CURE FOR CONSUMPTION.

7,000 Cases of obstinate Pulmonary Complaints Cured in One Year!

WISTAR'S BALM OF WILD CHERRY.

The Great American Remedy for Lung Complaints and all affections of the Respiratory Organs.

The Eighth Wonder of the World!

ANY who have witnessed the extraordinary cures effected by the genuine Wistar's Balsam of Wild Cherry seen disposed to regard it as the Eighth Wonder of the World!

"Why," say they: "the Wild Cherry Bark and the Iceland Moss, (the two chief ingredients of this wonderful compound,) have been prescribed from time immemorial by the best physicians—but never, before, have cures so extraordinary been performed."

The reason is obvious. The proprietors of Wistar's Balsam of Wild Cherry do not claim for their highly celebrated article any far-fetched, mysterious, miraculous power. They have openly acknowledged the simple nature of its ingredients, and only claim for their great and invaluable discovery the exclusive secret of

the cure.

We know the medicine is HARMLESS, and all the world is witness that the medicine cures.

A very important disease over which this Balsam exerts a powerful influence, is that of a DISEASED LIVER. In this complaint it has undoubtedly proved more efficacious than any other remedy employed. The use of this Balsam restored the Liver to healthy action, and in many cases effected permanent cures, after Mercury and every other remedy had failed.

ASTHMA is a complaint in which this Balsam has been extensively used, and with perfect success in proof of which read the following important letter from Georgia.

We are daily receiving testimony like the following from the North, South, East and West.

Messrs. Rees & Ware: Gentlemen—I was afflicted with Asthma for fourteen years, and had tried every remedy in the country. I had been to several physicians and found no relief whatever. I was affected at times so severely, that the blood would gush from my nose, and my breathing was difficult. Indeed, the disease had gained so much on my health that I despaired of ever getting well, when I chanced to get a bottle of Wistar's Balsam of Wild Cherry, which effected a perfect cure, and I now consider myself perfectly sound. This can be proved by numbers of men in Franklin county and vicinity, and I think it my duty to let it be known.

THAT JUDICIOUS COMBINATION.

of ingredients which go to make up this richest of creative compounds.

The most skillful and scientific physicians now prescribe this medicine in their practice; while neglected Doctors, of little practice, and mean contracted minds although they do all their curish spirits can do to insure this—the people's favorite medicine—they are at the same time compelled to acknowledge its innocent qualities.

DR. LE ROY'S

Vegetable Universal Pills,

The only known Medicine that at the same time purges, purifies and strengthens the system.

LONDON, July 7, 1846.

DR. LE ROY'S Pills are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one, through it admixes with other substances, purifying and purging, while the other is strengthening the system. Thus those pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of; for they remove nothing from the system but the impurities; so that while they purge they strengthen; and hence they cause no debilitation, and are followed by no reaction. Dr. Le Roy's pills have a wonderful influence in the blood; they not only purify without weakening it, but they remove all noxious particles from the chyle before it is converted into fluid, and thus make impure blood an utter impossibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of medicines which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner; and hence persons taking them do not become pale and emaciated, but the contrary; for while it is the property of the Sarsaparilla, united with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.
