## FOREIGN NEWS.

The steamer Sarah Sands, Capt W. C. Thompson, arrived at New York on the 10th inst. from Liverpool, whence she sailed on Saturday, the 22d of January. The advices brought by the Sarah Sands are one week later than those of the Acadia; the latter having sailed from Liverpool on the Saturday previous.

The political news by this arrival is generally unimportant.

The Money market in London was decidedly easier. The active circulation of the Bank of England had largely increased. We notice no important changes in the market for American produce. The prices of Iron had advanced, and that branch of trade seems to be improving.

On the day of sailing from Liverpool, there seemed a better feeling in the Corn Market. Wheat, in consequence of heavy arrivals early in the week, had receded 4d. per 70 lbs. Corn 2s. per 180—but on 21st, Corn recovered 1 shilling—American Flour 27 to 28s., which is a decline of 1 shilling. Meal, 14s. Cotton has again declined, fair Mobile selling at 44, and New Orleans at 4 7-8.

The accounts from France express some anxiety respecting the health of Louis Philippe. The King had been taken ill, but was becoming better.

The deputation on the Tea Duties, have requested Lord John Russell to name an early day when it would suit his lordship's convenience to receive them. It is the determination of the Association for the Reduction of the Duty on Tea to persevere with vigor in their laudable intentions of forcing this great question on the attention of government and the legislature.

The Lord Lieutenant, and the whole of the vice regal establishment, have taken up their residence at Dublin for the winter.

The difficulties continue in that devoted country. The officers are kept busy in the search for concealed arms and the offending parties are to be henceforth subjected to the law, which imposes two years imprisonment.

A letter from St. Petersburg represents the cholera as being much less malignant than it was in 1831. It was expected at St. Petersburg, and preparations were made to meet it. At Moscow there were 119 cases, and 54 deaths from the 5th to the 11th ult. The Russian Army in Caucasus has suffered severely from it.

**STATE MOVEMENT FOR MR. BUCHANAN.**—A meeting of the loco foco members of the Legislature was held last Wednesday, at Harrisburg, to give an expression in regard to the Presidency. Mr. Speaker Packer presided, and a committee was appointed to prepare an address expressive of the views of the meeting. To hear this address, the meeting adjourned until Tuesday last, when it was reported by J. PORTER BRAWLEY, and is all Buchanan, from top to toe.

The Western Texas Conference of the Methodist Episcopal Church, South, adjourned on the 3d of January. The Conference was held at Cedar Creek, and presided over by Bishop Capers. The increase of members during the past year was 663; whites, 384, colored 279. The Eastern Texas Conference was held at San Augustine. The increase of membership was 394.

**MONEY AT INTEREST.**—Auditor General Purviance has given a written opinion, to the effect that moneys at interest are not taxable for borough, road or school purposes. In many of the townships they have heretofore been taxed for such purposes.

**POSTAGE.**—The State Legislatures of New York, Vermont, Ohio, and Pennsylvania, and we believe several others, have each passed resolutions instructing their Senators and requesting their Representatives in Congress to vote for a repeal of the alterations made last session in the Post Office Law.

**The Vice Presidency.** At a meeting of the Whigs of Fauquier county, Virginia, on the 22d ult., the following resolution was adopted:

Resolved, That with reference to the Vice Presidency though there is a host of worthies any one of whom would fill the post with ability, yet in the opinion of this meeting in view of local position, solid acquirements, varied information, sound views, business habits, and incorruptible integrity, there is no one they would sooner honor than ANDREW STEWART of Pennsylvania.

**THE PEOPLE** in all quarters, are speaking out against the Administration for its wanton abuse of GEN. WINFIELD SCOTT—the Hero of Fort George, Chippewa, Lundy's Lane, Vera Cruz, Cerro Gordo, Contreras, Chapultepec, and Mexico—whose brilliant achievements, during the war with Britain and Mexico, have reflected more honor on American arms, than those of any other General, living or dead.—*Staub. Her.*

**FREE BANKING.**—An act to regulate the business of Banking in this State has been reported by committee on Banks in the House of Representatives. In its general features, thinks the Lancaster Examiner, the bill is modeled after the free banking law of New York. There is room for improvement in the present bill, and we hope it will be amended in several important respects before it is permitted to become a law. The system of free banking is undoubtedly the true one; but as there are always scheming and unprincipled men on the look out to take advantage of such laws, great care should be taken to render it as perfect as possible before giving it a trial.

Gov. Shunk's objections, in his late message, to the Free Banking system, show clearly enough that he has no conception whatever of the principles of the system or its manner of working.—That the Governor should not be able to comprehend the subject is not at all surprising to any one acquainted with his intellectual calibre; though it is a source of much regret that such a man should have so potent a voice in the decision of a question which he possesses neither the ability nor the inclination to understand.

**TROUBLE ON THE FRONTIER.**—A telegraphic despatch, dated St. Louis, Feb. 7, says a messenger has arrived from Fort Mann, with news from that place, dates to the 20th of January, ten days later than the advices received on Saturday. By the messenger we have news of much importance, and learn that Col. Gilpin was still at Fort Brent, in much trouble. It is said that the Mexicans and Comanche Indians are gathering in the South in great force, about 250 miles from Fort Brent, and were preparing for an attack upon that fort. The means in Col. Gilpin's command were very limited, but he hoped to be able to march by the middle of February. The greatest difficulty was experienced at the fort in obeying the orders of Col. Gilpin.—His horses are all dead, and of 800 cattle only 70 now remain, and the wolves are daily lessening this number.

**A SCENE IN MEXICO.**—A member of the Virginia Regiment, writing from Saltillo, says:

"Yesterday, one of the most painful scenes took place here, that I ever witnessed. A soldier by the name of Victor Galbraith, a bugler in Captain Miers' company of volunteer cavalry, was shot for threatening the Captain's life. The troops were all mastered to witness the dreadful scene. The unhappy prisoner was brought forward under the Provost Marshal and guard. Sixteen men were detailed and formed in single file. The prisoner calmly sat down on his coffin at about eight paces distance, and looked the executioners firmly in the face. His sentence was then read to him; he threw his head backward, and said to the men: 'Take good aim; I am ready to die.' They fired; he fell immediately, having received three balls in his body; but in a few moments he again arose, resting on his elbow, and asked for water and drank. He then said, 'Kill me at once and relieve me of my misery'; and when four of the men who had reserved their fire, advanced, and placing the muzzle of their guns within a few inches of his body, fired, almost cutting him asunder. Truly, he was the most resolute man I ever saw. Some of the officers were entirely overcome by the distressing sight.

The Washington correspondent of the Baltimore Sun still insists that a Treaty of Peace has been negotiated by Mexico, and thinks that it will be received by the next arrival from Mexico.—On the other hand, the President and his friends deny that the Government has any knowledge of a treaty having been concluded, and say that Mr. Trist has no right to negotiate one. A few days will determine who is right.

**DISTRESS AMONG OPERATIVES.**—The Eastern papers are filled with accounts of the distresses existing in the manufacturing districts, on account of the low price of wages, and the general stagnation of business. The manufacturers are compelled to limit their operations in consequence of the heavy importations from abroad! The blessings of the Tariff of '46 is intolerable!

**THE PRODUCTIONS OF THE COUNTRY.**—The report of the Commissioner of Patents shows that the tobacco crop was 219,964,000 pounds; the cotton crop 1,026,500,000 pounds; rice, 103,400,500 pounds; silk, 404,600 pounds of cocoons. The potato crop 97,018,000 bushels. This last crop, it seems, has very much diminished in consequence of the rot. The report of the Commissioner may contain some valuable suggestions on the subject.

**A NEW PRESIDENTIAL CANDIDATE.**—John Van Buren, son of the Ex-President, has been nominated by the Democrats of Erie county, New York, as a candidate for the Presidency.

## Later From Mexico.

### THREATENED INSURRECTION.

CITY OF MEXICO, Jan. 13, 1848.

On Monday last, the commander-in-chief was informed of a movement designed here to attack the quarters of the officers of the army, and, if possible, to take them prisoners or kill them. The plan was, that the population, or so much of it as could be induced to take part in the conspiracy, should rise, and assisted by a body of guerrillas which were to enter the city at a certain hour, make the attack. During the day, the commander-in-chief informed the chief officers of the intended attack, designated rallying points for the different regiments, and made every disposition necessary to defeat the insurrection. At night scarcely a Mexican was to be seen in the streets, showing that the whole population had a knowledge of what was to be attempted. The precaution adopted, it is supposed, prevented an attempt to execute the plan.

During the night Lieut. Baker, of the 5th Indiana regiment, commanding a patrol, came in sight of two carts near the Plaza del Toro, in the southeastern part of the city, one of which, containing one hundred stand of arms, he captured; the other he was unable to come up with before it was placed in concealment.

I regret to say there is a great deal of sickness among the four volunteer regiments from Kentucky, Tennessee, and Indiana, which Gen. Butler commanded to this city. That measles, the mumps and the diarrhoea, are the prevailing diseases, and on an average, one-half the men in the four regiments are unfit for duty.

**JUDGE McLEAN.**—A Washington correspondent of the Boston Journal says that Judge McLean has many friends at Washington, who urge him as the Whig candidate for the Presidency.

A London correspondent of the National Intelligence, says: "I know not how far Great Britain will have to depend upon foreign countries for this year's supplies of bread stuffs; but you will have one competitor less in the market than you had last year, the wheat crop in Egypt being said to be deficient.

A double coat has been invented in England so arranged as to form a dress coat one side out, and a weather proof travelling coat the other side.

**REDUCTION OF WAGES.**—The manufacturers around Boston have commenced the work of reducing the operatives wages. The Lawrence, Suffolk and Tremont Mills, at Lowell, and the Stark Mills at Manchester, have already adopted this course. Cause, low price of the goods.

The Pope has lately suppressed nine convents, viz: two at Rome, two at Gubbio, and five at Urbino; their incomes are to be applied to benevolent purposes.

**SUDDEN CHANGES.**—There is nothing more trying to the human constitution than sudden changes of weather. Heat rarifies the blood, and increases the perspiration; but when suddenly checked, those humors which should pass off by the skin, are thrown off inwardly, causing coughs, colds, consumption, difficulty of breathing, watery and inflamed eyes, sore throat, and many other complaints.

**Wright's Indian Vegetable Pills** are a delightful medicine for carrying off a cold—because they expel from the body those humors which are the cause of the above complaints. Four or five of said Indian Vegetable Pills taken every night on going to bed will, in a few days, carry off the most obstinate cold; at the same time the digestive organs will be restored to a healthy tone, and new life and vigor will be given to the whole frame.

Beware of sugar coated counterfeits.—The only original and genuine Indian Vegetable Pills have the signature of William Wright written with a pen on the top label of each box. None other is genuine and to counterfeit this is Forgery. The genuine for sale by

T. K. SIMONTON, Sole Agent for Huntingdon; Charles Porter, Alexandria; Blair & Robinson, Ghade Park; Blair & Co., Frankstown; Orison & Co., Orisonia; A. O. Brown, Shirleyburg; Hunter & Co., West Barre and Petersburg; Graff & Co., Manor Hill; D. S. Bell, M'Elroy's Fort; James Maguire, Salsburg; John W. Myton, Ennsville; George H. Steiner, Water Street; A. & W. Cresswell, Petersburg; Milliken & Kessler, Mill-creek; and wholesale and retail at the principal office, 169 Race street, Philadelphia.

**GETTING UP BEFORE THE WORLD IS AWAKE.**—Beau Brummel, once the "bright particular star" of English fashion, being on one occasion asked the cause of a trifling hoarseness with which he was afflicted, attributed it partly to his having got up "before the world was a-bed," and partly to his having breakfasted in the room with "a damp stranger." In such a climate, hoarseness or slight cough may be very good subjects for a joke, but in this country, where the thermometer sometimes rises or falls forty degrees in twenty-four hours, even these apparently unimportant symptoms are not to be neglected with impunity. If there is a predisposition in the constitution to pulmonary disease, Consumption will tread close upon the heels of the indications. There is no difficulty, however, in escaping the danger, if the proper precaution is taken by a timely use of *Wistar's Balsam of Wild Cherry*. One bottle of this invaluable panacea usually relieves the worst case of cold, and restores the sufferer to health.

**BLANK DEEDS AND MORTGAGES.** Of a very superior quality, for sale at this office.

## The Markets.

PHILADELPHIA, Feb. 10, 1848.

**FLOUR AND MEAL.**—The market since our last report has been more active, a fair demand having resulted from a considerable concession on the part of holders, and we notice sales of about 6,000 bbls. Flour, chiefly at \$5 75 per bbl. for standing brands; some better lots at \$5.81, a \$5.87; fancy Western at \$6 25 a \$6 50, and 1,000 bbls. received via New Orleans at \$5 55. Rye Flour is lower, being freely offered at \$3 75 per bbl. Corn Meal has declined with sales of about 4,000 bbls. Penna at \$2 50 and some lots of Brandywine at \$2 62 1/2 a \$2 68. The market closes to-day, however, with more buyers at \$2 50 than sellers, and holders seem inclined to advance their rates 12 1/2c. per barrel.

**GRAIN.**—There is but little demand for Wheat and prices have with Flour receded. We notice sales of about 6000 bus. good and prime reds at from 130 to 125c. per bus., closing to day with a sale of 1000 bus. Penna red at the last figures. Sales of prime white at 128 a 130c. Rye is coming in slowly. In the absence of any recent sales we quote at 80a82c. per bus. There has been considerable inquiry for Corn, with sales of about 20,000 bus. yellow, at 55c. per 56 lbs. Oats are dull at 41a43c. per bus. and we notice only limited sales.
