

in Vienna, was anything but satisfactory.

The Archbishop of Paris, accompanied by two Vicar Generals, presented himself to the Provisional Government on Tuesday, and gave in his adhesion to the new order of things, in the name of the entire clergy of his diocese.

Mons. Du Clerc has been appointed under Secretary of State of the Ministry of France.

Numerous diplomatic appointments are announced. (Cidevant) Duc Hircourt goes to London, M. Dalcon goes to Turin, M. Duc de Boissy to Rome, Gen. Gabior to Constantinople, M. de Places to United States, M. de Beaumont Bassy to Denmark, M. (Cidevant) Moskenna to Spain.

The coming elections in France excite great attention. Government, aware of the fearful importance of this matter, were preparing for the crisis. Eight hundred merchant firms connected with the Paris Bourse, waited on the Provisional Government to ask the further delay of a month on bills due on the 29th ult. This not being acceded to, they were said to have threatened to dismiss their clerks and workmen, and announced their determination not to satisfy their engagements.

Three per Cents closed on the Paris Bourse on the 9th, at 52 1/2, and Five per Cents at 73 1/2.

Toulon papers state that the Duc de Amule and Prince de Joinville arrived at that port, and made communication to Admiral Baudouin, who through telegraph, applied to Government for instructions to admit them. It is said he had been authorized to place a steamer at the disposal of the Princes, to carry them wherever they pleased.

Prussia.—A correspondent at Cologne writes that the middle classes of Prussia as in the Rhenish States, are determined to achieve political independence, and have a voice in Government. They are peaceful, but resolutely devoted to the country, and firm in asserting their rights.

Austria.—The resignation of Meternich is announced for a certainty in Paris. On the 8th the news of events in Paris caused consternation at Rheims.

There was a grand council of the ministers; courtiers were deputed in all directions. Count Habaut, French ambassador at Vienna, is said to have fainted on hearing the news of the abdication of the king. He started the next day for England.

30,000 different troops are to advance to Italy without delay.

Bavaria.—At Munich, a rising has taken place, and a constitution has been extorted from the king, at the point of the bayonet.

Italy.—The guests, alarmed by the hostile demonstrations made against them by the people, have already quitted the city of Turin. The Journals of Turin fully appreciate the tendency of the French Revolution, and now are encouraging the king to put himself at the head of the national forces, to effect the salvation of Italy.

Advices from Genoa announced the arrival of an American squadron in that port on the 3d.

Latest advices from Naples state that the king has once more violated his solemn promise, and has carried fire and sword into the city of Messina, which has been bombarded during 42 hours by the royal troops.

The Pinto Franco is almost entirely burned down, causing a loss of 10,000,000 francs. It is said that the Messinese have attacked the citadel of that city, and taken it by assault.

It is rumored at Marsailles that the King of Naples has complied with the demands of the people of Sicily.

MISCELLANEOUS.—Arago, the republican minister of the Marine, sent for the French admirals in Paris, all of whom attended. He then addressed them and asked them if they were any of them willing to serve the republic. They replied, "all." He then said he required men of courage and steadiness, that he knew them all to be so, and he was ready to name to the command of the fleet of the Republic any one that they might select.

They declared their willingness to abide by his own decision. M. Arago, then said that he had entire confidence in them all, but there was one among them, who enjoyed an advantage which determined his choice—that of popularity. He, therefore, appointed Adm. Bandon to the command of the Toulon fleet. The nomination was at once approved by all the admirals present. Admiral Bandon has left Paris for Toulon; he is immediately to take command, and to sail for Algeria. His instructions are to take possession of any ships he may find in the port of Algiers integral to the French Republic.

The Chateau of Neuilly has been sacked and burned to the ground.

There are thousands of caricatures against Louis Philippe in all the print shops of Paris. They have appeared as if by magic.

The Colonels of the 78th and 108th, were nearly massacred by their own men for refusing to march against the Tuilleries.

The Palace of the Tuilleries has been formed into a Hospital for workmen, under the name of Hotel of Invalids.

The Rouen Railway is stopped. The populace have burned down the bridge of Armeres, and the statue of the late Duke of Orleans, which stood in the Louvre, has been taken down.

It could hardly be expected that the great movement in France should not have produced some effect in the British Islands. In London a slight disposition to riot was experienced in the early part of the week, but the disorderlies were confined to mischievous boys and men out of employment. Order was soon restored.

In Manchester some tendency to disturbance has been exhibited, but every thing is now quiet.

In our own town tranquillity has been undisturbed. A number of unemployed porters and others have assembled in the Exchange, but no political feeling is observable.

In Ireland no breach of the peace has occurred, but the exciting language of a certain portion of the press, which surpasses anything within recollection, has not escaped the attention of the authorities. We have no apprehension of any serious disturbance of the public peace throughout England generally, by a rising from political opinions, although the depressed state of trade and the existing uncertainty incident to the affairs of the continent, might, we fear, produce a state of disquietude and suffering among the classes for some time to come.

FROM NEW MEXICO. A REPORTED BATTLE. ST. LOUIS, March 31. We have advices from Santa Fe to the 18th February, which is a week later than brought by Lieut. Thorp on Tuesday last.

On the 13th a rumor had reached Santa Fe, that Col. Bowles had been attacked at Ceccira by 4000 Mexicans and had lost 90 men. Gen. Pierce, with 500 men, marched promptly to his relief.

The late arrival does not particularly confirm this, but says Gen. Pierce was at El Passo, advancing upon Chihuahua with 1500 men.

It was rumored that Gen. Urrea was marching against Chihuahua by the way of Sonora with a large force, but this is doubtful.

The route from Santa Fe is much impeded by snow, and both the recent returning parties have lost many mules.

Thorp met Fischer's express on the 5th of March, in great distress, having suffered severely from cold.

Edward Thorp was shot dead at Fort Spaulding, recently, by James Waters. This is the second of the Thorps killed lately.

A SWIMMING IN THE HEAD, like every other disordered motion of the blood, is owing to corrupt and stagnant humors which, when floating in the general mass of the circulation, are the cause of headache, giddiness, palpitation of the heart, and many other unpleasant symptoms, and when thrown upon the various parts of the body, are the cause of every malady incident to man.

Wright's Indian Vegetable Pills are always certain to remove headache, giddiness, and every complaint, because they completely rid the body of all morbid humors, and every thing that is opposed to health.

Wright's Indian Vegetable Pills also improve digestion, and therefore give health and vigor to the whole frame, as well as drive disease of every kind from the body.

Beware of Counterfeits. CURE FOR CONSUMPTION. 7,000 Cases of obstinate Pulmonary Complaints Cured in One Year!

WISTAR'S BALSAM OF WILD CHERRY. The Great American Remedy for Lung Complaints and all affections of the Respiratory Organs.

The Eighth Wonder of the World!

MANY who have witnessed the extraordinary cures effected by the genuine Wistar's Balsam of Wild Cherry seem disposed to regard it as the Eighth Wonder of the World!

"Why," say they, "the Wild Cherry Bark and the Iceland Moss, (the two chief ingredients of this wonderful compound,) have been prescribed from time immemorial by the best physicians—but, never, before, have cures so extraordinary been performed."

The reason is obvious. The proprietors of Wistar's Balsam of Wild Cherry do not claim for their highly celebrated article any far-fetched, mysterious, miraculous power. They have openly acknowledged the simple nature of its ingredients, and only claim for their great and invaluable discovery the exclusive secret of

PHAT JUDICIOUS COMBINATION of ingredients which go to make up this richest of curative compounds.

The most skillful and scientific physicians now prescribe this medicine in their practice; while neglected Doctors, of little practice, and mean contracted minds although they do all their curish spirits can do to insure this—the people's favorite medicine—they are at the same time compelled to acknowledge its innocent qualities.

We know the medicine is HARMLESS, and all the world is witness that the medicine cures. A very important disease over which this Balsam exerts a powerful influence, is that of a DISEASED LIVER. In this complaint it has undoubtedly proved more efficacious than any other remedy employed. The use of this Balsam restored the Liver to healthy action, and in many cases effected permanent cures, after Mercury and every other remedy had failed.

ASTHMA is a complaint in which this Balsam has been extensively used, and with perfect success in proof of which read the following important letter from Georgia.

We are daily receiving testimony like the following from the North, South, East and West. Messrs. Reese & Ware, Gentlemen—I was afflicted with Asthma for fourteen years, and had tried every remedy in the country. I had also been to several physicians and found no relief whatever. I was afflicted at times so severely, that the blood would gush from my nose, and my breathing was difficult. Indeed, the disease had gained so much on my health that I despaired of ever getting well, when I chanced to get a bottle of Wistar's Balsam of Wild Cherry, which effected a perfect cure, and I now consider myself perfectly sound. This can be proved by numbers of men in Franklin county and vicinity, and I think it my duty to let it be known.

THOMAS A. PATRICK, Franklin co., Ga., Nov. 19, 1846.

Read the following from Dr. Jacob Hoffman, a physician of extensive practice in Huntingdon county:

Dear Sir:—I procured one bottle of Dr. Wistar's Balsam of Wild Cherry, and tried it in a case of obstinate Asthma on a child of Paul Schweble, in which many other remedies had been tried without any relief. The balsam gave sudden relief, and in my opinion the child is effectually cured by its use.

Yours, &c., JACOB HOFFMAN, M. D. Dec. 23, 1841. Price \$1 per bottle—six bottles for \$5. For sale by J. D. PARK, (Successor to Sanford & Park.) Cincinnati.

General Agent for the West. All orders addressed to him will receive prompt attention. REED & SON, Huntingdon; Mrs. Mary Orr, Hollidaysburg; Morris & Nicodemus, Martinsburg.
