OBSTINATE JURYMEN.—An honest man, remarkable for the singularity and doggedness of his opinions, had been several times on a jury and always entertained notions of law and justice totally at variance with the judges and all his brother jurors. One of the judges asked him how it was possible that he always gave so much trouble to the court. He replied with the utmost gravity: "I don't know how it is, but it always happens to be my misfortune to be on a jury with eleven obstinate men."

The Cramp.—A towel dipped in hot water, and applied to the part affected, will it is said, afford an effective and immediate relief to the painful contraction of the muscles called the cramp.

DR. LE ROY'S

Vegetable Universal Pills,

The only known Medicine that at the same time purges, purifies and strengthens the system.

LONDON, July 7, 1846.
DR. LE ROY'S Pills are a new medicine which has just appeared, and is fast taking the place of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus these pills are at the same time, a cathartic and a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no reaction. Dr. Le Roy's pills have a powerful influence on the blood; they not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into fluid, and thus make impure blood an utter impossibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of medicines which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.

Messrs. Robinson, Collins & Co.—Sirs: This is to inform you that I was afflicted for 20 years with a violent pain in my breast, so much so that I could hardly lay in bed at night. Cough attended, followed by emaciation and other decided symptoms of consumption. I applied to several eminent physicians, and took a great deal of medicine without any relief whatever. I was advised to try Dr. Davis's Compound Syrup of Wild Cherry and Tar, of which I took two bottles, which entirely relieved me of my complaint; therefore I can with confidence recommend it to all who are in a like manner afflicted, as a most valuable Medicine.

HUNT'S LINIMENT.

HAS now given abundant evidence of its healing powers, and proved itself the most extraordinary and wonderful medicine in the world. In the short space of two years, it has acquired a reputation for curing disease and relieving pain far greater than any medicine ever discovered. Its wonderful cures have astonished the Medical Faculty, who now universally concede its great value. They speak of it in the highest terms, and commend its use.

It is commended by none. On the contrary, its praise is universal. The names of cures are so numerous that it would take volumes to recount them; and it is a fixed fact, and is not disputed, that as a Pain Extractor it has no equal. For the many astonishing cures, see the pamphlet, to be had of each agent. If you suffer with either of the diseases for which it is recommended, resort at once to its use and be cured. For the following diseases it is an infallible remedy: Spinal affections, Rheumatism, Paralysis and all Nervous affections, Sore Throat, Croup or Hives, Ague in the Head and Face, Weakness of the Joints, Colds, Toothache, Sore Throat and Quinsy, Ulcerated Sores, Indolent Ulcers, Burns, Frosted Feet, Corns, Bunions, Fresh Wounds, Swellings and Bruises, Scrofulous Affections, Mosquito Bites, and Poisons.

CLICKENER'S SUGAR-COATED PILLS,

The Only Effectual Purgative, cured within the last year OVER 200,000 PERSONS of the following Complaints:

- Headache, Giddiness, Rheumatism, Piles, Dyspepsia, Scoury, Sore Throat, Jaundice, Pains in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds, Female Complaints, Measles, Salt Rheum, Heartburn, Worms, Cholera Morbus, Coughs, Quinsy, Whooping Cough, Consumption, Fits, Liver Complaint, Erysipelas, Deafness, Itchings of the Skin, Colic, Gout, Gravel, Nervous Complaints, and a variety of other diseases arising from impurities of the blood, and obstructions in the organs of digestion.

Experience has proved that nearly every disease originates in Impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those Impurities and restore the blood to its natural state. Therefore, when the slightest derangement of the system is indicated by Costiveness, or any other sign, it admonishes us that superfluities are gathering in the System, which should be immediately removed by an effectual purgative. This fact, as stated, is universally known; but people have such an aversion to medicine, that unless the case is urgent, they prefer the disease to the cure, generally. Since the invention, however,

Clickener's Vegetable Purgative Pills, this objection does not exist, as they are completely enveloped with a coating of pure white sugar (as distinct from the internal ingredients as a nut shell from the kernel) have no taste of medicine, and are as easily swallowed as bits of candy.—Moreover they neither nauseate or gripe in the slightest degree. They operate equally on all the diseased parts of the system, instead of confining themselves to, and racking the Liver, as in-gredients will operate on that particular organ, and by cleansing it of that Excess of Bile it is constantly discharging into the stomach, restore it to its natural state. Another will operate on the

Blood, and remove those impurities which have already entered into its circulation; while a third will effectually expel from the system whatever impurities may have been discharged into the stomach; and hence they

Strike at the Root of Disease, Remove all In pure Humors; open the pores externally and internally; promote the Insensible Perspiration, obviate Flatulency, Headache, &c., separate all foreign and obnoxious particles from the chyle, secure a free and healthy action to the Heart, Lungs, and Liver, and thereby restore health even when all other means have failed.

The entire truth of the above can be ascertained by the trial of a single box; and their virtues are so positive and certain in restoring Health that, the proprietor binds himself to return the money paid for them in all cases where they do not give universal satisfaction.

ASTONISHING CURE.

Wm. Bond, the celebrated Boston cracker baker, 98 Nassau street, Brooklyn, states that his wife has been afflicted with Asthma for 30 years, and could not find permanent relief from the best medical advice which New York and Brooklyn could produce, was induced to try this great remedy. She is now nearly well. His daughter, who was suffering from the same disease, tried it, and was also cured by it. Mrs. Bond is now so well that she is able to rise from her bed early in the morning and attend to her usual duties through the day without any annoyance from her distressing malady.

Henry Jackson, 13th street, near the Catholic Cemetery, came to the store for the purpose of obtaining a bottle of the Olossonian, having been afflicted with the Asthma for more than 30 years, and was so exhausted on his arrival that he could not speak. He purchased a bottle and rode home. Four days afterward he walked from his residence to the office without fatigue, a distance of over two miles, to tell of the wonderful relief which he had experienced from using about one half of one bottle.

Consumption of the Lungs.

Mrs. COMFORT, 35 White street, was so low in the month of December last, that he was given up by his physician. His friends entertained no hope of his recovery. He was persuaded to try the Olossonian and to his surprise it has so far restored him to health that he is now able to walk about the streets.

Mrs. ATTREE, the wife of Wm. H. Attree, James Harman, Esq. and George W. Hays, Esq., can all bear testimony from their own experience of the healing properties of this Great Remedy in Consumption of the Lungs.

Spitting Blood.

Mrs. THORNBURG, 352 Monroe street, who had been troubled for a great length of time by a severe cough, and raised quantities of blood, was relieved by one bottle of the Olossonian, and declares it the greatest remedy in the world.

DENNIS KELLY, 26 Water street, was also relieved from the same complaint, although he was very much reduced when he commenced taking it—having been under the care of his physician during the past winter. Although he coughed constantly and was very much troubled with night sweats, two bottles of the remedy enabled him to return to his daily work. He was entirely relieved.

DAVID HENDERSON, 60 Light street, George W. Burnett, formerly of Newark, N. J., Henry Lisbon, 199 Rivington street, and numerous other persons have been speedily and permanently cured of the same complaint by this remedy.

CURE FOR CONSUMPTION.

7,000 Cases of obstinate Pulmonary Complaints Cured in One Year! WISTAR'S BALM OF WILD CHERRY. The Great American Remedy for Lung Complaints and all affections of the Respiratory Organs.

We do not wish to trifle with the lives or health of the afflicted, and we sincerely pledge ourselves to make no assertions as to the virtues of this medicine, and to hold out no hope to suffering humanity which facts will not warrant.

We ask the attention of the candid to a few considerations. Nature in every part of her works, has left indelible marks of adaptation and design.

The constitution of the animals and vegetables of the torrid zone, is such that they could not endure the cold of the frigid zone, and vice versa. In regard to disease and its cure, the adaptation of remedies is not less striking.

The Moss of Iceland and the Pine and Wild Cherry are justly celebrated for the cure of all diseases of the Lungs and Liver, which are so fearfully prevalent in all Northern latitudes. From a combination of Chemical Extracts procured from this 'Moss' and those 'Trees' Dr. Wistar's BALM OF WILD CHERRY is chiefly formed.

IT CURES! Wherever Wistar's Balm of Wild Cherry is introduced, it at once attains that high reputation which it so richly deserves.—What can prevent its sale when on every hand can be witnessed its wonderful cures! The worst cases of Asthma, recent and dangerous Coughs, (and also those that are of long standing,) Bronchitis and Consumption, (in its early stages,) are always cured by this remarkable medicine.

Important to those afflicted with Diseases of the LUNGS & BREAST. Will miracles never cease? More evidence of its surpassing health restorative virtues!

[From Dr. Baker, Springfield, Washington county, Ky., May 14, 1845.]

Messrs. Sanford & Park.—I take this opportunity of informing you of a most remarkable cure performed upon me by the use of Dr. Wistar's Balm of Wild Cherry.

In the year 1840 I was taken with an inflammation of the bowels, which I labored under for six weeks, when I gradually recovered. In the fall of 1841, I was attacked with a severe cold, which seated itself upon my lungs, and for the space of three years I was confined to my bed, I tried all kinds of medicines, and every variety of medical aid, without benefit; and thus I wearied along until the winter of 1845, when I heard of Wistar's Balm of Wild Cherry.

My friends persuaded me to give it a trial, though I had given up all hopes of recovery, and had prepared myself for the change of another world. Through their solicitations I was induced to make use of the Genuine Wistar's Balm of Wild Cherry. The effect was truly astonishing.

After five years of affliction, pain and suffering, and after having spent four or five hundred dollars to no purpose, and the best and most respectable physicians proved unavailing, I was soon restored to entire health by the blessing of God and the use of Dr. Wistar's Balm of Wild Cherry.

I am now enjoying good health, and such is my altered appearance, that I am no longer known when I meet my acquaintances.

I have gained rapidly in weight, and my flesh is firm and solid. I can now eat as much as any person, and my food seems to agree with me. I have eaten more during the last six months, than I had eaten in five years before.

Considering my case almost as a miracle, I deem it necessary for the good of the afflicted, and a duty I owe to the proprietors and my fellow men, (who should know where relief may be had) to make this statement public.

May the blessings of God rest upon the proprietors so valuable a medicine as Wistar's Balm of Wild Cherry. Yours, Respectfully, WM. H. BAKER.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balm of Wild Cherry, from Thomas Read, Esq., of this place, and tried it in a case of obstinate Asthma on a child of Paul Schwebel, in which many other remedies had been tried without any relief. The balm gave sudden relief, and in my opinion the child is effectually cured by its use.

Yours, &c., JACOB HOFFMAN, M. D. Dec. 23, 1841.

BEWARE OF COUNTERFEITS.

Those who counterfeit a good medicine for the purpose of adding a few dollars to their pockets, are far worse than the manufacturers of spurious coin. For while the latter only rob us of our property, the former take property, and health and life away. Dr. Wistar's Balm of Wild Cherry is admitted by thousands of disinterested witnesses to have effected the most extraordinary cures in cases of pulmonary and althmatic character, ever before recorded in the history of medicine.

The young, the beautiful, the good, all speak forth its praise. It is now the favorite medicine in the most intelligent families of our country.

Such a high stand in public estimation has been achieved by its own merits alone. And so long as a discerning public are careful to get Wistar's Balm of Wild Cherry, and refuse with scorn, counterfeits, and every other article proffered to them as substitutes, so long will cures, positive cures, cheer the fireside of many a despairing family.

The true and genuine Wistar's Balm of Wild Cherry is sold at established agencies in all parts of the United States. Sold in Cincinnati, on the corner of Fourth and Walnut streets, by SANFORD & PARK.
